DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Ana Katušić Bojanac, asst. professor**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Department of Medical Biology, School of Medicine University of Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Epigenetics, Methods of investigation in vivo and in vitro; Methods of molecular biology in medicine**BIOGRAPHY**

Year and place of birth: Split, 1978. Education: Diploma in Molecular Biology, Faculty of Science, University of Zagreb (1996-2001), Postgraduate Doctoral Program in Biology, Faculty of Science, Zagreb (2004-2010). Work experience and academic degrees: Department of Biology, Faculty of Medicine in Zagreb (since 2004), M.Sc, PMF, Zagreb (2008), Ph.D., PMF, Zagreb (2010), Assistant Professor at the Faculty of Medicine in Zagreb (2015). Teaching: 2017/2018. Course leader substitute, PMF, Zagreb (course Developmental Biology); 2017-present - Course co-leader Molecular Biology in Medicine, MEF Zagreb; 2008.-present Postgraduate study in Biomedicine and Health (courses Methods of Molecular Biology in Medicine, Epigenetics); 2005-today. Faculty of Dental Medicine Cell Biology with Genetics course); 2004.-today MEF Zagreb (courses Medical Biology, Medical Genetics, Medical and molecular biology); 2002n-2008. Instructor at EMBO Course "Anatomy and Embryology of the Mouse", Zagreb. Scientific projects: Active participation in scientific projects (2004 - 12 projects, 4 ongoing), scientific associate of the Center for Excellence for Biomedical Research of Reproduction and Development (since 2014). Publications: 18 scientific articles (9 CC, 4 SCI and 5 other), 64 conference papers, 106 citations. Education (6): 2016. FEBS scholarship for FEBS course "Workshop on education in molecular life sciences", Oslo, Norway; 2015 COST Action Academy FA1201 Epigenetics and Periconception Environment (2013-2016), "Training School on Epigenetics in Reproductive Biology", Murcia, Spain; 2012 Scholarship of the University of Zagreb and short study room, Laboratory for Electronic Microscopy, Faculty of Medicine, University of Pécs, Hungary; 2007-2008: NoE 3DEM (LSHG-CT-2004-502828) scholarship for doctoral dissertation project, Faculty of Natural Sciences, Department of Cell Biology and Electron Microscopy, University of Utrecht, The Netherlands; 2006. Scholarship - EMBO course, "Electron microscopy and stereology in cell biology", Oslo, Norway; 2004. Scholarship - CSHL course „Molecular Embryology of the Mouse“, Cold Spring Harbour Laboratory, USA. Awards (8): 2006, 2008 and 2011 Best Poster Award at Ljudevit Jurak International Symposium on Comparative Pathology, Zagreb (co-author); 2008 plaque at the 6th International Fair of Innovation, New Ideas, Products and Technology ARCA, Zagreb; 2006. 4 awards at 4. ARCA, Zagreb. Mentoring Awarded Student Works (4): Dean Award (2) (Martinović and Novak, 2018; Rogošić Srđan, 2010); Silver plaque at the 8th International Exhibition of Innovation, New Ideas, Product Technologies ARCA 2010, Zagreb; IFIA LADY PRIZE, Award for Best Work of Female Innovators at ARCA 2010. Membership in Faculty Commissions: Since 2007. member of the Faculty Committee for e-Education; 2008-present. LMS System Coordinator at the Faculty of Medicine. Professional organizational skills: Member of the founder team of the laboratory for monitoring the oncological drugs activity at the Department for pediatric hematology and oncology at the Children Hospital Zagreb. Organization of International Conferences (1): 2018. COST CellFit Annual Meeting, Hvar, 01-04.10 2018 (local organizer / 100 participants). Memberships in professional societies (5): Croatian Andrology Society, Croatian Microscopic Society, Croatian Society for Biochemistry and Molecular Biology, Croatian Society for Clinical Genetics of Croatia, Croatian Biological Society. Invited lectures (12): Local meetings (5): 2018. Nikola Škreb Symposium, Zagreb, Croatia; 2016. Round Table on Apoptosis, HAZU, Zagreb; Round Table on

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Apoptosis, HAZU Zagreb; 2010. Meeting of high school biology teachers; 2009 Meeting of the Croatian Microscopic Society, Zagreb; International meetings (7): 2017. Andrology mini-symposium; COST Action FA1201 Epiconcept Annual Meeting; 2013 Nikola Škreb Symposium; Development and stem cells at the beginning of the new millennium, Zagreb; 2014. IV. MoodleMoot Croatia- IV. Western Balkans MoodleMoot, Zagreb; 2009. 20th Ljudevit Jurak International Symposium on Comparative Pathology, Zagreb; 2008. Epigenetics in ART, ESCHRE Symposium, Lisbon, Portugal; 2004. 15th Ljudevit Jurak International Symposium on Comparative Pathology, Zagreb; Scientific interest: epigenetics of male infertility, biology of male germ cells, mammalian development and teratogenesis, in vitro organ culture.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: assistant professor, 18.5.2015.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Assistant Prof. Silva Katušić Hećimović, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Ruđer Bošković Institute, Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Genomic approaches in biomedical and translational research**BIOGRAPHY**

Docent Silva Katušić Hećimović was born in Dubrovnik, Croatia, where she gained her elementary and secondary school education. She graduated in 1991 at the Faculty of Food Technology and Biotechnology, University of Zagreb, Croatia and attained her M.Sc. degree in 1995 from the Faculty of Sciences. Docent Katušić Hećimović gained her PhD degree in 2000 at the Faculty of Food Technology and Biotechnology, University of Zagreb, Croatia. From 2001 - 2004 she was a postdoctoral Research Assistant at the Washington University School of Medicine, St. Louis, MO, USA. After her return to the Ruđer Bošković Institute (RBI), as a Research Associate, she worked to establish herself as an independent scientist and introduced a new field of research on neurodegenerative diseases within the Division of Molecular Medicine, RBI. From 2009 - 2016 Docent Katušić Hećimović was a head of the Laboratory of Molecular Neuropharmacology and from 2016 a head of the Laboratory for Neurodegenerative Disease Research (LAND). In 2017 Doc. Silva Katušić Hećimović was appointed to a research rank of the senior scientist and since 2018 she has been employed as a senior scientist, laboratory head at the Ruđer Bošković Institute. Doc. Katušić's area of scientific interest is biology of neurodegenerative diseases. She has published 40 scientific papers indexed in Web of Science Core Collection (WoSCC) database which have been cited 800 times according to the Scopus database, published 18 book chapters, 1 editor book and has held more than 20 invited lectures at national and international scientific conferences/institutions. Doc. Katušić Hećimović is the recipient of the Dean's Award for the academic year 1990/91, the Fulbright Scholarship, The John Douglas French Alzheimer's postdoctoral fellowship, NIH Fogarty International Collaboration Award and the award „Josip Juraj Strossmayer“ (HAZU/ Zagrebački velesajam) for the best publisher enterprise in 2008: book "Metode u molekularnoj biologiji".

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 7.12.2016.**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

RESEARCH PROJECTS (in the past 5-years)

PI Projects

COGITO programme, Croatian-French research project (2019-2021)

Title: The molecular links between lipidome, brain vulnerability and apolipoprotein E

Croatian Science Foundation (CSF) – IP-2016-06-2799 (2017-2021)

Title: Molecular mechanism(s) of neurodegeneration in Niemann-Pick type C disease

Croatian Science Foundation (HRZZ) - “PhD mentorship project” (2015-2018)

Croatia-Serbia Cooperation in Science and Technology (2016-2018)

Title: Elucidating BACE1-substrate processing and distribution in a transgenic mouse model of Alzheimer's disease and their potential role in the disease pathogenesis

International bilateral project between DAAD (Germany) and the Ministry of Science, Education and Sports of the Republic of Croatia (2016-2018)

Title: Elucidating BACE1 as a potential target for treating Niemann-Pick type C disease

FP7-PEOPLE-2013-IEF (Marie Curie) (2014-2016), Coordinator/Mentor

Title: Presenilin 2 - a protector against Alzheimer's disease

Swiss National Science Foundation - SCOPES: Joint Research Project (2014-2016)

Title: The molecular links between cholesterol homeostasis, membrane trafficking and Alzheimer's disease

Unity Through Knowledge Fund – UKF (2013-2015)

Title: Lysosomal dysfunction as a common mechanism of neurodegenerative diseases

Collaborative Projects

Croatian Science Foundation (CSF) - #9386 (2014-2018)

Title: Genetic mechanisms of lysosomal dysfunction in Parkinson's disease

Principal Investigator: dr. Fran Borovečki (Medical School, University of Zagreb)

EU – COST Action – BM1202 - European Network on Microvesicles and Exosomes in Health and Disease (ME-HAD) (2015.-2017.)

EU – COST Action – BM1402 - Development of a European network for preclinical testing of interventions in mouse models of age and age-related diseases (MouseAGE) (2015.-2017.)

Assistant Professor, Tomislav Kelava: Born in Zagreb Croatia, 11.08.1981. Education: 2005. – MD – Zagreb University School of medicine, Zagreb Croatia. 2010 – defended PhD thesis at Zagreb University school of medicine. 2013- Finished Laboratory Animal Science Course – category C. Employments: 2006 – 2010 - PhD student at the Department of Physiology and Immunology, Zagreb University school of medicine, Croatia, 2011- 2013 postdoctoral student at the Laboratory for molecular immunology, Zagreb University school of medicine. 2013- Assistant professor at the Department of Physiology and Immunology, Zagreb University school of medicine. Teaching and mentoring: Since 2007 participates in teaching at medical schools in Zagreb and Mostar, Bosnia and Herzegovina. Coordinator for collegium Physiology. Mentor of 1 defended PhD thesis and 2 PhD thesis in preparation. Research activity: Principal investigator on the project funded by Croatian Science Foundation „The Role of Notch Signalling Pathway in Pathogenesis of Hepatic Fibrosis“ (Project duration; 2018-2023, 40000 Eur/year.) and on 1 colaboratory project between the Zagreb School of medicine and company CaRafe Drug Innovation, LLC (Norristown, Philadelphia, USA). Co-investigator on 2 research projects funded by Croatian Ministry of Science Education and Sport and on 1 project funded by Ministry of Science of Federation of Bosnia and Herzegovina. Invited lecturer at 1. Regional Congress of the Physiological Societies and 3. Congress of Croatian Physiological Society 13 - 15. 09. 2013. in Rijeka. Memberships: member of Croatian Immunological Society and I Croatian Physiological Society. Publications: 20 original scientific papers, cited 140 times.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: PETAR KES, professor (full professor in permanent occupation)

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: a full professor i permanent occupation (retired); Chair of the ERA-EDTA Activation Committee for Southern Europe and and Mediterranean countries - responsible for coordination and education in nephrology, dialysis and kidney transplants (on a voluntary basis)

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:
KIDNEY TRANSPLANTATION

BIOGRAPHY:

Professor **Petar Kes**, born April 15, 1950 in Osijek, Croatia. Specialist of internal medicine and nephrology. Former head of Department of Dialysis and Transplantation in University Hospital Centre Zagreb, consultant-nephrologists, and professor of internal medicine and nephrology at School of Medicine University of Zagreb and visiting professor at School of Medicine University of J. J. Strossmayer in Osijek/Croatia.

Functions and obligations

Professor Petar Kes is a regular member the Croatian Academy of Medical Sciences (since 2000) and member of the Senate of the Croatian Academy of Medical Sciences (since 2016), past president (two mandates) of the Croatian Society of Nephrology, Dialysis and Transplantation, former gouverner (two mandates) of European Society of Artificial Organs; former president (2015 to 2017) of Balkan Association for Nephrology, Transplantation and Artificial Intelligence (BANTAO) organization and member of the management board of BANTAO (since 2009 until today); member of the Danube Association of Nephrology (DAN) board of directors from 2008 until today; Vice-President of ISN-GO for Central and Eastern Europe (The International Society of Nephrology - Global Outreach) since 2012; Council member of the Mediterranean Kidney Society; Delegate of the Croatian Medical Chamber and Croatian Society for Nephrology, Dialysis and Transplantation in UEMSA; National representative in KDIGO; Chair of the ERA-EDTA Activation Committee for Southern Europe and and Mediterranean countries.

Other duties

Member of the Commission for Awarding and Recognition of the Croatian Academy of Medical Sciences; former president of the Dialysis Commission of the Ministry of Health and Social Welfare of the Republic of Croatia from 2001 to 2004; Member of the National Board of the Republic of Croatia for Diagnosis, Prevention and Treatment of Hepatitis Patients; the head of a committees led by the Ministry of Health to address the problems of heavy aluminum intoxication in hemodialysis patients Sisak, an epidemic of hepatitis C in hemodialysis center in Slavonski Brod and in 2001, "Baxter affair", an tragic event when 23 patients died during dialysis in Zagreb, Pula, Dubrovnik, Požega, Karlovac and Rijeka. All three problems has been successfully solved in a very short time and without further consequences for dialysis patients.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Membership in professional medical societies: Croatian Medical Association, Croatian Society for Nephrology, Dialysis, and Transplantation, EDTA/ERCA, NKF, ISN, ASAO, DGN, ASN, ISAO, ISPD, ISA/JSA, BANTAO and ESAO.

Organizing activities: President of 3rd, 4th, and 5th Croatian Congress of Nephrology, Dialysis, and Transplantation; president of 12th BANTAO Congress; organizer and head of about 50 CME courses in nephrology, dialysis and renal transplantation at School of Medicine University of Zagreb; organizer of more than 60 national and international symposiums in the field of nephrology, dialysis, plasmapheresis and apheresis, kidney transplantation; co-founder of Croatian registry for renal replacement therapy; founder of the Croatian School of Kidney Transplantation in the Inter-University Centre in Dubrovnik.

Publications: 594 scientific, professional and review articles, 52 manuals in the field of nephrology, dialysis, kidney transplantation and therapeutic apheresis; three books, 41 chapters; > 400 peer reviewed; SCI citations > 2000.

Invited speaker: > 250 times on international meetings.

Membership in editorial board: Kidney and Blood Pressure Research, BANTAO Journal, Acta Clinica Croatica, Contributions, and Acta Medica Croatica (since 2017 Editor-in-Chief).

Scientific projects: principal investigator in 2 and co-investigator in 4 projects of Croatian Grant Agency of Ministry of Health; principal investigator in eight international projects.

Honors: More rewards for the most successful posters at international congresses; Award of capital of Zagreb for kidney transplantation; Award of Croatian Medical Association; Award of the Croatian Society of Nephrology, Dialysis and Transplantation; the Status of ERA-EDTA Distinguished Fellow for actively helping the Association in pursuing its goals

Special field of interest: haemodialysis, peritoneal dialysis, kidney transplantation, uraemic toxicity, intensive care nephrology, clinical nephrology, therapeutic apheresis, multio organ failure and artificial organs.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: Professor with tenure in the area of Biomedicine and Health Sciences, field of Clinical Medical Science - Internal Medicine – elected: 11 July 2013.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

a) Scientific researcher:

1983th to 1987th Scientific-research project "Hormonal receptors in patients with cancer of larynx, hypopharynx and nasopharynx", within the framework of program V-62/0134 financed by SIZ V for the scientific work of the Republic of Croatia.

1987th to 1991st Scientific and research project "Hormone and metabolic factors in chronic neendocrine diseases", No. 1.08.03.08.10, bounded by the SIZ of Science of the Republic of Croatia.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

1991th to 1996th Scientific project "Metabolic and Hormone Factors in the Development of Atherosclerosis" - no. 3-01-034, funded by the Ministry of Science and Technology of the Republic of Croatia.

1996 - Scientific project "Metabolic and Hormonal Risk factors for atherosclerosis" - no. 108187 - funded by the Ministry of Science and Technology of the Republic of Croatia, which was rated by the Ministry one of the highest marks (107.6 points).

2005 - 2009 Principal Investigator: "Influence of HMG-CoA reductase inhibitors on inflammation in chronic kidney failure" (No. 0214216), Ministry of Health, Education and Sports.

2009 - 2016. Principal Investigator: "Prevention, Early Recognition and Treatment of Chronic Renal Failure" (108-0000000-3499), Faculty of Medicine, Zagreb. It is rated with the highest rating.

b) Professional projects

2003 - 2004 Principal Investigator. The project "Multicenter, double-blind, randomized, parallel testing of the efficacy and safety of epoetin alfa (Pliva) and epoetin alfa (Janssen-Cilag) in the treatment of hemodialysis patients with chronic kidney failure" - financed by Pliva d.d., Croatia.

2004 - 2006 Researcher. Project Gain Effectiveness in Anaemia Treatment with NeoRecormon (MA 17501). International, multicentre study. Hoffmann La-Roche, Switzerland.

2003 to 2006 Researcher. Project: Observation, nonintervention, global study of clinical outcome in one group of renal transplant recipients who started at least six months after kidney transplantation with long-acting immunosuppressive therapy with CellCept. (M 55025). Hoffmann La-Roche, Switzerland.

2009 to 2016 Chief Researcher. Parallel study of the efficacy of different epoetin at correction of renal anemia in chronic renal disease patients treated with hemodialysis. F.Hoffman-La Roche Clinical Study Protocol BH21260 RO0503821 Mircera®

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

2009 - 2016. Principal Investigator: "Prevention, Early Recognition and Treatment of Chronic Renal Failure" (108-0000000-3499), Faculty of Medicine, Zagreb. It is rated with the highest rating.

2009 to 2016 Chief Researcher. Parallel study of the efficacy of different epoetin at correction of renal anemia in chronic renal disease patients treated with hemodialysis. F.Hoffman-La Roche Clinical Study Protocol BH21260 RO0503821 Mircera®

Researcher / Educator / Signatory of EMEA Opinion. Epoetin theta: efficacy and safety of IV administration in anemic hemodialysis patients in the maintenance phase compared to epoetin beta. Curr Med Res Opin. 2010 Oct; 26 (10): 2393-402. doi: 10.1185 / 03007995.2010.511084. CLINICAL TRIAL REGISTRATION: EudraCT No. 2005-000143-28.

Researcher / Educator / Signatory of EMEA Opinion. [Epoetin theta: efficacy and safety of subcutaneous administration in anemic pre-dialysis patients in the maintenance phase in comparison to epoetin beta.](#)

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Yacoub A. Khalaf, MB BCh MSc MD FRCOG

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Consultant and Senior Lecturer in Reproductive Medicine, King's College London, UK

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Human Reproduction

BIOGRAPH

EDUCATION

1984 MB, BCh (Hons)

1988 MSc (Hons)

1994 MD

CERTIFICATION

1995 MRCOG

1995 MFFP

2000 CCST Specialist Training Authority, London, UK

2000 Certificate of Completion of Subspecialty Training (SST) in Reproductive Medicine Specialist Training Authority, London, UK

REGISTRATION AND ACCREDITATION

Full General Medical Council registration (4228291)

CCST (Obstetrics and Gynaecology) and SST accreditation, (May 2000)

GMC Specialist Register, with sub-specialisation in Reproductive Medicine.

PRESENT POST

2002 → Consultant in Reproductive Medicine and Surgery, Guy's & St. Thomas' NHS Foundation Trust, Department of Women's Health,

2004 → Medical Director and HFEA Person Responsible, Assisted Conception Unit,

2011 → Director of the Pre-implantation Genetic Diagnosis Programme at Guy's & St. Thomas' NHS Foundation Trust, Department of Women's Health

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

PREVIOUS HOSPITAL APPOINTMENTS

2000→ Subspecialty Fellow in Reproductive Medicine (Honorary Senior Registrar), Guy's & St. Thomas's Hospital

1998→ RCOG Subspecialty Trainee in Reproductive Medicine (Honorary Senior Registrar), Guy's & St. Thomas's Hospitals

1997→ Clinical Research Fellow in Reproductive Medicine (Honorary Senior Registrar), Guy's & St. Thomas's Hospitals

1996→ Lecturer in Obstetrics & Gynaecology (Honorary Senior Registrar), Guy's & St. Thomas's Hospitals, 1st October 1996 to 28th February 1997

1995→ Clinical Research Fellow in Reproductive Medicine (Honorary Senior Registrar), St. Thomas' Hospital

1994 Lecturer in Obstetrics & Gynaecology, Assiut University, Assiut, Egypt.

ACADEMIC APPOINTMENTS

2003→ Honorary Senior Lecturer in *Reproductive Medicine and Surgery*, King's College, London

2014→ Visiting Professor University of South Valley, Qena, Egypt

2015→ Visiting Professor University of Aswan, Egypt

OTHER APPOINTMENTS

HFEA Authority Board Member, 2014-

Executive Officer of the British Fertility Society, 2014-

Chair of the Scientific and Clinical Advances Committee of the HFEA 2016-

Chair of the RCOG National Clinical Studies group in Reproductive Medicine & Surgery 2015-

Member of the RCOG Research Committee 2015-

Expert advisor to the National Institute for Health Care & Clinical Excellence (NICE) 2014-

Associate Editor of the RBM online Journal 2012-

Grant Reviewer for the National Institute for Health Research in the UK 2009-

TEACHING

Undergraduate MBBS (Lectures, seminars, tutorials)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

BSc reproductive and sexual health

MSc in clinical biochemistry

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Ongoing Research Support

HABselect (Hyaluronan Acid Binding Sperm selection): Selection of sperm for Assisted Reproductive Treatment by prior hyaluronic acid binding: increasing live birth outcomes and reducing miscarriage rates – multicentre randomised controlled, blinded trial. Sponsor: Leeds pragmatic trials unit. Role: Principal investigator.

TABLET Study: a randomised controlled trial of the Efficacy and Mechanism of Levothyroxine Treatment on Pregnancy and Neonatal Outcomes in Women with Thyroid Antibodies. Sponsor: Birmingham Clinical Trials Unit. Role: Principal investigator

TRUST – IVF study: A randomised controlled trial comparing Transvaginal Ultrasonography versus Saline Sonography Trial in patients having their IVF treatment. Sponsor: Guy's ACU. Role: PI

ESPART study: A Phase III, Randomized, Controlled, Single-Blind, Multicentre, Parallel Arm Trial to Assess the Efficacy and Safety of Pergoveris® (follitropin alfa and lutropin alfa) and GONAL-f® (follitropin alfa) for

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Multifollicular Development as part of an Assisted Reproductive Technology Treatment Cycle in Poor Ovarian Responders, as defined by the European Society of Human Reproduction and Embryology Criteria.

Sponsor: Merck Serono. Role: PI

HTA project reference number: 08/38/01 First trimester progesterone therapy in women with a history of unexplained recurrent miscarriages: A randomised, double-blind, placebo-controlled, multi-centre trial [The PROMISE (PROgesterone in recurrent MIScarriage) Trial] HTA project reference number: 08/38/01. Role: PI

ESHRE/European Academy sponsored project A multi-centre randomised controlled study of pre-IVF outpatient hysteroscopy in women with recurrent IVF implantation failure: Trial of Outpatient Hysteroscopy - [TROPHY] in IVF. Role: Investigator /Trial Advisor

Efficacy and Tolerability of Subcutaneous Progesterone (IBSA) versus Vaginal Progesterone Gel (Crinone®) for Luteal Phase Support in Patients Undergoing In-Vitro Fertilization (IVF). A multi-centre international randomised clinical trial. EUDRACT number 2007-006595-11 Sponsored by IBSA, Institut Biochimique S.A. Via del Piano - 6915 Pambio-Noranco (CH). Role: Chief Investigator

A Phase III assessor-blinded randomised parallel group multi-centre study to compare efficacy and safety of two r-hFSH formulations (AFOLIA vs Gonal-f®) in women for assisted reproductive treatment. EUDRACT No: 2010-019287-37. Role: PI

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

Same as above.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Professor, IVICA KLAPAN

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine J.J. Strossmayer University in Osijek

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Telemedicine

BIOGRAPHY

Degree, Vocation and Occupation:

Professor, MD, PhD, Scientific adviser; Professor of Otorhinolaryngology, Head and Neck Plastic Surgery, School of Medicine, University of Zagreb, School of Medicine J.J. Strossmayer University in Osijek, and Faculty of Dental Medicine and Health J.J. Strossmayer University in Osijek, Republic of Croatia, EU

Surgical and Scientific Fields of Interest: rhinosinusology, functional endoscopic sinus surgery (FESS), plastic and reconstructive surgery of the head and neck, 3D navigation-computer assisted FES-surgery (3D-CA-NESS), telesurgery (tele-3D-CA-NESS), virtual endoscopy and surgery (VE, VS) of the head and neck, chronic sinusitis – immunobiochemical characteristics, rhinophotodynamic therapy (RPDT) of sinonasal polyposis

Fields of Expert Activities: rhino surgery (nose/sinuses/skull base), plastic and reconstructive surgery of the head and neck, functional endoscopic sinus surgery (FESS), 3D-navigation-computer assisted FES-surgery (3D-CA-NESS), computerized plastic reconstructive surgery (C-FPS)

1978-1983 Medical School, University of Zagreb, Croatia, EU

1983 Thesis "*Conversion of solid neoplasms into ascites tumors*", Department of Physiology and Immunology, School of Medicine, University of Zagreb, Croatia (mentor: Prof. Dr. Filip Čulo)

1983-1986 Postgraduate Study "*Clinical Immunology and Allergology*", School of Medicine, University of Zagreb, Croatia, EU

1986 Master's Degree (MMS) "*The influence of cyclophosphamide on tumor-specific immunity. Induction of antitumor immunity in mice bearing advanced tumor*", Department of Physiology and Immunology, School of Medicine, University of Zagreb, Croatia, EU (mentor: Prof. Dr. Filip Čulo)

1986-1989 Residency Department of Otorhinolaryngology, Head and Neck Surgery, School of Medicine, University of Zagreb/Zagreb University Clinical Hospital Center

1989-1990 Eye and Ear Institute, Department of Otorhinolaryngology–Head & Neck Surgery, University of Pittsburgh, Pittsburgh, PA, USA

1987-1989 Postgraduate Study "*Otorhinolaryngology, Head and Neck Surgery*", School of Medicine, University of Zagreb

1990 (May) Doctor's Degree (PhD), "*Prognostic significance of in vivo and in vitro prostaglandin E2 production by squamous cell carcinoma of the head and neck*", Department of Otorhinolaryngology-Head and Neck Surgery, School of Medicine, University of Zagreb, Croatia

1990 (Dec.) Specialization, Otorhinolaryngology- Head and Neck Surgery, Department of ENT, Head and Neck Surgery, University Clinical Hospital Center "Sisters of Charity", Zagreb, Croatia, EU

1990-1992 Sub-residency, Head and Neck Plastic Surgery, Department of ENT, Head and Neck Surgery, School of Medicine, University of Zagreb, and Zagreb University Clinical Hospital Center

Education/Training at a Number of Renowned International Departments and Institutes:

1989-1990 Eye & Ear Institute, Department of Otorhinolaryngology–Head & Neck Surgery, University of Pittsburgh, Pittsburgh, PA, USA

1989-1990 Division of Head and Neck Oncology and Immunology, and Immunologic Monitoring and Diagnostic Laboratory, Pittsburgh Cancer Institute, University of Pittsburgh, Pittsburgh, PA, USA

1993 University ENT-Clinic, LKH Graz, Austria, EU

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

1994 The Institute of Laryngology and Otology With the Ferens, London, Great Britain, EU

1997 Cottle International Rhinology Centennial, Philadelphia, PA, USA

Professional Positions, Employment After Residency:

1990 Assistant, cumulative employment, clinical-scientific field of ENT, Head and Neck Surgery, Zagreb University School of Medicine, and Department of Otorhinolaryngology, H&N Surgery, University Clinical Hospital Center Zagreb

1996 Assistant Professor, cumulative employment, clinical-scientific field of ENT, head and neck surgery; Zagreb University School of Medicine, and Department of Otorhinolaryngology, H&N Surgery, University Clinical Hospital Center Zagreb

2000 Associate Professor, cumulative employment, clinical-scientific field of ENT, head and neck surgery; Zagreb University School of Medicine, and Department of Otorhinolaryngology, H&N Surgery, University Clinical Hospital Center Zagreb

2000 Visiting Professor, Eye and Ear Institute, Department of Otorhinolaryngology, Head and Neck Surgery, University of Pittsburgh, Pittsburgh, PA, USA

2000 Distinguished Faculty, Mayo Clinic, and American Rhinologic Society, Washington, D.C., USA

2004 Professor, cumulative employment, clinical-scientific field of ENT, head and neck Surgery; Zagreb University School of Medicine, and Department of Otorhinolaryngology, H&N Surgery, University Clinical Hospital Center Zagreb

2004 Visiting Professor, Department of Cranio-Maxillo-Facial Surgery, Bavarian Julius Maximilian University, Würzburg, Germany

2009 Professor, cumulative employment, clinical-scientific field of Otorhinolaryngology, head and neck surgery; Josip Juraj Strossmayer University School of Medicine in Osijek

2017 Professor, cumulative employment, clinical-scientific field of Otorhinolaryngology, head and neck surgery; Faculty of Dental Medicine and Health, Josip Juraj Strossmayer University in Osijek, Republic of Croatia, EU

Duties, Selected Administrative, Advisory, and Honorary Posts:

1998-2009 Head, Reference Center of Computerized Surgery & Telesurgery, Ministry of Health and Social Welfare, Republic of Croatia, EU

2000-2017 Head, Course on Telemedicine, Scientific Postgraduate Study at School of Medicine, University of Zagreb, Zagreb

2000-2009 Chairman, Croatian Society of Telemedicine, Croatian Medical Association (CMA)

2004-2007 Chairman, Commission on Telemedicine, Ministry of Health and Social Welfare, Republic of Croatia

2006-2009 President, Section of Rhinology, Croatian Medical Association (CMA)

2007 Chair, Department of Otorhinolaryngology, Head and Neck Surgery, Šalata 4, School of Medicine, University of Zagreb

2007-2017 Head, Course on Telemedicine, scientific postgraduate study at School of Medicine, J. J. Strossmayer University, Osijek

2015-2017 Secretary, Croatian Rhinology Society (CRS)

2017 Editorial Board Member, IL Journal of Otolaryngology and Rhinology, Wilmington, DE, USA

2017 Editorial Board Member, Frontiers in Otolaryngology-Head and Neck Surgery (FOHNS) Applis Publishers, Scottsdale, AZ, USA.

Professional Success in Medical Practice:

1992 Klapan I et al. *Prognostic significance of plasma PGE concentration in patients with head and neck cancer. J Cancer Res Clin Oncol 1992;118:308-13*, chosen by the Editorial Department of Clinical Digest Series – Oncology Digest, Northbrook, IL, USA, have been published in an abridged form as being highly relevant for the scientific field of ENT

1994 The first 3D-navigation-computer assisted functional endoscopic nose and sinus operation (3D-CANES) in Croatian medicine, as one of the first operations of this type in the world (June 3rd)

1994 Klapan I et al. *Acute upper respiratory tract infections and indications for tonsillectomy in children. I.*

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Immunoglobulin synthesis in the palatine tonsil tissue. Int J Pediatr Otolaryngol 1994;29:169-78, chosen by the Editorial Department of Clinical Digest Series – Oncology Digest, Northbrook, IL, USA, have been published in an abridged form as being highly relevant for the scientific field of ENT

1995 The set hypothesis on the possible effect of AAm leukotriene C4 (LTC4) on creating conditions for the development of paranasal sinus mucosa lesions, and thus for the onset of sinonasal polyps (SNp), was subsequently fully confirmed; published in the leading medical periodicals (Am J Otolaryngol, 1995; CC)

1996 The first formal telemedicine (tele-radiology-otorhinolaryngology) video conference in Croatia (May)

1998 The first Tele-3D-navigation-computerized-endoscopic operations of the nose, sinuses and skull base (Tele-3D-CA-NES), for the first time in the world medicine, thus initiating a completely new era in the development of 21st century medicine worldwide. This achievement has been acknowledged by a special note in the American Academy of Otolaryngology – Head & Neck Surgery Monograph,

1999 Klapan I et al. *Azithromycin and amoxicillin/clavulanic acid in the treatment of acute sinusitis. Am J Otolaryngol 1999;20:7-11* has been chosen by Pfizer, Inc., USA and Grupo Editorial Moreira and Journal Revista Brasileira de Medicina, Brazil, for special issuing and use in the USA and Brazil for its high relevance for the scientific field of ENT

Admitted as Full Member to the Most Prestigious International Medical Academies/ Commissions/Societies:

Collegium Otorhinolaryngologicum Amicitiae Sacrum (CORLAS)

Royal Society of Medicine of Great Britain (London)

Board, International Society for Telemedicine and e-Health (ISfTeH; Luxembourg)

International Confederation for Plastic Reconstructive and Aesthetic Surgery

European Academy of ORL and Head & Neck Surgery (EAORL-HNS)

Membership in the Most Prestigious Croatian National University Boards:

2004-2007 National Board for University Education of the Republic of Croatia

2009-2010 Accreditation Board of the Agency for Science and University Education of the Republic of Croatia

Scientific Projects:

4 (four) Croatian Projects; Team member, 10 (ten) Croatian Projects; Principal Investigator, launched by the Ministry of Science, Croatia, and 2 (two) USA Projects; Team member

Invited Lectures:

>450 lectures (invited lecturer, moderator, president), held at numerous universities, academies, international congresses, symposia and surgical courses in the USA, EU, Asia and Australia, organized by International Federation of ORL Societies (IFOS), European Federation of ORL Societies (EUFOS), European Rhinologic Society (ERS), American Rhinologic Society (ARS), and European Academy of ORL and Head & Neck Surgery (EAORL-HNS).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2017.

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Professor Marijan Klarica, MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University of Zagreb School of Medicine**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Pathophysiology of the brain and the CSF; Methods of investigation in vivo and in vitro**BIOGRAPHY**

Marijan Klarica was born on August 21, 1960 in Benkovac, Croatia. He is a citizen of Croatia, married with two children. From 1979 to 1984 he studied and graduated from the School of Medicine in Zagreb and from 1985 to 1986 he finished his medical practice and passed a medical exam. In 1986 - 87 he served his military term, 1985 - 1988 he attended postgraduate studies in Preclinical Experimental Pharmacology at the Medical Pharmacology in Zagreb and defended his master's thesis entitled "Role of Osmotic Active Substances in Intracranial Pressure Control". In 1992 he defended the dissertation "The role of osmolality of liquor in the pathophysiology of intracranial pressure" at the School of Medicine in Zagreb.

In 1985 he was appointed as an associate professor at the Department of Pharmacology. In 1988 he was appointed Scientific Assistant at the Department of Pharmacology and after his defence in 1992, he was elected as Senior Assistant at the same Institute. From 1991 to 1993 he worked at the Main Medical Department of the Republic of Croatia (organizes collection and distribution of medicines and sanitary materials according to needs). From 1994 to 1995 he was in postdoctoral training at Synthelabo Recherche in France (Paris). He was an assistant professor at the Department of Pharmacology of the Faculty of Medicine in Zagreb from 1997-2002. From 2002 to 2007 he was associate professor at the Department of Pharmacology of the Faculty of Medicine in Zagreb. Since 2007, he has been a full professor (since 2012 in permanent vocation) at the Department of Pharmacology of the Faculty of Medicine in Zagreb. From 1998 to 2000 he was appointed by the dean as acting director of the Center for Clinical Application of Neuroscience, Zagreb. Since 2000 he has been appointed Director of the Center for Clinical Application of Neuroscience and has been performing this function until 2009. Since 2009 he has been elected as a vice-dean for finances and operations of the School of Medicine, University of Zagreb. From the academic year 2012/13, he is the head of the Department of Pharmacology at the School of Medicine University of Zagreb. In the mandate period from 2015/2016 to 2017/2018 he was dean of the Faculty of Medicine of the University of Zagreb and has been re-elected for the second term in the period 2018/2019 – 2020/2021.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 15th May 2012.**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

a) Scientific projects - associate in projects prof. M. Bullata "Pathophysiology of cerebrospinal fluid" from 1986 to 2001, financed by the Ministry of Science and Technology of the Republic of Croatia and on M. Bulata's project "Biochemical dynamics of cerebrospinal fluid" 1987-1990. which was funded by the US-Yugoslav Joint Board.

Principal investigator of the project "Pathophysiology of cerebrospinal fluid and intracranial pressure" (2002-2006). He was also a rector of projects reported to the Croatian Ministry of Education. The implemented projects have had a significant impact on the development of the scientific area that the gateway deals with.

The main researcher of the project entitled "Pathophysiology of cerebrospinal fluid and intracranial pressure" (project was co-ordinated by the Ministry of Science and Technology 2007-2014). This project was part of the program "Cerebrospinal Pathophysiology and Ultrasound" (2007-2014), which was contracted with the Ministry of Science and Education, and Marijan Klarica is the head of the program (consisting of 7 projects).

He is a co-author of a project derived from a scientific program funded by the Croatian Foundation for Science (HRZZ project 4996 "Ultrasound system for complex material parameters determination in nonlinear working conditions", from 01.09.2014 to 31.08.2017).

Head of Department and five university projects for 2013, 2014, 2015, 2016 and 2017 (title: "Pathophysiology of cerebrospinal fluid and intracranial pressure"). He is now an associate and research team leader on the Project of the Research Center of Excellence from Basic Trending and Clinical Neuroscience "Hypoxic Ischemic Brain Damage Research" (2017-2021).

b) Technological projects

The principal investigator of the two technology projects "Neurosurgical Endoscopic Contact Ultrasonic Probe - Knife" of the Ministry of Science and Education (2002-2004), and "Technological Development and Development of Microsurgical Ultrasonic Probe-Blade Prototype Prototypes", 2006-2007, which resulted in four prototypes new ultrasound devices (NECUP-2 and UMPROMS-1) for use in endoscopic neurosurgery and in various microsurgical operations.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

Head of Department and five university projects for 2013, 2014, 2015, 2016 and 2017 (title: "Pathophysiology of cerebrospinal fluid and intracranial pressure"). He is now an associate and research team leader on the Project of the Research Center of Excellence from Basic Trending and Clinical Neuroscience "Hypoxic Ischemic Brain Damage Research" (2017-2021).

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

He is a co-author of a project derived from a scientific program funded by the Croatian Foundation for Science (HRZZ project 4996 "Ultrasound system for complex material parameters determination in nonlinear working conditions", from 01.09.2014 to 31.08.2017).

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: NATASA KLEPAC

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: CLINICAL UNIVERSITY HOSPITAL ZAGREB

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: 1.Clinical Neuropharmacology, 2. Movement Disorders

BIOGRAPHY

Identification number from Records of Scientific Workers 278762

WORK EXPERIENCE

- Dates (from – to) 1997-1998, Clinical hospital Merkur, traineeship
- Dates (from – to) 2000-2002, Medical School, University of Zagreb, Department of Neurology , Research fellow
- Dates (from – to) 2002 until know, University Hospital Centre Zagreb, Clinical neurologist

EDUCATION

Date 1997, Medical School University of Zagreb, MD

TRAINING

Year 2002 until 2007, Medical School University of Zagreb, Residence in neurology

Year 2004, Medical School University of Zagreb, Master of science (Oxidative stress in Huntington's disease)

Year 2009, Medical School University of Split, Doctoral dissertation (PhD)

ORGANIZATION

Member, Organizing Committee for “3 th Dilemmas in Neurology”, Šibenik October 17 - 21, 2012

President, Organizing Committee for “A practical approach to patients with dementia”, Zagreb, June 07, 2013

President, Organizing Committee for “A practical approach to patients with dementia (Alzheimer's disease)”, Zagreb, May 23, 2014

Member, Organizing Committee for “4 th Dilemmas in Neurology”, Rovinj September 30 - October 05, 2014

Secretary, Organizing Committee for Croatian Congress on Alzheimer's disease, Brela October 01-04, 2014

President, Organizing Committee for “A practical approach to patients with dementia (Alzheimer's and Parkinson's disease, Lewy body disorder)”, Zagreb, May 22, 2015

MEMBERSHIPS

2014-present Member of the Supervisory Board, Croatian Association for Alzheimer's disease

2013 –present Vice- president, Croatian Medical Association for Alzheimer's disease

2015-present Member of the Steering Committee, Center for palliative medicine, medical ethics and communication skills

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Methods of investigation in vivo and in vitro

BIOGRAPHY

dr.sc. Ana Knezović, dipl.ing.biol.

Department of pharmacology, School of Medicine University of Zagreb, Šalata 11 (ana.knezovic@mef.hr)

EDUCATION: dipl. ing. molecular biology (2008; Faculty of Science, Zagreb), PhD (2015; School of Medicine, Zagreb). EMPLOYMENT: PhD student - assistant (2009), Post Doc - assistant (2015). SCIENTIFIC RESEARCH EXPERIENCE: Department of Psychiatry, Psychosomatics and Psychotherapy, University Clinic Würzburg, Germany (2009, 2010, 2012, 2013, 2017); University of Texas Medical Branch, Galveston, USA (2011). ASSOCIATE ON PROJECTS: 2x HRZZ, 1xMZOS, 1xUKF, 4xDAAD, 6x University of Zagreb. SUPERVISOR: 1x diploma thesis. awards of supervised students: 1x rector's award. SCIENTIFIC PRODUCTIVITY: 9 research articles, >40 congress abstracts, 167 heterocitation (WoS), h-index 6. AWARDS: National science award for 2015 (for PhD students); 6 travel grants for international conferences and schools; 2 awards for the best poster at congress. SCIENTIFIC INTEREST: neuroscience, neuropharmacology, experimental Alzheimer's disease. TEACHING ACTIVITIES: integrated study; Pharmacology course/studies in medicine in Croatian and English; Doctoral study Biomedicine and health: course - In vitro and in vivo research methods; doctoral study Neuroscience: course - Principles of hormone receptor intracellular signaling in central nervous system. MEMBERSHIPS: member of Croatian Pharmacological society and Croatian society for Neuroscience.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: July 2015

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Babic Perhoc A, Osmanovic Barilar J, Knezovic A, Farkas V, Bagaric R, Svarc A, Grünblatt E, Riederer P, Salkovic-Petrisic M. Cognitive, behavioral and metabolic effects of oral galactose treatment in the transgenic Tg2576 mice. *Neuropharmacology* 2018;148:50-67. doi: 10.1016/j.neuropharm.2018.12.018. DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Jelena Knežević, PhD, senior research associate

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Institut Ruđer Bošković

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Translational medicine - from disease to gene

BIOGRAPHY

EDUCATION:

- 2008. PhD: Faculty of Natural Science, University Zagreb, Croatia
- 2004 Master degree: Faculty of Natural Science, University Zagreb, Croatia
- 1995 Diploma degree: Faculty for food biotechnology, University of Osijek, Croatia

POSITIONS:

- 2018. - Senior Research Associate; Ruđer Bošković Institute, Zagreb, Croatia
- 2011 – 2018. Research Associate; Ruđer Bošković Institute, Zagreb, Croatia
- 2008 – 2011 Postdoctoral position; Ruđer Bošković Institute, Zagreb, Croatia
- 2002 – 2008 PhD position; Ruđer Bošković Institute, Zagreb, Croatia
- 2001 – 2002 PhD student; School of Medicine, University of Zagreb, Croatia

FELLOWSHIPS:

- 2009 – 2011 German Cancer Research Center (DKFZ), Heidelberg, Germany; Fellowship for Guest scientists, postdoctoral position
- 2012 – 2016 Institute for Human Genetics, Univerzitats Medicine, Mainz, Germany; visiting scientist

TEACHING ACTIVITIES:

A) Graduate courses

- 1. Faculty of Natural Science, University of Zagreb; Methods in molecular biology: 2002., 2003., 2004., 2005., 2006., 2007. i 2008.

B) Post-graduate courses

- 1. School of Medicine, University in Zagreb, Zagreb; Gene therapy: experimental and clinical aspects: 2004., 2005., 2006. i 2007.
- 2. Faculty of Natural Science, University of Zagreb; Translational Medicine
- 3. School of Medicine, University in Zagreb, Zagreb – Translational Medicine – from disease to gene

ORGANISATION OF SCIENTIFIC MEETINGS:

- Games of Epigenomics (2016), organizing committee, Croatia
- 2nd Conference of Croatian Society of Cancer Research (2012), organizing committee, Croatia
- 3rd Conference of Croatian Human Genetics (2003), organizing committee, Croatia

MEMBERSHIPS:

- Croatian Society for Cancer research (European Association for Cancer Research)
- Croatian Society for Human Genetics
- Croatian Society for Clinical Genetics
- Croatian Thoracic Society

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 28.02. 2018.
teaching rank: senior research associate (znanstveno zvanje viši znanstveni suradnik)

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Genetički i epigenetički biomarkeri urođene imunosti u KOPB-u i karcinomu pluća (Glavni istraživač); HRZZ 2017-2021 (993.000,00 KN)
2. Genetička podloga kronične obstruktivne plućne bolesti (KOPB); regulacija upale plućnog epitela putem receptora urođene imunosti (Glavni istraživač); DAAD-MZOS bilateralni projekt; 2013-2015 (13.000,00 EUR)

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Sanja Kolaček, prof.dr.sc.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Children's Hospita Zagreb, Zagreb Medical School

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Clinical nutrition

BIOGRAPHY

Education & degrees

- 2008 • Professorship, (The Medical University of Zagreb)
- 1999 • Specialist in Pediatric gastroenterology
- 1995 • Habilitation (The Medical University of Zagreb)
- 1991 • Doctorate dissertation (The Medical University of Zagreb)
- 1985 - 1989 • Specialist in pediatrics
- 1984 • MSc thesis (The Medical University of Zagreb)
- 1983 – 1984 • Research fellow, Institute for Mother and Child, Zagreb
- 1976 – 1981 • Medical training, The Medical University Zagreb

Major training in gastro-enterology & nutrition

- 1987-1988 • Birmingham Children's Hospital, Dept. for gastroenterology (prof. IW Booth)
- King's College Hospital London, Dept for pediatric hepatology (prof. A. Mowat) training in pediatric gastroenterology, hepatology, nutrition
- 1993, 2001 • Dept for Pediatric Gastroenterology, Academish Medisch Centrum Amsterdam (J. Taminiau), training in ped.endoscopy, Dept for Gastroenterology / Endoscopy Unit, Academish Medisch Centrum Amst. (G. Tytgat), training in therapeutic endoscopy

Major functions in scientific societies

- ESPGHAN President Elect from 2018
- General Secretary, ESPGHAN (European Society for Pediatric Gastroenterology, Hepatology and Nutrition) (2012 – 2015)
- UEG General Assembly Member (United European Gastroenterology)(2005 –present)
- ESPGHAN Committee of Nutrition member (2005-2009)
- ESPGHAN Council Member (2001-2004)
- ESPGHAN IBD working group (2002- present)
- Chair of LLL n Pediatric Nutrition of ESPEN (Eur Society for Parent & Enteral Nutrition)
- President of Croatian Society for Ped. Gastro & Hepato & Nutrition(1999-2004)
- Vice-president of Croatian Pediatric Society (2009 – 2016)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Editorial & reviewer expertise • Journal of Paediatric Gastroenterology and Nutrition, Associate Editor (2008 – present)

- Paediatrica Croatica, President of Advisory Board (2009 - present)
- Journal of Crohn's & Colitis, Member of the International Advisory Board (2007 – present)
- Nutrition, Member of the Advisory Board (2000 – 2008)
- Serving as a reviewer in: Journal for Pediatric Gastroenterology & Nutrition, Clinical Nutrition, Journal of Crohn's and Colitis, Archives of disease in Childhood, Nutrition, Liječnički vjesnik

Publications

* ISI Web of Science Papers in peer-reviewed journals Over 200

Papers Scopus* 139

PUBMED (abstracts excluded) 110

Book Editor (Croatian editions) 5

Book chapters / international editions 31/8

Citations (Scopus)* 4998

Citations (Scopus) – without self citations* 4313

h-index 31

Invited speaker –international events only • Over 250, including major European congresses such as UEG, ESPGHAN, ESPEN, ECCO, EPA, and World Congress of PGHN

Chairing, moderator, organiser, co-organiser • Over 150, including major world and European annual congresses such as UEG, ESPGHAN, ESPEN, ECCO and World Congress of PGHN

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 19.5.2016 A PERMANENT POSITION OF THE PROFESSORSHIP ON THE MEDICAL SCHOOL UNIVERSITY OF ZAGREB

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Szajewska H, Guarino A, Hojsak I, Indrio F, Kolacek S, Shamir R, et al. Use of probiotics for management of acute gastroenteritis: a position paper by the ESPGHAN Working Group for Probiotics and Prebiotics. J Pediatr Gastroenterol Nutr 2014;58(4):531-9.
2. LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

- 2006-2013 • EU FUNDED Project (FP6-205-FOOD-4-B) „PREVENTCD“ - Influence of the dietary history in the prevention of celiac disease: possibilities of induction of tolerance for gluten in genetic predisposed children - partner
- 2010-2012 • ESPEN Network Grant project „Malnutrition and outcome in hospitalized children in Europe“ – partner (ESPEN – European Society for Parenteral and Enteral Nutrition)

Scientific Research Multicenter European Studies

- 2004-2016 EUOKIDS IBD registry. Roles: recruitment of newly diagnosed children with IBD, investigating phenotype of the disease, determining natural history of IBD in children - partner
- Chr. Hansen Research Grant 2010-2012 PROBBIC 1 & PROBBIC 2: role of probiotic strain Bb12 in prevention of nosocomial infection & prevention of acute respir. and GIT infections in day care centres - principal investigator
- Croatian Institute of Science 2015- IBD in children: effect of enteral nutrition on the microbiom & Croatian registry for children with IBD

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

- “Lactobacillus reuteri u terapiji funkcijskih abdominalnih bolova i opstipacije u djece - randomizirana, dvostruko- slijepa, placebo kontrolirana studija”; voditelj: Kolaček S, istraživači: Hojsak I, Jadrešin O; suradnici: Mišak Z
- 2004-2016 EUOKIDS IBD registry. Roles: recruitment of newly diagnosed children with IBD, investigating phenotype of the disease, determining natural history of IBD in children - partner
- Multicentrični projekt ESPGHAN IBD Working Group „Outcome of pouch surgery in pediatric patients with ulcerative colitis“. Istraživači / suradnik u Hrvatskoj: Kolaček S, Močić Pavić A
- Croatian Institute of Science 2015- IBD in children: effect of enteral nutrition on the microbiom & Croatian registry for children with IBD
- Uloga tranzicijske skrbi u zdravstvenoj zaštiti djece sa kroničnm upalnim bolestima crijeva
Voditelj Kolaček S; suradnik Hojsak I; doktorand Trbojević T

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- Multicentrična europska studija „Effects of oral nutrition supplements in children with disease associated underweight“. Suradnici u Hrvatskoj: Kolaček S, Niseteo T.
- TISKIDs, Top-down liječenje Crohnove bolesti. Istraživači: Kolaček S, Hojsak I

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ivica Kostović, professor emeritus

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Fetal and Neonatal Neurophysiology, Fetal Behavior; Human developmental neurobiology; Synaptic plasticity and mind

BIOGRAPHY

Education and training

1967- graduate of the School of Medicine University of Zagreb (SMZ); 1970th

master's degree at a graduate School of Science in Zagreb; In 1972. Ph.D. at

SMZ; 1972 to 1974. postdoctoral training in the field of neuroanatomy at the Johns Hopkins University School of Medicine (USA).

Professional experience

1965-1967 Research Associate of the Institute of Anatomy, School of Medicine University of Zagreb; 1968 -1972 Assistant, Department of Anatomy SMZ; 1975-1977 Assistant Professor for Anatomy, Department of Anatomy SMZ; in 1976. Visiting Assistant Professor of Neuropathology and Research Fellow, Department of Neuroscience, Harvard Medical School; 1978-1980 Associate Professor of Anatomy, SMZ; 1979-1989 Study visit to Yale University; 1981-2014 - Professor of Anatomy and Neuroscience, SMZ. 2014-today – professor emeritus, University of Zagreb. 2000-2013 Director of Croatian Institute for Brain Research. 2013-present Honorary Director of CIBR

Research activity

Principal Investigator on five international (a joint project of the American Board NIH institutes - DHHS) and nine local research projects.

A regular member of the Croatian Academy of Sciences and Arts since 2006.

President of Croatian Society for Neuroscience.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2014

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Associate Professor Nataša Kovačić

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Selected topics in transplantation immunology

BIOGRAPHY

Associate Professor, Nataša Kovačić: Born in Zagreb Croatia, 23.03.1971. Education: 1995. – MD – Zagreb University School of medicine, Zagreb Croatia. 2005 – defended PhD thesis at Zagreb University school of medicine. 2015- Finished Laboratory Animal Science Course – category C. Employments: 1997 – 2000 - Master student at the Department of Anatomy, Zagreb University school of medicine, Croatia, 2001- 2005 PhD student at the Laboratory for molecular immunology, Zagreb University school of medicine. 2008 - 2012 Assistant professor at the Department of Anatomy, Zagreb University school of medicine. Teaching and mentoring: Since 1998 participates in teaching at medical schools in Zagreb. Mentor of 1 defended PhD thesis and 3 PhD thesis in preparation. Research activity: Principal investigator on the project funded by Croatian Science Foundation „Molecular mediators of Fas-driven osteoresorption“ (Project duration; 2015-2019, 30000 Eur/year). Co-investigator on several research domestic and international research projects. Publications: 40 papers, cited 512 times (WoS).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 11 JAN 2016

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Lazic Mosler E, Lukac N, Flegar D, Fadljevic M, Radanovic I, Cvija H, Kelava T, Ivcevic S, Sucur A, Markotic A, Katavic V, Marusic A, Grcevic D, Kovacic N (2018). Fas receptor induces apoptosis of synovial bone and cartilage progenitor populations and promotes bone loss in antigen-induced arthritis. FASEB J. Nov 1:fj201801426R. doi: 10.1096/fj.201801426R.
2. Grcevic D, Sironi M, Valentino S, Deban L, Cvija H, Inforzato A, Kovacic N, Katavic V, Kelava T, Kalajzic I, Mantovani A, Bottazzi B (2018). The Long Pentraxin 3 Plays a Role in Bone Turnover and Repair. Front Immunol. 9:417. doi: 10.3389/fimmu.2018.00417
3. Chai R, McDonald M, Terry R, Kovacic N, Down J, Pettitt J, Mohanty S, Shah S, Haffari G, Xu J, Gillespie M, Rogers M, Price J, Quinn J, Croucher P (2017). Melphalan modifies the bone microenvironment by enhancing osteoclast formation. Oncotarget, advance publications, July 2017.
4. Sucur A, Jajic Z, Artukovic M, Ikic Matijasevic M, Anic B, Flegar D, Markotic A, Kelava T, Ivcevic S, Kovacic N, Katavic V, Grcevic D (2017). Chemokine signals are crucial for enhanced homing and differentiation of circulating osteoclast progenitor cells. Arthritis Res Ther 19:142.
5. Ikic Matijasevic M, Flegar D, Kovacic N, Katavic V, Kelava T, Šucur A, Ivcevic S, Cvija H, Lazic Mosler E, Kalajzic I, Marusic A, Grcevic D (2016). Increased chemotaxis and activity of circulatory myeloid progenitor cells may contribute to enhanced osteoclastogenesis and bone loss in C57BL/6 mouse model of collagen-induced arthritis. Clin Exp Immunol 186:321-335.
6. Khor EC, Yulyaningsih E, Driessler F, Kovacic N, Wee NK, Kulkarni RN, Lee NJ, Enriquez RF, Xu J, Zhang L, Herzog H, Baldock PA. Bone (2016). The y6 receptor suppresses bone resorption and stimulates bone formation in mice via a suprachiasmatic nucleus relay. Bone 84:139-47.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

2014-2019 Croatian Science Foundation, Molecular mediators of Fas-driven osteoresorption in arthritis, principal investigator N. Kovacic (budget 130.000,00 €)

2017-2022 Scientific Center of Excellence for Reproductive and Regenerative Medicine (Project “Reproductive and Regenerative Medicine – Exploration of New Platforms and Potentials”) Grant KK01.1.1.01.0008, funded by the European Union through the European Regional Development Fund, principal investigator S. Vukicevic.

2013-2017 Croatian Science Foundation, Characterization of osteoclast progenitor responses to arthritis, principal investigator Danka Grcevic, Croatian Science Foundation (budget 100.000,00 €)

2012-2014 Wellcome Trust, “New gene targets for anabolic therapy in osteoporosis”, principal investigator Peter Croucher

2012-2014, Defining the ‘myeloma niche’: New opportunities for therapeutic intervention, Ernest Heine Foundation, principal investigator Peter Croucher

2007-2012, Croatian Ministry of Science and Technology, 108-1080229-0140, "Molecular interactions between bone and the immune System", principal investigator Ana Marusic.

2007-2012, Croatian Ministry of Science and Technology, 108-1080229-0142, Molecular mechanisms of bone effects of immune disorders, principal investigator Danka Grcevic.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2004-2006, CRIGS 073828/Z/03/Z, The Wellcome Trust Collaborative Research Initiative Grant:

“Interactions between bone and the immune system: A role for Fas-mediated apoptosis”; principal investigator Ana Marusic.

2002-2007, Croatian Ministry of Science and Technology, “Molecular Interactions between bone and bone marrow”, principal investigator Ana Marusic.

2004-2007, Ministry of Science and Technology, „Development of a diagnostic procedure: quantitative PCR for cytokines in small samples”, principal investigator Ana Marusic.

1999-2001, Bilateral cooperation between Croatia and Germany: “Glycosphingolipid phenotype of mice with immunological gene knockouts”, principal investigator Ana Marusic.

1997-2002, Ministry of Science and Technology programme „Neurobiology of the cognitive development and cognitive disorders”. “Inflammation in the central nervous system: the role of cytokines and chemokines”, principal investigator Ana Marusic.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

2014-2019 Croatian Science Foundation, Molecular mediators of Fas-driven osteoresorption in arthritis, principal investigator N. Kovacic (budget 130.000,00 €)

2017-2022 Scientific Center of Excellence for Reproductive and Regenerative Medicine (Project “Reproductive and Regenerative Medicine – Exploration of New Platforms and Potentials”) Grant KK01.1.1.01.0008, funded by the European Union through the European Regional Development Fund, principal investigator S. Vukicevic.

2013-2017 Croatian Science Foundation, Characterization of osteoclast progenitor responses to arthritis, principal investigator Danka Grcevic, Croatian Science Foundation (budget 100.000,00 €)

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ana Kozmar PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Biochemical methods in biomedical research

BIOGRAPHY

Education

2007-2008, visiting scholar Department of Biological Sciences, University of Notre Dame and Department of Microbiology and Immunology, Indiana University School of Medicine, USA

1999-2006, Specialist of medical biochemistry (3 years programme)

1991-2001, Postgraduate study at Faculty of Pharmacy and Biochemistry, University of Zagreb, M.sc. in medical biochemistry

1986-1991, Faculty of Pharmacy and Biochemistry, University of Zagreb, Study of medical biochemistry, dipl.ing.

1982-1986, Secondary Linguistic school/Classical Gimnasium in Zagreb

Work experience

2012- lecturer at University of Applied Health Sciences in Zagreb

2007-2008, visiting scholar, University of Notre Dame, South Bend, SAD

2006- Specialist of medical biochemistry, University Hospital Centre Zagreb, Department of Laboratory Diagnostics, Department of Laboratory Immunology, Autoimmunity division

1995-2006, clinical biochemist in the University Hospital Centre Zagreb, Department of Laboratory Diagnostics, Division of Immunology

1991-1995, clinical biochemist in the biochemical laboratory of the Clinical Hospital Centre Zagreb, University clinic for gynecology and obstetric

Teaching activities

Graduate studies: School of Medicine, University of Zagreb – associate at courses of Klinička biokemija, Clinical Biochemistry and Immunology

Faculty of Pharmacy and Biochemistry, University of Zagreb – associate at course Imunokemija

University of Applied Health Sciences in Zagreb – associate at course Imunologija

Postgraduate studies: School of Medicine, University of Zagreb – associate at courses Biokemijske metode u biomedicinskim istraživanjima; Laboratorijska imunodijagnostika i testovi in vivo; Alergologija i klinička imunologija

Faculty of Pharmacy and Biochemistry, University of Zagreb – associate at course Imunopatogeneza i imunodijagnostika autoimunih (autoagresivnih) bolesti

Master thesis

Antineutrofilna citoplazmatska autoantitijela u bolesnika s autoimunim hepatitisom. Faculty of Pharmacy and Biochemistry, University of Zagreb, Zagreb 2002.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Doctoral thesis

Mouse bone marrow derived macrophage response to apoptotic cells. Faculty of Pharmacy and Biochemistry, University of Zagreb, Zagreb 2011.

Scientific activities

Immunodiagnostics of systemic autoimmune diseases, antineutrophil cytoplasmic antibodies in autoimmune hepatitis, diagnosis of primary biliary cirrhosis, primary membrane glomerulonephritis

Publications

6 in CC, 3 in SCI, Co-authored four textbooks and several manuals

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Assist. Prof. Magdalena Krbot Skorić, PhD, MSc EE**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University Hospital Center Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Electrophysiological methods in medical research, Medical-informatics methods**BIOGRAPHY**

Magdalena Krbot Skorić was born in Varaždin in 1984. She graduated from the Faculty of Electrical Engineering and Computing, University of Zagreb in 2008, and in 2015 she received a PhD title at the same Faculty. Since 2012 she has worked as a medical engineer at the Department of Neurology, University Hospital Centre Zagreb, where she is a head of the Laboratory for Cognitive and Experimental Neurophysiology. She is actively involved in work with patients and performs diagnostic methods in her daily clinical routine (different modalities of evoked potentials, electroencephalography and polysomnography, preoperative invasive EEG monitoring and functional brain mapping). She is involved in scientific projects, whose results are presented in numerous national and international scientific journals. She is a reviewer for internationally recognized journals. In 2018 she became an assistant professor at the Faculty of Electrical Engineering and Computing at the University of Zagreb, and a lecturer at the graduate and postgraduate study at the School of Medicine, University of Zagreb. Magdalena Krbot Skorić is a member of the Croatian Society for Medical and Biological Engineering, the Croatian Medical Association, member of the Croatian Federation for EEG and Clinical Neurophysiology of the Croatian Medical Association and chairwoman of Engineering in Medicine and Biology chapter of Croatian section of IEEE.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 09.04.2018.

Assistant Professor at the Faculty of Electrical Engineering and Computing, University of Zagreb

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Dalibor Krpan, professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: General Hospital Sv. Duh

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Understanding bone metabolism – basic science in clinical practice

BIOGRAPHY

Affiliation: Physician, Specialist-Consultant in Internal Medicine, Endocrinology and Nephrology, Primarius, Head of the Center for mineral metabolism and calcified tissue disease, General Hospital "Sveti Duh", Internal Clinic Zagreb, Professor on Medical School of Osijek University, Head of the Polyclinic K-center, Zagreb

Medical Licence No. 4443

Education: 1973. -1978: Medical School, University of Zagreb

1979. -1981. Postgraduate study in Biomedicine, University of Zagreb

1982. -1986. Fellowship (Specialization) in Internal Medicine

1987-1988. Specialization in Nephrology and mineral bone metabolism, Hospital Necker, Paris, France.

1995.and 1998. Several visits to Dartmouth Hitchcock Medical Center (DHMC),New Hampshire, USA, as a coordinator for nephrology in Partnership project; Education in the health sciences, Dartmouth-Hitchcock Medical Center-The Center for Continuing Education in Health Sciences, Dartmouth University, New Hampshire, USA

Academic Degrees: 1978. M.D., 1985. M.Sc., 1991. Ph.D.

Professional Appointments:

1986. Specialist-Consultant in Internal Medicine and Nephrology

1988. -Present Founder and Chief of the Clinical laboratory for metabolic bone disease

1992. -96. Principal investigator of the scientific project "Influence of mineral metabolism disturbance in uremia on heart morphology and function"

1994. – 1998. Editor in Chief of "Dialyze Journal, Croatian edition" and member of editorial board of "Dialyze Journal"-German edition and Czech edition,

1995. - 98. Coordinator for nephrology in the partnership project with Dartmouth-Hitchcock Medical Center, New Hampshire, USA.

1997. -Present Primarius

1999. -Present Head of the Center for mineral metabolism and calcified tissue disease, General Hospital "Sveti Duh", Internal Clinic Zagreb,

2000. – 2005. Head of the General Hospital "Sveti Duh", Zagreb

2006. Professor on Medical School of Osijek University

2006. – present Head of the Polyclinic K-center, Zagreb

Main Research Topics: Osteoporosis, Renal osteodystrophy, Bone metabolic disease,

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2006

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Neurobiology of aging; Human developmental neurobiology

BIOGRAPHY

Željka Krsnik is appointed as an Assistant Professor of Neuroscience at the Department of Neuroscience University of Zagreb. She got Master and PhD degree in Molecular and Cellular Biology at the Faculty of Natural Sciences University of Zagreb. As a PhD student, she spent several months of education at University of Freiburg, Germany and San Raffaele Institute in Milan, Italy. She was on a postdoc at Yale University from 2006-2011 where she worked on several NIH and NIMH grants and was a member of BrainSpan Consortium. Currently, she is a Head of the Laboratory for neurogenomics and in situ hybridization and Laboratory for Digitalization of the Zagreb Brain Collection, as well as Assistant Director of CIBR. In 2013 she was awarded with the International Brain Research Organization (IBRO) Return Home Fellowship Award. In 2018 she was appointed as a Chair of the IBRO Alumni Committee and currently she chairs Young IBRO Committee and is a member of FENS Alba Steering Committee. She is a member of the panel at the Croatian Scientific Foundation and Committee member at the Croatian Academy of Sciences and Arts for “Neuroscience and Brain Disease”.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

International grants:

“Transcriptional Atlas Of Human Brain Development”: National Institute of Mental Health (NIH/NIMH) 2009/11

“Development And Organization Of The Human Frontal Cortex”: National Institute of Mental Health (NIMH) 2009

“Molecular Control Of Cortical Projection Neuron Identity And Connectivity”: National Institute of Neurological Disorders and Stroke (NINDS) 2009

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

“Neurobiology Of Speech And Language Development”: National Institute of Neurological Disorders and Stroke (NINDS) 2005 – 2008

“Molecular Control Of Cortical Neural Stem Cells” National Institute of Child Health & Human Development (NICHD) 2005 - 2009

“The Role of Slitrk1 in Tourette Syndrome and Related Disorders”: National Institute of Neurological Disorders and Stroke (NINDS) 2006

Croatian Scientific Foundation grants:

“Histological, MRI and gene expression analysis of the reorganizational processes in the medial wall of developing human cerebrum” 2014/18 HRZZ (PI prof. M. Vukšić)

“Development of cell-type specific expression of human transcriptome in language- and mirror neuron system related cortical network” 2012 HRZZ (PI prof. M. Judaš)

Subplate zone of the human brain: unsolved problems” 2016/20 (PI prof. I. Kostovic)

Principle Investigator:

Foundation Adris “Mystery of exosomes: from alarming the cell to signaling” 2017/2019

University of Zagreb research support 2015, 2016, 2017, 2018

IBRO International Brain Research Organization RHP 2013/2016 “Perinatal reorganization of the connectivity elements in the marginal zone of the human neocortex”

Croatian Academy of Sciences Foundation “Digitalization of The Zagreb Neuroembryological Collection” 2014/2015

WWS/IBRO (Women in World Neuroscience of the International Brain Research Organization (IBRO) collaborative research network program 2015 “Neurosteroids as therapeutic opportunities in ischemic brain injury”

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

“Transcriptional Atlas Of Human Brain Development”: National Institute of Mental Health (NIH/NIMH) 2009/11

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

-

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Božo Krušlin, Professor of Pathology

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Dpt of Pathology, School of Medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Endocrine tumors of gastrointestinal tract and the pancreas

BIOGRAPHY

PERSONAL INFORMATION

Surname(s) / First name(s) Božo Krušlin

Address(es) Work: Department of Pathology, School of Medicine, University of Zagreb, Salata 10, 10000 Zagreb, Croatia

Telephone(s) ++385 14566868, Fax(es) ++385 14566977

E-mail(s), Web address(s) bozo.kruslin@mef.hr

Nationality(-ies) Croatian

Date of birth June 9th, 1960

Identification number from Records of Scientific Workers 177914

WORK EXPERIENCE

SCHOOL OF MEDICINE

• Dates (from – to) 2015 to date

Name of employer Department of Pathology, School of Medicine, University of Zagreb,

Occupation or position held Full Professor

WORK EXPERIENCE

OTHER

• Dates (from – to) 2007 to date

Name of employer Clinical Department of Pathology and Cytology Ljudevit Jurak, Clinical Hospital Centre Sestre milosrdnice, Zagreb

Occupation or position held Pathologist

Type of business or sector Head of Clinical Department of Pathology and Cytology Ljudevit Jurak, Clinical Hospital Centre Sestre milosrdnice, Zagreb

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 12/08/2015

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Terlević R, Perić Balja M, Tomas D, Skenderi F, Krušlin B, Vranic S, Demirović A.

Somatostatin receptor SSTR2A and SSTR5 expression in neuroendocrine breast cancer. Ann Diagn Pathol 2018 Nov 20;38:62-66. doi: 10.1016/j.anndiagpath.2018.11.002.

Medicine

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Voditelj: prof. dr. Božo Krušlin

1. "Razvojna neuropatologija genetičkih malformacija moždane kore čovjeka"

Broj projekta: 108-1081870-1884.

Ministarstvo znanosti, obrazovanja i športa

od 02. siječnja 2007. do 31. Ožujka 2013.

2. Voditelj: doc. dr. Hrvoje Čupić

"Promjene bubrežne arterije u bolesnika s karcinomom bubrega"

Broj projekta: 134-0000000-3381

Ministarstvo znanosti, obrazovanja i športa

od 01. ožujka 2008.

3. Međunarodni projekt: "Archive's tissues: Improving molecular medicine research and clinical practice"

Akronim: IMPACTS

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Broj ugovora: LSHG-CT-2007-037211

Koordinator projekta: prof. Giorgio Stanta

od 1. ožujka 2007.

voditelj: prof. dr. Mladen Belicza do 30.09.2007. te prof. dr. Božo Krušlin od 01.10.2007.

Hrvatska zaklada za znanost

Voditelj: prof. dr. Miloš Judaš

Development of cell-type specific expression of human transcriptome in language- and mirror neuron-system related cortical network. 09.01/414 do 2016

Voditelj: prof. dr. Koraljka Gall-Trošelj

"NRF2 na raskrižju epigenetičkog modeliranja, metabolizma i proliferacije stanice raka". (2016-06-IP-4404)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Prof. Željko Krznarić, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine and University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Clinical nutrition

BIOGRAPHY

Education

1984 graduated from the School of Medicine of the University of Zagreb

1984 to 1985 internship, KBC Zagreb

1988 to 1992 residency, KBC Zagreb

1999 to 2001 Subspecialist training in gastroenterology

1984. Postgraduate study in biomedicine, Faculty of Natural Sciences and Mathematics in Zagreb

Postgraduate study in Gastrointestinal and Hepatology at the Faculty of Medicine in Zagreb

May 1990, defense of the Master's thesis "The level of acute blood mediator mediator as an indicator of inflammation of the intestine"

June 1997, defense of the doctoral thesis "Value of Continuous Monitoring of Serum Concentrations of Acute Phase Proteins and Oligoelements in Crohn's Disease"

Work experience

1984th to 1985th internship, KBC Zagreb

1,992th to 2,001th a specialist in internal medicine at the Department of Internal Diseases, KBC Zagreb

2001- Today, the subspecijalist of gastroenterology and hepatology at the Institute for Gastroenterology and Hepatology, Internal Medicine Clinic, KBC Zagreb

Teaching activity

1999 Associate Professor of Senior Assistant, Faculty of Medicine, Zagreb

27.05. 2003. Scientific Assistant professor, Faculty of Medicine, Zagreb

19:10. 2009 Scientific and Academic Professorship in Cumulative Work in the Department of Internal Medicine, Scientific Area of Biomedicine and Health, Scientific Field of Clinical Medical Science, Branch of Internal Medicine, for Internal Medicine with Workplace at the Clinic for Internal Diseases, KBC Zagreb

05/29/2014. Scientific Advisor for Biomedical Sciences, Faculty of Medicine, Zagreb

Head of Module "Dietotherapy" and "Parenteral and Enteral Diet", Faculty of Food Technology and Biotechnology, University of Zagreb; Head of the module "Clinical judgment", Faculty of Medicine, University of Zagreb.

Deputy Head of School of Medicine in English at the Faculty of Medicine of the University of Zagreb

Dissertation (title and year of defense)

"Value of Continuous Monitoring of Serum Concentrations of Acute Phase Proteins and Oligoelements in Crohn's Disease", 1997, Faculty of Medicine, University of Zagreb

Scientific activity

Project Associate:

IP-11-2013: HRZZ: Assessment of Microbiota, Inflammatory Markers, Nutritional and Endocrinological Status in IBD Patients (Minute for IBD)

Petica - obesity prevention program for school children

Publications (total number by categories)

81 professional and scientific papers in indexed journals, of which 29 in journals indexed in the Current Contents, 8 papers indexed in SCI-Exshanded, 44 papers in journals indexed in Medline, Scopus, PsycInfo or other international index publications. Abbreviations and other works about 200. Editor 5 books, and a larger number of book chapters. Papers quoted 320 times.

Member of editorial boards and reviewers of scientific and professional journals at home and abroad (Nutrition (USA), Clinical Nutrition (EU), Clinical Nutrition & Metabolism (Italy), Nutrition & Metabolic Therapy (Poland), Pharmaca, Croatian Medical Journal, KBC Zagreb Bulletin).

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Inflammatory bowel disease (Crohn's disease and ulcerative colitis)

Determination of intestinal microbiota, inflammatory markers, nutritional and endocrine status in patients with inflammatory bowel disease

HELICOBACTER PYLOR INFECTION - EVOLUTION OF DIABETES AND NEW THERAPY PROCEDURES

DOUBLE-MOLECULAR, GENETIC AND CLINICAL CHARACTERISTICS OF CARCINOMA

Complex characteristics and health of the population from childhood to deep age

Molecular markers in solid tumors - predictive and prognostic significance

C-reactive protein and gastroduodenal damage in coronary patients

Perception and prevention of risk factors for atherosclerosis in Croatia

IP-11-2013: HRZZ: Assessment of Microbiota, Inflammatory Markers, Nutritional and Endocrinological Status in IBD Patients (Minute for IBD)

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Mirjana Kujudžić Tiljak, MD, PhD, Professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: 1. Statistical Analysis of Medical Data

2. Medical Statistics 2.1: Statistical tools for medical data analysis in planned experimental study design

3. Medical Statistics 2.2: Statistical tools for medical data analysis in quasi-experimental study design

4. Medical Statistics 2.3: Statistical tools for medical data analysis in observational study design with large samples

5. Medical Statistics 2.4: Statistical tools for medical data analysis in observational study design with large samples

BIOGRAPHY

Employment and Functions:

2017 - Director - Andrija Stampar School of Public Health, School of Medicine, University of Zagreb

2017 - President of the Biomedical Area Council and Member of the Senate, University of Zagreb

2015 - full professor - Department of Medical Statistics, Epidemiology and Medical Informatics, Andrija Stampar School of Public Health, School of Medicine, University of Zagreb

2013 - Head of Department for Medical Statistics, Epidemiology and Medical Informatics, Andrija Stampar School of Public Health, School of Medicine, University of Zagreb

Previous employment

2016-2017 acting director - Andrija Stampar School of Public Health, School of Med., Univ. of Zagreb

2004-2015th Assistant Professor, Associate Professor - Department of Medical Statistics, Epidemiology and Medical Informatics, Andrija Stampar School of PH, School of Med., Univ. of Zag. 1996-2000 Advisor to the Minister of Science and Vice Prime Minister of the Croatian Government

1994-1996. Head of Department for Refugees and Displaced Persons in the Ministry of Development and Reconstruction of the Republic of Croatia

1993-1994 Assistant to the Chief of Staff, Office of the President of the Republic of Croatia

1992-1993. Adviser to Vice Prime Minister of the Government of the Republic of Croatia

1991-1992 Head of Department for Inter. coop., Office for refugees and displaced persons in Croatian Government

1990-2004 assistant, senior assistant - Department of Hygiene, Social Medicine and General Epidemiology . Andrija Stampar School of Public Health, School of Medicine, University of Zagreb

Education and qualifications:

2000. Ph.D. (Genealogical structure of population in mortality rate estimation, Institution: School of Medicine, University of Zagreb)

1995. Mr.sc. (Genealogical model of analysis for epidemiology data) Institution: School of Medicine, University of Zagreb)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

1990th to 1993rd Specialization - social medicine and health care organization

1988- 1990 Postgraduate study "Health Information Systems" (School of Med., Univ. of Zag.)

1983-1988 M.D. (School of Medicine, University of Zagreb)

Teaching activities:

2014.- Head - General competence of doctors specialists in all specialist postgraduate studies

2004 - Participation in graduate teaching in graduate medical study in Croatian and English, nursing studies, postgraduate professional studies, doctoral studies in biomedicine and health care - subjects in the field of medical statistics, data analysis and application of research

1990- 2004 participation in graduate and postgraduate studies in subjects of social medicine, health care organization, medical statistics

Reviews: Reviewer in several scientific journals and one university textbook. Statistical Reviewer CMJ.

Publications: 38 original scientific papers indexed in the Web of Science Core Collection, h-index 9, number of citations 300; 40 original scientific papers indexed in Scopus, h-index 9, number of citation 273; 89 papers in Google Scholar, h-index 13, number of citations 547.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Dr. sc. Ivan Kurelac, dr. med.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital for Infectious Diseases
"Dr.Fran Mihaljević" in Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Virusni hepatitis

BIOGRAPHY

Dr. Ivan Kurelac was born in 1961 in Zagreb. In 1988 he graduated from the School of Medicine, University of Zagreb and in 1996 he passed his specialist exam in infectious diseases. Since then he has been working at the University Hospital for Infectious Diseases „Dr. Fran Mihaljević“ in Zagreb, at the Department for infectious diseases of the liver, which later on became the Reference centre for diagnostics and treatment of viral hepatitis. He also works at the Outpatient Department for chronic viral hepatitis. In 1997, he participated in an educational study visit to the Mary Hitchcock Hospital in New Hampshire and Boston, USA. In 1998 he enrolled and completed a professional postgraduate study of ultrasound in gastroenterology and hepatology. In 2005 he enrolled at the postgraduate doctoral study in Biomedicine and health. In 2012 he defended doctoral thesis “Cellular immunity during therapy of chronic HCV infection”.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Associate Profesor Sanja Kusačić Kuna, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Clinical Department of Nuclear Medicine and Radiation Protection, University Hospital Centre Zagreb, Medical School University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Medical image analysis

BIOGRAPHY:

EDUCATION: Medical School University of Zagreb, 1989: Residency in Nuclear Medicine, 1992-1995: Specialty Board, 1995

Postgraduate study: Ultrasound in Clinical medicine- gastroenterology direction- University of Zagreb, 1995-1997

WORK EXPERIENCE: Clinical Department of Nuclear Medicine and Radiation Protection, University Hospital Centre Zagreb, since 1991: Head of Clinical Department for Radionuclide Therapy since 2012

SCIENTIFIC ACTIVITY:

MASTER DEGREE -Ultrasonographic differentiation of benign from malignant lymphadenopathy in patients with thyroid cancer. Zagreb, Medical School University of Zagreb, 2002.

DISSERTATION- Comparison of different doses of iodine-131 in the thyroid remnant ablation due to papillary carcinoma, and the role of recombinant human thyrotropin (rhTSH) in ablation" Medical School University of Zagreb, 2010

Since 1991 **participated in several scientific research projects.**

Organisational skills and competencies- extensive experience in organising daily assignments and everyday clinical routine work, actively involved in organising scientific and professional congresses

Publications: 12 articles indexed in CC (number of citations according to SCI more than 100), 4 articles in other bibliographic databases, 3 book chapter, more than 90 summaries

Personal Information: Born in Split, Croatia on 08.11.1964.

Election in scientific and teaching position:

30.10.2012, research associate in the scientific field of biomedicine and health, a branch of nuclear medicine.

02.04.2014 scientific title of **senior research associate**

15.12.2014 associate title of **senior assistant (scientific teaching position)**

03.02.2017 Associate Profesor title (scientific teaching position)

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

03.02.2017 Associate Profesor title (scientific teaching position)

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Vesna Kušec, full professor, MD PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Clinical Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Understanding bone metabolism – basic science in clinical practice; Biochemical methods in biomedical research

BIOGRAPHY

Born 1958 in Zagreb, MD 1982, mr sci 1984 Faculty of natural sciences and mathematics University of Zagreb, PhD 1988 Zagreb School of Medicine, assistant professor 2004 Zagreb School of Medicine. Affiliation 1984-1990 Institute for Medical Research and Occupational Health, since 1991 Clinical Hospital Centre Zagreb (head Laboratory for biochemistry of vitamins and Endocrinological laboratory). 1992-1993 Ludwig Boltzmann Institute for Osteology, University of Vienna, Austria, 1994-1996 Medical Research Council Bone Research Laboratory, University of Oxford, UK, 1994-1995 Girdlestone Memorial Scholarship, 2002 Course on Bone Histomorphometry organized by European Calcified Tissue Society, Aarhus, Denmark.

Principal investigator for project “Common molecular basis for bone disorders in humans” at the Ministry of Sciences and Technology Republic of Croatia, “Osteoprotegerin in the postmenopause and osteoporosis – clinical significance”, Croatian-Austrian scientific project “Evaluation of osteoprotegerin in the assessment of bone turnover in metabolic bone disorder”. Collaborator in under- and postgraduate teaching at the Zagreb School of Medicine; Course leader for undergraduate medical students for elective subject “Bone: molecular biology at the bedside”, mentor for 2 MrSc and mentor and co-mentor for 6 PhD thesis, 46 CC publications, >700 citations.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2017

BIOGRAPHY

Education and academic degrees

- 1971. MD University of Zagreb School of Medicine.
- 1975. Mr. Sc, (research degree: Magistar bioloških znanosti, Postgraduate Study in Experimental Biology and Medicine, University of Zagreb Postdiplomski studij eksperimentalne biologije, Sveučilište u Zagre: Msc Thesis: Lacković Z. Značenje 5-hidroksiindolactone kiseline u lumbalnom likvoru kod oštećenja kralješničke moždine. Medicinski fakultet Sveučilišta u Zagrebu, Zagreb, 1974.
- 1976. PhD (Doktor of Medical Sciences; Dr. sc.) University of Zagreb School of Medicine. PhD Thesis: Lacković Z. Određivanje metabolita biogenih amina u likvoru kao istraživački i dijagnostički pristup središnjem živčanom sustavu. Disertacija, Medicinski fakultet Sveučilišta u Zagrebu, Zagreb, 1976

Teaching Experience/Degrees

- 1979. Docent, University of Zagreb School of Medicine
- 1983. Professor (full professor) farmakologije, University of Zagreb School of Medicine
- 1998. Professor with tenure (permanent position) University of Zagreb School of Medicine

Chronology of Employment

- 1971.-72. Internship , PSychiatric hospital Vrapče, Zagreb
- 1972.-74. Post Doc (Scholarship Ministry of Science Croatia), Institut "Ruđer Bošković", Zagreb
- 1974.-1979. Scientific Assistant , Department of Pharmacology, University of Zagreb School of Medicine
- 1979.-1981. Visiting Scientist, Laboratory of Preclinical Pharmacology, National Institute for Mental Health, Washington DC, USA
- 1981.-1983. Docent, Department of Pharmacology, Medicinski fakultet Sveučilišta u Zagrebu
- 1983.-1998. Redovni profesor, Department of Pharmacology, University of Zagreb School of Medicine
- 1998. Professor with tenure (permanent position) University of Zagreb School of Medicine
- From 30. 10. 2017 retired

Professional/ Scientific Societies:

- Hrvatsko društvo farmakologa, Croatian Pharmacological Society (President 2000-2002)
- Hrvatsko društvo za neuroznanost (Croatian Neuroscience Society)
- European Society for Neurochemistry

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- Society for Neuroscience (USA)
- American Academy of Neurology
- International Brain Research Organization
- New York Academy of Science

International Neurotoxin Association

Supervision (mentorship) of PhD Thesis

1. Darko Zdilar, PhD 1988 (now specialist in Psychiatry, US)
 2. Melita Šalković, PhD 1992.(now Professor in Pharmacology)
 2. Vladimir Trkulja. PhD 1997.(now Professor in Pharmacology)
 3. Lidija Bach-Rojecky, dr sc. 2006.(now Asoc Professor in Pharmacology, chief dept Phar, Faculty Pharmacy and Biochemistry)
 5. Ivica Matak, PhD 2015.
 6. Boris Filipović, PhD 2016.
 7. Višnja Drinovac Vlah, PhD 2017. (cosupervisor at School of Pharmacy and Biochemistry- Zagreb University)
- Mentor in the development of 12 graduate theses, 14 master's and doctoral degrees
 - Organizer of CME courses for MDs: Drugs of abuse 2001 and 2002, and Antioxidants 2002.
 -

Teaching experience:

Teaching experience /courses

- Undergraduate studies at the Faculty of Medicine, University of Zagreb, sometime in Split and Osijek (while these faculties did not train their own teachers)
- One of the editors (Bulat M, Lackovic Z, Geber J) of the Croatian Pharmacology Textbook: Medical Pharmacology, Medicinska Naklada 1999 and 2001.
- Author (initiator, director and camera) 5 VHS tapes on practical in Pharmacology; used in Zagreb during the Homeland War, especially at the faculties of Osijek and Split, while not being able to hold practical
- Professional (specialist) postgraduate program in neurology, Neuropharmacology course leader
- While there was a Postgraduate Study in Biomedicine: Psychopharmacology
- Course leader in Pharmacodynamics at Postgraduate Study in Clinical Pharmacology (since the beginning of the study 1984-)
- Course leader on Neuropharmacology, postgraduate program (MSc and PhD) Faculty of Natural Sciences - PMF (1987-2004)
- Lecturer in Postgraduate Degree in Gastroenterology and Dermatovenereology (1986-2004)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- At the Doctoral School of Medicine Faculty Course leader. Structure of methodology and functioning of scientific work
- Ph.D. School of Biomedicine and Health at the Faculty of Medicine: Neurotransmitters
- Ph.D. School of Biomedicine and Health at the Faculty of Medicine Pharmacodynamic Course Principal: Molecular Mechanism of Drug Action

Invited lectures and organization of symposia or workshops outside the country and at international conferences, with original research as a topic

1. 1980. -A.H.Robins Co., Richmond, USA
2. Laboratory of Preclinical Pharmacology, NIMH, Washington, DC, USA
3. 1981 -Blood and Lung Institute, NIH, Bethesda, USA
4. 1981.-Symposium "Dynamics of Neurotransmitter Function, Washington DC, USA
5. 1982.-Symposium "Is dopamine a peripheral neurotransmitter, American Society for Pharmacology and Experimental Therapeutics, 66th FASEB, New Orleans,
6. 1985. Department of Pharmacology, McGill University, Montreal, Canada
7. 1985. Department of Pharmacology, Ohio State University, Columbus, USA
8. 1985. Department of Pharmacology, Iowa State University, Iowa City, USA
9. Institute for Mental Health, Ann Arbor, USA
10. 1987. -Peripheral Actions of Dopamine: Satellite Meeting of the 10th International Congress of Pharmacology, Melbourne, Australia
11. 1993. -LEK Pharmaceutical Work, Ljubljana, Slovenia
12. 1994. -Hudinge Hospital, Karolinska Institutet, Stockholm, Sweden
13. 1994. -BioCyty, Abo Akademi University, Turku, Finland
14. 1999.-Life Sciences conference, Slovenian Pharmacological Society,
15. 2002 Symposium on Movement Disorders: 4th Alpine Basal Ganglia Club & Selected Topics in Neuropharmacology, Zagreb
16. 2004. - Klinik und Poliklinik für Psychiatrie und Psychotherapie, University of Wuerzburg
17. 2007 -39th International Danube Symposium and 1st International Congress on ADHD, Wuerzburg 2007
18. 2007. -10. Central European Neuropsychopharmacological Symposium, Sarajevo
19. 2007. -Neurology Clinic, Medical School, University of Olmouc
20. 2010. -Zagreb, Workshop organization and lecture "Botulinum toxin A in experimental migraine" at The 42nd International Danube Neurology Symposium
21. 2010. -Zagreb, The 42nd International Danube Neurology Symposium: Invited lecture: Central Effects Of Botulinum Toxin-Type A

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

22. 2010. -Pula: Plenary lecture Botulinum Toxin A in Experimental Migraine 50th International Neuropsychiatric Congress
23. 2012. -Granada (Spain): Workshop organization "Botulinum Toxin and Pain" and lecture at the 6th European Congress on Pharmacology EPHAR 2012
24. 2013. Hannover (Germany): invited lecture Mechanism of Botulinum Toxin A in Migraine. Department of Neurology University of Hannover
25. 2013. -Ljubljana; Organization of the workshop "Botulinum toxin and Pain" and lecture on SiNAPSA Neuroscience Conference '13 (SNC'13)
26. 2013. -Zagreb; Plenary lecture at the 7th Croatian Congress of Pharmacology
27. 2016. -Istanbul, Lecture at the workshop on pharmacology of pain organized by Hungarian Pharmacological Society; 7th European Congress of Pharmacology; EPHAR 2016.
28. 2016. -Hanover; Invited lectures: 3rd International Congress on Treatment of Dystonia, Hannover, 2016.
29. 2017. -Pariz invited lectures with Skype transmission to Oxford; IPSEN Innovation, 5 avenue du Canada; 91940 Les Ulis

Invited lectures and organization of symposia or workshops on doctoral studies:

1. 2004. Zagreb. Introductory lectures and organization of the First European Conference on Harmonization of PhD Studies in Biomedicine and Health
2. 2005. Zagreb Introductory lecture and organization of the 2nd European Conference on the Harmonization of Ph.D. in Biomedicine and Health
3. 2005. Workshop of Croatian Academy of Science and Arts: Harmonization of Doctoral Theses in Biomedicine and Health in the Republic of Croatia
4. 2007. Helsinki. Introductory lecture. ORPHEUS conference
5. 2009. Aarhus. Introductory lecture. 4. ORPHEUS conference
6. 2010. Beć. Introductory lecture. 5. ORPHEUS conference
7. 2011. Izmir. Introductory lecture. 6. ORPHEUS conference
8. 2012. Bergen. Introductory lecture 7. ORPHEUS conference
9. 2013. Prag. Introductory lecture. 9. ORPHEUS conference
10. 2009 Standards of doctoral studies, Turkish Pharmacologist Congress, Antalya
11. 2010 Copenhagen: Workshop Organization PhD in Pharmacology and lecture at XIth World Conference on Basic and Clinical Pharmacology 2010: WorldPharma 2010 (IUPHAR)
12. 2010 Cluj Napoca (Romania) University of Medicine and Pharmacy "Iuliu Hatieganu": Plenary lecture: "The Need for International Evaluation of PhD Programs: The Role of ORPHEUS" at National Conference: "Comprehensive PhD Programs in Biomedical Sciences; steps towards better training and higher scientific achievements of young researchers ":
13. 2010 Frankfurt (Germany) Invited lecture at the European Science Foundation EMRC meeting published on May 2007 ESF project Medical Research in Europe

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

14. 2010. Belgrade (Serbia) Medical School University of Belgrade: invited lecture on the symposium: Current trends in the organization of PhD programs in Medical Science.
15. Stockholm Stockholm (Sweden) Royal Swedish Academy of Science: Announced discussion (short lecture) at the workshop: "How increased interaction between basic biomedical research and Pharmaceutical Industry will make Sweden more competitive".
16. 2011. Vienna (Austria). Workshop organization and lecture on doctoral studies in biomedicine and healthcare at AMEE Annual Conferences
17. 2011. Lausanne (Švicarska) Invited lecture at the Annual General Meeting Network of European Neuroscience Schools (NENS)
18. 2011. London (UK) invited lectures at a workshop organized by the British Pharmacological Society: "PhD standards in Pharmacology"
19. 2011. Leioa (Spain) University of the Basque Country, Faculty of Medicine: Invited lecture Improving the Quality of Phd Studies in Biomedicine Through International Cooperation was held at Leioa, Spain
20. 2012. Martin (Slovakia) Invited lecture at the Jessenius Faculty of Medicine in Martin, Comenius University, University of Martin (ORPHEUS Workshop: "PhD Study from the Student's View")
21. 2012. Wuerzburg (Germany) Plenary lecture on DAAD project supported international workshop on PhD program, Wurzburg
22. 2012. Istanbul (Turkey) Marmara University; PhD workshop and lecture on Vision of ORPHEUS in PhD Education: Towards European Standards,
23. 2012. Glasgow: Invited lecture "ORPHEUS Standards as a Tool for Improving the Quality of PhD Programs" ORPHEUS-EFIS Workshop - "PhD in Immunology", European Congress of Immunology
24. 2012. Granada (Spain): Workshop Organization PhD in Pharmacology and lecture at 6th European Congress on Pharmacology EPHAR 2012
25. 2012 Lyon (France) organization of ORPEHUS Workshop: Towards Global Standards for PhD Programs in Medical Education and its lecture: Globalization of PhD standards. AMEE Conference
26. 2013 Beijing (China) invited lectures at "Beijing University Health Science Center Beijing University"
27. 2013. Krakow (Poland): Organization and Workshop in Krakow (Jagellonian University) ORPHEUS Workshop on Clinical PhD, Research at the Bed Side, Jagellonian Univesrsity, Krakow, Poland 2013,
28. 2013 in Dubrovnik (IUC) Orpheus Workshop and Educational Package "Responsible Conduct in Research"
29. 2013. Karachi (Pakistan): Invited to study at the University of Karachi, Pakistan 2013.
30. 2013. Pécs (Hungary): Invited lecture at the Interdisciplinary Doctoral Conference - IDK2013 organized by the Doctoral Student Association of the University of Pécs,
31. 2013. Karaganda (Kazakhstan): Invited lecture at The 2nd Central Asian Medical Education Conference
32. 2013. Zagreb: Organization of ORPHEUS Workshop and lecture at the 7th Croatian Congress of Pharmacology
33. 2014. Tbilisi (Georgia): Organization of PhD programs in biomedicine and health sciences. Invited lectures at D.Tvildiani Medical University and at a meeting of all medical faculty of Georgia,

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

34. 2014. Almaty (Kazakhstan). "Organization of PhD programs in biomedicine and health sciences".

Invited lecture at Kazakh National Medical University (KazNMU) named after S.D.Asfendiyarov

35. 2014. Izmir (Dokuz Eylil University): invited lecture at the 7th EUA-CDE Thematic Workshop: Outcomes of Doctoral Education - Mindset, Research, Innovation

36. 2014. Cape Town (South Africa): Workshop organization and lecture at the 17th World Congress of Basic and Clinical Pharmacology 2014

37. 2016. Istanbul: Workshop organization and lecture at the 7th European Congress of Pharmacology; EPHAR 2016.

Research Project Principal Investigator

- 1975-1985 Biogenic amines and nervous system, SIZ Croatia
- 1985-1990 Neurotransmitter: physiological and pathophysiological significance, SIZ for Scientific Work of Croatia
- 1983-1985. Neurotransmitters and their Metabolites: Biochemical Approach to Neuropsychiatric Disorders, (Project 02-288-A) Supported by US-Yugoslav Joint Board on Scientific and Technological Cooperation
- 1983-1985. Peripheral Dopaminergic Neuronal System (Project 02-289-A) Supported by US-Yugoslav Joint Board on Scientific and Technological Cooperation
- 1985-1990 Indicators of science and social change (one of the main researchers), SIZ science
- 1991-1994 Dopamine and other neurotransmitters in the health of the disease, Ministry of Science of the Republic of Croatia
- 1994-2000 Mitogen neurotransmitters in vivo, Ministry of Science, Education and Sport of the Republic of Croatia
- 2005-2013 Antinociceptive activity of botulinum toxin type a new mechanism of action, new indications? DAAD (Deutsche Akademischer Austausch Dienst) Collaborative Project. Würzburg-Zagreb-Sarajevo-Mostar, Stability Pact for South Eastern Europe
- 2007- Neurotransmitters and new mechanisms for drug and poisoning (108-1080003-0001), Ministry of Science, Education and Sport of the Republic of Croatia
- 2007- Program: Neurotransmitters in Health and Disease. Ministry of Science, Education and Sport of the Republic of Croatia (program coordinator)
- 2005-2006 National Foundation for Science, Higher Education and Technological Development. 2005. Postgraduate study program Biomedicine and Health: Establishment of Network of Related Studies in Croatia and Europe and Development of Quality Improvement System
- 2015- 2017. Clostridial neurotoxins and brain; Brain Tox. Croatian Foundation for Science
- 2017- Collaborative Project with IPSEN INNOVATION 5, avenue du Canada, 91940 LES ULIS (Paris)

Other professional activities:

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- 1976) Founder and leader of the Laboratory for Molecular Neuropharmacology, Department of Pharmacology
- One of the organizers (along with I. Kostović, N. Bohaček, M. Relja, I Kračun) of the First Yugoslav Congress on Neurotransmitter in Health and Disease, Zagreb 1986.
- 1984-1991) Vice Dean for Science, Faculty of Medicine (1984-1991)
- 1985-1990) Member of the Central Medicine Committee (Matična komisija)
- 1993-1996) Expert in the "Ad hoc Working Group for Neuroscience Coordination in Europe"
- 2001 Organizer II. of the Croatian Congress of Pharmacology with International Participation (Zagreb,)
- 2001-2004 Member of the National Bioethics Committee of the Government of the Republic of Croatia
- Founder and Head of Ph.D. Program: Biomedicine and Health Sciences, Faculty of Medicine 1998 - 2017
- 2006 – 2017 Member of the Executive Committee of the Association of Medical Schools of Europe
- Member of the Permanent Curatorium of Neuropsychiatric Pula Congress (since 2000 Member of the Scientific Committee and since 2006 of Bord of Trustees).
- 2010 - 2014 Member of the Board of Doctoral Studies of the University of Zagreb (before the 2009 member of the Working Group for the Development of the Regulation of Doctoral Studies)
- 2012.-2014. Member of the Committee for Science and Technology Development at the University of Zagreb
- 2009v- President of the Committee for the Supplementation of Narcotic Drugs and Psychotropic Substances by the Ministry of Health of the Republic of Croatia
- 2012v- today. Member of Croatian Body for Monitoring of New Drugs at the Office for Suppression of Drug Abuse of the Government of the Republic of Croatia
- 2004-2014v Founder and First President of the European Association of PhD Programs in Biomedicine and Health: ORPHEUS (Organization for PhD Education in Biomedicine and Health Sciences in European System)

Editorial Boards of Scientific Journals:

- Member of the editorial board Croatian Medical Journal (1991-1992)
- Member of the editorial board editorial office "Liječnički Vjesnik" (1985-1991)
- Member of the editorial board "Medicus" (1991)
- Member of the editorial board "Neurochemical Research" (2018-)

Reviewer in Research Journal, evaluator of resesech projects and doctoral programs

- Ad hoc reviewer in Pain, Brit J Pharmacol, J Neurochem, Life Sci, Toxicon, J Neural Transmission and others.
- Evaluation of scientific projects in the field of biomedicine of the MZOŠ, the Republic of Slovenia's Research Agency, the Bulgarian Science Foundation, the Portuguese Agency for Science and Technology (FCT)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- Evaluator of Doctoral Studies in Stockholm (Karolinska), Reykjavik and Ankara (Hacettepe)

Evaluation of Research projects:

MZOŠ, Croatia

Agencije za raziskovanje Republike Slovenije,

Research Funds of Bulgaria,

Agency for science and technology (FCT) Portugal.

Ministry of Science Italy

Scientific interest

- Pain
- Botulinum Toxin
- Dopamine and its receptors in the peripheral nervous system
- Neurochemical changes in Diabetes Mellitus
- Neurochemical changes in growth and regeneration
- Neurotransmitters in peripheral endocrine tissues
- Different aspects of Pharmacology

Scientific achievements

In numbers

Publications: One independent book (Neurotransmitter in Health and Disease), co-author and / or editor of 16 monographs. Published about 200 publications, indexed in PubMed 81, in Web of Science (All) 139, in other journals and monographs 40, in professional and textbooks chapters 65, congress abstracts over 122 (January 2018)

Citations:

Web of Science All: 1417 (without self-citation 1245) (139 papers), (January 2018)

Web of Science Core Collection: 1351 (without self-citations 1189) (98 papers), H index: 22 (Jan 2019),

ResearchGate: 128 articles, citations 1676, index H 24 (without self-citations 24) (Jan 2018)

Other:

Since 1975 he has been running domestic or international projects. Mentor in the design of 14 doctoral and / or master's degrees (Ph.D. Ivica Matak received the State Prize for Science for Young Scientists).

ResearchGate: 128 članaka, citatati 1800, H indeks 26 (bez samocitata 24) (prosinca 2018.)

Descriptive

Initially worked with M. Bulat on issues of CSF dynamics (work in Science from 1974, see list of publications).

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

First investigated the presence of monoamines in the spinal cord of man. Monoamines in the brain of patients with diabetes mellitus. Developed a HPLC method for measuring serotonin and its metabolites in biological material. Discovered that compensatory growth, after the removal of one of the parental organs: the adrenal glands or ovaries mediated by nervous innervation, resulting in a change in the signaling of specific receptors. The phenomenon has not been sufficiently explained to date.

The most important discoveries are the following:

- First discovered the degradation of dopamine in peripheral tissues and dopaminergic receptors in some peripheral tissues. The finding that dopamine does not meet the conditions for peripheral hormone is mentioned today (more without citation of authors) in the most well-known internal medicine books, eg Harrison, and finding that for different biochemical tests should be taken different lumbar spinal fraction is present in many specialized laboratory medicine. These findings are so widely accepted that authors are no longer quoted today (which is a normal consequence of the cumulative character of medical sciences).
- Together with his associates, he first discovered that botulinum toxin type A after peripheral administration by axonal transport come to in the central nervous system. The toxin that comes with sensory neurons in the central nervous system mediates the antinociceptive / analgesic action of botulinum toxins.
- Together with his associates, he first discovered that neurogenic inflammation of the brain envelope is not only part of the pathophysiology of migraine, which is generally accepted, but is a reaction to various types of pain in the area of the head and neck, ie in the area innervated by trigeminal nerve.

Other Achievements

At the time of the Homeland War, he independently encouraged the collection of photographic documentation and recording of data on the destruction of Croatian hospitals, with which he published several articles in the Croatian Medical Journal, Medicine and War, Medical Journal, etc., with doctors from these hospitals (Vukovar, Osijek, Vinkovci, Lipik) (modestly but very much appreciated for this is the "Diploma of a Summoning Member of Doctors Association of Slavonia").

Additional interest: Science Research: As a Dean for Science, first explored in detail the international position and impact of medical research from Croatia and the former SFRY, using scientometric approach and thus started research at the Faculty of Medicine (the first publication, together with dean Lj. Čečuk in the papers of the Faculty of Medicine 1984). Related to this he led the project "Indicators of Science and Social Change" and was the mentor of the first master's degree in this area (Buneta Z.1988.). "Discovered" the meaning of some in our history of forgotten scientists (Vladimir Sertić, who discovered a number of bacteriophages), instigated and edited the book "Measures for Science". Based on these studies, the minimum criteria for scientific advancement at the Faculty of Medicine included internationally visible publications (CCs) and gradually became the official criteria of the Republic of Croatia. (until 1986 the mention of Current Contents and so was almost forbidden at Croatian medical schools).

As a leader and founder (1987/88) of the Ph.D. programme in Biomedicine and Health, he was the first president of the Association of European PhD Studies (ORPHEUS), which today has more than 100 medical

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

universities / faculties mostly from Europe but also from the USA, Canada. Within this activity, he initiated the process of harmonization of doctoral research in Croatia and introduced the European dissertation criteria (they are currently stopped but due to the growing criticism and external influences we will soon be "returned to Europe"). Acknowledgment for international co-operation has been received by the Faculty of Medicine in Riga, a series of plaques, and an award from the International Co-operation Committee of the University of Zagreb for the promotion of doctoral studies.

As a researcher of neurotransmitters acting as addictive drugs, and as chairman of the Croatian Society of Pharmacologists, he launched a public education action on drug neurotoxicity, which included a large number of schools and so on, and received acknowledgment by the Ministry of Education and Sports of the Republic of Croatia in 2003.

Prizes and awards

- Acknowledgment of the Ministry of Science, Education and Sport of the Republic of Croatia 2003 (for the organization of educational actions in schools of drug damage by the Pharmacologist Society)
- Regular member of the Academy of Medical Sciences of Croatia (2004-)
- Annual State Award for Science, in the field of biomedical sciences, "for a scientifically significant discovery of axonal transport and central action of botulinum toxins on pain", (Croatian Parliament, Zagreb 2013)
- Honorary Professor of State Medical University of Karaganda (Honorary Professor, Upon the Decisions of Academic Board of Karaganda State Medical University, Karaganda 2013)
- Honorary Member of ORPHEUS (ORPEHUS: Organization for PhD Education in Biomedicine and Health)

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 1998

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Sonja Levanat, Prof., Ph.D.**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Ruđer Bošković Institute (external associate)**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Methods in molecular oncology; Clinical laboratory diagnostics of malignant melanoma with special reference to molecular-biological diagnosis assesment**BIOGRAPHY**

Prof. Sonja Levanat, senior scientist and full professor, graduated organic chemistry and biochemistry (1978), obtained master's degree in medical biochemistry (1984) and PhD in experimental oncology (1988) at the Ruđer Bošković Institute (RBI), in natural sciences from the University of Zagreb. She did her postdoctoral training at the Institute of Physiological Chemistry, University of Hamburg, Germany (1989-1990) and Yale University, School of Medicine, USA (1993-1995), and then returned back to her home institution RBI. From 1996-2013 she has been a project leader of several scientific projects funded by Croatian Ministry for Science, Education and Sports, several bilateral projects: Croatian-Slovenian bilateral grant (1997-1999), Croatian-Austrian bilateral grant (2002-2004), "Cogito" Croatian-French bilateral grant (2003-2005), Croatian-Hungarian bilateral grant (2007-2009), several Terry Fox Run projects funded by Terry Fox Foundation and Canadian Embassy donations (2009, 2012, 2014, 2016, 2017, 2018), one project funded by Croatian Science Foundation (2017-2019) and on one she was a collaborator (2014-2018). She was also a collaborator on one international grant (2013-2016, FP7-REGPOT).

Prof. Levanat was a member of the Board for Biomedicine and Health at the Ministry of Science, Education and Sport Republic of Croatia (2013-2017), member of the Scientific Board of RBI (2007-2016), vice president of the Scientific Board of Biomedicine at RBI (2008-2016), member of the Library Board of RBI (2001-2006), and a director of spin-off company Rudjer Medikol Diagnostics Ltd (2007-2013).

Prof. Levanat was a founder and head of the Laboratory for Hereditary Cancer (2008-2019).

She is a member of the European Association for Cancer Research (EACR) (from 1988), a Honorary Member of the EACR (from 2010), was member of the EACR Council (2006-2016), and from 2009 she is a representative of the national society (Croatian Association for Cancer Research) in the EACR. She is a founder of the Croatian Association for Cancer Research (Hrvatsko društvo za istraživanje raka, HDIR) and its President from 2009. She is a member of the Croatian Society of Biochemistry and Molecular Biology (CSBMB) from 1986, was member of the Presidency of CSBMB (2003-2014), and from 2014 she is a member of the Council CSBMB. She is also a member of the Society for Clinical Genetics of Croatia (from 2015), the Croatian Society for Human Genetics, and member of the Committee on oncogenes and growth factors and the Committee on genomics and proteomics in oncology in the Department of Medical Sciences of the Croatian Academy of Science and Art (HAZU).

Prof. Levanat was member of the Editorial Board of Periodicum Biolorum (2009-2015), guest editor for 1998, vol 100 (No3), 2012 Supplement vol 114 (No 4) and 2014 vol 116 (No 4), and is a member of the Editorial Council of Libri Oncologici (from 2016).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 29/11/2017 - full professor, reappointment**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Robert Likić, MD, PhD, Associate professor**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University of Zagreb School of Medicine**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Characteristics of clinical medical research, Evidence based medicine**BIOGRAPHY**

Dr Likić qualified in Medicine with honors at the University of Zagreb Medical School in 2001, after receiving the Dean's award for the best student of medicine in 1999. Following internship, he trained in general internal medicine at the University Hospital Centre Zagreb and developed an interest in the effectiveness of problem based learning applied to the teaching of clinical pharmacology. He became board certified in internal medicine in 2007 and was awarded a PhD degree in 2008. He currently holds a tenured position of an associate professor in internal medicine and prescribing at the Zagreb Medical School and also works as a consultant internist and clinical pharmacologist at the University Hospital Centre Zagreb while continuing to have an active research interest into the effectiveness of medical education both at undergraduate and postgraduate levels, pharmacoeconomics, health technology assessment, medical informatics as well as rational use of medicines. Dr. Likić has had significant success in international collaboration with funding secured from the British Council to organize a multinational meeting in Zagreb in 2008 on rational use of medicines and he also received the Matovinovic fellowship award in 2009 which allowed him to spend 6 months working as a visiting scholar at the University of Michigan Medical School (Ann Arbor). So far, Dr. Likić published more than 30 research papers in Current Contents indexed journals and also participated actively in national and international meetings focused on pharmacology, clinical pharmacology and pharmacoeconomics. He is a member of several national drug committees and societies as well as an active board member of a committee for education of the European Association for Clinical Pharmacology and Therapeutics (EACPT) and he is also a councilor and treasurer to the International Union of Basic and Clinical Pharmacology (IUPHAR) education section. He received the "Outstanding Early Educator Award" at the 16th IUPHAR World congress of basic and clinical pharmacology held in 2010 in Copenhagen (Denmark) and in 2015 was instrumental as an advisor for therapeutics to the CEO of the University Hospital Centre Zagreb.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Jasna Lovrić, PhD, full professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Biochemical methods in biomedical research; Molecular and biochemical approach to genetic disorders; Methods of molecular biology in medicine

BIOGRAPHY

Date of birth: 26/05/1958. Osijek. Education: 1982. the Faculty of Science, University of Zagreb, Department of Chemistry. MSc degree in 1987, in 1995 earned her PhD degree (Chemistry). 1987 was selected as research assistant. 1995 he was elected associate title of assistant, in 1998 scientific assistant, in 2000 scientific assistant professor at the Department of Medical Chemistry, Biochemistry and Clinical Chemistry, 2006, associate professor, and in 2010 the scientific title advisers, and from 12/07/12. full professor.

From 1982 to 1994 employed at the "Ruder Boskovic" in the Department physical chemistry. Since 1994, he worked at the School of Medicine, University of Zagreb in the Department of Chemistry and Biochemistry.

Since 2006 Head of the Insitute of Chemistry and Biochemistry and head of the Department of Medical Chemistry, Biochemistry and Clinical Chemistry at MF. Since 2006 course coordinator Medical Chemistry and Biochemistry 1 and 2 teacher at several courses in graduate and doctoral studies at the Ministry of Finance for students studying medicine in Croatian and English. She has written on several chapters in university textbooks and manuals for students graduate and doctoral studies. One of the results of university textbook editor of Harper's illustrated biochemistry. The editor is in 3 editions university handbook for exercise. Holder is in Chemistry and Biochemistry for students of Dental Medicine.

An active researcher, head of the project, and on several projects funded by the MSES. She actively participated in two international projects. Mentor student works awarded Rector's Prize, graduate theses, 2 doctorates, 3 of which are under construction.

She has published 40 scientific papers, 29 indexed in Current Contents (300 citations). She has participated in 50 scientific meetings most of which are international. A reviewer in several journals, textbooks and manuals.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 13.09.2017.

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Bakač A, Espenson J H, Lovrić J, Orhanović M. (1987) Reduction of Titanium(IV) and Oxidation of Titanium(III) by 1-Hydroxy-1- methylethyl Radicals. Inorg Chem 26:4096-4099.
2. Bakač A, Butković V, Espenson J H, Lovrić J. Orhanović M. (1989) Kinetics of Reduction of a Series of Imidazolium Ions and Cobalt(III)-Imidazol Complexes by 1-Hydroxy-1-methyl Radicals. Inorg Chem 28:4323-4326.
3. Bakač A, Butković V, Espenson J H, Lovrić J. Orhanović M. (1996) Electron Transfer from Aliphatic Radicals to ring-Substituted Pyridine N-Oxides and Their Cobalt-Ammine Complexes in Aqueous Solution. Inorg Chem 35:5168-5172.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Mila Lovrić, PhD. assistant professor**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University Hospital Centre Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Biochemical methods in biomedical research, Pharmacogenomics; Laboratory approach to transplantation of haematopoietic stem cells**BIOGRAPHY**

Born on 7 Dec 1968 in Tijarica. Graduated in 1992 from Faculty of Pharmacy and Biochemistry, Univ of Zagreb. MSc degree (biomedicine) in 2001, in 2010 earned her PhD degree. She passed the specialist exam in analytical toxicology in 2001. Since 1992, she has been employed at University Hospital Centre Zagreb; in 2007 she became head of the Lab. for Chromatography Techniques, and since 2010 she has been the head of the Clinical Unit for Multidisciplinary Application of Chromatography. In 2011, she was appointed to the rank of research associate at the University of Zagreb and promoted to the rank of senior research associate in the field of biomedicine and health in 2013. In 2017, she was elected assist. professor in the field of biomedicine and health, field: pharmacy, branch: medical biochemistry at Faculty of Pharmacy and Biochemistry in Zagreb. She has published 23 scientific papers indexed in Current Contents, 7 indexed in SCI, and 5 other articles, more than 308 CC and SCI citations. Areas of interest: validation of new chromatography methods, therapy individualization and analytical toxicology.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 11 Sept. 2017**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

mlbencic@icloud.com

WORK EXPERIENCE

15/08/1988–01/06/1990 Health Center “Trešnjevka”, Zagreb (1988 – 1990), general practice

01/06/1990–01/11/1992 Clinical Hospital Center “Rebro”, Internal clinic, Department of Endocrinology, scientific novice (Faculty of Medicine at the University of Zagreb)

01/11/1990–Present University Clinic for Cardiovascular Diseases (1992 – present) at the Clinical Hospital Center in Zagreb - 1992-1996 specialisation in internal medicine, 1996-

2000 specialisation in cardiology, since 2000. cardiologist and simultaneously

working at the School of Medicine at the University of Zagreb: full professor of

internal medicine (April 2017), scientific advisor since the October 2013 - associate

professor – since 2010 - assistant professor - 2004 - 2010 - assistant and senior

assistant – 1997 - 2000 . 2003-present Head of Outpatient department, 2003-

2011. Head of Working Group for Cardiac pacing, since 2008. implants pacemakers and defibrillators.

EDUCATION AND TRAINING

PhD - Faculty of Medicine at the University of Zagreb, completed in

2000, Master's Degree - Faculty of Medicine at the University of

Zagreb, completed in 1992 Graduated from the Faculty of Medicine

at the University of Zagreb in 1983, GPA 5 (out of 5 possible),

“excellent” Graduated from the “Classical Gymnasium” in Zagreb in

1983, GPA 5 (out of 5 possible) Passed specialist examination in

internal medicine in 1996; passed subspecialist examination in

cardiology in 2000. In 2001. I have successfully passed the

prestigious exam, NASPEExam, being the only person in Croatia

who has done so at the time, and I gained the certificate of "Special

Competency in Cardiac Pacing and Defibrillation" • I also

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

participated in several clinical trials : 2 clinical trials on

antihypertensives, 1 trial on hyperlipidemia (ezetimibe and

simvastatin, MSD) "DUAAL study" by Phyzer, ENGAGE TIMI-48

clinical trial of edoxaban efficacy, and Odyssey trial (PCSK9 drug

testing).

Now I am leading a University project: Polymorphism -455G / A fibrinogen gene and polymorphism of MTHFR C677T in obese persons.

I participated in national research projects: from 1990 to 1992 and worked on the scientific project "Morphological and functional properties of pituitary adenoma" under the guidance of prof.dr. Mirko Koršić. Since 1996, I have been an active researcher on the project no.108196 "Pentadecapeptide BPC 157 - Further Research" (where I made a dissertation and co-authored on 17 published scientific papers and several congress summaries). Since 1997, I have been working on the CarNET project: Telemedicine in Heart Electrostimulation " In June 1999 I became a member of the team who made the first pacemaker programming via the Internet, as witnessed by congressional presentations and newspaper articles.

From 2002 until present I have been an active researcher in the project: "Tissue Doppler in assessing global and regional diastolic function"(code: 0108255).

From 2006 until 2013 in the project „Doppler of the myocardium in early detection and monitoring of cardiovascular diseases (code: 108-1081875-1991). During 2014 and 2015 I was involved in shortterm projects at the University of Zagreb (academic leader prof. Miličić) - The role of platelet reactivity in cardiovascular patients (code 1101257). 2016: Hypertension and Hyperreninemia Examination on Myocardial Left Ventricular Deformation (code 380-002/081-16-2).

I have been included in the MASTER survey since 2016. (Multicentral, international, controlled, clinical research on hypertension), and in Croatia since 2014. Coordinator of the European Society for Hypertension on sterile blood pressure control in patients with atrial fibrillation.

PERSONAL SKILLS

Mother tongue(s) Croatian

Other language(s) UNDERSTANDING SPEAKING WRITING:

German B2 B2 B2

English B2 B2 B2

French B1 B1 B1

Communication skills A long teaching experience:

Teaching graduate courses: Since 1991 I have been participating in teaching at the Department of Internal Medicine as a conductor of internal medicine examinations. Since 1997, I have regularly

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

participated in the teaching of Internal Medicine and Clinical Propedeutics, and in the elective subject "Myocardium in Physiological and Pathological Conditions". Since 2003, I have also been participating in modules on the 6th year of medical studies: "Rational approach to drug use" and "Emergency Situations (?)". I am teaching an elective subject that is being held regularly: "Electrostimulation of the Heart in Clinical Practice", and co-leader of the subject 'Heart Disease and Pregnancy'.

Teaching postgraduate courses: In 2000, I have finished a postgraduate course of the 1st category called "The Art of Medical Teaching" in which I have been participating for 16 years as an instructor (27 courses held altogether). I also worked as an instructor of some 1st category courses: „Laboratory and clinic – interface about which we talk too little (we do not talk enough?) (Croatian Chamber of Medical Biotechnicians), postgraduate specialist course – Clinical Pharmacology (as an instructor). I was an instructor of the PhD course called: Arterial Hypertension and Diabetes, and Metabolic Syndrome. I am also an instructor of other postgraduate courses of the 1st category: Heart Arrhythmias – Rational Approach, and The Art of Medical Education, and of a course: 22.-24-5. 2015. The Novelties of Nephrology and Areric Hypertension (Category I).

I was the head of the case "Electrostimulation of Heart" at a postgraduate study.

Organisational / managerial skills Since 2003 I am Head of Outpatient Dpt., University Clinic for CV Diseases, monthly we have 14000 patient visits.

I actively participated in organizing cardiologic congresses - "2nd Alpe Adria Cardiology Meeting" in Brijuni in 1994, and "Second Congress of Croatian Society of Cardiology" in Zagreb, in 1996. I was also in the organizing committee of "The First Croatian Congress on atherosclerosis" in 1997, held in Brijuni. As the Secretary of Congress, I made a significant contribution to the organization of the 5th Croatian Cardiac Congress in Opatija, I have been a member of the organizing committees of the 6th, 7th, 8th and 9th Congress of the Croatian Cardiac Society, and a member of the organizational board "Symposium on Arrhythmias and Cardiac Pacing" every year, for the past 15 years. I was a member of the organizational committee "Dubrovnik Cardiology Highlights" in 2011 and 2013. I was also a member of the organizational board IUPHAR in Novigrad 9-11.6. in 2016, and of the 4th Congress on Hypertension with International Participation in Porec, in 2017.

Job-related skills Member of professional societies:

Secretary of the Croatian Society of Cardiology (since 2003), Treasurer of the Croatian Society for Medical Education (since 2002). A member of the Supervisory Board of the Croatian Society of Cardiology (since 2008). A member of the Directory Board of the Croatian Society for Hypertension and the Croatian Society for Medical Education. An active member of several professional associations: the Croatian Society of Cardiology, the European Society of Cardiology, the Heart

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Rhythm Society. Before: the North American Society of Cardiac Pacing and Electrophysiology

(NASPE) – full-time member, Association for Arrhythmia, Electrostimulation and Electrophysiology of the Heart at the European Cardiac Society, Association for Echocardiography at the European Cardiac Society,

Croatian Society for Atherosclerosis, Croatian Medical Association, Croatian Medical Chamber, Croatian Internist Society, Croatian Society for Stroke Prevention and Croatian Society for Medical Education (a member of the Directory Board and the treasurer since 2002).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 25.4.2017. Full professor

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Marko Lucijanić, MD PhD, research associate

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Dubrava

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Molecular hematology

BIOGRAPHY

Marko Lucijanić graduated from the Zagreb University School of Medicine in 2010 and completed a PhD at the same institution in 2017. He is currently working as a Hematology specialist at the University Hospital Dubrava, Zagreb. His scientific interests are biology of myeloproliferative neoplasms and translation from basic to clinical hematology. He is also interested in biostatistics, particularly survival analysis. He fluently uses English and understands German. Born in Karlovac, father of three sons.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Prof. Tomislav Luetić, MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** School of Medicine Zagreb, University Hospital Centre Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Liver transplantation in children**BIOGRAPHY**

Prof. Tomislav Luetić is a specialist in pediatric and general surgery. He works at the Department of Pediatric Surgery and Urology at Rebro Clinic for Surgery. Neonatal surgery and the treatment of inherent malformations, education in medicine and the improvement of medical quality are his areas of close scientific and professional interest. He graduated from the University of Munich Children's, Brigham & Women's and Beth Israel in Boston, UCSF in San Francisco, Tufts University Boston Floating Hospital, Sapienza University in Rome and Charite Hospital in Berlin, at the University Children's Surgery Clinic in Munich, Harvard University and Hospitals. He has published over fifty papers indexed in CC, SCI, IM and EM. The aforementioned works have been quoted tens of times. So far, he has actively participated in two scientific projects. He has participated in international and domestic congresses. He successfully participates in full time in undergraduate, postgraduate teaching. In the present term, he is head of the Department of Surgery at the Faculty of Medicine of the University of Zagreb and head of the Institute for Pediatric Surgery and Urology.

Assoc. Prof. Liborija Lugović Mihić, Dermatovenerology Specialist, Associate Professor and recent Head of the Department of Dermatovenerology at the Faculty of Dental Medicine, University of Zagreb (2015-2018); Head of the Polyclinic Department of the Clinical Center for Dermatovenerology at the KBC "Sestre milosrdnice" hospital and Assoc. Prof. at the Faculty of Dentistry, University of Zagreb.

Liborija Lugović Mihić was born in 1968 in Šibenik, where she finished elementary and high school. In 1986 she enrolled at the Faculty of Medicine in Rijeka, graduating in 1992. Her internship started in June 1992 at KBC "Zagreb" in Zagreb, during which she attended postgraduate studies in Clinical Immunology at the Faculty of Medicine, University of Zagreb. During her internship and postgraduate studies, she was involved in scientific projects and research at the KBC "Zagreb" hospital at the Department of Dermatovenerology. From March 1994 to January 2001 she worked at the Health Center Kutina at the emergency center, where she was also the head of the Emergency Medical Service. In December 1995 she defended/submitted her master's thesis, titled "The significance of routine immunological tests in the recognition and monitoring of atopic dermatitis". In December 2002, she defended her doctoral dissertation under the title "The Determination of Immunological Parameters as Confirmation of Disordered Immune System in Atopic Dermatitis". Then, in November 2001, she started specializing in dermatovenerology - she passed her specialization exam in 2005 - at the KBC "Sestre Milosrdnice" hospital in Zagreb, where she is still practicing and is currently Head of the Polyclinic there. In April 2005, she was elected the Senior Assistant at the School of Dental Medicine of the University of Zagreb, then as a Scientific Associate in October 2005, and in November 2007 as a docent at the Department of Dermatovenerology of the School of Dental Medicine, and finally in 2013, as an Assoc. Professor at the same department, where from 2015-2018 she was the Head of Department. She was also a mentor for a series of graduate theses and published papers, and she is currently a mentor to a number of PhD candidates. In addition, between 2010-2013, she was the director of dermatovenerology classes for the high schools of medicine in Bjelovar and Varaždin. She has also participated in several scientific projects with the Ministry of Science and in 2015 was declared the most effective dermatovenerologist by the Ministry of Health of the Republic of Croatia. In 2016, research by her mentees, Dr. Japundžić and Dr. Novak, was rewarded the Rector's Award.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ljerka Luić, associate professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University North

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Telemedicine

BIOGRAPHY

Ljerka Luić is an Associate Professor at University North. Since the academic year 2001/2002 to date, she has continuously worked as a guest teacher for the Telemedicine course within the Biomedicine and Healthcare University Postgraduate Doctoral Study Program at the School of Medicine of the University of Zagreb with a lecture on the topic *Strategic planning of development of e-health*. She has also lectured for the Information and Communication Science University Postgraduate Doctoral Study Program at the Faculty of Humanities and Social Sciences of the University of Zagreb on the subject of *Designing a Integrated Information System Strategic Planning Model*.

As a scientific researcher, she has actively participated in 3 national scientific projects and 2 international scientific projects, acting as Lead Researcher/Manager on one of them. She was appointed Scientific Adviser on Jun 2016 and Associate Professor on November 2017. All her degrees were obtained in social sciences, field: Information and Communication Sciences.

Ljerka Luić has published a total of 42 scientific papers (29 A1 and 13 A2). She has taken part in 20 international scientific conferences, at 12 of which she personally presented papers authored and/or co-authored by her. She has been mentor for 105 graduate theses and co-authored 10 scientific papers with her students. She has autonomously published 2 textbook, 2 chapters of a book and co-authored 1 manual and.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 15.11.2017.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Hana Ljubić, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Molecular and biochemical approach to genetic disorders; Methods of molecular biology in medicine

BIOGRAPHY

Hana Ljubić was born on May 23, 1977 in Zagreb. She finished elementary and high school in Zagreb. In 2005 she graduated from the Faculty of Science, University of Zagreb. In July 2006, she started working at the University Hospital Centre Zagreb at the position of cytogeneticist at the Division of Cytogenetics and in November 2007 continued working at the position of analyst at the Division of Molecular Laboratory Diagnosis of the Department of Laboratory Diagnostics. In February 2009 she was at the Microcythemia hospital of Cagliari, Italy, on the professional training in the field of molecular diagnostics of Wilson disease by gene sequencing method. In 2013 she received her PhD at the Department of Biology of the Faculty of Science, University of Zagreb. So far, as a first author she published one paper in the international journal cited in Current Contents, and as a co-author she published four papers in national and international journals, two of them in journals cited in Current Contents. She is the author of 9 scientific abstracts and co-author of one book and manual. She participates in teaching as a collaborator in the Department of Medical Chemistry, Biochemistry and Clinical Chemistry, School of Medicine, University of Zagreb. Since 2016, she is an assessor in an expert group for Huntington disease, which is a part of European Molecular Quality Network (EMQN), organization for quality control in medical laboratories in the molecular genetics field, based in Manchester, England.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Assoc. Prof. Suncanica Ljubin Sternak, MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** School of Medicine, University of Zagreb; Teaching Institute of Public Health “Dr. Andrija Stampar”, Zagreb, Croatia**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** “Pathogenesis of infectious diseases”.**BIOGRAPHY**

Born in 1968 in Zagreb. Graduated at School of Medicine the University of Zagreb (1993). Specialist exam of Medical Microbiology and Parasitology (2002). Doctoral thesis entitled "Clinical and molecular epidemiological characteristics of human metapneumovirus infection in Croatia" (2008). Assistant Professor (cumulative employment) at University of Zagreb (2010-2016). Associate Professor at the University of Zagreb (2016-). Her professional interest is cultivation and molecular diagnostics of viruses, evolution of the viruses and other intracellular pathogens as well as monitoring the resistance of intracellular pathogens. She worked at the Croatian National Institute of Public Health (1996-2014). Head of the National Centre for polio and National Laboratory for Chlamydia (2004-2014). Since 2014 she is employed at the Teaching Institute for Public Health "Dr Andrija Stampar", as Head of the Department of Molecular Microbiology. She was an associate on projects of Croatian Ministry of Science, Basic Education and Sports: "Viral infections of the respiratory system" (2008-2013), also on project of the National Science Foundation "Research on the etiology, epidemiology, diagnostics and treatment of patients with prostatitis syndrome" (2010-2013), and associate on project of the National Science Foundation: "Genomics and molecular epidemiology of human paramyxoviruses in Croatia" (2014-). She coordinated University grants project for 2015 and 2016: "The meaning of the new pathogen metapneumovirus, coronavirus and bocavirus - in children and adults suffering from respiratory infections." She is the principal investigator of the Croatian national Foundation project: New and neglected respiratory viruses in vulnerable group of patients (2017-2021). She has published more than 100 scientific and professional articles and scientific abstracts, of which 75 in cited journals (42 in CC and 33 in other publications). Citations 856, h-index = 17.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 01.02.2016., associate professor**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

2017-2021 Principal Investigator on Croatian Science Foundation Project titled "New and neglected respiratory viruses in vulnerable groups of patient" (grant: IP-2016-06-7556)

2016-Principal investigator on project Zagreb University Grant for academic year 2016: "Epidemiological and Clinical characteristics of metapneumovirus and bocavirus infection".

2015 Principal investigator on project Zagreb University Grant for academic year 2015: "Significance of metapneumovirus, coronavirus and bocavirus in children and elderly with acute respiratory infection"

2014-2018 research investigator on project of Croatian Science Foundation: "Genomics and molecular epidemiology of human paramyxoviruses in Croatia"

2010-2013 research investigator on project of Croatian Science Foundation No. 1401 5649 titled: „Research on the etiology, epidemiology, diagnostics and treatment of patients with prostatitis syndrome“

2008-2013 research investigator on projects of Croatian Ministry of Science, Education and Sports projects 0005002 and 005-0053443-3447 (G.M.G.) titled: „Viral respiratory infections“

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

2017-2021 Principal Investigator on Croatian Science Foundation Project titled "New and neglected respiratory viruses in vulnerable groups of patient" (grant: IP-2016-06-7556)

2016- Management Committee member for Croatia for COST Action: CA15114Anti-Microbial Coating Innovations to prevent infectious diseases (AMICI)

2015 Principal investigator on project Zagreb University Grant for academic year 2015: "Significance of metapneumovirus, coronavirus and bocavirus in children and elderly with acute respiratory infection"

2014- 2018 research investigator on project of Croatian Science Foundation: "Genomics and molecular epidemiology of human paramyxoviruses in Croatia"

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE: 2

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Lovela Machala Poplašen, MA

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Public Health Andrija Štampar, University of Zagreb, School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Evidence Based Medicine, Structure, methodology and functioning of scientific work 2

BIOGRAPHY

Lovela Machala Poplašen is head librarian at the Andrija Štampar Library, School of Public Health, School of Medicine, University of Zagreb. She is a LIS PhD candidate at University of Zagreb, Faculty of Humanities and Social Sciences Her research interests are new technologies, information literacy, open science, scholarly communication and social media.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

PERSONAL DATA

Nationality Croatian
Date of birth 10.12.1958.

WORKING EXPERIENCE

From -to	1986.-1987.
Institution	Clinical Hospital Sestre milosrdnice
Function	intern
From -to	1987.-1995.
Institution	Health Centre Črnomerac
Job title	Medical doctor in primary health care
Function	
Work area	Family practice, pediatrics
From -to	1995.-2000.
Institution	Clinical Hospital Centre Zagreb, Insitute of clinical pharmacology
Job title	doctor
Function	
Work area	Hospital Drug Committee, Hospital Drug Bulletin,
From -to	2000.-2004
Institution	Clinical Hospital Centre Zagreb, Insitute of clinical pharmacology
Job title	Residency of clinical pharmacology
Function	resident
Work area	Clinical pharmacology
From -to	2004.-
Institution	Clinical Hospital Centre Zagreb, Insitute of clinical pharmacology
Job title	Specialist of clinical pharmacology and toxicology
Function	Medical doctor, medical attendant, clinical pharmacologist
Work area	Clinical pharmacology, performing clinical trials, consultant in clinical pharmacology and antimicrobial use , editor in chief of Hospital drug bulletin and Journal of pharmacotherapy,
From -to	2000.- 2013
Institution	Clinical Hospital Centre Zagreb, Insitute of clinical pharmacology
Job title	Member of editorial bord of several editions of Croatian Drug Formulary (3rd, 4th, 5th, 6th, 7th)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Function Co- editor and author

Work area edition

From -to 2006.- 2013

Institution Clinical Hospital Centre Zagreb, Insitute of clinical pharmacology

Job title Member of editorial bord of Textbook of Clinical Pharmacology (1st, 2nd editions)

Function Author

Work area edition

EDUCATION

Year 1986.

Place Zagreb

Institution Medical School of Zagreb

Title Medical doctor

Year 2000-2004.

Place Zagreb

Institution Clinical Hospital Centre Zagreb, Institute of Clinical Pharmacology

Title položila specijalistički ispit iz kliničke farmakologije

Year 2003.

Place Zagreb

Institution Medical School of Zagreb

Title Professional postgraduate study (clinical pharmacology)

Year 2008-2015. scientific postgraduate study

Place Zagreb

Institution Medical School of Zagreb

Title Ph D

SPECIALIZATION

Year 2001. Introduction to GCP

Place Wien; Austria

Institution Vienna School of Clinical Research

Work field Good Clinical Practice

Year 2001. Scientific aspects of clinical trials in cardiovascular diseases u Vienna School of clinical resea

Place Wien; Austria

Institution Vienna School of Clinical Research

Work field Clinical trials in Cardiology (cardiovascular pharmacotherapy)

Year 2012.

Place Munich, Germany

Ustanova Drug Hypersensitivity Meeting

Work field Drug allergy

GOOD CLINICAL PRACTICE EDUCATION

Year 2008. -2014

Place Medical School of Zagreb

Work field Teacher in postgraduate continuous medical education a course of Good Clinical Practice

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Sime Manola assistant professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: UH Sisters of mercy, School of medicine University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Electrophysiological methods in medical research

BIOGRAPHY

Baboniceva 117 10000 Zagreb Croatia

Phone: +385 91 30 20 502; email: sime.manola@kbcs.m.hr

EDUCATION

2006 - 2007

Subresident in Cardiology, University Hospital “Sestre Milosrdnice”, Zagreb

- Emphasis on Arrhythmology, Electrophysiology and IPG, ICD, CRT devices

- Completed with excellent success

2005 San Donato Milanese, Milan, Italy

- One year scholarship education in electrophysiology, Mentor: prof.dr. Riccardo Cappato

2000 - 2003 University of Zagreb, School of Medicine

- Postgraduate student (relevant coursework in epidemiology, clinical trials)

2000 - 2003 Resident in Internal Medicine, University Hospital “Sestre Milosrdnice”, Zagreb

- Performing plan and program of Ministry of Health of the Republic of Croatia

- Completed with excellent success

1989 - 1995 University of Zagreb, School of Medicine

WORK EXPERIENCE

2011 – present Director of Cardiology Department, University Hospital “Sestre Milosrdnice”, Zagreb

- 12 years of experience in echocardiography and interventional cardiology (150 diagnostic and interventional procedures per year)

- 10 years of experience in electrophysiology (250 diagnostic and ablation procedures per year) and in the implantation program (IPG, CRT, ICD; about 100 devices per year)

2007 - 2011 Department Cardiologist, University Hospital “Sestre Milosrdnice”, Zagreb

2003 - 2007 Department Physician, University Hospital “Sestre Milosrdnice”, Zagreb - Specialist in internal medicine;

2000 - 2003 Fellow in Internal Medicine, University Hospital “Sestre Milosrdnice”, Zagreb

1995 - 2000 Physician, Zagreb Emergency Unit

ACADEMIC EXPERIENCE

2015 Assistant Professor at University of Zagreb, School of Medicine

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2014 Senior Research Associate at University of Zagreb

2010 Senior Assistant at Internal Medicine Department, University of Zagreb

2010 PhD; Title: “Impact of AV Delay on Interventricular Disincrony and Stroke Volume in Patients With High Grade AV Block and Implanted DDD Pacemaker”

2005 Assistant at Internal Medicine Department, University of Zagreb

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 15 June 2015

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Jurica Maraković, MD, PhD, research associate

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Dubrava

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Pathophysiology of the brain and CSF

BIOGRAPHY

He was born in 1972 in Sisak.

He graduated from the University of Zagreb Medical School in 1997.

He was awarded the Rector's Award for best studying work in 1997.

In 1998, after completing a one-year internship, he passed a state exam.

In 1999 he began his specialization in neurosurgery for the Clinical Hospital "Dubrava".

During his specialization, he has been abroad for vocational training on several occasions.

Since 2000, he has participated in scientific research at the Ruđer Bošković Institute.

In 2004 he completed a three-year postgraduate doctoral program "Biomedicine and Health" at the Medical School of the University of Zagreb.

In 2006 he completed his specialization in neurosurgery and passed a specialist examination at KBC Rebro's Neurosurgery Clinic in Zagreb.

He is a member of the Croatian Neurosurgery Society, EANS, WFNS, ISHCSF, and the Croatian Society for Neuroscience.

He is also author and co-author of several scientific and professional papers in domestic and international indexed journals, and is an active participant in several domestic and foreign congresses and other professional conferences.

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Darko Marčinko, MD, PhD, associate professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine University of Zagreb, and University Hospital Center Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Clinical psychopharmacology

BIOGRAPHY

Name (father's name) and surname: DARKO (Jozo) MARČINKO, MD, Ph.D.

Workplace: psychiatrist specialist Psychiatric Clinic, Clinical Hospital Center Zagreb, Kišpatićeva 12, 10000 Zagreb, CROATIA

Date and Place of Birth: November 25, 1973, Zagreb, Croatia

E-mail: darko.marcinko@zg.t-com.hr

Education and jobs so far

1979-1987 OŠ Mladost, Zagreb

1987-1990 SŠ EOC, Zagreb (graduated after completing 3rd grade of high school and enrolled in study)

1990-1996 Faculty of Medicine, University of Zagreb

- During the study, a demonstrator at the Department of Physiology (1992-1994)
- after study, shorter time of scientific research on the same chair (up to going to MORH)

June 1996. Graduated on the first possible date (final exam held on 28.6.1996)

1996-1997 Medical Examination - Jordanovac Hospital for Pulmonary Diseases

September 1997 passed a state exam

December 1997- August 1999 employed at the Ministry of Health, Healthcare Directorate, among other activities worked as the editor of the medical newsletter and the fieldwork of doctors in Baška Polje (Makarska)

August 1999-December 1999 employed by AKD Mungos, on doctors' duties in the demining team

December 1999 - December 2003 KBC Zagreb, specialization in psychiatry

On December 9, 2003 he passed a psychiatric examination

January 2004 - February 2009 employed at the Center for Crisis Situations of the Clinic for Psychiatry KBC Zagreb (Rebro)

Since February 2009 he has been employed as head of Department for Affective and Anxiety Disorders of the Institute for Integrative Psychiatry of the Clinic for Psychiatry KBC Zagreb (Rebro)

September 2009 earned the title of docent, in cumulative employment, at the Faculty of Medicine, University of Zagreb

December 2010 passed the subspecialist exam of biomedical psychiatry

May 2011 passed the examination for a court expert

July 2011 Member of the editorial board of the Croatian Medical Journal

December 2011 employed as Head of Nutrition and Pediatric Disorder Specification of the Clinic for Psychiatry KBC Zagreb (Rebro)

postgraduate education, University of Zagreb

He graduated 3 years of Doctoral Thesis "Medical Science" (1999-2002) at the Faculty of Medicine of the University of Zagreb and passed all examination requirements.

2007 He became a doctor of medical sciences in the field of biomedicine and health

Doctoral dissertation, defended on May 16, 2007 (topic: Biological and Clinical Indicators of Suicidality in Schizophrenia), mentor: Prof.dr. Miro Jakovljević

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Psychotherapy education

Family, marital and partner psychotherapy. He finished five years of education (2002-2007) from Family, Marriage and Partnership Psychotherapy (Head of Education: Prof. V.Vidović, PhD in Psychological Medicine Clinic),

- 11/4/2005. passed the final exam,
- 2006 and 2007 completed the final, practical, supervisory part of the education,
- 16.5.2007. based on the education received the title "Family and Parent Psychotherapist, Psychoanalytic psychotherapy - completion of education in 2012.
- For several years (through period 2005-2007) in group supervision from individual psychoanalytic psychotherapy,
- within tripartite education: own therapy (at Prof. Dr. Vlaste Rudan) at the Clinic for Psychological Medicine (total 480 hours, during the period 2007-2012), supervision with 2 supervisors (total of 200 hours of supervision, during the period 2009-2012), as well as theoretical education (2008-2012).

Cognitive-Behavioral Psychotherapy. He completed 1st and 2nd grade of Cognitive-Behavioral Psychotherapy (Head of Education: Prof. N.Anić)

Medical Hypnosis and Hypnotherapy. He has completed several courses of medical hypnosis (co-operation with Dr. D. Legac)

Group analysis. Introductory part, conducted during specialization training (Head of Education: Prof. Dr. R. Gregurek)

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ivana Mareković, assoc. prof.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Centre Zagreb, School of Medicine University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: 1. Laboratory approach to haematopoietic stem cells transplantation; 2. Methods of investigation in vivo and in vitro

BIOGRAPHY

Education

19 January 1996 Medical doctor after finishing School of Medicine University of Zagreb (average grade 4,70)

1996-1998 Internship at the Clinical Hospital Dubrava, Zagreb

26 March 1998 State exam at the Ministry of Health

27 May 2005 Specialty exam in medical microbiology and parasitology

November, 2005 Educational visit in Vienna, Austria in a Laboratory for Clinical Microbiology, Head of Dpt. Prof. M. Rotter (Allgemeines Krankenhaus der Stadt Wien – AKH)

May 2009 Educational visit in Leiden, Netherlands, in the Dpt. of Infectious Diseases, for genotyping of acinetobacters guided by Lenie Dijkshoorn

Working experience

1998 – 2001 Product Manager in Schering Plough

2001 – 2005 Specialty trainee in medical microbiology and parasitology at the University Hospital for Pulmonary Diseases Jordanovac, Zagreb

2005 – 2008 Specialist in medical microbiology and parasitology at the University Hospital for Pulmonary Diseases Jordanovac, Zagreb

27 October 2008 – till now Specialist in medical microbiology and parasitology at the Clinical Department for Clinical and Molecular Microbiology

from 2011 – Head of Department for mycobacteriology;

from 1 February 2016 – Head of the Clinical Department of Clinical and Molecular Microbiology

Scientific and teaching activity

14 December 2004 Master's degree at Medical School University of Zagreb with thesis "Clinical significance

of quantitative and semiquantitative cultures of Mycoplasma hominis and Ureaplasma urealyticum in urogenital samples"

8 September 2008 PhD at Medical School University of Zagreb with thesis „Significance of molecular methods in diagnosis of bacterial community-acquired pneumonia“

1 February 2010 - Assistant Professor at the Department of Medical Microbiology and Parasitology, School of Medicine University of Zagreb

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

4 April 2016 – Associate Professor at the Department of Medical Microbiology and Parasitology, School of Medicine University of Zagreb

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: April 4, 2016

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Professor Alemka Markotić, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital for Infectious Diseases, Zagreb, Croatia

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Mechanisms of allergic reactions; Pathogenesis of infective diseases; Biomaterial infections;

BIOGRAPHY

Alemka Markotić is a full professor at the Faculty of Medicine, University of Rijeka, a full professor at the Catholic University, Zagreb, Director of the University Hospital for Infectious Diseases "Dr. Fran Mihaljević", Zagreb, Head of the Scientific Unit and Head of the Institute for Urogenital Infections, Associate member of the Croatian Academy of Sciences and Arts since 2012 and a full member of the Academy of Medical Sciences of Croatia since 2018. Since 2016., she is a permanent member of the Homeland Security Council.

She graduated from the Faculty of Medicine, University of Sarajevo, Bosnia and Herzegovina (1989), did her MsC in Medical Microbiology and Parasitology (1996), and PhD in the field of Infectious Diseases (1999) at the Faculty of Medicine, University of Zagreb. Specialist in Infectology (2007) and Clinical Immunology (1997, BiH).

Dr. Markotic began his career at the Medical School, University of Sarajevo, Bosnia and Herzegovina, on an international project to investigate the efficacy of ribavirin in treating hantavirus infections in collaboration with the US Army Medical Research Institute for Infectious Diseases (USAMRIID), Frederick, Maryland. She was a National Academy of Sciences, National Research Council, USA Postdoctoral Research fellow and did her research on Immunopathogenesis on hantaviruses in USAMRIID, Frederick, Maryland, USA. For the results of this research, she were obtained the Joel Dalrymple Memorial Award (American Society of Virology) and USAMRIID's coin.

Dr. Markotić has received seven national and nine international awards (eg. the Croatian Academy of Sciences and Arts annual award for medicine, the annual State Award for Medicine, the European Society of Clinical Microbiology and Infectious Diseases Award for Excellence etc.).

She has published over 100 research papers, of which 64 are in CC / SCI, including manuscripts in prestigious journals like Nature Medicine and The Lancet (number of citations: 1347 - Google Scholar), 15 chapters in books, six of them in foreign books and has presented over 200 presentations (invited and plenary) at national and international conferences. Among others, a lectures were held at Columbia University in New York; National Institute for Allergy and Infectious Diseases, NIH, USA; National Academy of Sciences, USA in Istanbul and Zagreb; Poland Academy of Sciences, Warsaw; NATO International Symposium on Biosecurity and Biosafety in Milan, Italy; the UN Biosafety Convention in Geneva and others.

So far he has been or is the principal investigator of ten domestic and five foreign projects. She has been or is an associate of eight domestic and international scientific projects, including the Center for Excellence in Viral Immunology and Vaccines approved by the Ministry of Science and Education.

Dr. Markotić founded the Center for Emerging and Re-Emerging Infectious Diseases in the Clinic and also participated intensively in the founding and creation of the first Croatian BSL-3 Laboratory for Diagnosis of

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

dangerous pathogens, founded the Croatian Society for Biosafety and Biosecurity. She is one of the few experts (team led by Professor Markotić) in Croatia who has been trained and certified to work in the BSL-3 Laboratory (USAMRIID certificate), and is continually investigating different pathogens in collaboration with scientists from many prestigious international institutions. At the request of the European Commission and the Chinese Ministry of Agriculture, Dr. Markotić designed, organized and held a Biosafety / Biosecurity Course in Beijing, China, in May 2009.

Dr. Markotić also worked for ten years at the Institute of Immunology, Zagreb, which is the oldest producer of vaccines and immunological reagents in this area. She was responsible for the quality and safety of these products according to GLP, GMP, WHO, EU and some FDA regulations as the head of the Department for Quality Control of Viral Vaccines and Interferons.

Dr. Markotić is also a lecturer at postgraduate studies at the Faculty of Medicine, University of Rijeka, Zagreb, and the Forensic School in Split, and the Study of nursing at the Catholic University of Zagreb. She is a member of the International Society of Hantaviruses and the Board for Allergology and Clinical Immunology and the Committee for Genomics, the Croatian Academy of Sciences and Arts. She is also a member of several national and international societies in the field of immunology and infectious diseases. In the past, she was a member of the National Science Council, the Croatian Science Foundation's Board of Governors and the Deputy Chair of the Regional Council for Biomedicine and Health. Prior to the Ministry of Science Education and Sports she was appointed member of the High Level Group for Joint Programming - GPC at the EU Commission, Brussels.

In 2008, 2009 and 2011, Dr. Markotić was a National Institute for Allergy and Infectious Diseases (NIAID) National Institutes of Health (NIH) project and grant reviewer. In 2004, 2005, 2009 and 2018., she was a project reviewer for the European Commission in Brussels in the field of immunology and infectious diseases. She is a member of the European Network of Imported Viral Diseases. In the period 2013-2014, she was a member of the NRC Committee on Science Needs for Microbial Forensics: Developing an Initial International Roadmap at the National Academy of Sciences, USA, within which he organized a similar symposium at the HAZU. She is currently a member of the NRC Committees: the Committee on Regional Workshops on Science and Technology Issues for Biological Weapons Convention and the Committee for Governance of Dual Use Research in Life Sciences: Advancing Global Consensus on Research Oversight. About the work of the aforementioned commissions and accompanying symposia of the American Academy, she has been lecturing many times (2013, 2014, 2015 and 2018) as chairman of the Biological Weapons Convention (BWC), the Annual BWC Meeting of States Parties in Geneva.

So far, under Dr. Markotić mentorship, six doctoral theses has been defended, while two are in the phase of the application.

Dr. Markotić also was engaged in humanitarian work in her career. In 1992-1994, during the war in Bosnia and Herzegovina, she helped in organization and participate in the work and management of Caritas Health Care and Pharmacy in Sarajevo, which provided assistance to all the needy citizens of Sarajevo. During 1994, as the US Medical Relief Services Medical Coordinator in Zagreb, she spent half a year in participating in providing medicines for expatriate and refugee camps in the Republic of Croatia and devised a study of the incidence and prevalence of chronic diseases in camps, and the results were published in the Lancet.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Darko Marković, PhD, DVM**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Fidelita Ltd. for research and development**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Laboratory animals in biomedical research**BIOGRAPHY**

D. Marković holds a veterinary medicine degree, master/spec. in veterinary medicine (animal health protection) and Ph.D. in biomedicine and health / toxicology (Doctoral thesis: An experimental model of potential transplacental genotoxicity of drugs, University of Zagreb). He obtained several certificates in various fields including Toxicology, Pharmacology/Toxicology, Animal Handling and Techniques, GLP. He joined PLIVA in 1993 and held several positions in R&D (one year in USA - project PLIVA /Parke/Davis) including Head of Toxicology WU (PLIVA) and Director of Laboratory Animal Science (GlaxoSmithKline). During this time an Ethics Committee was established and local Animal Facility was AAALAC I OLAW accredited. Fidelita Ltd. (Galapagos) - In 2010 he was appointed to his current position (Toxicology & Laboratory Animal Science, Director) with an overall responsibility for Toxicology, as well as the Animal Facility (OLAW accredited) and all Laboratory Animal Science work/issues. His portfolio encompasses conduct of all in vivo research activities and compliance with national and international regulatory agencies and standards. During his career he has worked on projects which have delivered seven development candidates. He has over twenty-five years' experience in the Pharmaceutical industry, has over 20 scientific publications and has presented at several international conferences. As a Lecturer is teaching at the University (field Toxicology and Laboratory Animal Science).

Helena Markulin was born in Šibenik. She received MD degree from the University of Zagreb School of Medicine. She also received MA degree from Faculty of Humanities and Social Sciences, University of Zagreb. At the Faculty of Humanities and Social Sciences, University of Zagreb, she completed postgraduate study and received PhD degree. In 2015 she was elected to the scientific title of Research associate. She works as librarian in the Central Medical Library University of Zagreb School of Medicine. Since 2002 she has participated in the curriculum of University of Zagreb School of Medicine (Principles of Research in Medicine, an obligatory course for 5th year students at Zagreb University School of Medicine; Searching for Best Evidence, an elective course for the 3rd year students at Zagreb University School of Medicine; How to Write a Graduate Thesis, an elective course for the 5th year students at Zagreb University School of Medicine). She has published scientific articles in national and international scientific journals. The articles are indexed and cited in international bibliographic databases. She has presented lectures and workshops at national and international conferences. She has participated in the program and organizational committees of numerous conferences.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Assist. prof. Krešimir Martić, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Department for Plastic, Reconstructive and Aesthetic surgery, University Hospital „Dubrava“ Zagreb; Medical School, University of Zagreb; Chair - Surgery

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Hand Surgery, Microvascular tissue transfer

BIOGRAPHY

Education and Training

1995.-2001. Graduated at Medical School University of Zagreb

2002.-2005. Postgraduate study, Biomedicine and Health Sciences, Medical School, University of Zagreb

27.03. 2003. State licence exam

2003.-2008. Specialisation in General Surgery, Department of Surgery, University Hospital „Dubrava“ Zagreb

2010.-2012. Subspecialisation in Plastic, Reconstructive and Aesthetic surgery; Department of Plastic, Reconstructive and Aesthetic surgery, University Hospital „Dubrava“ Zagreb

1.10.2018. Head of Department of Plastic, Reconstructive and Aesthetic surgery, University Hospital „Dubrava“ Zagreb

Work experience

2.01. 2002. Research fellow, Medical School, University of Zagreb

1.11. 2003. Assistant at Surgery Chair, Medical School, University of Zagreb

1.11. 2008. Assistant at Surgery Chair, Medical School, University of Zagreb and Department of Plastic, Reconstructive and Aesthetic Surgery, University Hospital "Dubrava"

17.11. 2011. Senior-assistent at Surgery Chair, Medical School, University of Zagreb and Department of Plastic, Reconstructive and Aesthetic Surgery, University Hospital "Dubrava"

1.04.2014. Department of Plastic, Reconstructive and Aesthetic Surgery, University Hospital "Dubrava"

26.07.2017. Assist. Prof. at Surgery Chair, Medical School, University of Zagreb; Department of Plastic, Reconstructive and Aesthetic Surgery, University Hospital "Dubrava"

Scientific experience

03.10. 2011. Postgraduate doctoral degree (PhD), Medical School, University of Zagreb: „Tumor and breast volume ratio as a predictive factor for axillary lymph node metastases in T1c ductal invasive breast cancer“

2.04. 2014. 2014. Scientific grade: Research associate; field Biomedicine and Health; Clinical medicine

Investigator in project of Croatian science foundation : "Sonoelastography and magnetic resonance imaging in diagnostics and treatment of breast cancer"

Investigator in finished projects: "National model of clinical Database in maxillofacial oncology"

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

“The role of Microsurgery in perifer nerve injuries” and “The role of sentinel node biopsy in treatment of Melanoma and Breast cancer”

Memberships

Croatian Medical Association; Treasurer and member of Board of Croatian Society of Plastic, Reconstructive and Aesthetic Surgery - CSPRAS

European Society of Plastic, Reconstructive and Aesthetic Surgery - ESPRAS

Croatian Society of Surgery; Member of Board of Croatian Medical Sport Society

Participated in organization of numerous International Congress, Symposiums and Courses as organizing committee member, chairman and speaker.

Publications

Published over 20 scientific papers; 6 papers in journals cited by Current Contents

Published chapters in 3 books

Numerous lectures on international symposiums, congresses and courses

Personal information: Married, father of four children

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 27.06. 2017. - Assist. Prof. at Surgery Chair, Medical School, University of Zagreb

EDUCATION:

2001 University of Zagreb Medical School, Biomedical Sciences and Genetics (Philosophy Doctor degree); Awarded for the best PhD thesis

1993 University of Zagreb Faculty of Natural Sciences and Mathematics, Biomedical Sciences (Master of Science Degree)

1988 University of Zagreb Faculty of Natural Sciences and Mathematics, Molecular Biology (Bachelor of Science Degree)

PROFESSIONAL WORK EXPERIENCE:

2018 present Senior Clinical Research Site Manager contracted for European Society of Anaesthesiology AIBSL (ESA)

2018 present Partner in H2020 project funded by European Commission, participating in design and development of clinical trial protocol; support in regulatory activities and responsible for monitoring of the clinical trials within OsteoProSpine project <https://osteoprospline.eu/>

2016 - present Senior Clinical Research Site Manager contracted for European Clinical Research Infrastructure Network (ECRIN-ERIC) on H2020 project

2015 - 2018 Clinical Project Lead contracted for Sanofi-Aventis Croatia d.o.o.

2015 - present Senior Clinical Research Site Manager contracted for Pharm-Olam Croatia d.o.o.

2014 - 2016 Senior Clinical Research Site Manager contracted for GlaxoSmithKline Croatia d.o.o.

2014 - 2015 Senior Clinical Research Site Manager contracted for Sanofi-Aventis Croatia d.o.o.

2013 - 2016 Consultant on PaSQ project – European Union Network for Patient Safety and Quality of Care <http://www.pasq.eu/>

2013 - present Co-founder of Clinical Trial Initiative, non-profit and non-political organization for promotion of good clinical practice principles and support of clinical trials conduct in Republic of Croatia

2012 - 2017 Partner in FP7 project funded by European Commission, participating in design and development of clinical trial protocol and responsible for organization, initiation, managing and monitoring of the clinical trials within Osteogrow project <http://osteogrow.eu/>

2010 – 2012 Clinical Operations Lead contracted for Pfizer Croatia d.o.o.

- in oversight of 10 clinical trials (24 sites) phase II-IV in different therapeutic areas monitored by outsourced CRO. One site audit with no observations
- Global Study Management Interface and Site Management Interface
- Investigators' relationship management
- Regulatory/Ethics/Health Authority submission responsibilities
- Performing Protocol Specific Quality Review Visits

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- Maintaining Inspection Readiness, Protocol Compliance and Audit Responsiveness
- Study organization, management and on-site coordination oversight of three sites for surgical clinical trial with over 70 subjects enrolled
- Organized and participated in 7 local Investigator Meetings

2007 – 2010 Senior Clinical Research Site Manager contracted for Pfizer Croatia d.o.o. - monitored over 13 phase II-IV trials in all major therapeutic areas.

2005 - present Business Manager Clinical Research for Smart Medico responsible for running clinical research operations (in house and outsourced – Bosnia and Herzegovina) <http://www.smart-medico.hr>

2005 – 2007 Clinical Research Site Manager contracted for Pfizer Croatia d.o.o. – monitored 8 phase III-IV trials in different therapeutic areas.

2004 - 2007 Study Coordinator in Phase II clinical trial of Closed Tibial Fractures healing at Zagreb Trauma Hospital

2003 – 2004 Study Coordinator in Phase II clinical trial of Autologous Chondrocytes Implantation at Zagreb Medical School

2001 – 2003 Study staff in Phase III Clinical trial on Postmenopausal Osteoporosis, Centre for Osteoporosis, Croatian Calcified Tissue Society, Zagreb

OTHER WORK EXPERIENCE:

2008– present: Lecturer at Croatian National GCP course organized by University of Zagreb Medical School, University Hospital Centre Zagreb and Society for Clinical Pharmacology and Therapy within the Croatian Medical Association

2002–2004 Lecturer on Undergraduate course on “Medical and Molecular Biology” University of Zagreb Medical School, Biology Dept

1998–2004 Lecturer on Postgraduate course on “Bone Morphogenetic Proteins” at University of Zagreb School of Dentistry and University of Rijeka Medical School

1995–2004 Lecturer on undergraduate courses on “Bone Metabolism”, “Molecular Biology of the Bone” and “In vitro techniques” at University of Zagreb Medical School, Anatomy Dept

1991–1994 Research Scientist, Laboratory for mineralized tissues, Anatomy Dept Zagreb Medical School

1989–1991 Research Associate, Tissue Culture Laboratory, Centre for Biomedical Research Zagreb

1988–1989 Assistant, Microbiology Dept Centre for Biomedical Research Zagreb

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2005. Senior research associate; Biomedicine and Healthcare

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Many clinical trials conduct (monitoring and oversight) over 14 years of experience; listed in the table above.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: dr.sc. Ivica Matak, research associate

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Research methods in vivo and in vitro

BIOGRAPHY

dr.sc. Ivica Matak, dipl.ing.biol.

Department of Pharmacology, School of Medicine University of Zagreb, Šalata 11 (ivica.matak@mef.hr)

EDUCATION: dipl. ing. molecular biology (2008; Faculty of Science, Zagreb), PhD (2015; School of Medicine, Zagreb). EMPLOYMENT: PhD student - assistant (2009), Post Doc - assistant (2015). SCIENTIFIC RESEARCH EXPERIENCE: Department of Psychiatry, Psychosomatics and Psychotherapy, University Clinic Würzburg, Njemačka (2009, 2010, 2011; 2012); Department of Pharmacology, University of Pecs, Mađarska (2012, 2013, 2014). ASSOCIATE ON PROJECTS: 1x HRZZ, 1x MZOŠ, 2x DAAD, 6x University of Zagreb. SUPERVISOR: 1x diploma thesis. awards of supervised students: 1x rector's award. SCIENTIFIC PRODUCTIVITY: 14 research articles, >20 congress abstracts, 306 heterocitation (WoS), h-index 9. AWARDS: National science award for 2014 (for PhD students); 4 travel grants for international conferences and schools; Best poster award finalist at the World Congress of Basic and Clinical Pharmacology in Capetown, South Africa 2014; abstract chosen for oral presentation at Toxins 2019 in Copenhagen, Denmark. SCIENTIFIC INTEREST: neuroscience, neuropharmacology, experimental Alzheimer's disease. TEACHING ACTIVITIES: integrated study; Pharmacology course/studies in medicine in Croatian and English; Doctoral study Biomedicine and health: course - In vitro and in vivo research methods. MEMBERSHIPS: member of Croatian Pharmacological society.

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Evidence Based Medicine

BIOGRAPHY

Undergraduate education. Medical School, University of Zagreb 1984. - 1989.

Postgraduate education, Medical School, University of Zagreb

“Ultrasound in clinical medicine” 1991.-1992.

“Leadership and management of health systems (with London School of Economics) 2001.-2002.

Medical speciality training, "Royal College of Obstetricians and Gynaecologists, UK 1993. - 1998.

Qualifications:

MD 1989.

MSc 1992.

MRCOG 1996.

Specialist obstetrician and gynaecologist 1997.

PhD 2001.

Subspeciality training - fetal maternal medicine 2008.

FRCOG 2013.

Employed Professor of obstetrics and gynaecology Medical school, University of Zagreb, Merkur teaching hospital Zajčeva 19, 10 000 Zagreb 2014. –

During my undergraduate period in Croatia, I was Editor in Chief of Journal "Medicinar" (YU ISSN 0025-7966) for more than two years. Also, during my appointment as Research fellow I was supervising mastership and Ph.D. projects and organizing examinations. I was actively involved in organizing and running several teaching courses in clinical ultrasound under the auspices of the World Health Organization. In UK during my clinical attachments, I was responsible for arranging junior doctors rota, as well as actively involved in the New Curriculum at Manchester University, School of Medicine. After return to Croatia in 2000 I was elected as a member of the Quality control working party of the Ministry of health, Republic of Croatia. I was directly responsible for the quality control being a Chairman of the hospital accreditation committee.

From year 2000, I was editorial secretary of the “Review on ultrasound in obstetrics and gynecology” Journal. Published by Parthenon Publishing (London, New York). From year 2004 I was Executive editor of the same Journal. Organizer of 37-th International Annual Meeting of the Society for the Study of Pathophysiology of Pregnancy, Organization Gestosis», 20.-22.5.2005., Zagreb, Croatia

Member of several different organizing Committees including World Congress of Perinatal Medicine, Zagreb 2005.

Since 2010 initially I was acting CMO of Sveti Duh Hospital in Zagreb, Croatia, during transition period. At that time I was responsible for full management of the clinical institution ie. acute clinical hospital,

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

including medical and financial sectors. After that period, since Oct 2010, I was appointed as deputy CMO and CMO in the same hospital. I have full financial and clinical responsibility in hospital management including clinical governance, risk management, assessment of medical technologies. Managerial skills though clinical audit as well as management of clinical protocols and financial cost effective assessment programs on local (hospital) and national level. Responsibility for key performance indicators on local and national level.

Clinical experience

During my elective period my main field of interest was diagnostic and therapeutic ultrasound in obstetrics and gynecology. The post was undertaken in the University Department of Obstetrics and Gynecology which is a WHO Collaborative Centre for Diagnostic Ultrasound and referral tertiary centre for fetal medicine in Croatia.

During my training I had an education of clinical obstetrics and gynecology in "Sveti Duh" Hospital, Zagreb, Croatia, Mill Road Maternity Hospital (SHO) Liverpool, UK, Womens Hospital Liverpool, UK, Leighton Hospital, Crewe, UK and Arrowse Park Hospital, Wirral, UK.

After MRCOG exam and continuation of my training in Womens Hospital, Liverpool, UK and St. Mary's Hospital, Manchester, UK I am capable of performing all diagnostic and therapeutic procedures in obstetrics and gynecology. My special field of interest and expertise is fetal – maternal medicine.

Research experience

Several research projects in clinical obstetrics and gynecology mostly in Fetal-maternal medicine and screening for ovarian cancer. Research fellow at Ministry of science, education and sport Republic of Croatia project 3-01-201 "Screening for early stages of ovarian cancer by transvaginal colour Doppler ultrasound". In UK three research projects: principal investigator "Blood flow in spiral arteries in pregnancy", Manchester University. Investigators at "ATAC - Armidex, Tamoxifen alone or in Combination Protocol" Number 1033IL/0029 developed jointly between Zeneca Pharmaceuticals and the Cancer Research Campaign (CRC) and investigator at "Double blind randomised study of the efficacy and tolerance of the sequential combination of 17beta estradiol 2 mg and TRIMEGESTONE 0.25 mg or 0.5 g in comparison with the sequential combination of estradiol valerate 2 mg and norgestrel 0.5 mg during one year in postmenopausal woman" (Number RU 27987 t/3003). Since 2002, principal investigator for Ministry of science, education and sport Republic of Croatia with grant project "Diagnosis and treatment of preterm labor", No 0129111. Since 2004, investigator at international project "Twin birth study" under auspice of MIRU, Toronto, Canada. From 2006 to date I am project leader and principal investigator on "Screening for preterm labor" project under auspice of Croatian Ministry of science, education and sport, project no 109-000000-0387.

Teaching experience

As a research fellow I was granted a status equivalent to an honorary assistant at University Department of Obstetrics and Gynecology and the WHO Collaborative Centre for Diagnostic Ultrasound. My duties included lecturing to Croatian and English-speaking mastership candidates, supervising their mastership and Ph.D. projects and organizing examinations. I was actively involved in organizing and running several teaching courses in clinical ultrasound under the auspices of the World Health Organization.

During my appointments in the UK, I taught fourth year medical students from the Universities of Liverpool and Manchester. This was continued during my appointment as Clinical Lecturer. I was directly responsible for the teaching medical students from the University of Manchester, as well as involved in

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

organizing examinations. This involved problem-based learning, tutorials and clinic teaching. I was actively involved in the developing and establishing the New Curriculum in the year 1997.

After my return to Croatia, I was actively involved in teaching as a honorary lecturer in the University department of obstetric and gynecology. I was teaching undergraduate students (4th and 5th year of the Medical school) as well as postgraduate candidates at postgraduate course “Ultrasound in clinical medicine”. Our institute is running the Basic ultrasound course in obstetrics and gynecology (under auspices of the Medical school, University of Zagreb and Croatian medical association) where I am one of the teachers. As well as that, I am one of the organizers of “European school of perinatal medicine” which until now had 4 successful courses. At postgraduate study I am lecturing at the “Evidence based medicine” University of Zagreb, Croatia. At postgraduate study “Leadership and management of health systems” I am running the topics “Clinical governance” and “Evidence based medicine”.

Presently as assistant professor I am responsible for all undergraduate and postgraduate teaching program at University Department of obstetrics and gynecology at Sveti Duh hospital

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Sanja Mazić, MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University Hospital Centre Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Methods of Molecular Biology in Medicine**BIOGRAPHY**

Sanja Mazić was born in 1972. in Zadar. She graduated in 1997. at the The University of Zagreb, School of Medicine. In 2005. she defended her Master's thesis and obtained the title Master of Science in University of Zagreb, Medical school, Postgraduate course Medical sciences. In 2011. she defended her doctoral thesis at the University of Zagreb, Faculty of Natural Sciences and obtained her PhD title. In 2015. she was promoted to Research Associate at The University of Zagreb School of Medicine. In period from 2001. to 2005. she completed Residency in Transfusion medicine in University Hospital Centre Zagreb (UHC Zagreb) and became a Transfusion medicine specialist. Since 2005 she has been employed as a Medical doctor -Transfusion medicine specialist at the Clinical Department of Transfusion Medicine and Transplantation Biology, UHC Zagreb. In 2007. she received a scholarship of Government of Republic of France wich supported a professional visit to EFS (Établissement Français du Sang-Aquitaine-Limousin) Établissement Français du Sang-Aquitaine-Limousin; Bordeaux, France. Since 2011. she is working as a Cord Blood Bank Medical Director within the Department. In 2013. she completed International On-line Course in Tissue Banking, Cell Therapy and Regenerative Medicine at University of Barcelona (Extension Certificates).

She continued her education in the field of stem cell and cord blood collection and transplantation during several professional visits to stem cell and cord blood facilities (2015. St. Anna Kinderespitall, Wienna- bone marrow thrsplant unit (extracorporeal photopheresis; program director Dr. Volker Witt); 2012. New York Blood Center, Cord Blood Bank, USA (medical director Dr. Pablo Rubinstein); 2008. European Homograft Bank (EHB)-Cardiovascular Tissue Bank; Military Hospital;Dr. Ramadan Jashari, Brussels, Belgium; 2007. Universitätsklinikum Düsseldorf, Germany; Institute for Transplantation Diagnostics and Cell Therapeutics / Cord Blood Bank).

She participates in one course at Specialist postgraduate study in Transfusion Medicine at The University of Zagreb School of Medicine.

She was the autor or co-author in 14 published papers and 67 conference reports. She was a member of a local scientific comittee at 4th International cGVHD Symposium and EBMT TCWP Educational Meeting. 9-10. November 2018. Zagreb. She is a member of the Croatian Society for Transfusion Medicine and Croatian cooperative group for hematologic diseases (KROHEM). Her scientific interests are related to the fields of cellular therapy and cell and tissue banking.

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Prof. Vesna Medved, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine,
University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Liver transplantation in children

BIOGRAPHY

Prof. dr. sc. Vesna Medved was born on 2 May 1953 in Zagreb where she attended elementary school, high school and enrolled at the Faculty of Medicine of the University of Zagreb where she graduated in 1978. After working in primary health care, psychiatry specialization started in 1984 at Vrapče Psychiatric Hospital and a specialist examination passed in 1987. Since then she has been employed at KBC Rebro Clinic for Psychiatry.

During her specialization, she completed her postgraduate studies from Clinical Pharmacology at the Faculty of Medicine, University of Zagreb. In 1989 she defended her master's thesis entitled "The Relationship of Productive and Unproductive Schizophrenic Symptoms with Hemodynamic and Cognitive Functions". Since 1990, she has also been teaching in cumulative employment at the Department of Psychiatry with Medical Psychology at the Faculty of Medicine of the University of Zagreb. In 1992 he was appointed as a scientific assistant.

She defended her doctoral thesis in 1995 at the Faculty of Medicine titled "Topographic Differentiation between Schizophrenia and Depression with regard to Audience Evoked Potentials and Regional Cerebral Flow". Since 2004, she has a specialty in biology psychiatry. Since 2007, she is head of the Institute for Anxiety and Stress-induced Disorders.

She has been professionally and scientifically trained abroad on several occasions. School year 1979/80. she spent her professional training in Boston, USA. During her stay, she passed the ECFMG (Educational Commission for Foreign Medical Graduates) exam, and thus gained the right to work as a doctor in the United States. The school year 1990/91 was attended by Massachusetts Mental Health Center at Harvard Medical School in Boston drawing up a doctoral dissertation and as an associate in a research project in the field of biological psychiatry. In 1997 she participated in the Salzburg Cornell Seminar in Salzburg on the subject of "Psychiatry and Psychotherapy". In 1999, she graduated from the Algete Krankenhaus (AKH) Psychiatric Clinic in Vienna.

In 1997 she was appointed a position of assistant professor in the cumulative work of the Department of Psychiatry with Psychology, Psychiatry, and in 2002 as Associate Professor and in 2009 as a full professor. Participates in undergraduate teaching in Psychiatry, postgraduate courses in selected chapters from Psychiatry for Clinical Pharmacology, Neurology, Psychotherapy, Psychology for Students at the Faculty of Philosophy, University of Zagreb and undergraduate Psychiatry at the Higher Medical School in Zagreb. He is a lecturer in postgraduate studies at the Faculty of Medicine, University of Zagreb, at the PhD program in Biomedicine and Health, Family Medicine, Social Psychiatry, Psychotherapy and Liver Transplantation in Childhood. He is a mentor for undergraduate students at the Faculty of Medicine. From the academic year 2008/2009 she is the head of the elective subject "The Depression of Modern Society" at the Faculty of Medicine, University of Zagreb. Since 2008 he has been a member of the Commission for Academic Integrity, since 2009 member of the Ethics Committee, since 2010 member of the Working Group for Biomedical Research, and since 2014 has been appointed to the Commissioner for the Protection of Dignity of Workers at the Faculty of Medicine of the University in Zagreb. Since 2015, she is a member of

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

the Postgraduate Education Council. Mentor has three defended doctoral dissertations and four doctoral dissertations that passed the Public Debate. He is the head of the postgraduate course of the 1st category, which has been held three times so far.

The 2012 Ministry of Health nominated an application for a Specialist Psychiatric Training Program Leader. Since then, he has been the head of postgraduate specialist psychiatric studies held each year in the winter and summer semester.

She has collaborated in the projects of the Ministry of Science and Technology of the Republic of Croatia "Biological Indicators in Diagnosis and Treatment of Psychiatric Disorders (1990-1997) and" Anthropological and Motor Characteristics at the Age of 19-23 Years "(1992-1995). She conducted a scientific project titled "Assessing frontal lobe dysfunction in negative schizophrenia and unipolar depression by regional cerebral blood flow and evoked potentials" under the program Neurology of schizophrenia. She was the head of a scientific research project titled "Pathophysiology of Schizophrenia" under the auspices of the Ministry of Science and Technology of the Republic of Croatia. The review is an international multinational ERC Advanced Grant application "Population dynamics and stress affecting health and aging," one of the associates.

She has been the Secretary of the Croatian Psychiatric Association since 1994 until 2014. Since then she has participated in the organization of the Psychiatric Days Congress, which is reflected every year in Opatija and the National Psychiatric Congress held every four years. Since 2005 Member Komisij

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Mario Medvedec, BSc(EE) MSc PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Analysis of Medical Images

BIOGRAPHY

1964 born in Zagreb

1971- 1983 primary and secondary school in Zagreb

1984 – 1989 Faculty of Electrical Engineering University of Zagreb, graduated electrical engineer

since 1990 Clinical Biomedical Engineer at the Department for Nuclear Medicine and Radiation Protection, University Hospital Centre Zagreb and School of Medicine University of Zagreb

1995. Faculty of Electrical Engineering and Computing University of Zagreb, master's thesis " Body Radioactivity Measuring System ", Master of Science in the area of Technical Sciences, Field Electrical Engineering

since 1995 researcher in national and international scientific projects

since 2002 lecturer / senior lecturer at Zagreb Health Polytechnics

since 2003 the lecturer and expert of the International Atomic Energy Agency (IAEA)

2006 School of Medicine University of Zagreb, Doctoral Dissertation "Dosimetry Study of Radioiodine Therapy for Thyroid Carcine", PhD in the area of Biomedicine and Health Sciences, Field Clinical Medical Sciences

2009 - 2015 elected member of the Clinical Engineering Division / International Federation for Medical and Biological Engineering (CED / IFMBE)

since 2012 research associate / senior research associate in the area of Biomedicine and Health sciences, field of Clinical Medical Sciences

since 2013 World Health Organization (WHO) expert and adjunct professor of the Medical Physics doctoral study at the Faculty of Sciences University of Zagreb

2015 – 2021 elected member of the Health Technology Assessment Division / International Federation for Medical and Biological Engineering (HTAD / IFMBE)

He participates in professional and scientific research in the field of biomedical engineering and medical physics, especially nuclear medicine and radiation protection, and undergraduate and postgraduate teaching at the various higher education institutions. He is the author of 40+ articles (10 CC) and 100+ abstracts (59 CC) in journals and proceedings cited 130+ times, and 6 chapters in books. He is a participant of numerous professional and scientific events and a member of ten professional societies.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2015

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Vlatka Mejaški Bošnjak

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: retired, expert work at Outpatient Clinic Neuron at Croatian Institute for Brain Research

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Fetal and Neonatal Neurophysiology, Fetal Behavior

BIOGRAPHY

Vlatka Mejaski Bošnjak, MD, PhD, Professor of Child Neurology, Head of Department of Neuropediatrics, Children's Hospital Zagreb, University of Zagreb, Croatia pediatrician (1981), PhD (1989) Assistant Professor of Pediatrics (1992), Pediatric Neurologist (1996), Associate Professor of Pediatrics 2000, Professor of Child Neurology 2009.

Working at Division of Neurology, Department of Pediatric, Children's Hospital Zagreb, Croatia (1980- Head of department of child neurology (2005)

Main field of interest: Perinatal brain damage, developmental neurology, early detection of developmental disabilities, cerebral palsy, neurorehabilitation, neuroimaging (cranial ultrasonography, MRI), neurogenetics, neurometabolic / neurodegenerative disorders.

Lines of Research: perinatal brain damage, Leukoencephalopathies

Leader of research projects on perinatal brain damage (Croatian Ministry of Science, Croatian Institute for Brain Research), Founder and president of Croatian Academy for Developmental Habilitation (1997), institution for education of interdisciplinary experts, doctors and therapist in the field of developmental habilitation. Expert for early detection of Autism spectrum disorder, nominated by Ministry of Health, Member of project initiated by UNICEF Croatia,

Participants of Introduction to Developmental Pediatrics Training Program for International Teams from CEE/CIS, November, Ankara- Turkey. partnership in "Guide for Monitoring Child Development" training organized by UNICEF, June 2014, Zagreb, Croatia

Organizer of many courses in neurohabilitation in collaboration with international institutions and experts in Croatia. President of 20th Annual Meeting of European Academy of Childhood Disability (EACD) in Zagreb, Croatia 2008.

Extensive teaching experience in developmental neurology and intracranial ultrasonography.

Membership: EACD- European Academy of Childhood Disability (2001), EPNS- European Pediatric Neurology Society (1995), ICNA International Child Neurology Association (1998)

Member of General Management Committee of the EACD (2004), EACD Eastern Europe Task force, Senior Member of American Institute for Ultrasound in Medicine

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2009 Full Professor

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Ana Merkler, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University Hospital Centre Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Molecular and biochemical approach to genetic disorders; Methods of molecular biology in medicine**BIOGRAPHY**

Ana Merkler was born on January 23, 1985 in Zagreb. She finished elementary and high school in Zagreb. In 2010 she graduated from the Faculty of Food Technology and Biotechnology, University of Zagreb. In December 2010, she started working at the University Hospital Centre Zagreb at the position of analyst at the Division of Molecular Diagnosis of the Department of Laboratory Diagnostics. In October 2011 she was at the Institute for Infectious and Pediatric Immunology, the Center for Medical Science and Health, University of Debrecen, Hungary, on the professional training in the field of molecular diagnostics of primary immunodeficiency by gene sequencing method. In 2017 she received her PhD at the Department of Biology of the Faculty of Science, University of Zagreb. So far, as co-author she published four papers in national and international journals, three of them in journals cited in Current Contents. She is the author of 12 scientific abstracts and co-author of one book and manual. She participates in teaching as a collaborator in the Department of Medical Chemistry, Biochemistry and Clinical Chemistry, School of Medicine, University of Zagreb. Since 2016 she is an assessor in the EMQN (The European Molecular Quality Network) for Myotonic dystrophy scheme. She is a member of the Society for Clinical Genetics of Croatia.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Jasna Mesarić, professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Libertas International University

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Scientific approach to transfusion treatment

BIOGRAPHY

Jasna Mesarić graduated from the University of Zagreb Medical School in 1978. She completed her Postgraduate study in clinical pediatrics (1986) and Postgraduate study in hematology (1988) at the Faculty of Medicine, University of Zagreb. Postgraduate Health Management System (LMHS) at the Medical School of the University of Zagreb in collaboration with the School of Public Health "Andrija Štampar" and London Business School completed in 2002.

The academic degrees of the Masters of Medical Science (1988) and the Doctor of Medical Sciences (1997) she acquired at the same faculty. The specialist of transfusion medicine became in 1978. She worked as a primary health care physician from 1979 to 1984. She was Head of the Center, later Department of Clinical Transfusion of the Clinical Institute for Laboratory Diagnostics at Clinical Hospital Center Zagreb (1988-1996); Head of Hospital Transfusion Unit at the Special Hospital for Cardiology and Cardiosurgery Magdalene in Krapinsko Toplice (1997 - 2000); She worked in Croatian Institute for Transfusion Medicine and the Hospital Transfusion Unit of the Clinical Hospital Merkur (2000-2011). She worked in Agency for Quality and Accreditation in Health Care and Social Welfare, as Assistant Director for Quality and Education (from November 2011 to June 2013 and December 2014 - 2018), as Managing Director from June 2013 to December 2014. Since January 1, 2019 she has been working at the Libertas International University and since January 15, 2019 she has been working as a Dean of the Faculty of Health Sciences. At the Faculty of Medicine, University of Zagreb, she became Scientific Assistant (1990), Scientific Research Associate (2005), Assistant Professor (2007), Senior Research Associate (2010), Assistant Professor (2012), Scientific Advisor (2017) and Professor in the field of Biomedicine and Health Sciences: Clinical medical sciences-Internal Medicine (2018).

Since 1989 she has been actively participating in undergraduate and postgraduate studies at the Faculty of Medicine, University of Zagreb; from 2009 to 2011 at the Medical School in Split; at the University of Applied Health Sciences and from 2015 at the Libertas International University. At the Faculty of Medicine of the University of Zagreb, she has been the lead of elective courses "Blood as a cure" since 2011, and since 2018 has been a co-leader of the same and has been the lead of the PhD study "Scientific Approach to Transfusion Treatment" since 2008. She actively participated in the continuous training medical courses.

Since 1991 she was an associate or lead of several scientific projects at the Ministry of Science of the Republic of Croatia. From 1989 to 1990 she was in study visit at Fred Hutchinson cancer Research Center, Seattle, USA (education in the field of transplantation medicine, stem cell collection and cryobiology; from 1991 to 1992 she was in study visit at Puget Sound Blood Center, Seattle, USA (education and research in the field of transfusion medicine), professional training in Plasmapheresis center, Orebro, Sweden (1996), training qualification in clinical transfusion medicine in Groningen, Netherlands (2001).

She has actively participated in the work of national and international professional societies. She is a member of the Croatian Medical Association, president of the Croatian Society for Health Care Quality Improvement - Croatian Medical Association. She was Executive Board member and president of the

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

European Society for Quality in Healthcare (ESQH), member of the EU Patient Safety and Quality of Care Expert Group.

She is an examiner at the Ministry of health commission for the exam of transfusion medicine specialist. She has participated at numerous domestic and international conferences as a invited lecturer. Her scientific and research field is clinical transfusion medicine and the quality of health care and patient safety has been confirmed by publishing professional articles in books and papers published in domestic and international journals. She is the reviewer of the Croatian Medical Journal. She has actively participated in the scientific projects of the Ministry of Science of the Republic of Croatia, the World Health Organization, the European Commission and the World Bank. She is the court expert for transfusion medicine at the Velika Gorica County Court.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Professor Alma Mihaljević-Peješ, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Research Methods of Psychological Functions and Behavior , Clinical neuropharmacology; Clinical psychopharmacology

BIOGRAPHY

Alma Mihaljevic-Peles

University of Zagreb, School of Medicine, Croatia

University Hospital Centre Zagreb

Head of the Department for Psychiatry

Alma Mihaljevic-Peles was born in Karlovac, Croatia, in 1959. She received the Medical doctor degree and the Ph.D. degree from the University of Zagreb, School of Medicine,

Croatia, in 1984 and 1996, respectively. Since 1984 she was a Research Fellow at the University of Zagreb and received from 1985-1986 Postgraduate training in clinical pharmacology. In 1989, she finished master thesis on the topic: The possibilities of finding early and late extrapyramidal side effects in treatment with neuroleptics. From 1987 to 1990 she passed training in psychiatry and became psychiatrist. She finished doctoral dissertation in 1996 on the topic: The importance of lowered arylsulphatase A activity in the diagnostics and development of psychiatric disorders. Presently, she is a Fulltime Professor at the Chair of Psychiatry and Medical Psychology on the School of Medicine, University of Zagreb and the Head of the Department for Psychiatry, University Hospital Centre Zagreb

She is mainly interested in the field of clinical psychopharmacology and biological psychiatry. She has published over 200 scientific and professional papers and has a rich experience in participating in numerous clinical studies with different drugs. She is certificated rater for different psychiatric rating scales, principal investigator in the several scientific projects and co-lecturer in various postgraduate courses.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 12.06.2018.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Miletić Vladimir, MD, PhD, neurologist

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Department of Neurology, University Hospital Center Zagreb, Croatia

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: 1. Clinical Neuropharmacology
2. Movement Disorders

BIOGRAPHY

I was born on 6th of August 1979 in Knin. I ended up elementary school and general gymnasium in Split. I enrolled in the Faculty of Medicine of the University of Zagreb in 1998 and graduated in 2004. I have started residency in neurology in 2007 in the Department of Neurology of University Hospital Center Zagreb which I finished in 2011. Since then I have been working as a neurologist in the Referral Center of the Ministry of Health of the Republic of Croatia for movement disorders and hereditary degenerative diseases at the Department of Neurology of University Hospital Center Zagreb and School of Medicine of the University of Zagreb. I started postgraduate study in Biomedicine and Health at the Faculty of Medicine of the University of Zagreb in 2011. In February 2018 I defended my PhD thesis titled "The effect of botulinum toxins of type-A on nonmotor symptoms in patients with focal dystonia". During the residency, as well as after finishing the specialization I participated in conducting student exercises for students of IV year of the School of Medicine University of Zagreb during the course of Neurology, and also in postgraduate studies and doctoral studies. From March to April 2014 I was trained in the Department of Motor Neuroscience and Movement Disorders, UCL Institute of Neurology, Queen Square, London, UK under the mentorship of prof.dr.sc. Kailash Bhatia where I had the opportunity and honor to undergo education on the diagnosis and treatment of various movement disorders, including all forms of contemporary therapy such as botulinum toxin administration, treatment of advanced Parkinson's disease with Duodopa and APO pumps, and in particular the application of functional neurosurgery in movement disorders. I am the author of several articles and congress releases in indexed journals, of which 15 are indexed in Current Contents. I'm married and father of three children.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Prof. Davor Miličić, MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University of Zagreb School of Medicine,
University Hospital Centre Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Telemedicine**BIOGRAPHY**

Davor Miličić was born in Zagreb on July 2, 1962, where he finished elementary and classical grammar school. He enrolled in a medical study in Zagreb, passing the entrance exam. He graduated from the Faculty of Medicine in Zagreb in 1986. He was an excellent student with a grade-point average of 4.9. During his study he was a demonstrator at the Department of Physiology and Immunology and in the Department of Histology and Embryology. He was awarded the Rector's Award in 1985. After completing his internship he passed a professional exam in 1987. He then attended the Postgraduate Study of Allergology and Clinical Immunology at the Zagreb Medical School during 1987/1988, passing all the exams with excellent success. He made a doctoral dissertation at the Department of Physiology at the Faculty of Medicine, and defended him in 1990, gaining a degree in medical science at the age of 27. He graduated from the Department of Internal Medicine at the Faculty of Medicine in 1988, and in 1989 began his specialization in internal medicine at the KBC Internal Medicine Clinic as a research fellow at the Faculty of Medicine. During the last year of his specialization, he worked as a specialist in KBC Zagreb Heart and Blood Diseases Clinic. The Specialist Examination from Internal Medicine has been awarded with great success and has since been uninterruptedly employed at the KBC Zagreb Heart and Blood Center Clinic. He undertook the subspecialist examination of cardiology in 2000. with great success. Diploma The European Cardiologist was awarded by the European Cardiac Society in 2001, and the title "Fellow" of the European Cardiac Society in 2002. In the co-authorship of senior assistant in cumulative work in the Department of Internal Medicine of the Faculty of Medicine in Zagreb was elected in 1994 , and in 1997 he was elected as a professor in the same Department of Science and Education. An Associate Professor in Cumulative Work Became in 2000 and Full Professor in 2004. He became a full professor with tenure in 2009. Head of Department for coronary intensive care, arrhythmia and electrostimulation of the heart became the year 2000, and the head of the Clinic for Heart and Blood Vascular Diseases at the Faculty of Medicine and Clinical Center Zagreb became the head of the heart transplants program at KBC in Zagreb. collaborated on a scientific project, and has been trained, especially in echocardiography. Fundamental training from transplantation cardiology took place at the Cardiologic Center Sveučil hospitals in Udine, Italy, and later for shorter stays in centers of excellence in Vienna, Padua and London. President of the Croatian Cardiac Society in the fourth consecutive term has so far been president of four national cardiology congresses and several elite international scientific conferences. He has published more than 60 publications in CC journals and cited 220 times. He was a researcher in major international studies cited more than 2,400 times. His remarkable and original scientific contribution has been made in the research of resistance to antithrombotic drugs in acute myocardial infarction, advanced heart failure, myocardial depiction and cardiovascular prevention. He introduced several new teaching contents and founded new activities at the Faculty. He is a visiting professor at two foreign universities and at the Vienna School of Clinical Research and invited lecturer at numerous conferences around the world. He was mentor of 10 dissertations. He is a member of the Fellow of the European and American Cardiology Society and holds important functions in international scientific bodies. He has received international and domestic awards for his scientific and professional work, including the International League of Humanists

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2008 Prize, the Croatian Academy of Arts and Sciences Award 2010 and the University of Zagreb Medical School Award for outstanding scientific productivity in 2011. President of the National Bioethics Committee for Medicine, member of the Central Ethics Committee, Member of the Assembly of the Croatian Chamber of Physicians and the General Board of the Croatian Medical Association and National Coordinator for Cardiology Specialization. He is also the founder of the Croatian Cardiology Foundation. With his work so far he has made a lasting and recognizable, great personal contribution to Croatian medicine and medical sciences.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Assistant professor Milan Milošević, MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University of Zagreb, School of Medicine**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Reproduction and workplace**BIOGRAPHY**

Assistant professor Milan Milosevic, MD, PhD was born in Zadar, Croatia at January 11th 1980. He enrolled School of Medicine University of Zagreb, Croatia from 1998 to 2004 and graduated with honors among top 10% of students. In June 2004 he started PhD study Biomedicine and Health at the same University. In period from 2005 till 2012 he was working as a research fellow/assistant on Croatian Ministry of Science, Education and Sports on the project Health at work and Healthy Environment at the Department for Environmental and Occupational Medicine. From 2006 till 2010 he was enrolling medical specialization in Occupational and Sports Medicine. In March of 2010 he defended PhD thesis entitled "Development and evaluation of the measuring tool for perceived workplace stressors among hospital healthcare workers". In November 2011 he became Occupational and Sports Medicine Specialist. In March 2012 he got scientific associate title, and from July 2016 became assistant professor on Department for Environmental and Occupational Health at Andrija Stampar School of Public Health, University of Zagreb, School of Medicine.

He participated on several national and international projects: Scientifically justified health and safety workplace model on University of Zagreb (2014-2015), researcher and project manager for FP7 project: Improving quality and safety in the hospital: The link between organizational culture, burnout, and quality of care – ORCAB (2009-2014) and DG SANCO: Promote Vaccinations among Migrant Populations in Europe – PROMOVAX (2009 - 2013). He attended numerous national and international workshops and trainings in Occupational Health, Sports Medicine, Biostatistics, Children's Environmental Health, Medical Education with emphasizes on collaboration with the World Health Organization (Global Framework for Occupational Health of Health Workers).

Milan Milosevic is an International Committee for Occupational Health (ICOH) Croatian national representative, member of Croatian Society for Occupational Medicine, Croatian Society for Sports Medicine and the director of the postgraduate specialist study Occupational and Sports Medicine. From May 2016 he is director of Croatian World Health Organization Collaborative Centre for Occupational Health.

His particular interests are: occupational and sports medicine, biostatistics, risk assessment, assessment and evaluation of the organizations safety culture, workplace stress, vulnerable population and medical education. In last four years actively involved as an expert in risk assessment process at School of Medicine University of Zagreb with emphasis on chemical, biological and physical workplace hazards.

Milan Milosevic is an author of more than 100 scientific papers of which more than 60 are published in journals indexed in Current Contents. He is a reviewer in several scientific and professional journals. He is married, father of three children and in free time he actively participates in mountain climbing, cycling, running, playing guitar and singing in man choir.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: July 2015.**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: dr.sc. Nikica Mirošević Skvrce, research associate

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Agency for medicinal products and medical devices, Ksaverska cesta 4, 10 000 Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Pharmacogenomics

BIOGRAPHY

Born: in 1979. Education: 2004 BPharm- Faculty of Pharmacy and Biochemistry, University of Zagreb, 2014 MSc - European Programme in Pharmacovigilance and Pharmacoepidemiology, 2014 PhD - Doctoral Study in Biomedicine and Health Sciences, School of Medicine, University of Zagreb

Work experience: from 2005 till today, Croatian Agency for Medicinal Products and Medicinal Devices (HALMED).

Current position: Chair of Medicinal Products' Safety Committee and Main Coordinator of new safety issues.

Won several awards at international congresses.

Croatian delegate at Pharmacovigilance Risk assessment committee (PRAC) and Pharmacogenomics working party of the European Medicines Agency (EMA), member of ENCePP (European Network of Centre for Pharmacoepidemiology and Pharmacovigilance).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2016.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital "Sveti Duh", Department of Gynecology and Obstetrics, School of Medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Fetal and Neonatal Neurophysiology, Fetal Behavior

BIOGRAPHY

I was born in 1957. in Livno where I finished elementary school and high school. I graduated at the Medical Faculty of the University of Rijeka in 1980. and specialized in gynecology and obstetrics at the Clinic for Women's Diseases and Births in Zagreb in the period 1985-1988. Since 1991, I work at the Clinic for Gynecology and Obstetrics "Sveti Duh" in Zagreb. With classical gynecology and obstetrics, the narrower area of interest is prenatal diagnosis. In clinical practice I have introduced or modified several diagnostic and therapeutic invasive ultrasound procedures. I have been educating invasive ultrasound procedures specialist from Croatia and abroad. I am a mentor to the specialists of our Clinic and visiting specialists.

I completed a postgraduate study in perinatology in 1989. and the scientific thesis "The frequency and risk factors of thromboembolic diseases in pregnancy, childbirth and postpartum" was defended in 1992. at the Faculty of Medicine in Zagreb. Doctoral dissertation "Forms of fetal behavior in normal and high-risk pregnancies tested using four-dimensional ultrasound" I defended 2008. at the Faculty of Medicine in Zagreb. I am the head of the Clinic for Gynecology and Obstetrics KB "Sv.Duh" in Zagreb. I am a professor in a cumulative employment relationship at the Department of Gynecology and Obstetrics of the Medical Faculty in Zagreb. I was granted the status of a specialty specialty in Fetal Medicine and Occupation and the name primarius.

I participate in undergraduate studies at the Faculty of Medicine in Zagreb, and postgraduate courses of continuous improvement of the first category "Ultrasound in gynecology and obstetrics" and postgraduate study "Ultrasound in gynecology and obstetrics" and postgraduate study in Family medicine - gynecology and obstetrics. I participated as a lecturer and practitioner in post-graduate studies "Fellowship of Advanced Ultrasound and Obsterics and Gynecology" in Qatar. I was the organizer of the traditional expert meetings "Days of the Clinic of gynecology and obstetrics" of the General Hospital Sv. Ghost.

I actively participate in the scientific research projects of the MSES: "Male and female sex system: development, normal histophysiology and infertility" and "Early indicators of the development of allergic diseases in children".

As the author and co-author I published 72 papers and congressional press releases, 12 chapters in domestic and 7 in internacional textbooks. I am a regular participant in international and Croatian gynecological congresses, seminars or professional meetings. On several occasions I stayed abroad for professional training.

I am the Head of the Croatian Branch of the International Ian Donald Ultrasound School and a member of several internacional and Croatian professional societies: ISUOG - International Society for ultrasound in obstetrics and gynecology; WAPM - World Association for Perinatal Medicine, Croatian Society for Perinatal Medicine, Croatian Society for Ultrasound in Gynecology and Perinatology and Croatian Gynecological and Oncology Society.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

There have never been any lawsuits or appeals to my Ministry or Chamber of Commerce. I was a Volunteer of the 1992 Homeland War. I'm married, father of two grown children.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 3.7. 2017

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Vasilj O, Mišković B. Diagnosis and counseling of thanatophoric dysplasia with four-dimensional ultrasound. *Journal of Maternal-Fetal and Neonatal Medicine*. 2012;25(12):2786-8.
2. Miskovic B, Predojevic M, Stanojevic M, Tikvica A, Kurjak A, Ivankovic D, et al. KANET test: Experience of Zagreb group. *Donald School Journal of Ultrasound in Obstetrics and Gynecology*. 2012;6(2):166-70.
3. Kurjak A, Predojevic M, Stanojević M, Kadic AS, Miskovic B, Badreldeen A, Talić A, Zaputovic S, Honemeyer U.
Intrauterine growth restriction and cerebral palsy. *Acta Inform Med*. 2012;18(2):64-82.
4. Stanojevic M, Talic A, Miskovic B, Vasilj O, Shaddad AN, Ahmed B, et al. An attempt to standardize Kurjak's antenatal neurodevelopmental test: Osaka consensus statement. *Donald School Journal of Ultrasound in Obstetrics and Gynecology*. 2011;5(4):317-29.
5. Mišković B, Vasilj O, Predojevic M. Fetal neurobehavior in normal and high-risk pregnancy. *Donald School Journal of Ultrasound in Obstetrics and Gynecology*. 2011;5(2):101-6.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

"C / U ratio and motor parameters in the prevention of perinatal brain damage (MB: 108-1081870-1940"

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

"Male and female sexual system: development, normal histophysiology and infertility"

"Early indicators of the development of allergic diseases in children".

"Regenerative medicine and reproductive research into new platforms and resources"

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

1

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: associate professor Dinko Mitrečić, MD PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Methods of Molecular Biology in Medicine; How to become a neuron?; Gene targeting in mammals; Morphological research methods in biomedical sciences; Proteomics in biomedical research

BIOGRAPHY

Date and place of birth: 29.01.1976, Zagreb, Croatia, European Union

Current working address:

Laboratory for Stem Cells, Croatian Institute for Brain Research, School of Medicine, University of Zagreb
Salata 12, HR-10000 Zagreb, Croatia

Telephone number: +385-1-4566792

E-mail: dinko.mitrecic@mef.hr

LinkedIn: <https://www.linkedin.com/in/mitrecic>

Current positions:

School of Medicine, University of Zagreb

-Professor of Histology and Embryology

-Head of the Laboratory for Stem Cells

-Head of the Department for Electron Microscopy

- Secretary General of the Croatian Brain Council <http://hvim.hr/?lang=en>
European positions

- Vice president of the European COST project “Biomaterials and advanced techniques for regenerative cardiology and neurology” <https://bioneca.eu/>
- Member of the Management and Executive Boards of the EU Joint Program for Neurodegenerative Diseases <http://www.neurodegenerationresearch.eu/>
- Member of the General Board of the European Brain Council, <http://www.braincouncil.eu/>
- Member of the Board of the Foundation Adris
- Member of the Program Committee “Health” of the European Commission
- Advisor (for the period 2015-2018) and the chief-advisor (2018-) of the governmental assessment and the evaluation process of the health and research system of the Republic of Lithuania

Academic degrees:

2018 Visiting professor at the Lee Kong School of Medicine, Nanyang University of Singapore

2017 Professor at the School of Medicine and the School of Dentistry

2010 Assistant Professor at School of Medicine, University of Zagreb

2006 Ph.D. (field Biomedicine, University of Zagreb, Zagreb, Croatia)

2000 M.D. (School of Medicine, University of Zagreb, Zagreb, Croatia)

Specific expertise:

- Introduction of new academic courses, international harmonization and inter-university collaboration

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- project management and evaluation in the biomedical field
- innovative therapies for brain diseases
- application of neural and mesenchymal stem cells
- therapeutic use of stem cells in neurodegenerative diseases and stroke
- embryology, mouse and human genetics
- development and malformations of the central nervous system
- morphogenesis of the caudal part of the embryo

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 31.01.2017.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ivica Mokos, MD, PhD, senior scientist

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Center Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Kidney Transplantation

BIOGRAPHY

Born in Zagreb in 1967, in 1992 graduated from the Medical School of University of Zagreb. Professional licence 1993, 1993-97 team leader in family practice. 1997-2002 did his urology residency, in 1998 completed postgraduate study in urology, and in 2006 PhD program. Scientific interest: oncogenesis of urothelial tumors, surgical and immunological aspects of kidney transplantation. From 1997 worked as a teaching assistant in graduate and from 2006 in PhD program. Subspecialist in kidney transplantation, Subspecialist in urologic oncology, Head of Outpatient Surgery on Dpt of urology, Certificate for the best poster presentation on European urological Congress in Birmingham 2002. Papers: 12 cited in CC, 4 SCI-Expanded, +8 abstracts cited in CC, 589 CC citations, most of his work is related to renal transplatation, urologic oncology, lithiasis and benign prostatic hyperplasia. Reviewer for "Clinical Transplantation" cited in CC. From 2007 scientific associate, from 2011 senior scientific associate, from 2012 senior scientist. Associate on project MZOŠ "Genetic polymorphism and function of kidney transplant". Memberships: Croatian urological association, European urological association, European Society for Organ Transplantation, American Transplant Congress, Croatian medical association.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: Feb. 22. 2012

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Vesna Musani, Assist. Prof., Ph.D.**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Ruđer Bošković Institute**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Methods in molecular oncology**BIOGRAPHY**

I was born in 1974 in Zagreb, Croatia, where I finished my primary and secondary education. I obtained my Diploma in molecular biology in 1999 at the Faculty of Science, University of Zagreb, Croatia. In 2008 I obtained my PhD degree, also at the Faculty of Science, University of Zagreb, Croatia. I am employed at the Ruđer Bošković Institute since 2001, first as an assistant/PhD student (2001-2008), then as a senior assistant/postdoc (2008-2009), and now as a research associate (2009-now) in the Laboratory for Hereditary Cancer. On several occasions I participated in training both domestic and international. Of the later, I would like to emphasize the three visits to Bordeaux, France, from 2004 to 2007, in duration from 3 to 6 weeks, during the Cogito bilateral project. I participate in several postgraduate courses. From April 2018 I'm an assistant professor at the J. J. Strossmayer University of Osijek. I am one of cofounders of Croatian Association for Cancer Research (HDIR), member of the Presidency, and liquidator. I'm also member of the European Association for Cancer Research, Croatian Society of Biochemistry and Molecular Biology, Croatian and European Societies of Human Genetics, and Croatian Society of Rare Diseases. Main topic of my research is cancer genetics, with special emphasis on hereditary breast and ovarian cancer, but also the study of Hedgehog-Gli signaling pathway in different types of tumors.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 24/04/2018
Assistant Professor

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Professor Jadranka Mustajbegović

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb, School of Medicine (retired)

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Reproduction and workplace

BIOGRAPHY

Born 1951 in Pula. Graduated 1975 from Medical School University of Zagreb. Medical internship and GP in Regional Medical Centre Mostar (1976-79). Specialized in Occupational Health (1978-80). Received advanced training in Medical School, University of Utrecht, the Netherlands (1992) and in School of Public Health, University of Albany, New York, USA (three months 1994). Degree of MA 1987 and PhD 1992 obtained at the School of Medicine, University of Zagreb. Assistant lecturer 1989-94; assistant professor 1994-98; full professor 2004; full professor in tenure 2009. Teaching course Environmental and Occupational Health at the Medical School University of Zagreb. In charge of leading the elective course in medical ethics “How to implement the Hippocrates’ oath?” In charge of postgraduate studies Occupational and Sports Medicine since 1990; since 1998 in charge of the course “Reproduction and the workplace” in PhD studies. Project manager of the Ministry of Science, Education and Sports, Republic of Croatia, projects nr. 108-1080316-0300 “Health at work and healthy environment” for project period 2006-2011 and nr. 0108332 “Water, food, immediate life environment – health determinants” 2002-2006. Croatian coordinator for the project „Development of core curriculum in occupational health“ Swiss National Science Foundation, IB74B0-111076- SCOPES 2005-2008. FP7 ORCAB (2009.-2014.) i DG SANCO PROMOVAX (2009.-2012.) Published more than 50 papers represented in Current Contents.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2009. Full professor, 2016. Retired.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Improving quality and safety in the hospital: The link between organisational culture, burnout, and quality of care (ORCAB). European commission (FP7).

Health at work and healthy working environment. Ministarstvo znanosti, obrazovanja i športa Republike Hrvatske (broj projekta: 108-1080316-0300).

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

Improving quality and safety in the hospital: The link between organisational culture, burnout, and quality of care (ORCAB). European commission (FP7).

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE: 12

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Andrea Mutvar, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine University of Zagreb,
University hospital centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Analysis of medical images

BIOGRAPHY

DATE AND PLACE OF BIRTH July 12th 1971., Rijeka, CROATIA

WORK EXPERIENCE:

2015 – Assistant at Nuclear Medicine Department and Radiation Protection Department, School of Medicine, University of Zagreb

2006 –Nuclear medicine specialist in Nuclear Medicine and Radiation Protection Department, University Hospital Centre Zagreb. Special interest - nuclear medicine oncology.

1998 –2002 Medical consultant in pharmaceutical company PLIVA

EDUCATION AND TRAINING:

2017 - defense of doctoral thesis The value of single photon emission tomography and computed tomography in detection of sentinel lymph node in breast cancer and melanoma patients

2008 - Postgraduate Doctoral Study «Biomedicine and Health Sciences » University of Zagreb, School of Medicine. Doctoral Thesis „The value of single photon emission tomography and computed tomography (SPECT/CT) in detection of sentinel lymph node in patients with breast cancer and malignant melanoma“

2014 - ESNM Advanced Learning Course on PET/CT in Oncology, Viena, Austria

2012 - Regional Training Course on Hybrid Imaging in Head and Neck Cancers, Brescia, Italy

2010 - First European Sentinella Users Forum (NKI Antoni van Leeuwenhoek, Amsterdam, The Netherlands)

2007 – Fellowship in Hammersmith Hospital, London, UK

2002 – 2006 - Nuclear medicine resident, University Hospital Zagreb

1997 – obligatory medical practice after graduating

1990 – 1996 – University of Zagreb, School of Medicine graduate

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2014

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Gordana Nedic Erjavec, PhD, research associate

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Rudjer Boskovic Institute

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Selected animal models of psychiatric disorders

BIOGRAPHY

Gordana Nedic Erjavec, PhD, graduated in molecular biology in 2006 from University of Zagreb, Faculty of science. She works at Rudjer Boskovic Institute since June 1st 2007 in Laboratory for Molecular Neuropsychiatry. Since then she was an associate on 9 scientific projects, 3 of them Croatian, and 6 international. She gained her PhD in 2013 at PhD studies in molecular biosciences, Josip Juraj Strossmayer University, Osijek, Croatia and spent one year on a postdoctoral training in the Centre for metabolomics and bioanalyses at University San Pablo CEU, Madrid, Spain. In the end of 2017 she was promoted to research associate. Her scientific work contributed to the development of neuroscience, especially in the field of molecular background of neuropsychiatric diseases. Her current scientific achievements are presented through 42 scientific papers, 15 scientific book chapters and 68 scientific conference abstracts. On 14 out of 42 papers she is a first or equally contributing author. According to WoSCC her papers were cited for 520 times, while her h-index is 13.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: November 13th 2013, research associate

2009.-2010. Hrvatsko-slovenski bilateralni projekt „Genetic factors as markers of suicide“ (izvor financiranja: Ministarstvo znanosti, obrazovanja i sporta; voditelji: Nela Pivac (Hrvatska) i Petar Pregelj (Slovenija))

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

2018.-2021. „Early detection of Alzheimer’s disease with methylation status of candidate genes in liquid biopsies cfDNA“ (financiran od strane Slovenian Research Agency; voditelj doc. dr. sc. Alja Videtič Paska)

2017.-2022. „CRO_A-00033, Technology & Know-how Transfer in Metabolomics and Establishment of Latest Scientific Equipment in Zagreb“ offset projekt (financiran od strane tvrtke Patria iz Finske u suradnji s Hrvatskim ministarstvom gospodarstva)

2015.-2019. „Genomski i glikanski biomarkeri PTSP-a“ (financirano od strane Hrvatske zaklade za znanost; voditelj: Nela Pivac)

2015.-2018. „Multidisciplinary Metrics for Soldier Resilience Prediction and Training“ (financiran od strane NATO Science for Peace and Security Programme; direktor Krešimir Ćosić (Hrvatska); ko-direktori: Omer Bonne (Izrael); Nela Pivac (Hrvatska) i Tanja Jovanovic (SAD))

2014.-2017. „The association between stress, genetic variants of the catechol-O-methyltransferase (COMT) and mu opioid receptor gene (OPRM1) polymorphisms and tobacco smoking in patients with schizophrenia.“ (kolaborativni projekt između University of Michigan, SAD, te Instituta Ruđer Bošković i Klinike za psihijatriju Vrapče, Hrvatska; voditelji Nela Pivac (Hrvatska) i Edward Domino (SAD))

2014.-2015. „The role of 5-HT6 receptors in Alzheimer’s disease“ (hrvatsko-slovenski bilateralni projekt financiran od strane MZOS-a; voditelji Suzana Uzun (Hrvatska) i Zvezdan Pirtovsek (Slovenija))

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Matea Nikolac Perković, PhD, research associate

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Ruđer Bošković Institute

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Selected animal models of psychiatric disorders

BIOGRAPHY

Education: Faculty of Natural Sciences, University of Zagreb, Zagreb, title obtained: MSc (2008); PhD Studies in Molecular Biosciences, University of Osijek, Osijek, title obtained: PhD (2015); Postdoc at The Centre of Metabolomics and Bioanalysis (CEMBIO), Pharmacy Faculty (San Pablo CEU), Madrid, Spain (2018-2019); Guest researcher at the Institute for Experimental Medicine, Budapest, Hungary (short stays in the period from October to December 2017).

Employment: Research assistant (PhD student), Ruđer Bošković Institute, Zagreb, Croatia (2009-2015); Postdoctoral researcher, Ruđer Bošković Institute, Zagreb, Croatia (2015-2018); Postdoctoral researcher, The Centre of Metabolomics and Bioanalysis (CEMBIO), Pharmacy Faculty (San Pablo CEU), Madrid, Spain (2018-2019); Research associate, Ruđer Bošković Institute, Zagreb, Croatia (2018-today).

Publications: 45 scientific articles and 15 scientific book chapters; citations: 718; H-index: 16 (https://scholar.google.es/citations?user=grN_wdkAAAAJ&hl=en).

Most important awards: National science award of the Republic of Croatia - Annual award for junior researchers for 2013 in the field of biomedicine; The Annual award of the society of university teachers, scholars and other scientists - Zagreb for young scientists and artists for 2013; Annual award of the Ruđer Bošković Institute for the best article in 2014.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2018

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: associate professor Tamara Nikuševa Martić

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Epigenetics; Methods of molecular biology in medicine

BIOGRAPHY

Date and place of birth: 11th 06th 1975 in Zagreb I'm married and the mother of two children. Education

From 1994 to 1999 . Faculty of Science, University of Zagreb

From 2003 to 2008 . Postgraduate studies in molecular and cellular biology at the Faculty of Science , University of Zagreb

2006 Master of Science , Faculty of Science, University of Zagreb.

2008 Ph.D. , thesis entitled " The role of gene AXIN-1 and β - catenin in neuroepithelial brain tumors " , Faculty of Science, University of Zagreb

Training 2003rd TEMPUS WORKSHOP

Recent Advances in Biotechnology and Quality of Life , School of Medicine, University of Zagreb

2004 FEBS Lecture Course on Cellular Signaling

2008 "Skills in medicine teaching process" School of Medicine, University of Zagreb

2014. Cours: Laboratory animal science course (FELASA kat C ekvivalent), Zagreb,

2015 Cours: Academic teaching excellence, Britanska ambasada, Zagreb

work experience

2003 - 2008 - Assistant Research Fellow Department of Biology Faculty of Medicine , University of Zagreb

2008 -2011 . Senior Assistant - researcher

2011 - 2016 Assistant Professor , Department of Medical Biology

2016 -present Associate professor, Department of Medical Biology

Projects: Researcher at the HRZZ Research Projects

: " The role of the Wnt signaling pathway in epithelial and mesenchymal transition "

"Genotype-Phenotype correlation in Alport's syndrome and Thin Glomerular Basement Membrane Nephropathy"

Researcher on Financial support from UNIZG 2014: Wnt signalling in placenta and tumorigenesis

Researcher on Financial support from UNIZG 2015: The role of Hedgehog signalling pathway in the regulation of invasiveness of trophoblasts and tumors

Researcher on Centar of excellence for reproductive and regenerative medicine

Leader of Financial support from UNIZG 2018: Expression of Wnt signalling pathway components in diffuse gastric carcinoma

Teaching : Exercises and seminars from the " Medical Biology " for medical and dental students , including courses in English studies and postgraduate teaching in the course " Genetic basis of brain tumors ," study neuroscience and " Mechanisms of genetic control ," study Biomedicine .

Participate at the postgraduate studies in the English language , " Methods of molecular biology in

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

medicine . Leader of small elective course " Man and Environment" at first year of undergraduate studies. Workshop leader at the Festival of Science . Mentor for student's thesis "Analysis of protein E- cadherin in meningioma " awarded with Rector's Prize , University of Zagreb, Faculty of Science , Zagreb 2008. Mentor of 3 student graduate work.

Skills and competencies

Genetics of cancer, Wnt signaling , tumorigenesis , tumor suppressor genes , oncogenes, genetic basis of human brain tumors , molecular biology methods (PCR , DNA and RNA isolation , Western blot, immunohistochemistry, RFLP , electrophoresis, PAGE , heteroduplex analysis).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 5.12.2016.

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Tena Niseteo, PhD, MSc

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Children's Hospital Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Clinical nutrition

BIOGRAPHY

After accomplishment of Master degree in Food Technology and Nutrition Science at the University of Zagreb, Croatia Tena Niseteo joined the Referral Centre for Paediatric Gastroenterology and Nutrition in Children's Hospital Zagreb where she obtains the duties of first paediatric dietician/nutritionist in Croatia. During the year 2009 she made her sub-specialization in paediatric clinical nutrition and professional development at two European hospital centers with expertise in paediatric clinical nutrition Kinderklinik und Kinderpoliklinikim Dr. von Haunerschen Kinderspital in Munich, Germany and in Birmingham's Children Hospital, Birmingham, Great Britain.

In 2009 she joined the ESPEN (European Society for Clinical Nutrition and Metabolism) where she was actively engaged in LLL courses and fulfilled all tasks and exams by which in year 2012 she earned European ESPEN Diploma in Clinical Nutrition and Metabolism with all rights, honors and privileges thereunto pertaining.

During this period she started with the postgraduate course and finished the research based on malnutrition in hospitalized children and defend her PhD thesis in year 2017. Besides her regular clinical duties she is involved in the research work in malnutrition in hospitalized children (Multicenter ESPEN study). She is actively involved in domestic and international scientific congresses. She is coauthor and editor of University handbook under the title Nutrition in general and clinic pediatrics.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Associate Professor Iskra Alexandra Nola, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Health and public health risks management in crisis situations

BIOGRAPHY

Born in Zagreb, Croatia. She holds PhD in Biomedicine, Master in Science (Biomedicine) and Master in Leadership and Management of Health Services. She currently works as Associate Professor at Department of Environmental and Occupational Health and Sports Medicine. The area of scientific and teaching work and interests includes: public health emergencies; environmental factors and related health effects; sociological aspects of environmental health; health/medical tourism; air pollutants and related health effects; and harmful environmental/variable factors and related effects in cardiovascular patients. She teaches at several different subjects in the area of environmental health; health and public health risks in disaster risk management; genes and environment; crisis situations management etc. at graduate, postgraduate and doctoral levels, including study in English – graduate and postgraduate as well. She is a course leader of one course at the postgraduate (doctoral) study of Biomedicine at the School of Medicine, University of Zagreb, and co-organizer and leader of the course "Health care in crisis situations", Interdisciplinary University study Crisis management at the University of Zagreb. She was co-organizer of the Disaster Bioethics Training School in 2014 in Dubrovnik, Croatia. She has participated actively at seven research projects and currently she participates at two, at one of them she is a leader and principal investigator. She has held several invited lectures in health tourism and public health emergencies domain. She is a mentor of about twenty graduate and postgraduate theses. She is a mentor of Student section of Public Health at School of Medicine, University of Zagreb.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Bone morphogenetic proteins in regeneration of bone and cartilage; Proteomics in biomedical research

BIOGRAPHY

After high school education in the 5th Gymnasium in Zagreb in year 2000, he graduated in 2005 on Molecular Biology at Faculty of Sciences - Biology department. In 2012 he received a Ph.D. from the Faculty of Pharmacy and Biochemistry in the field of Medical-Biochemical Sciences. From 2006 to 2012 he was employed at the Faculty of Pharmacy and Biochemistry, and from 2012 until today at the Faculty of Medicine, University of Zagreb, where he is employed as a research associate at the Department for proteomics of the Center for Translational and Clinical Research.

He has actively participated in 10 scientific research projects in biomedicine and has published 10 scientific papers in internationally recognized journals. He has held 10 lectures and published 18 abstracts in scientific papers, and has participated in the teaching of a dozen undergraduate and postgraduate courses at the Faculty of Pharmacy and Biochemistry and School of Medicine.

BIOGRAPHY

Renata Novak Kujundžić

Year and place of birth: 1965, Zagreb

Address: Laboratorij za epigenomiku, ZMM, Ruđer Bošković Institute, Bijenička 54, 10000 Zagreb, Croatia
Education

1993. PhD, Faculty of Veterinary Medicine, University of Zagreb

1991. MS, Faculty of Veterinary Medicine, University of Zagreb

1989. DVM, Faculty of Veterinary Medicine, University of Zagreb

Employment/Positions held:

2017 Senior Research Associate, Laboratory for Epigenomics, Division of Molecular Medicine, Ruđer Bošković Institute

2002-2017 Research Associate, Division of Molecular Medicine, Ruđer Bošković Institute

1998-2002 Assistant, Division of Molecular Medicine, Ruđer Bošković Institute

1994 (October)- 1997 (July) Postdoctoral Fellow, Department of Avian Medicine, University of Georgia

1992 (September)-1994 (September): Top-Up Award NAFSA, Department of Avian Medicine, University of Georgia

1990-1995, young researcher - assistant, Department of Anatomy, Histology and Embryology, Faculty of Veterinary Medicine, University of Zagreb

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 11. July 2017.
Senior Research Associate.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Natalija Novokmet, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Institute for Anthropological Research

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Medical Anthropology

BIOGRAPHY

Natalija Novokmet PhD, works as a scientific associate at the Institute for Anthropological Research in Zagreb. She graduated in Biology at the Faculty of Science at the University of Zagreb and defended her M.Sc. thesis (2007), and Ph.D. thesis (2011). Her research interests are anthropological genetics based on genetic markers. The recent focus of her interest is biomedical (candidate genes) and epidemiological aspect of general and isolated populations. She has been involved in ten Croatian and international funded projects with near field point on population (genetic) structure and biomedical research of Croatian island populations and other European's populations. Some of mentioned projects are as follows: Integrated GWAS and EWAS of Cradiometabolic Traits in an Island Population, Genetic and environmental factors of insulin resistance syndrome and its long-term complications in immigrant Mediterranean populations, Genetics of Metabolic Syndrome in an Adriatic Island Population (NIH) and Mapping genes underlying complex quantitative traits in Croatian isolate population, Croatian Islands' Birth Cohort Study (CRIBS).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

2018 Assistant Professor, Field of Biology, Faculty of Science, University of Zagreb

2015 Assistant Professor, Field of Humanities, Field of Ethnology and Anthropology, Faculty of Humanities and Social Sciences, University of Zagreb

2014. Scientific associate, Field of biomedicine and health sciences.

2012 Scientific associate, Field of humanities.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

International projects:

2016. – 2017. Integrated GWAS and EWAS of Cradiometabolic Traits in an Island Population (Studija genetičkih, epigenetičkih i okolišnih čimbenika rizika za kardiometabolička svojstva u otočnoj populaciji) – voditelj prof. Ranjan Deka, Department of Environmental Health, University of Cincinnati, College of Medicine, Cincinnati, Ohio, Sjedinjene Američke Države i doc. dr. sc. Sasa Missoni, Institut za antropologiju, Zagreb.

2013. – 2016. FP7 projekt "MEDIGENE Genetic and environmental factors of insulin resistance syndrome and its long-term complications in immigrant Mediterranean populations (no. 279171), voditelj prof. dr. sc. Florin Grigorescu, University of Montpellier, Montpellier, France.

2007. - 2008. Genetics of Metabolic Syndrome in an Adriatic Island Population projekt NIH (National Institute of Health, SAD) voditelj prof. dr. sc. Ranjan Deka i akademik Pavao Rudan. Projekt je proveden u suradnji s Department of Environmental Health, University of Cincinnati, SAD.

2002. - 2005. Mapping genes underlying complex quantitative traits in Croatian isolate population voditelji i Upravljački odbor projekta bili su ugledni znanstvenici: prof. Pavao Rudan, prof. Alan Wright,

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

prof. Andrew Carothers, prof. Igor Rudan, prof. Harry Campbell, prof. N.D. Hastie, dr. Kate Wilson, dr. Gordon Murray i prof. Ulf Gyllenstein.

National projects:

2015. - 2018. Kohortna studija rođenih na hrvatskim otocima - CRIBS, voditelj doc. dr. sc. Saša Missoni, Institut za antropologiju, Zagreb.

2014. Istraživanje životnih navika adolescenata s ciljem prevencije pretilosti, dijabetesa tipa II i kardiovaskularnih bolesti – voditeljica prof. dr. sc. Vesna Jureša, Škola narodnog zdravlja, Medicinski fakultet, Sveučilište u Zagrebu.

2013. Povezanost procesa glikozilacije i starenja u populaciji otoka Visa (Komiža), (MZOŠRH: Populacijska struktura Hrvatske – antropogenetički pristup, voditelj akademik Pavao Rudan).

2011. - 2012. ANTRONA - Izgradnja temeljnog nazivlja u antropologiji, voditeljica prof. dr. sc. Anita Sujoldžić. Program Hrvatske zaklade za znanost "Izgradnja hrvatskoga strukovnog nazivlja" (STRUNA)

2007. - 2013. Populacijska struktura Hrvatske - antropogenetički pristup - Ministarstvo znanosti, obrazovanja i športa Republike Hrvatske, voditelj akademik Pavao Rudan.

2003. – 2007. Populacijska struktura Hrvatske – antropogenetički pristup – u okviru Programa trajne istraživačke djelatnosti (PTID), Ministarstvo znanosti, obrazovanja i športa Republike Hrvatske 0196005, voditelj akademik Pavao Rudan.

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Lana Omerza, MD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Liver transplantation in children

BIOGRAPHY

Date and place of birth: July 3, 1976 in Zagreb

Address: Kutnjački put 18, Zagreb

Telephone / e-mail: 098819876; lanamadercic@yahoo.com

Marital status: married, mother of two children

Education:

Elementary School and VII Gymnasium in Zagreb

1994 -2000.g. Faculty of Medicine, University of Zagreb.

During the study, the demonstrator at the Department of Anatomy (95-97), and at the Department of Pathophysiology (1997-1998)

1998 a student stay at McGill University, Montreal, Canada, for 6 weeks.

From 1998 to 2000 scholarships of the University of Zagreb.

22. 05. 2000. graduated from the University of Zagreb Medical School with an average grade of 4.56.

In 2000 he received the dean of the best student of the sixth year of study

2,000th to 2,001th Preparatory Exercise in the Clinical Hospital for Pulmonary Diseases "Jordanovac"

September 2001.g. passed a state exam.

From 05.11.2001. as a research fellow of the Department of Pediatrics at the Faculty of Medicine, University of Zagreb, on the scientific research project "Cellular immune response to gliadin peptide in children with celiac disease", holder of prof.dr.sc. Ane Votava-Raić, and from July 15, 2008. on the scientific research project "Proteomic study of urinary biomarkers of idiopathic nephrotic syndrome" by the holder of prof.dr.sc. Danice Batinić.

He has been active in teaching at the Faculty of Medicine, University of Zagreb since 2001, from pediatrics, medical genetics and clinical reasoning (since 2010), and an electoral emergency module. She also participates in teaching English in the English language.

Since 2011. Participates in teaching at the postgraduate study in pediatrics.

She graduated from the Faculty of Medicine at the University of Zagreb

Since 2009 he is a treasurer of the Croatian Society for Pediatric Gastroenterology, Hepatology and Nutrition.

6.5.2010. passed a specialist examination of pediatrics.

The author participated in about 30 papers and texts.

Speaks English and German. 1994 passed Oxford's first certificate in English.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

As a research assistant since 2001, I actively participate in the maintenance of undergraduate teaching in pediatrics, as well as in clinical examination, medical genetics and emergency module.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Darko Orešković, DVM, PhD, research advisor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: retired

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Pathophysiology of the brain and CFS

BIOGRAPHY

Place and date of birth: Pakrac, May 6, 1951

Education: 1970 – high school in Krapina; 1973 - 1978 Faculty of Veterinary Medicine, University of Zagreb; 1981 - defended his master's thesis entitled "Study of the secretion of cerebrospinal fluid by perfusion of liquid spaces" at the University of Zagreb; 1987 - defended his doctoral dissertation titled "Effect of hydrostatic pressure on the formation and disappearance of cerebrospinal fluid" at the Veterinary Faculty of the University of Zagreb;

1979 - present: Ruđer Bošković Institute - Department of Experimental Biology and Medicine (1979 - 1988), Department of Organic Chemistry and Biochemistry (1988-1997), Department of Molecular Genetics / Biology (1997 - present)

Vocational advancement: 1979 - 1981 Assistant trainee; 1981 - 1986 Scientific Assistant; 1986 - 1988 Senior Research Assistant; 1988 - 2003 Associate Professor; 2003 - now Senior Research Associate;

associate or holder of several scientific research projects; a member of a number of scientific societies; lecturer in postgraduate teaching; President of the Rudjer Boskovic Institute Council; Defense Commander and Member of the Ruđer Bošković Institute Crisis Staff; 1991 - 1994 Member of the Senate of the University of Zagreb; 1991 - 1994 Member of the Presidency of the University of Zagreb; 2004 - now a member of the Rudjer Boskovic Institute's Administrative Council

Scientific interest: Patho / physiology of cerebrospinal fluid, Patho / physiology of serotonin, Neuropharmacology, Blood-brain barrier

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Slavko Orešković, full professor tenure

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Department for Gynecology and Obstetrics
Medical School University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Diagnostics and treatment of female urinary incontinence

BIOGRAPHY

Date and place of birth February 3, 1960 Gospić

Education:

1979-1984. School of Medicine, University of Zagreb

1989-1991. School of Medicine, University of Zagreb – Postgraduate study “Perinatology and Neonatology”

1996 Master degree

1999 PhD degree

Work experience

1988-1992 Clinical hospital centre Zagreb / Department of Obstetrics and Gynaecology - specialization in gynaecology and obstetrics

1992 - present: Clinical hospital centre Zagreb / Department of Obstetrics and Gynaecology, gyn&obs specialist;

2006 - subspecialist of urogynecology

2007 – present Head of Department of Gynecology and Obstetrics

2009 – Head of Chair for Gynecology and Obstetrics Medical School University of Zagreb

2013 – scientific assistant

2018 – present – Full professor tenure of Obstetrics&Gynecology, University of Zagreb

Membership in domestic and foreign medical association :

Croatian Medical Chamber

President of Croatian Society for Urogynecology

Vice president of Croatian Society of Gynecology and Obstetrics

Member of the Board Croatian Society of Gynecological Surgery

Croatian Society of corniers

Croatian Society for perinatal Medicine

European Association for Cancer Research

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Orešković Stjepan, Professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Methods of research and evaluation of health interventions; Health and public health risks management in crisis situations

BIOGRAPHY

Professor Stjepan Oreskovic, PhD. was born on February 7, 1960, in Virovitica. PhD in 1991; graduate program in Public Health, and Gerontology (1987-1989), MSc in 1989; graduate program in Research Methodology (1985-1988), MSc in 1990. Since 1986 Associate Professor at the Andrija Stampar School of Public Health, Zagreb University Medical School. Head of the Department of Medical Sociology and Health Economics. Management consultant and researcher: Director of Andrija Stampar School of Public Health, director of the World Bank Health System Project in Croatia, adviser to the World Health Organization for Health Technology Assessment. Published 258 publications including books, lecture texts and textbooks, published in various domestic and foreign scientific journals, 865 Google Scholar citations with 16 h-index and 27 i-10 index. Participation in 11 major domestic and foreign scientific projects, mostly as project leader. Member of several associations in which acting as board of director (International Association for Health Policy, European Association for Health and Medical Sociology, Association of Schools of Public Health Europe, Canadian Society for International Health)

Professor Orešković has experience in science as a researcher, lecturer and professor and as a manager of international projects, and academic institutions. He is the director of a collaborative center for HIV's strategic information from the World Health Organization, which has taught courses from 106 countries around the world. He is a lead investigator for the Global GRAND Project (2018-2021), which includes research teams from Harvard Medical School - Massachusetts General Hospital and Medical University of Ljubljana and University of Zagreb. Stjepan has led joint educational, research and consultancy projects with the London School of Economics and Political Science, the London School of Hygiene and Tropical Medicine, Harvard School of Public Health, Bocconi University, the University of Trieste and the University of Ljubljana. He has published a total of 156 reviewed articles with the leading world publishers such as Springer Publishing, Elsevier Science, Wiley-Blackwell and Pergamon Press. He also worked as a consultant for international organizations such as the World Bank, the European Commission, and the World Health Organization. Stjepan is best known for his projects that foster innovative interventions and health care research in the field of tobacco addiction control, obesity prevention, and new forms of addiction, including addiction to the Internet.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 15 December 2017, Full-Professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Research methods in vivo and in vitro

BIOGRAPHY

Department of pharmacology, Laboratory for molecular neuropharmacology, School of Medicine, University of Zagreb Šalata 11 (josmanov@mef.hr)

EDUCATION and academic title: (School of Medicine): medical doctor(2004). internship (2004-2005), doctor of science(2013), Specialist in Clinical Pharmacology (2016) SCIENTIFIC/PROFESSIONAL DEGREE : scientific fellow (2005), Senior Research Assistant (2013), assistant professor (2017), SCIENTIFIC TRAINING: Psychiatry Clinic, Würzburg, Germany (2005; 2006-2007; 2008; 2018). PROJECTS (ASSISTANT): 2x HRZZ, 1x Ministry of science and education, 1x UKF, 2x DAAD. SUPERVISION: 3x undergraduated thesis(2/3 still in process of writing): SCIENTIFIC ACHIEVEMENTS: 12 articles, >60 Congress abstracts, 410 heterocitations (WoS), h-index 8. SCIENTIFIC INTERESTS : neuroscience, neuropharmacology, experimental Alzheimer disease. TEACHING ACTIVITIES: :Undergraduate: Pharmacology, Medical ethics; Postgraduate: Biomedicine and health (teacher): In vivo and in vitro methods in research; Neuroscience (teacher) Mechanisms of intracellular signaling of hormone receptors in the central nervous system. PROFESSIONAL ACTIVITIES: External expert for Agency for medical products and medical devices of Croatia, Member of Croatian Pharmacological Society, member of Croatian Society for Clinical Pharmacology and Therapy.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: March 2017.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Slobodanka Ostojic-Kolonic professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Clinical Hospital Merkur

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Understanding bone metabolism – basic science in clinical practice; Scientific approach to transfusion treatment

BIOGRAPHY

Slobodanka Ostojić Kolonić graduated from the University of Zagreb Medical School in 1983. She completed her Postgraduate Study of Clinical Pharmacology at the Faculty of Medicine in Zagreb in 1988. She graduated from the same faculty at the Academy of Sciences (1989) and finished her doctoral thesis in 2000.

Since 1986. she is the member of Hematology department Clinical Hospital Merkur.

From 2004 to 2011 she was the head of the Department of Clinical Pharmacology . Since December 2011 until November 2018 she has been the Head of the Department of Internal Medicine.

From December 2011. until today she has been the Head of Hematology Department at Clinical Hospital Merkur.

In April 2015. she became cumulative associate professor at School of Medicine, University of Zagreb in the field of Biomedicine and Health Sciences: Clinical medical sciences- Internal Medicine.

Slobodanka Ostojić Kolonić actively participates in undergraduate and postgraduate studies at School of Medicine, University of Zagreb: internal propedeutics, internal medicine, small elective courses and postgraduate studies of family medicine, pathology, clinical cytology and hemato/oncology. She is now a member of the postgraduate study committee of hematology.

For the last 6 years, she has been the head of the postgraduate courses of continuous medical education of the 1st category at the Faculty of Medicine in Zagreb (courses: Hematologic Patient and Primary Health Care Physician, Increased Lymph Node: Diagnostic and Therapeutic Algorithm) and Continuous Medical Training Courses from Knowledge Recognition (Courses: treatment of oncological patients; Anemia, diagnostic and therapeutic approaches). She also participates in other courses at the School of Medicine in Zagreb in the field of intensive medicine, mycology, immunology and transfusion medicine.

Prof Ostojić is an elected mentor for doctors during their hematology fellowship in Clinical Hospital Merkur. She was also a member of a specialist training group in hematology.

She actively participates in the work of national and international expert meetings. She is a member of the Croatian Medical Association, Croatia Hematology Society, European Association of Hematologists (EHA), European Association for Research and Treatment of Cancer (EORTC) and American Association of Hematologists (ASH).

She is currently vice-president of the Croatian Co-operative Group for Hematologic Diseases (KroHem) and the chair of the KroHem Working Group for Myelodysplastic Syndrome.

She was a member of the Steering Committee of the European Myelodysplastic Syndromes Registry (EU MDS). She was a member of the Organizing Committee of the Third (2003), Fourth (2007), Fifth (2012) and Sixth

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

(2014) Congress of Croatian hematologists and transfusionists and a member of the Scientific Committee of the 7th Congress of Croatian Hematologic Society.

Prof Ostojić Kolonić has lectured numerous domestic and international meeting, published numerous manuscripts in CC and non-CC journals, educational chapters in university books.

She was a member of the editorial board of the Pharmaca journal and the Medicine Newsletter, now a reviewer of the journal Acta Medica Croatica, Medical Journal and Acta Clinica Croatica.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Petar Ozretić, Assist. Prof., Ph.D.**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Ruđer Bošković Institute**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Methods in molecular oncology**BIOGRAPHY**

I was born in 1976 in Čakovec, Croatia. In 2005 I obtained Diploma degree in molecular biology at the Faculty of Science, University of Zagreb, Croatia, and in 2013 PhD degree in biomedicine and health at the Doctoral study of Molecular Biosciences at J. J. Strossmayer University of Osijek, Croatia. My entire scientific career has been developing at the Division of Molecular Medicine at the Ruđer Bošković Institute in Zagreb, Croatia. I was professional associate (11/2006-04/2007), assistant/PhD student (06/2007-07/2013), senior assistant/postdoc (07/2013-03/2017), and from 04/2017 I am a research associate in the Laboratory for Hereditary Cancer at the same Division. I was a visiting scientist at the Centre for Integrative Biology (CIBIO), Trento, Italy; German Cancer Research Center (DKFZ), Heidelberg, Germany; Karolinska Institute, Stockholm, Sweden, and at the Division of Bioinformatics at Biocenter of Medical University of Innsbruck, Austria. From 04/2018 I'm an assistant professor at the J. J. Strossmayer University of Osijek and participate in several postgraduate courses. I was one of cofounders of Croatian Association for Cancer Research (HDIR) and its Secretary since 2009. From 2015 I'm treasurer of Croatian Society for Theoretical and Mathematical Biology (HDTMB). My two main research topics are genetics of hereditary breast/ovarian cancer syndrome (BRCA1/2 genes) and epi/genetic causes of aberrant Hedgehog-Gli signaling pathway activity in various tumors. I'm also collaborating with numerous Croatian clinicians and scientists on cancer biomarker discovery and validation and application of STR markers in forensics and population genetics. In recent years I've become more interested in high-throughput sequencing data analysis and more complex biomathematics.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 24/04/2018
Assistant Professor

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

- from 01/2019 – associate on the Croatian Science Foundation research project “GLIcode - Differential regulation of the GLI code in BRAF/NRAS driven tumors” / PI Maja Sabol
- 2019 – principal investigator on research project “Mutational signatures of hereditary breast and ovarian cancer genes” (the Terry Fox Foundation donation)
- 2018 – principal investigator on research project “Genetic profile of hereditary breast cancer” (The Terry Fox Foundation donation)
- from 05/2017 – associate on the Croatian Science Foundation research project “MIRnaGLI - Novel molecular mechanisms for new therapeutic approaches: Interactions of microRNAs and Hedgehog-GLI signaling pathway in serous ovarian carcinoma”; [HRZZ IP-2016-06-1268] / PI Sonja Levanat
- from 2017 – associate on research project “Interaction of HH-GLI signaling pathway and androgen receptor in prostate cancer” (dm-Drogerie Markt donation) / PI Sonja Levanat
- 2017/18 – associate on research project “Discovery of new biomarkers for melanoma development” (the City of Zagreb donation) / PI Sonja Levanat
- 2016/17 – associate on research project “Mechanisms of interaction of steroids and signaling pathways in the development of ovarian cancer: Looking for early indicators of ovarian cancer” (the City of Zagreb donation) / PI Sonja Levanat

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- 2016/17 – associate on research project “Apoptotic pathways and role of BIRC5 (survivin) in breast cancer development” (the Terry Fox Foundation donation) / PI Sonja Levanat
- 2015 – associate on research project “microRNA profiling of ovarian cancer” (the Terry Fox Foundation donation) / PI Sonja Levanat
- 2014 - 2019 – associate on the Croatian Science Foundation research project “ProNetNel - New protein networks for novel therapeutic avenues in human melanoma”; [HRZZ IP-2013-11-1615] / PI Neda Slade
- 2012 – associate on research project “Role of survivin as a predictive and prognostic marker in breast cancer” (the Terry Fox Foundation donation) / PI Sonja Levanat
- 2011/12 – principal investigator on the Croatian Science Foundation’s Fellowships for Doctoral Students project “Functional analysis of CGG-trinucleotide repeats variants found in the 5' untranslated region of PTCH1 gene”; [HRZZ 03.01/214]
- 2009 – associate on research project “Genetic testing of inherited predisposition to breast and ovarian cancer” (the Terry Fox Foundation donation) / PI Sonja Levanat
- 2006 – 2013 – assistant on MZOŠ research project “Signal transduction in tumors: HH-GLI pathway, interactions and therapeutic potential”; [098-0982464-2461] / PI Sonja Levanat

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ljiljana Pačić-Turk, Ph.D, assistant professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Catholic University of Croatia

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Research Methods of Psychological Functions and Behaviour

BIOGRAPHY

WORK EXPERIENCE

2015. - current Assistant Professor, Psychology Department, Catholic University of Croatia

1985. – 2015. Psychologist, Department of Neurosurgery, University of Zagreb's School of Medicine, University Hospital Centre Zagreb

EDUCATION:

2003. Ph. D. School of Medicine, University of Zagreb Dissertation: „Factors of changes in psychological functions following brain artery aneurism surgery “

1996. Master of Science, School of Medicine, University of Zagreb; Dissertation: „Neuropsychological deficits and personality changes following brain artery aneurism surgery“

1982. Psychologist; Faculty of Humanities and Social Sciences, University of Zagreb

TEACHING ACTIVITIES

Catholic University of Croatia

2014 – current Introduction to Clinical Psychology

2014 – 2017 Introduction to Neuropsychology

2015 – current Clinical Psychodiagnostics

2015 – current Health Psychology

2016 – current Psychology of Rehabilitation

2016 – current Psychological Reports Writing

2016 – current Neuropsychological Assessment in Children and Adults

Centre for Croatian Studies, University of Zagreb

2001 – 2008 Clinical Psychology

2005 – 2011 Introduction to Clinical Psychology

2005 – 2013 Clinical Psychodiagnostics

2005 – 2018 Clinical Interview

2005 – 2018 Writing Clinical Psychological Reports

2011 – 2018 Diagnostic Criteria in Clinical Practice

2013 – 2018 Clinical Neuropsychology

University of Applied Health Sciences

1998. – 2002. Neuropsychology for Occupational Therapists

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Participates in postgraduate studies in psychotherapy and several courses within the undergraduate classes at Medical School Zagreb. Held a series of lectures to students of speech pathology at Education and Rehabilitation Sciences in the field of neuropsychological diagnostics, medical students as part of the Integrated classes in neurosurgery and lectures to students of other psychological studies in Croatia.

She was president of the Organizing Committee of the 1st and 2nd Croatian Congress of Applied Psychology. In 2006, as an invited speaker, held the lectures at the course of permanent education of epilepsy "Applying new knowledge and therapeutic guidelines in neurology" and during Brain Awareness Week in Rijeka, 2009. "Neuropsychological approach: diagnosis and rehabilitation of cognitive functions" at the psychiatric hospital Rab. Organized a round table "Problems of verbal and non-verbal communication in patients with brain damage" during the Brain Awareness Week in Rijeka, 2009. At the beginning of her professional work, she volunteered on the phone for psychological help.

She held lectures in several courses: in 1998. at the continuous training of court experts at the School of Public Health A. Štampar, 2006 at the permanent education of epilepsy course "Applying new knowledge and therapeutic guidelines in neurology" and at postgraduate course of continuing medical education "Craniocerebral injuries" in 1996. She attended trainings of cognitive-behavioural psychotherapy (IV. Seminar in behavioural psychotherapy, behavioural therapy Practicum II, International School of Cognitive Therapy 1990), participated at the 11th International Seminar on the Rehabilitation of War Victims in Copenhagen in 1993 and the courses of the World Health Organization - "An interdisciplinary approach to rehabilitation" and "The cranio-cerebral centre - analysis and proposals for the improvement of the interdisciplinary team approach" in 1993.

She was Head of the Section of Clinical Psychology and Section of Health Psychology of the Croatian Psychological Association and vice president of the Croatian Psychological Association (2001-2004), Vice President of Croatian Psychological Chamber (2004-2005), and 2004-2009. President of The Croatian Psychological Chamber.

She is the Head of the Department of Psychology, Catholic University of Croatia, since 2017.

Membership of:

Croatian Society for Neuroscience

Croatian Psychological Chamber

Croatian Psychological Society

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Frane Paić. assistant professor**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Department of medical biology, School of Medicine Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Epigenetics; Methods of molecular biology in medicine**BIOGRAPHY**

Born: 27. 08. 1966, Šibenik, Croatia. Education: 1999 BS, molecular biology, School of Sciences, Zagreb, Croatia. 2002. MS, School of Medicine Split, Croatia. 2011., PhD, School of Sciences Zagreb, Croatia. Working experience: 2002-2004 Exchange visitor/research fellow on scientific project: „Novel animal models for viral hepatitis, Molecular agents against viral hepatitis and liver transplantation“; PI - Prof. George and Catherin Wu, MD, PhD. University of Connecticut Health Centre, School of Medicine, Department of Gastroenterology/Hepatology, 263 Farmington Avenue, CT 06030, USA. 2004–2005., Investigation of Biological traces - Forensic DNA analysis, trainee, Ministry of Interior Republic of Croatia, Centre for Crime Scene Investigation “Ivan Vučetić”, Ilica 335, 10 000 Zagreb, Croatia. 2005-2006., research fellow, trainee, University of Zagreb, School of Medicine, Centre for Functional Genomics, Salata 3, 10 000 Zagreb, Croatia. 2006-2011., young research fellow-assistant, Department of Medical Biology School of Medicine, University of Zagreb, Šalata 3, 10 000 Zagreb, Croatia. 2007-2008., PhD student-worker, research fellow, Department of Reconstructive Sciences, School of Dental Medicine, University of Connecticut Health Centre, 263 Farmington Avenue, CT 06030, USA. 2011-2016, Senior assistant, Department of Medical Biology School of Medicine, University of Zagreb; 2016- till present assistant professor at Department of Medical Biology School of Medicine, University of Zagreb. Publications: 5 scientific articles in CC journals, 5 in others, 35 abstracts in scientific meetings, 3 chapters in books, and 2 invited lectures; 283 citations (Scopus) 266 (Web of science) 401 (Gogle scholar) 302 (Researchgate); h index: 4(Scopus), 5 (Google scholar) 4 (Web of sciences). Reviewer: Gene (Publisher Elsevier). Mentorship: 4 graduate thesis; 3 PhD Thesis in progress; Ad hoc reviewer: Bioscience Reports, BMJ Case Reports, Bentham science: Current Cardiology Reviews, Periodicum Biologorum, Current Pharmaceutical Design, Croatian Medical Journal, OMICS publishing group; Journal of Clinical & Experimental Cardiology, Gene; Cancer Cell International, Arh Hig Rada Toksikol.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2016.**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

1. Association between Circulatory and Plaque Resistin Levels with Carotid Plaque Instability and Ischemic Stroke Events. Jurin I, Paić F, Bulimbašić S, Rudež I, Đerek L, Jurin H, Knežević A, Starcevic B, Ajduk M. Heart Surg Forum. 2018 ;21(6):E448-E463.
2. Association of polymorphic variants in serotonin re-uptake transporter gene with Crohn's disease: a retrospective case-control study. Grubelic Ravić K, Paić F, Vucelić B, Brinar M, Čuković-Čavka S, Božina N, Krznarić Ž, Kalauz M, Bešić D, Nikuševa Martić T. Croat Med J. 2018 Oct 31;59(5):232-243.
3. Epigenome alterations in aortic valve stenosis and its related left ventricular hypertrophy. Gošev I, Zeljko M, Đurić Ž, Nikolić I, Gošev M, Ivčević S, Bešić D, Legčević Z, Paić F. Clin Epigenetics. 2017 Oct 3;9:106.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

4. Correlation of phosphorylated HER2 with clinicopathological characteristics and efficacy of trastuzumab treatment for breast cancer. Ramić S, Asić K, Balja MP, Paić F, Benković V, Knežević F. *Anticancer Res.* 2013 ;33(6):2509-15.
5. Cardiac myxoma the great imitators: comprehensive histopathological and molecular approach. Gošev I, Paić F, Đurić Z, Gošev M, Ivčević S, Jakuš FB, Biočina B. *Int J Cardiol.* 2013 ;164(1):7-20.
6. Neuropeptide Y is expressed by osteocytes and can inhibit osteoblastic activity. Igwe JC, Jiang X, Paic F, Ma L, Adams DJ, Baldock PA, Pilbeam CC, Kalajzic I. *J Cell Biochem.* 2009 ;108(3):621-30.
7. Identification of differentially expressed genes between osteoblasts and osteocytes. Paic F, Igwe JC, Nori R, Kronenberg MS, Franceschetti T, Harrington P, Kuo L, Shin DG, Rowe DW, Harris SE, Kalajzic I. *Bone.* 2009 Oct;45(4):682-92.
8. Twelve-year experience in identification of skeletal remains from mass graves. Anđelinović S, Sutlović D, Erceg Ivkosić I, Skaro V, Ivkosić A, Paić F, Rezić B, Definis-Gojanović M, Primorac D. *Croat Med J.* 2005 ;46(4):530-9;
9. Baus Lončar, Mirela; Paić, Frane; Ugarković, Đurđica. Molecular cytogenetic study of heterochromatin in some coleopteran insects // *Entomologia Croatica*, 9 (2005), 1/2; 47-56

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Neven Papić, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: PhD Programme Biomedicine and Health Science - course "Viral hepatitis"

BIOGRAPHY

Neven Papić, born on January 5th 1984 in Zagreb, following graduation from School of Medicine at the University of Zagreb in 2008, worked as a Research Fellow at the University Hospital for Infectious Diseases in Zagreb where he gained interest in the field of viral hepatitis and has started infectious disease fellowship in 2010. In 2011 and 2012 he gained additional education in the field of genome analysis at the University of Utah, USA. In 2016 he finished specialization in infectious diseases, and from 2019. he is working as a postdoctoral fellow at the University of Zagreb, School of Medicine, Department of infectology. He received several prestige awards in 2011 ESCMID (European Society of Clinical Microbiology and Infectious Diseases) Training and Education Award and Croatian Science Foundation Scholarship for doctoral students and in 2014 ESCMID TAE Award for Training achievements. He is researcher on several Croatian and international science projects. In his research he advocates the interdisciplinary approach that integrates the basic and clinical science to decode dynamic interactions between microbial pathogens and their hosts.

Assistant Professor	2008-2013
Associate Professor	2013-

TEACHING SKILLS AND EXPERIENCE

Undergraduate studies:

Integrated study of Medicine:

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

1. Medical Chemistry and Biochemistry I –Medical studies in Croatian- 1st year (since 1996)
2. Medical Chemistry and Biochemistry II –Medical studies in Croatian- 2nd year (since 1996)
3. Clinical Biochemistry- Medical studies in Croatian-4th year (since 2005)
4. Medical Chemistry and Biochemistry I –Medical studies in English- 1st year (since 2002)
5. Medical Chemistry and Biochemistry II –Medical studies in English- 2nd year (since 2002)
6. Clinical Biochemistry- Medical studies in English-6th year (since 2005)

Integrated study of Dental Medicine

7. Biochemistry for dental medicine -1st year (since 1997)

University of applied health sciences

8. Biochemistry for students of Laboratory medical diagnostics (2010-2014)
9. Biochemistry for students of Environmental health engineering (2010-2014)

Postgraduated studies:

1. PhD study: Biomedicine and Health-Zagreb University School of Medicine-

Biochemical methods in biomedical research- collaborator (since 2006)

2. PhD study: Pharmaceutical and Biochemical Sciences-

Zagreb University School of Pharmacy and Biochemistry-Molecular biochemistry of cardiovascular disorders- course coordinator (since 2009)

3. Specialist study of molecular diagnostics- Zagreb University School of Pharmacy and Biochemistry- Molecular diagnostics of atherosclerosis-course coordinator (since 2010)

4. The meaning of diet in prevention and treatments (Postgraduate course of continuous medical education- 2nd category, Zagreb University School of Medicine)- collaborator

MENTORSHIP AND TEACHING

1. Co-mentor (N. Marinković, doctoral thesis, 2010, University of Zagreb Faculty of Science)
2. Mentorship in doctoral thesis (L. Feher Turković Faculty of Science, University of Zagreb)
3. Lecturer and mentor in Biochemia Medica course for young editors and reviewers
4. Mentorship in 3 students' Master thesis

MEMBERSHIP IN SCIENTIFIC AND PROFESSIONAL SOCIETIES

1. Croatian Society of Medical Biochemistry and Laboratory Medicine

- Member since 1993

-vice president 2012-2018, president since 2018

-EFLM national representative since 2012 to 2018

-IFCC national representative since 2014 to 2018

2. Croatian Society of Biochemistry and Molecular Biology

- Member since 1996

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

3. CSMBLM Member of Working group for competences in clinical biochemistry –joint workgroup of CSMBLM and CCMB (Croatian Chamber of Medical Biochemists)

4. EFLM, C-ET WG-CPE, corresponding member since 2016, full member since 2017

5. Chair of the Committee on Education and Training-European Federation for Clinical Chemistry and Laboratory Medicine

CONFERENCE ACTIVITIES

-1st Croatian Congress of Medical Biochemistry, ZAGREB 1993- member or organizing committee

-8th Congress of Croatian Society of Medical Biochemistry and Laboratory Medicine, RIJEKA 2015- member of scientific committee and lecturer

-9th Congress of Croatian Society of Medical Biochemistry and Laboratory Medicine, ZAGREB 2018- president of scientific committee

-EuroMedLab PARIS 2015- member of ISAB

-EuroMedLab ATHENS 2017- member of ISAB

- IFCC WorldLab DURBAN 2017- member of ISAB

-EuroMedLab Barcelona 2019- member of ISAB

-30 conference poster abstracts and lectures

REVIEWER IN SCIENTIFIC JOURNALS

1. Molecular Biology Reports

2. International Journal of Osteoporosis and Metabolic Disorders

3. Biologia

4. Biochemia Medica

5. Macedonian Journal of Medical Sciences

6. Cardiovascular Pathology

7. Pediatría Croatica

8. Archives of Industrial Hygiene and Toxicology

9. Molecular Testing and Genetic Biomarkers

10. Public Health Nutrition

EDITORIAL EXPERIENCE

1. International Journal of Osteoporosis and Metabolic Disorders- member of editorial board (2008-2009)

2. Biochemia Medica- Assistant Editor (2012-2017.)

3. Biochemia Medica- Editor-in-Chief (since 2017)

4. Journal of Education Evaluation for Health Professionals-member of editorial board (since 2015)

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 24.11.2013.

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Sekovanić A, Jurasović J, Piasek M, Pašalić D, Orct T, Grgec AS, Stasenکو S, Čakanić KB, Jazbec A. Metallothionein 2A gene polymorphism and trace elements in mother-newborn pairs in the Croatian population. *J Trace Elem Med Biol.* 2018 Jan;45:163-170
2. Pašalić D, Marinković N. Genetic polymorphisms of the CYP1A1, GSTM1, and GSTT1 enzymes and their influence on cardiovascular risk and lipid profile in people who live near a natural gas plant. *Arh Hig Rada Toksikol.* 2017 Mar 1;68(1):46-52
3. Marinković N, Pašalić D, Potočki S. Polymorphisms of genes involved in polycyclic aromatic hydrocarbons' biotransformation and atherosclerosis. *Biochem Med* 2013;23:255-65.
4. Pašalić D, Pauković P, Cvijetić S, Pizent A, Jurasović J, Milković-Kraus S, Dodig S, Muck-Seler D, Mustapić M, Pivac N, Feher-Turković L, Pavlović M. Prostate Cancer in Elderly Croatian Men: 5-HT Genetic Polymorphisms and the Influence of Androgen Deprivation Therapy on Osteopenia—A Pilot Study. *Genet Test Mol Biomarkers* 2012;16:598-604.
5. Feher-Turković L, Pizent A, Dodig S, Pavlović M, Pašalić D. FABP 2 gene polymorphism and metabolic syndrome in elderly people of Croatian descent. *Biochem Med* 2012;22:217-24.
6. Cvijetić S, Pavlović M, Pašalić D, Dodig S. Ultrasound bone measurement in an older population with metabolic syndrome. *Aging Clin Exp Res* 2011;23:29-34.
7. Pašalić D, Dodig S, Čorović N, Pizent A, Jurasović J, Pavlović M. High prevalence of metabolic syndrome in an elderly Croatian population - a multicentre study. *Public Health Nutr* 2011;14:1650-7.
8. Pizent A, Pavlović M, Jurasović J, Dodig S, Pašalić D, Mujagić R. Antioxidants, trace elements and metabolic syndrome in elderly subjects. *J Nutr Health Aging* 2010;14:866-71.
9. Pašalić D, Marinković N, Gršković B, Ferenčak G, Bernat R, Stavljenić-Rukavina A. C-reactive protein gene polymorphisms affect plasma CRP and homocysteine concentrations in subjects with and without angiographically confirmed coronary artery disease. *Mol Biol Rep* 2009;36:775-80.
10. Marinković N, Pašalić D, Gršković B, Ferenčak G, Honović L, Stavljenić Rukavina A. Genotype frequencies Of UDP-glucuronosyltransferase 1A1 promoter gene polymorphism in the population of healthy Croatian pre-scholars. *Coll Antropol* 2008;32:725-729
11. Pašalić D, Ferenčak G, Gršković B, Stavljenić Rukavina A. Body mass index in patients with positive or suspected coronary artery disease: a large Croatian cohort. *Biochem Med* 2008;18(3):321-30
12. Gršković B, Pašalić D, Ferenčak G, Stavljenić-Rukavina A. Influence of gene polymorphisms in adhesion molecules and inflammation mediators as risk factors for coronary heart disease and myocardial infarction--an overview. *Acta Med Croatica* 2008;62:41-52.
13. Pašalić D, Stavljenić-Rukavina A. Lipoprotein lipaza – fiziološke i patofiziološke uloge te genske varijante u Hrvatskoj populaciji. *Lijec Vjesn* 2007;129:32-38. (Croatian).
14. Pašalić D, Ferenčak G, Gršković B, Šesto M, Stavljenić-Rukavina A. Association of Two Genetic Variations of Lipoprotein Lipase, S447X and Hind III, with Coronary Artery Disease and Hypertriglyceridemia. *Coll Antropol.* 2006;30:549-554.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

15. Pašalić D, Bilić-Zulle L, Štimac D, Krznarić Ž, Ferenčak G, Gršković B, Djurovic S, Stavljenić-Rukavina A. Influence of the different lipoprotein lipase gene polymorphisms on developing pancreatitis of different etiology in Croatian patients. *Period Biol* 2006;108:581-6.
16. Pašalić D, Ferenčak G, Gršković B, Stavljenić-Rukavina A. Gene candidates for atherosclerosis: genes involved in lipoprotein metabolism. *Period Biol*. 2006;108:553-62.
17. Pašalić D, Ferenčak G, Gršković B, Stavljenić-Rukavina A. Učestalost apolipoprotein E genotipova u zdravlju i bolesti: očekivanja i pravi rezultati u hrvatskih ispitanika – pregled. *Acta Med Croatica*. 2006;60:403-10.
18. Pašalić D, Jurčić Z, Stipančić G, Ferenčak G, Leren TP, Djurovic S, Stavljenić-Rukavina A. Missense mutation W86R in exon 3 of the lipoprotein lipase gene in a boy with chylomicronemia. *Clin Chim Acta* 2004;343:179-84.
19. Ferenčak G, Pašalić D, Gršković B, Cheng S, Fijal B, Šesto M, Skodlar J, Stavljenić-Rukavina A. Lipoprotein lipase gene polymorphisms in Croatian patients with coronary artery disease. *Clin Chem Lab Med* 2003;41:541-6.
20. Pašalić D, Sertić J, Kunović B, Miličević Z, Pašić A, Zrinski-Topić R, Ferenčak G, Stavljenić-Rukavina A. Lipoprotein lipase gene polymorphism and lipid profile in patients with hypertriglyceridemia. *Croat Med J*. 2001;42:517-22.

LIST OF PUBLISHED WORK IN THE LAST FIVE YEARS

1. Sekovanić A, Jurasović J, Piasek M, Pašalić D, Orct T, Grgec AS, Stasenka S, Čakanić KB, Jazbec A. Metallothionein 2A gene polymorphism and trace elements in mother-newborn pairs in the Croatian population. *J Trace Elem Med Biol*. 2018 Jan;45:163-170

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Molecular basis of hypercholesterolemia (1996-2002); 108201, chaired by Ana Stavljenić-Rukavina, PhD; Funding: Ministry of science, education and Health
2. Molecular basis of atherogenesis (2002-2006); 0108247, chaired by Ana Stavljenić-Rukavina, PhD; Funding: Ministry of science, education and Health
3. Molecular basis of atherogenesis (2007-2010); 108-1080316-0298, chaired by Goran Ferenčak, PhD; Funding: Ministry of science, education and Health
4. Morbidity and mortality risk assessment in Croatian population: a follow-up study, (2008-2011); (02-0222411-2407) chaired by Mladen Pavlović, Ph.D. Funding: Ministry of science, education and Health

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

5. Zagreb University grant “The effect of proopiomelanocortin and other peptides on the sperm quality in vitro” (2013-2014); chaired by Alenka Boban Blagaić, Ph.D

6. Zagreb University grant “ Characterization of gangliosides and neuroplastin potential as brain tumor markers” (2015), chaired by Željka Vukelić, Ph.D

7. Assessment of Daily Exposure to Metals and Maternal Individual Susceptibility as Factors of Developmental Origins of Health and Disease (2017-2021), chaired by dr. Martina Piasek, Ph.D., IP-2016-06-1998, Croatian Science Foundation

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

1. Zagreb University grant “The effect of proopiomelanocortin and other peptides on the sperm quality in vitro” (2013-2014); chaired by Alenka Boban Blagaić, Ph.D

2. Zagreb University grant “ Characterization of gangliosides and neuroplastin potential as brain tumor markers” (2015), chaired by Željka Vukelić, Ph.D

3. Assessment of Daily Exposure to Metals and Maternal Individual Susceptibility as Factors of Developmental Origins of Health and Disease (2017-2021), chaired by dr. Martina Piasek, Ph.D., IP-2016-06-1998, Croatian Science Foundation

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

2

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Prof. Leonardo Patrlj, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Liver transplantation

BIOGRAPHY

Working experience:

1982-1987: physician, general practitioner

1987-1991. resident of general surgery (Clinical Hospital Merkur)

1991-1997. general surgeon at the Department of Abdominal Surgery (Clinical Hospital Merkur)

1997-2004. the Head of team for transplantation surgery (Clinical Hospital Merkur)

1998-2004. the Head of the Department of Abdominal and Transplantation Surgery (Clinical Hospital Merkur)

2004.-2005. the vice-Head of Surgical Clinic Clinical Hospital Merkur

From 2005.-2018. the Head of Surgical Clinic and the Department of Abdominal Surgery, Clinical Hospital Dubrava

From 2019.- general and abdominal surgeon at University Hospital for Tumours, Department of oncological Surgery, Clinical Hospital Centre „Sisters of Mercy“

The Employer: Clinical University Hospital for Tumours, Department of oncological Surgery, Clinical Hospital Centre „Sisters of Mercy“

Working place: University Hospital for Tumours, Department of oncological Surgery, Clinical Hospital Centre „Sisters of Mercy“, 197 Ilica Street, 10 000 Zagreb, Croatia

Working position: the general and abdominal surgeon

The main activity: abdominal and general surgery

Education:

1990. Master of sciences

1997. PhD

2004. Assistant Professor at School of Medicine, University of Zagreb

2009. senior scientific associate

2009. Associate Professor at School of Medicine, University of Zagreb

2018. Professor at School of Medicine, University of Zagreb

The institution of education: School of Medicine, University of Zagreb

Scientific Title: Associate Professor at School of Medicine, scientific consultant

Practical training:

1992. postgraduate training in coloproctology, St. Mark's Hospital, London

1992. postgraduate training in laparoscopic surgery, AKH, Beč

1997. postgraduate training in liver transplantation, L'Hopital Paul Brousse, Paris

1997. training in transplantation surgery, Chicago Memorial Hospital, USA

1998. postgraduate training in transplantation surgery

2000. postgraduate training in transplantation surgery, University Clinic of Bruxelles, Belgium

2005. postgraduate training in abdominal surgery, Washington Hospital Center, USA

Skills: laparoscopic surgery, oncological surgery, transplantation surgery

Languages: Croatian, English, Italian

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Social skills and achievements:

The Award of City of Zagreb (2004)

The Certificate of the Croatian Medical Association Assembly (1999)

The Certificate of the Main Committee of Croatian Medical Association (2002)

Two Special Awards of the Croatian Medical Association

Organizing skills and achievements:

1998. He has performed the first liver transplantation in Croatia with long term survival

2003. He has performed the first simultaneous transplantation of kidney and pancreas with long term survival. Under his leadership his team performed more than 200 liver transplantations and 35 kidney transplantations with 1-year survival of more than 83%.

Since 1996. he has been teaching at graduate and postgraduate Study of medicine at the University of Zagreb.

He took part at the numerous Croatian and International congresses in digestive and transplantation surgery.

He organised a postgraduate course of "Benign anorectal diseases", Zagreb, 2012.

He organised the 1st Hepatobiliary and Pancreatic Surgery Congress in Dubrovnik, 2012.

He organised the 2nd Hepatobiliary and Pancreatic Surgery Congress in Split, 2014.

Membership:

The president of Croatian Hepatobiliary and Pancreatic Surgery Association at Croatian Medical Association

The president of Croatian Organisation for promotion of Hepatobiliary and Pancreatic Surgery

The member of Croatian Academy of Medical Sciences

The member of European Gastrointestinal Surgeons' Community (IGSC)

The Member of the Main Committee of European Academy of Surgical Sciences

The president of National Transplantation Committee

The member of Editorial Board of Acta Medica Croatica Journal

The member of Eurotransplant Main Committee (the Croatian representative)

The Member of the Main Committee of Croatian Surgical Association

Teaching:

Since 1996. he has been teaching at graduate and postgraduate Study of medicine at the University of Zagreb.

Courses:

- Surgery
- Liver transplantation
- Focal liver disease
- Acute abdominal pain
- Extrahospital management of polytrauma

Lecturer at the postgraduate course "Surgery of colorectal carcinoma"

The Head lecturer at the postgraduate courses "Benign anorectal diseases" and "Liver transplantation"

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2019

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Persec Z, Bulimbasic S, Persec J, Ljubanovic D, Bartolin Z, Patrlj L, Hrgovic Z. Xanthogranulomatous epididymitis: clinical report and immunohistochemical analysis. *Wien Klin Wochenschr.* 2008;120(11-12):366-9.

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Martina Pauk, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Bone morphogenetic proteins in regeneration of bone and cartilage, Doctoral postgraduate study in the field of Biomedicine and public health

BIOGRAPHY

University of Zagreb, School of Medicine

Center for Translational and Clinical Research

Zagreb, Croatia

martina.pauk@mef.hr

EDUCATION

PhD, Biochemistry and Molecular Biology, December 2014.

Faculty of science, Department of Biology, University of Zagreb, Croatia

Dissertation: “Iron regulation mechanisms of bone morphogenetic protein pathway in tissue and plasma”
M. Sc. Biology, September 2007.

Faculty of science, Department of Biology, University of Zagreb, Croatia

Dissertation: „Sequencing of mitochondrial DNA control region of bottlenose dolphin *Tursiops truncatus* (Montagu, 1821) on genetic diversity of bottlenose dolphin (*Tursiops truncatus*)“

RESEARCH EXPERIENCE

Postdoctoral Researcher, March 2018 – Present, Laboratory for Mineralized Tissues, Center for translational and clinical research, School of Medicine, University of Zagreb, Croatia

- Studying specified features of BMP6 biology on regulation of serum iron to develop a novel therapy for anemia of chronic disease

- Investigating new functions of BMPs in modulating glucose metabolism

Postdoctoral Fellow, July 2017 – February 2018, Physical Education and Sport Sciences, University of Limerick, Limerick, Ireland

- Evaluated protein and protein derivatives bioactivity in skeletal myotubes by analyzing serum samples from human screening panels collected through human post-feeding *ex-vivo*

Postdoctoral Researcher, 2015 – 2017, Laboratory for Mineralized Tissues, Center for translational and clinical research, School of Medicine, University of Zagreb, Croatia

- Involved in bioanalytical method validations, pharmacokinetics of therapeutic proteins, analysis of clinical trials samples and stability studies by optimized C2C12-BRE-Luc cell bioassay

- Developed sensitive assays for protein detection including processes of production, purification and characterization of monoclonal antibodies to certain BMP isoforms

Research Assistant, 2009 –2015, Laboratory for Mineralized Tissues, Center for translational and clinical research, School of Medicine, University of Zagreb, Croatia

- Investigated iron regulation mechanisms of bone morphogenetic protein (BMP) pathway in tissue and plasma

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Volunteer, April 2008 - September 2008, Department of Clinical Microbiology, University Hospital for Infectious Diseases "Dr Fran Mihaljevic", Zagreb, Croatia

- Molecular diagnostics of different types of bacteria in blood and cerebrospinal liquor and pneumococci serotyping

SKILLS and TECHNIQUES

RNA and DNA isolation, cDNA synthesis, PCR, primer construction, Mammalian cell culture, xCELLigence RTCA System, RNA silencing technique, Protein isolation, Protein gel electrophoresis, IgG purification, Western blotting, Immunoprecipitation, Immunohistochemistry, ELISA, Handling laboratory animals, Genotyping KO mice lines

TEACHING AND ADVISING EXPERIENCE

Teaching Assistant, School of Medicine, University of Zagreb, 2011 – 2014

- Postgraduate studies in the field of Bone morphogenetic proteins in bone and cartilage regeneration

FELLOWSHIPS AND AWARDS

New Investigator Award, 37th European Symposium on Calcified Tissues, 2010.

PROFESSIONAL ASSOCIATIONS

Croatian Calcified Tissue Society European Calcified Tissue Society

INVITED TALKS AND PRESENTATIONS

Paralkar VM, Grgurevic L, Simic P, Ryskin M, Hong Q, Brault AL, Lubeski C, Brenner MB, Pauk M, Riccardi KA, Healy D, Vukicevic S. A novel role of bone morphogenetic protein (BMP6) as an endocrine regulator of bone and glucose homeostasis. 37th European Symposium on Calcified Tissues, Glasgow 2010.

Pauk M, Grabusic K, Grgurevic L, Brkljacic J, Erjavec I, Cipic A, Sulc I, Razdorov G, Simic P, Rogic D, Volarevic S, Oppermann H, Vukicevic S. Effect of iron loading on bone resorption in the *Bmp6* ^{-/-} mouse. 6th Croatian and 1st Regional congress on osteoporosis, Rovinj, 2011.

Pauk M, Grgurevic L, Brkljacic J, Kufner V, Bordukalo-Niksic T, Jankolija M, Oppermann H, Vukicevic S. New method of measuring BMP6 in biological fluids. 7th Croatian congress on osteoporosis, Opatija, 2013.

Pauk M, Brkljacic J, Kufner V, Jankolija M, Popek I, Olic A, Oppermann H, Grgurevic L, Vukicevic S. Compensatory BMP mechanisms in the regulation of bone mass during iron loading. 8th Croatian congress on osteoporosis, Opatija, 2014.

Pauk M, Brkljacic J, Kufner V, Jankolija M, Popek I, Olic A, Oppermann H, Grgurevic L, Vukicevic S. Effect of iron on the biodistribution of BMP6 and hepcidin expression. 8th Croatian congress on osteoporosis, Opatija, 2014.

Pauk M, Brkljacic J, Jankolija M, Popek I, Vukicevic S. Development of an in vitro assay for measuring BMP6 activity. 9th Croatian and 2nd Regional congress on osteoporosis, Rovinj, 2015

Pauk M, Brkljacic J, Kufner V, Vukicevic S. Testing rhBMP6 activity. 10th Croatian congress on osteoporosis, Trakoscan 2017.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Pauk M, Brkljacic J, Kufner V, Vukicevic S. SERM application in new clinical indications. 10th Croatian congress on osteoporosis, Trakoscan 2017.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Dinka Pavičić Baldani, Full Professor of Obstetrics & Gynecology, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb, Dpt of Obstetrics and Gynecology, Division for Gynecological Endocrinology and Reproductive Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Human Reproduction

BIOGRAPHY

EDUCATION

1985-1990 MD, University of Zagreb, School of Medicine

1990-1991 Internship, Clinic for Lung Diseases, State exam

1991-1993 Postgraduate Studies in Clinical Oncology PhD, University of Zagreb, School of Medicine ***Thesis:*** Papillomaviruses and Tumor Suppressor Genes in the Development of Cervical Intraepithelial Neoplasia

1993-1997 residency in Obstetrics and Gynecology, University Clinic for Women's Diseases, Clinical Hospital Centre Zagreb, Croatia

1997-2000 Subspeciality in Reproductive Endocrinology and Infertility, University Clinic for Women's Diseases, Clinical Hospital Centre, Zagreb, Croatia

ACADEMIC BACKGROUND

Academic

1987-1990 Student Demonstrator at the Department of Anatomy, School of Medicine, University of Zagreb

1990-1993 Research Fellow - Project of Croatian Academy of Science and Art with a job at the Clinic for Women's Diseases

1998-2004 Assistant, Department of Obstetrics & Gynecology, School of Medicine, University of Zagreb

2004-2008 Senior Assistant, Department of Obstetrics & Gynecology, School of Medicine, University of Zagreb

2008-2012 Assistant Professor, Department of Obstetrics & Gynecology, School of Medicine, University of Zagreb

2012 Associated Professor, Department of Obstetrics & Gynecology, School of Medicine, University of Zagreb

2012 Clinical consultant

2018 Full Professor, Department of Obstetrics & Gynecology, School of Medicine, University of Zagreb

2018 Full member of Croatian Academy of Medical Sciences

Scientific

2004 – 2006 **Research Associate**, Ministry of Science, Education and Sports of the Republic of Croatia

2006 – 2012 **Senior Research Associate**, Ministry of Science, Education and Sports of the Republic of Croatia

2013 - Scientific Adviser, Ministry of Science, Education and Sports of the Republic of Croatia

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Administrative

2004 – present Faculty mentor to residents, Department of Obstetrics and Gynecology

2007 – present Head Course in Gynecology and Obstetrics, Medical School in English, University of Zagreb

2012 – present Coordinator of residents program in Gynecology and Obstetrics, Ministry of Science, Education and Sports of the Republic of Croatia

NATIONAL CREDENTIALING ACTIVITIES

Committees:

2013 – present President of Croatian Society for Human Reproduction and Gynecological Endocrinology, Croatian Medical Association

2014 – present Vice-president of Croatian Menopausal Society, Croatian Medical Association

2016 – present Board Member of Croatian Andrology Society, Croatian Medical Association

2016 – present Member of National Commission for Medically Assisted Conception (responsible for ART regulations) Croatian Ministry of Health

2016 – present Member of Central Ethical Committee of Agency for Medical Products and Medical Devices of Croatia (responsible for approval of Clinical studies in Croatia)

2016 – present Member of Ethical Committee of University of Zagreb, School of Medicine

2016 – present Chairman of the working group for drafting and supplementing the law on Medical assisted technology, Ministry of Health, Republic of Croatia

2018 – present Member of the Commission for Evaluation of Legislative Criteria and Experiences of EU States Relating to Abortion, Ministry of Health of the Republic of Croatia

Editorial Activities:

1985- 1990 Editorial Board of scientific and professional journal „Medicinar“

1990 Editor in chief of scientific and professional journal „Medicinar“

1997-1999 Secretary of „Gynecologia et Perinatologia“.

2000 – present Editorial board Gazette of Croatian Society for Human reproduction and Gynecologic Endocrinology

2014 – present Editor for Human Reproduction and Gynecological Endocrinology, journal Gynecologia et Perinatologia

INTERNATIONAL COMMITTEES

2014 – present National representative in Board member in ESHRE

2015- present Croatian representative in the Board of Mediterranean Society for Reproductive Medicine

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2013 – present Croatian representative in the Board of The European Society for Contraception and Reproductive Health

GRANTS

1987-1990 Metabolic Bone Diseases, Foundation of Ministry of Science, Education and Sports of the Republic of Croatia, **Junior researcher**

1991-1993 Tumor Bank Formation, Foundation of Croatian Academy of Sciences and Arts and the Ministry of Science, Education and Sports of the Republic of Croatia, **Junior researcher**

2000-2007 Bone Mineral Density and Calcium Homeostasis during Pregnancy and Lactation, Foundation of Croatian Ministry of Science, Education and Sports of the Republic of Croatia, **Senior researcher**

2006 – 2014 Molecular Interactions in the Differentiation of Lymphocytes, Foundation of Croatian Ministry of Science, Education and Sports of the Republic of Croatia, **Senior researcher**

2006 – 2014 The Etiology and Pathogenesis of PCOS – Choice of Therapy and Metabolic Consequences, Foundation of Croatian Ministry of Science, Education and Sports of the Republic of Croatia, **Principal investigator**

2013 – 2017 FP-7-HEALTH-2013-INNOVATION-1, No:602587-2, « Development of Stem Cell Based Therapy for Thymic regeneration», Acronym: THYMISTEM, **Clinical consultant**

2013 - 2017 International Physician Cardiovascular Disease (CVD) Risk Factor Management Study (RSP/IRB 2008-3), **Senior researcher**

2013 – 2017 Analysis of folate metabolism biomarkers in the risk assessment for neural tube defects (ARRSRPOJJ/2011/1062), **Senior researcher**

2015 – present Scientific centre for excellence for reproductive and regenerative medicine – Exploring new platforms and potentials, co-financed by the European Union through the European Regional Development Fund, contract No. 01.1.1.01.0008.

2016- present Epigenetics in nonseminomatous testicular germ cell tumors. Croatian foundation for science - **Senior researcher**

2018- present New frontiers in folate supplementation in obstetrics and gynecology. (NEFFS-OB-GYN) , No J3-8207 (C) Slovenian Research Agency **Senior researcher**

HONORS and AWARDS

Award of Croatian Medical Association for the promotion of science, ethics and improvement of the health of Croatian population, 2017

Medical Academy award for the best published paper in field of clinical medical sciences, 2014

Award of the Rector of the University of Zagreb for the best student paper, 1987

Foundation „dr. Miljenko Jakupcevic“ for best student paper in the field of medical science

Chancellor's Award for best student of the University of Zagreb

Foundation „Drago Perovic“ for best student of the Medical faculty

SERVICE

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Membership in Professional Societies:

Croatian Medical Association

Croatian Medical Chamber

Croatian Society for Human Reproduction and Gynecologic Endocrinology

Croatian Society for Menopause

Croatian Society for Perinatal Medicine

Croatian Society for Osteoporosis

European Society for Human reproduction and Embriology (ESHRE).

American Society for Reproductive Medicine (ASRM)

European Society for Contraception and Reproductive Health (ESCHR)

Mediterranean Society for Reproductive Medicine (MSRM)

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Assistant professor Tajana Pavić, MD, PhD.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Center "Sestre milosrdnice" Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Viral hepatitis

BIOGRAPHY

Name TAJANA PAVIĆ

Address Vidikovac 41, 10000 Zagreb

Telephone 098 720 555

E-mail tajana.pavic@gmail.com

Citizenship Croatian

Date of birth 14.5.1972.

Institution of employment University Hospital Center "Sestre milosrdnice" Zagreb

Function Head of Interventional Gastroenterology Unit

Field of work Internal medicine, Gastroenterology, Clinical Nutrition

Education

1990-1996. Medical School, University of Zagreb

1997. ECFMG certificate

2005. residency in internal medicine

2008. subspecialisation in gastroenterology and hepatology

2012. the European ESPEN diploma in Clinical Nutrition and Metabolism

Work experience

1996. internship in general practice

1998-1999. research fellow in scientific project "HBV X protein – carcinogenesis and gene therapy"

1999-2005. residency in internal medicine, Clinical Hospital „Sestre milosrdnice“ Zagreb

2005 – present. attending in Department of gastroenterology and hepatology Clinical Hospital „Sestre milosrdnice“ Zagreb

2014 - present. Head of Interventional Gastroenterology Unit, Clinical Hospital Center „Sestre milosrdnice“ Zagreb

Field of expertise

- trained endoscopist with experience in urgent procedures;
- 15-year experience in transabdominal ultrasound

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- 10-year experience in diagnostic and interventional endoscopic ultrasound (annually 500 procedures, 150 FNAs, EUS-guided drainage of pancreatic fluid collections with plastic stents and LAMS)
- certified expert in clinical nutrition

Educational Activities

2005 – present: lecturer in postgraduate course “Abdominal ultrasound”

2006 – present: lecturer at doctoral study Biomedicine and health, topic „Viral hepatitis“ and „Pancreatic diseases“ Zagreb School of medicine

2007- present: lecturer in postgraduate course „Gastrointestinal diseases in family medicine practice“

2008. lecturer at the 4th International Congress of the Croatian Society for ultrasound in medicine and biology, Zagreb

2009. lecturer at the 4th International Congress of the Croatian Society for Clinical cytology, Split

2010-present. lecturer and demonstrator in the Adriatic EUS Workshop, Zagreb

2010. lecturer in the Symposium of the Croatian Society for parenteral and enteral nutrition, Marija Bistrica

2011. lecturer in the Symposium of the Croatian Society for clinical nutrition, Opatija

2011. lecturer in the 1st Congress of Clinical Nutrition of Bosnia and Herzegovina, Sarajevo

2011. lecturer in postgraduate course “Clinical nutrition”

2012. lecturer at the 19th ESPEN Course of Clinical Nutrition and Metabolic Care, Dubrovnik

2013. lecturer on the 4th Croatian congress of clinical nutrition, Zagreb

2013. lecturer on the 3rd Slovenian-Croatian Ultrasound Congress, Maribor

2014. lecturer in the postgraduate course „Pancreatic disease-current approach“, Split

2015. head researcher in the study „Prevalence of sarcopenia in institutions for elderly in Republic of Croatia“ under auspice of Croatian Society for Geriatrics and Gerontology

2016.-present lecturer on the Postgraduate Study General medicine, Zagreb School of medicine

2016. lecturer in the 6th Congress of physical and rehabilitation medicine, Šibenik

2016. lecturer in the IUPHAR GI Section Meeting 2016, Novigrad

2017. lecturer on the Postgraduate Study Gastroenterology, Zagreb School of medicine

2017. lecturer in the module Clinical nutrition Zagreb School of medicine

2017. lecturer in the 12th Adriatic Club of Clinical Nutrition, Antalya, Turkey

2017. lecturer on the 5th Croatian Congress on clinical nutrition, Zagreb

2017. lecturer on the 39th ESPEN Congress on clinical nutrition and metabolism, LLL module “Let’s talk about nutrition”, Hague

2018. lecturer on the 9th Congress of lecturers in family practice, Zagreb

2018. lecturer on the 4th Symposium of the Croatian Society for digestive surgery, Poreč

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2018. organizer of the 1st Scientific symposium „Pancreatic fluid collections-therapeutic challenge, Zagreb

2018. organizer of the workshop „Clinical nutrition in family practice“, Zagreb

2018. lecturer on the 40th ESPEN Congress on clinical nutrition and metabolism, LLL module “Let’s talk about nutrition”, Madrid

2018. lecturer on the 8th Congress of Croatian Gastroenterological Society, Split

2018. lecturer on the 1st European Conference of young Gastroenterologists, LLL modules “Approach to Oral and Enteral Nutrition” and “Nutritional Support in Gastrointestinal Diseases”

Thesis

„Effect of biliary obstruction on ghrelin, cholecystokinin, inflammatory markers and nutritional status“
Zagreb School of Medicine 2014.

Scientific position

Assistant Professor, Zagreb School of Medicine

Publications (total number of categories)

Scientific papers: 35

Abstracts: 38

Book chapters: 6

Teaching papers: 4

Reviewer in:

- European Journal of Gastroenterology and Hepatology

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ivana Pavlić-Renar, MD, PhD, retired professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: retired

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Diabetes and pregnancy

BIOGRAPHY

Ivana Pavlic Renar obtained her MD (1977) and PhD (2000) degree at University of Zagreb Medical School and has been trained in internal medicine (certified in 1986) and endocrinology (certified in 2002) in affiliated teaching hospitals. Her research fellowship in endocrinology was at L Strelitz Institute, Norfolk, VA, USA, mentored by Dr A.I. Vinik (1991-3). Dr Pavlic Renar has become a faculty member of Zagreb Medical School in 1996, currently serving as associate professor. Her professional affiliation was at Vuk Vrhovac Diabetes Institute in Zagreb 1979 -2007, currently at Department of medicine – Endocrinology at Clinical Hospital Centre Zagreb. Most of her professional career is in the various fields in diabetology. She has been one of initiators and creators of Croatian diabetes registry (CroDiabNet). Dr Pavlić-Renar published around 100 papers (20 in CC listed journals), 32 chapters in books/monographs and one textbook on diabetes

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Hrvoje Ivan Pećina, MD, PhD, primarius, specialist of radiology and subspecialist of neuroradiology

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Department of Diagnostic and Interventional Radiology in KBC “Sestre milosrdnice” in Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Surgical treatment of tumours of hypophysis

BIOGRAPHY

Hrvoje Ivan Pećina, MD, PhD, was born in Zagreb in 1969. He graduated from Zagreb University School of Medicine in 1996. and finished his residency in radiology in 2004. In 2008. he became subspecialist in neuroradiology. He finished PhD study “Biomedicine and Health” at the School of Medicine University of Zagreb in 2005. He defended PhD thesis in June 12, 2013.

He works at the Department of Diagnostic and Interventional Radiology in KBC “Sestre milosrdnice” in Zagreb since 2000.

Hrvoje Ivan Pećina has visited and professionally improved his skills in several radiological departments in Croatia and abroad. It should be emphasized that he spent 2 months in the Department of Radiology at Medical University South Carolina, Charleston, USA during 2006.

He has published 37 articles; 19 in CC and SCI indexed journals; and 27 chapters in books.; 21 abstracts in international and 36 in domestic congresses and symposiums. He received the award for the scientific poster at the World SICOT/SIROT Congress in Istanbul in 2005. He is a researcher on the scientific project granted by Ministry of Science and Education of the Republic of Croatia (No:6625) and his registration number as researcher is **340632**.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Prof. dr. sc. Nives Pećina-Šlaus**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Medicinski fakultet Sveučilišta u Zagrebu**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Genome Instability**BIOGRAPHY**

Nives Pecina-Slaus is tenured professor at the Department of biology and Head of the Laboratory of Neuro-oncology Croatian Institute for Brain Research School of Medicine University of Zagreb. She has received her B.S. in 1990. her MS in 1992. from the University of Zagreb, Faculty of Math and Sciences, and PhD in the field of molecular oncology in 1998. from School of Medicine University of Zagreb. She was trained at Cold Spring Harbor Laboratory, New York, USA in 1990; Georgetown University, Washington DC, USA. In 2005. she was elected Senior Investigator (scientific rank of full professor), in 2007. associate professor, in 2011. full professor and in 2017. tenured professor at the Department of Biology, School of Medicine. She was mentor on numerous theses, altogether 13 defended theses of which 4 dissertations. Her main fields of research are cancer genetics, Wnt signaling pathway, brain tumorigenesis, tumor suppressor genes, oncogenes, genetic profiles of brain tumors, genomic instability, epithelial to mesenchymal transition. She was granted and was/is leading as principal investigator six scientific projects and was a collaborator on international project FP7–REGPOT GlowBrain, and is researcher on ZCI-CoRE – Neuro. Her research has led to more than 100 publications - 63 scientific papers, a book, 70 abstracts, 23 invited lectures. She was cited 741 times on Web of Science (H indeks 15), 844 on Scopus (H indeks 16) and 1313 on Google Scholar, (H indeks 19). She acts as a reviewer for Ministry of Science, Education and Sports Croatia, for Slovenian Research Agency (ARRS) for National council for university education, HAZU and many scientific peer-reviewed journals. She was elected as editor for scientific journal *Frontiers in Bioscience* and is a member on editorial boards of *Acta Clinica Croatica*, *Cancer Cell International* and *Croatian Medical Journal* (2011.-2016). She is the leader of 4 doctoral and 1 graduate courses. She is a member of Croatian Society of Human Genetics, Croatian Medical Association, Croatian Biological Society, European Society for Human Genetics, European Association for Cancer Research, Croatian Society for Neuroscience, Odbor za neuroznanost i bolesti mozga Razred za medicinske znanosti HAZU, Odbora za apoptozu Akademije Medicinskih znanosti Hrvatske. She was awarded several scientific awards; from Croatian Medical Association and Academy of Medical Sciences for best paper in basic medical research for young scientist (2000), in 2011. National Scientific Award and School of Medicine Award for exceptional publication activity.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 17.01.2017.**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

mentor of 4 defended dissertations, 3 masters theses, 11 graduation theses i 6 awarded student papers.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Mihaela Perić, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Bone morphogenetic proteins in regeneration of bone and cartilage

BIOGRAPHY

PROFESSIONAL EXPERIENCE:

2009- Research associate, Center for translational and clinical research, University of Zagreb School of Medicine (UZSM)

2006-2008 Project leader, project New antimalarial macrolides, performed in collaboration with Walter Reed Army Institute of Research, Washington D.C. and Medicines for Malaria Venture, Geneva, Switzerland

2001-2002 Internship in the research laboratory of Dr. Peter C. Appelbaum Professor of Pathology and Director of Clinical Microbiology at The Milton S. Hershey Medical Center, Penn State College of Medicine (1 year), training in molecular epidemiology, molecular biology and clinical microbiology

1999 -2006 Researcher microbiologist, PLIVA R&D, Zagreb. Actively involved in microbiology, biochemistry and molecular biology research for the purpose of developing new anti-infective and anti-inflammatory agents

1998 Assistant, Laboratory for plant tissue culture, University of Zagreb, Faculty of Science (UZFS) and Laboratory for plant molecular biology, Ruđer Bošković Institute, Zagreb.

EDUCATION

1992-1997 Undergraduate studies, University of Zagreb, Faculty of Science (UZFS)

1999-2006 Graduate school with major in molecular and cell biology, UZFS, Ph. D. thesis entitled “Influence of efflux and ribosomal mutations on Haemophilus influenzae sensitivity to macrolide antibiotics”

SCHOLARSHIPS AND AWARDS

1995 Plant tissue culture training (one month), Forest University, Sofia, Bulgaria

1997 Practical course in Transformation Methods in Transgenic Plants (two weeks), Brazilia, Brazil

2007 GSK - Silver Science Award

2011 Award for scientific productivity – UZSM

TEACHING

2011- „Biologically active components in food“, UZSM

2014- „P4 in medicine“, UZSM

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2009

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Zdravko Petanjek, Full Professor, Tenured

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb, School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Fetal and Neonatal Neurophysiology, Fetal Behavior; Selected chapters in epileptology in developmental age; Human developmental neurobiology; Synaptic plasticity and mind

BIOGRAPHY

School of Medicine (employed since 1992) Participated in 20 research projects (head in 6). Maintained more than 20.000 teaching hours on courses related with Anatomy, Neuroscience, Biological psychology, Neurology and Psychiatry: participating in 20 graduate (head in 12) and 16 (head in 7) PhD courses. Author of 2 textbook manuals, 3 teaching articles, 1 chapter in textbook, translator of 2 textbooks and 3 chapters in textbooks.

General research interest is to assess organization of cortical circuitry via a multidisciplinary approach (including functional neuroanatomy - from proteins in specific cell types to fiber tracts in the human brain, electrophysiology - from single channel activity to global activity in the human brain, as well as using imaging, behavior, psychometric and theoretical approach) in human and animal models.

Specific main interest is systematic quantitative research of (a) adult and developmental morphological (re)organization of pyramidal neurons in human prefrontal cortex, and (b) immunohistochemical studies about organization and origin of primate cortical calretinin GABAergic neurons.

Other specific interest is research of (c) circuitry reorganization in human cortical pathology, in experimental animal model, genetically manipulated animals and animals raised under different environmental influence, as well as (d) comparative analysis of neuron morphology in various mammalian species.

Experience in laboratory techniques: classical neuroanatomical methods (Golgi), immuno-histochemistry and in situ hybridization. Trained for confocal microscopy analysis, high expertise in the field of quantitative microscopy (morphometry and stereology), including topologic analysis and statistical evaluation of data. Expert in techniques of human brain dissection, and experienced for the human gross anatomical dissection.

Administrative and organizational experience (e.g. organization of national and international meetings, public awareness events, responsibilities as officer of societies, committees etc.)

Member of organizing committee of 2 FENS/IBRO summer schools (head of practical course), 7 international neuroscience and anatomy meetings and 12 Brain awareness weeks. Guest editor for two issues of CC journal.

Member of the 10 committees (currently in 7) at the School of Medicine, Member of Faculty Council (1992-1994, 2004-2008, 2013-present), Deputy member of Biomedical Council from University of Zagreb Senate (2005-present), Member of Interdisciplinary Scientific Field Committee, Agency for Science and Higher Education (2013-present).

2002-2006. Secretary, Croatian Society of Anatomist, Histologist and Embryologist;

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Provided more than 50 public lectures, more than 30 scientific interviews for newspapers and radio stations, participated in more than 20 scientific broadcasts on National TV channels. Co-worker and participant in 5 scientific educational documentaries on Croatian National TV.

Performed over 100 reviews for scientific journals (Cerebral Cortex, J. of Anatomy, PNAS USA).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 13.12.2016.

Macan, Bojan; Petrak, Jelka. Bibliometrijski pokazatelji za procjenu kvalitete znanstvenih časopisa // Hrvatski znanstveni časopisi : iskustva, gledišta, mogućnosti / Hebrang Grgić, Ivana (ur.).

Zagreb : Školska knjiga, 2015. Str. 37-53

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Indikatori znanosti i društvene promjene (Research indicators and social changes), 1990-1992 (collaborator)

Procjena učinka medicinskoga časopisa na hrvatsku medicinsku zajednicu (Assessment of impact of a medical journal on the Croatian medical community), 2002-2004 (collaborator)

Prijenos znanstveno utemeljenih medicinskih dokaza u kliničku praksu (Transfer of evidence from research to practice), 2007-2011 (leader)

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE: 5

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ratimir Petrović, MD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Medical image analysis

BIOGRAPHY

Personal data: born in Zagreb, 23. X. 1957.

Clinical Hospital Center Zagreb

Nuclear Medicine and Radiation Protection Clinic

Rebro - Kišpatićeva 12, Zagreb

tel. 01/2333850

Biography and qualification list:

1. 2103 - to date - Head of Department of Nuclear Medicine at the Faculty of Medicine of Rijeka
2. 2009.-to-present - PhD in progress (title of protected and approved topics - "Changes in regional cerebral flow in patients with PTSD")
3. 2005. Ph.D. Postgraduate: Biomedicine and Healthcare
- In 1993 he passed the Specialist Exam from Nuclear Medicine
5. In 1984. he passed a professional exam
- 6th 1976th-1982nd studied medicine at the Faculty of Medicine in Zagreb, graduated in 1982.
- 7th 1972nd to 1976th completed high school in Zagreb
- 8th 1964th to 1972nd finished elementary school in Zagreb

Professional experience:

- 1st 1,982th to 1,983th internship at the Psychiatric Hospital "Sveti Ivan", Jankomir
 - 2nd 1,983th to 1,984th a secondary physician at the General Hospital "Bračak", DZ Zabok
 - 3rd 1985th to 1988th a general practitioner at the Emergency Medical Service in Zagreb
 - 4th 1989th to 1993rd Nuclear Medicine Specialist at the Clinical Institute for Nuclear Medicine and Radiation Protection, KBC Zagreb, Zagreb
 5. 1993- to date a nuclear medicine specialist at the Clinical Institute for Nuclear Medicine and Radiation Protection, KBC Zagreb, Zagreb
 6. Member of the Croatian Medical Association
 7. Member of the Croatian Society for Nuclear Medicine
 8. Member of the European Society for Nuclear Medicine
 9. Member of the Croatian Association for the Application of Ultrasound in Nuclear Medicine
- Participation in classes

1. Lecturer in the Elective subject "Physical Fluids and Edema" of the Medical Faculty in Zagreb
2. Lecturer on the methodological subject "Methods of Psychological Function and Behavioral Examination" in the field of Biomedicine and Health Sciences Postgraduate Study
3. Lecturer on the subject "Establishing Diagnosis of Brain Death and Support to Explosion of Solid Organs". Scientific Postgraduate Study in Biomedicine and Health
4. Lecturer on the subject "Neurobiology of Aging" in the field of Biomedicine and Health in Postgraduate Studies

Work area:

Total Nuclear Medicine Diagnosis with Special Focus on Functional Nuclear Medicine ("Neuroimaging")

New Nuclear Disease Diagnostic Searches Introduced:

1. Single-photon emission computerized tomography (SPECT) of the dopamine system with I-123 ioflupation (DaTSCAN) -
123I-FP-CIT (DaTSCAN, 123I-ioflupane) is a radiopharmaceutical used to diagnose Parkinson's disease and distinguish Parkinson's syndrome from essential tremor. This iodine-tagged ligand binds to dopamine protein transporter on presynaptic nigrostriatal endings of the nerve and serves to evaluate dopaminergic activity, integrity and / or degenerative changes.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2. Scintigraphy of sympathetic myocardial infarction with I-131 MIBG in Parkinsonism patients

Participation in cogists, courses and symposiums as invited lecturers (partial list):

Contribution to Nuclear-Medical Functional Imaging of the Brain in Cognitive Disorders Diagnosis (SPECT, PET) - Clinically Oriented View

First Croatian Congress "Dilemma in Neurology 2008" (organized by Neurology Clinic in Zagreb and Croatian Neurological Society), Opatija 2008

SPECT brain in differential diagnosis of cognitive disorders

V. CROATIAN NEUROLOGICAL CONGRESS with international participation, Vukovar 2009.

Functional Nuclear Medical Imaging of the Brain in Diagnosis of Dementia (SPECT, PET)

Recognition, Diagnosis and Dementia Treatment (Continuing Education Course organized by the Neurology Clinic at the Faculty of Medicine in Zagreb and Croatian Neurological Society) - Zagreb, January 2009

Seeing is believing - Brain SPECT Imaging in Dementias

6th International Alpe Adria Symposium - Portschach, Austria, May 2009

Dosage of scintigraphic methods of brain analysis in pediatrics

"Healing Metabolic Diseases 2009" (Main Subject "Central Nervous System") - October 16, 2009

(Postgraduate Course in Continuing Medical Education I Category)

Nuclear medicine in the brain

FUNCTIONAL DIAGNOSTICS OF DRIVE PORTRAIT; postgraduate course for continuing education of category I; Zagreb, 3.12.2009.

Functional depiction of dopamine synapse in nuclear medicine

FUNCTIONAL DIAGNOSTICS OF DRIVE PORTRAIT; postgraduate course for continuing education of category I; Zagreb, 3.12.2009.

How and How Early Functional (SPECT and PET) Dementia Diagnosis Helps Us

Section - Cognitive Neurology - Clinical Needs and Economic Justifiability

Second Croatian Congress "Dilemma in neurologia 2010" with international participation, Novigrad 2010.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Boris Radić, Vladimir Miletić, Ratimir Petrović, Petra Radić Bilateral middle cranial fossa arachnoidal cysts with temporal lobe agenesis associated with astrocytoma: fortuitous finding. Acta Neurol Belg 2015 Dec 26;115(4):703-5.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Professor Nela Pivac, PhD, senior scientist, re-elected**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Rudjer Boskovic Institute**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Selected animal models of psychiatric disorders; Genomic approaches in biomedical and translational research**BIOGRAPHY**

Professor Nela Pivac: DVM (1974), School of Veterinary Medicine, University of Zagreb; MSc (1987), School of Medicine, University of Zagreb; PhD (1994), School of Veterinary Medicine, University of Zagreb; one-year post doc study (October 1, 1996-October 1, 1997) at the Montreal Neurological Institute, McGill University, Montreal, Canada; Guest Professor of the Hungarian Academy of Sciences she has spent 3 months (October 1, 2017. January 1, 2018) in the Institute for Experimental Medicine in Budapest, Hungary. From 2001, she is a secretary of the Croatian Pharmacological Society; from 2016; secretary of the Collegium of Basic Medical Sciences in Croatian Academy of Medical Sciences; from 2012: senior scientist- reelected; from 2017; full professor; from May 31, 2016 regular member of the Croatian Academy of Medical Sciences; from 2017, Associate Editor in Progress in Neuro-Psychopharmacology and Biological Psychiatry. Awards: 2018. Annual award of the Ruđer Bošković Institute for researchers Gordana Nedic Erjavec, Matea Nikolac Perkovic, Dubravka Svob Strac and Neli Pivac for 2017. For excellent scientific paper (Nedic Erjavec G, Uzun S, Nikolac Perkovic M, Kozumplik O, Svob Strac D, Mimica N, Hirasawa-Fujita M, Domino E, Pivac N (2017) Cortisol in Schizophrenia: No Association with Tobacco Smoking, Clinical Symptoms or Antipsychotic Medication. *Progr Neuropsychopharmacol Biol Psychiatry* 77: 228–235); 2013: Award of the Croatian Academy of Science and Arts (HAZU) for the scientific achievements in the Republic of Croatia for the field of medical sciences; 2012: Award of the Academy of Medical Sciences of Croatia „Ante Šerčer“ for the author from Croatia for the best scientific article published in the year 2011 (Pivac N, Nikolac M, Nedić G, Mustapić M, Borovečki F, Hajnšek S, Presečki P, Pavlović M, Mimica N, Muck-Šeler D: Brain derived neurotrophic factor Val66Met polymorphism and psychotic symptoms in Alzheimer’s disease. *Progress in Neuro-Psychopharmacology and Biological Psychiatry*, 35: 356-362. 2011); 2010. Annual award of the Director General of the Ruđer Bošković Institute for the exceptional success in science in the year 2010 given for the scientific research in the field in molecular medicine (for the article: Pivac N, Knežević A, Gornik O, Pučić M, Igl W, Peeters H, Crepel A, Steyaert J, Novokmet M, Redžić I, Nikolac M, Novković Hercigonja V, Dodig Ćurković K, Ćurković M, Nedić G, Muck-Seler D, Borovecki F, Rudan I, Lauc G (2011) Human plasma glycome in attention-deficit hyperactivity disorder and autism spectrum disorders. *Mol Cell Proteomics*, 10.1: 1-7); 2009. Award of the Croatian Parliament: State annual award of the Republic of Croatia for the year 2008, for the significant scientific achievements in the field of molecular basis and treatment of psychiatric disorders; 1986. State annual award for young scientists for scientific research; 1979. Award of the Dean of Veterinary Faculty, University of Zagreb for exceptional success in learning and study.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: November 29, 2017, full professor**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

46. Šagud M, Mihaljević-Peš A, Uzun S, Vuksan Ćusa B, Kozumplik O, Kudlek-Mikulic S, Mustapić M, Barisić I, Muck-Seler D, **Pivac N** (2013) The lack of association between components of metabolic syndrome and treatment resistance in depression. *Psychopharmacology* 230: 15-21
47. Babic M, Nedić G, Muck-Seler D, Borovečki F, **Pivac N** (2012) Lack of association between dopamine receptor D4 variable numbers of tandem repeats gene polymorphism and smoking. *Neurosci Lett* 520:67-70,
48. Muck-Šeler D, **Pivac N**, Dikić M (2012) Acute treatment with fluvoxamine elevates rat brain serotonin synthesis in some terminal regions: An autoradiographic study, *Nucl Med Biol*, 39: 1053-1057.
49. Mustapić M, Popović Hadžija M, Pavlović M, Pavković P, Presečki P, Mrazovac D, Mimica N, Korolija M, **Pivac N**, Muck-Seler D (2012) Alzheimer's disease and type 2 diabetes: the association study of polymorphisms in tumor necrosis factor-alpha and apolipoprotein E genes. *Metab Brain Dis* 27: 507-512
50. Pašalić D, Pauković P, Cvijetić S, Pizent A, Jurasović J, Milković-Kraus S, Dodig S, Muck-Šeler D, Mustapić M, **Pivac N**, Feher-Turković L, Pavlović M (2012). Prostate cancer in elderly Croatian men: 5-HT genetic polymorphisms and the influence of androgen deprivation therapy on osteopenia-a pilot study. *Gen Test Molec Biomarkers*, 16: 598-604,
51. **Pivac N**, Kozarić-Kovačić D, Grubišić-Ilić M, Nedić G, Rakoš I, Nikolac M, Blažev M, Dorotea Muck-Šeler D (2012) The association between brain-derived neurotrophic factor Val66Met variants and psychotic symptoms in posttraumatic stress disorder. *World J Biol Psychiatry*, 13: 306-311,
52. Podobnik J, Foller Podobnik I, Grgić N, Marcinko D, **Pivac N** (2012) The effect of add-on treatment with quetiapine on measures of depression, aggression, irritability and suicidal tendencies in children and adolescents. *Psychopharmacology*, 220:639–641,
53. Pucić M, Muzinić A, Skledar M, **Pivac N**, Lauc G, Gornik O (2012) Changes in plasma and IgG N-glycome during childhood and adolescence. *Glycobiology*, 22: 975-982.
54. Šagud M, Nikolac M, Mihaljević-Peš A, Nedić G, Vuksan Ćusa B, Mustapić M, Jakovljević M, Muck-Šeler D, **Pivac N** (2012) The lack of effect of ziprasidone on platelet serotonin concentration in schizophrenic patients. Letter to the editors. *Psychopharmacology*, 219: 11791181,
55. Škledar M, Nikolac M, Dodig-Čurković K, Čurković M, Borovečki F, **Pivac N** (2012) Association between brain-derived neurotrophic factor Val66Met and obesity in children and adolescents. *Progr Neuro-Psychopharmacol Biol Psychiatry*, 36: 136–140,
56. Svob Strac D, Muck-Šeler D, **Pivac N** (2012) The involvement of noradrenergic mechanisms in the suppressive effects of diazepam on the hypothalamic pituitary-adrenal axis activity in female rats. *Croat Med J*, 53: 212-221.
57. Borovečki F, Natasa Klepac, Dorotea Muck-Seler, Sanja Hajnsek, Zdenko Mubrin, **Pivac N** (2011) Unraveling the biological mechanisms in Alzheimer's disease – lessons from genomics. *Progr Neuro-Psychopharmacol Biol Psychiatry*, 35: 340-347.
58. Marasović-Šušnjara I, Palada V, Marinović-Terzić I, Mimica N, Marin J, Muck-Šeler D, Mustapić M, Presečki P, **Pivac N**, Folnegović-Šmalc V, Marinović-Čurin J, Terzić J (2011) Lack of association between the functional polymorphism of the histamine n-methyltransferase Thr105Ile and Alzheimer's disease. *Neurosci Lett*, 489: 119-121.
59. Marčinko D, Bilić V, **Pivac N**, Tentor B, Franić T, Lončar M, Henigsberg N, Jakovljević M (2011) Serum cholesterol concentration and structured individual psychoanalytic psychotherapy in suicidal and non-suicidal male patients suffering from borderline personality disorder. *Coll Antropol*, 35: Suppl. 1: 219-223.
60. Muck-Šeler D, Šagud M, Mihaljević-Peš A, Jakovljević, **Pivac N** (2011) Baseline lipid levels and acute treatment response to paroxetine and tianeptine in depressed women. Letters to the Editors. *J Clin Psychopharmacology*, 31: 387-390.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

July 1st, 2018-July 1st, 2021; collaborator: „Early detection of Alzheimer's disease with methylation status of candidate genes in liquid biopsies cfDNA, PI Alja Videtič Paska, basic project. Slovenian Research Agency, J3-9293

October 1st, 2017- January 1st, 2018. winner of the MTA DISTINGUISHED GUEST SCIENTISTS FELLOWSHIP PROGRAMME IN HUNGARY , Budapest, Hungary, Institute for Experimental Medicine

2017-2021; collaborator: offset project CRO_A-00033 "Technology & Know-how Transfer in Metabolomics and Establishment of Latest Scientific Equipment in Zagreb", financed by Patria, Finland, PI Neven Žarković

2016-2017; collaborator: „Differential scanning calorimetry based diagnostics of Alzheimer's type dementia“; The Croatian Agency for SMEs, Innovation and Investments (HAMAG-BICRO), PI Ivo Crnolatac

2016 PI: Rudjer Boskovic Institute Award for the competitive international project 2016-PIVAC

2016-2020 PI: Croatian Science Foundation: Young researchers' career development project – training of new doctoral students: for PhD student Lucija Tudor

2015-2019 PI: „Genomic and glycomic biomarkers of PTSD“, Croatian Science Foundation

2015-2017 collaborator on the project „The influence of religiosity on treatment response in depression: clinical and biological markers, PI Marine Šagud; funding source: School of Medicine University of Zagreb

2014-2017 collaborator on the project „Indicators of therapeutic response in schizophrenia“; PI Marina Šagud; funding source: School of Medicine University of Zagreb

2015-2019: “Multidisciplinary metrics for soldier resilience prediction and training“, NATO Science for Peace and Security Programme: PI: Kresimir Cosic; co-director Nela Pivac

2014-2016: „The role of 5-HT6 receptors in Alzheimer's disease“ (funding source: Croatian Ministry of Science, Education and Sports; PIs: Suzana Uzun and Zvezdan Pirtovsek); Croatian-Slovenian bilateral project

2014-2017: „The association between stress, genetic variants of the catechol-O-methyltransferase (COMT) and mu opioid receptor gene (OPRM1) polymorphisms and tobacco smoking in patients with schizophrenia.“; CRO-USA collaborative project among University of Michigan – USA, Rudjer Boskovic

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Institute, Croatia and University Psychiatric Hospital Vrapce, Zagreb, Croatia (PIs: Nela Pivac and Edward F Domino)

2011-2014; collaborator on the project: „Detection and tracking of biological markers for early therapeutic intervention in sporadic Alzheimer's disease“, supported by the Croatian Science Foundation (PI: Goran Šimić)

2011-2015; member of the COST project „Structure-based drug design for diagnosis and treatment of neurological diseases: dissecting and modulating complex function in the monoaminergic systems of the brain“, Action CM1103; PI: Rona Ramsay

2007 – 2014: PI: „Molecular basis and treatment of psychiatric and stress related disorders“ supported by the Croatian Ministry of Science, Education and Sport, grant No 098-0982522-2455

2007 – 2014: collaborator on: „Pharmacogenomics and proteomics of serotonergic and catecholaminergic system“ supported by the Croatian Ministry of Science, Education and Sport, grant No 098-0982522-2457 (PI: Dorotea Muck-Seler)

2010-2008; PI: bilateral Croatian-Slovenian project: „Genetic factors as markers of suicide“

2010-2008: collaborator on the project and the member of the Coordination Committee of the project Integrating and strengthening genomic research in South-Eastern Europe (INTEGERS), FP7-REGPOT-2007-1 (PI: Fran Borovečki)

2007-2008; collaborator on the bilateral Croatian-Slovenian project: „Frontotemporal dementia and motor neuron disease“ (PI: Rajka Liščić)

2006-2001: project advisor: „Biological basis of mental disorders“ supported by Croatian Ministry of Science, Education and Sport, grant No 1 0 (PI: Miro Jakovljević).

2006-2003; technological project advisor: „Integrative diagnostic model for the follow-up of stress related disorders“ supported by Croatian Ministry of Science, Education and Sport, grant No TP-01/01201 0 (PI: Dragica Kozarić-Kovačić).

2006-2002: collaborator: „Neuropharmacology of serotonergic system“ supported by the Croatian Ministry of Science, grant No 0098088 (PI: Dorotea Muck-Seler)

2003-2000: collaborator: „The effect of TMAZ on serotonergic receptors“ supported by the Croatian Ministry of Science, grant No 00981499. (PI: Dorotea Muck-Seler)

1997-1996: collaborator on the project MRC of Canada (MA-10232); and US Public service (RO1-NS29629), „Studies of the effects of different antidepressants on the serotonin synthesis rate in the rat brain“ (PI: Mirko Dikšić).

2001-1996: collaborator on the project: „Neuropharmacology of GABA and 5-HT system“ in the Program of Croatian Brain Research Institute, Medical School, University of Zagreb (PI Danka Peričić).

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

6

Zrnka Kovačić: Serotonin transporter gene promoter polymorphism in patients with posttraumatic stress disorder, School of Medicine University of Zagreb, supervisors Neven Henigsberg and Nela Pivac; PhD defended on December 21st, 2010.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Gordana Nedić Erjavec: Monoamine oxidase type B, catechol-O-methyltransferase, dopamine beta-hydroxylase and dopamine receptor D4 in alcoholism and alcohol-related phenotypes. Josip Juraj Strossmayer University of Osijek, University of Dubrovnik, Ruđer Bošković Institute, University Postgraduate Interdisciplinary Doctoral Study of Molecular biosciences, supervisor Nela Pivac; PhD defended on April 15, 2013.

Antonija Puljić: The impact of the disrupted monoamine homeostasis on lipid metabolism, activity of the monoamine oxidase type B and serotonin concentration in platelets, Faculty of Sciences, University of Zagreb, supervisors Darko Marčinko and Nela Pivac, PhD defended on October 31, 2014.

Matea Nikolac Perković: The role of brain derived neurotrophic factor in dementia, Josip Juraj Strossmayer University of Osijek, University of Dubrovnik, Ruđer Bošković Institute, University Postgraduate Interdisciplinary Doctoral Study of Molecular biosciences, supervisor Nela Pivac, PhD defended on May 21, 2015.

Aleksandra Šustar: The role of BDNF in the development of coronary heart disease in obese subjects. Faculty of Natural Sciences University of Zagreb, supervisor Nela Pivac, PhD defended on June 10, 2015.

Marijana Turčić: Distribution of the brain derived neurotrophic factor (BDNF) genotypes and serum level of N-glycans as predictors of overweight in children. School of Medicine University of Zagreb, supervisors Fran Borovecki and Nela Pivac; PhD defended on October 2, 2015.

Josip Podobnik: The association of the catechol-O-methyltransferase and monoamine oxidase type B gene polymorphisms and platelet monoamine oxidase type B activity with aggressive behavior and psychopathological characteristics in adolescents in correctional institutions, School of Medicine University of Zagreb, supervisors Nela Pivac and Darko Marčinko; PhD defended on November 11, 2017.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: primarijus Sanja Poduje

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: KBC Sestre milosrdnice

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Telemedicine

BIOGRAPHY

Education:

1988-1994 - University of Zagreb Faculty of Medicine ; 1995-1997 - Internship, Zagreb University Hospital Center ; 2000-2005 - Specialisation in dermatology, Sestre milosrdnice University Hospital Center ; 2000-2005 - Specialist postgraduate studies in dermatovenereology

2013- present - Postgraduate doctoral studies in dental medicine, University of Zagreb School of Dental Medicine

2016 - Title of *Primarius* acquired

2018. Subspecialisation from dermatooncology

ADDITIONAL EDUCATION:

1993 Student exchange programme, Medical Centre Rennes, France; 1996. postgraduate education at the Department of Obstetrics, Royal Free Hospital, London, UK

2007 Visiting the Department of Dermatology, Goethe Clinic, Frankfurt, Germany

2008. International course in dermatoscopy, Graz, Austria

2018. „Nail surgery“ EADV course Brisel, Belgium, 2018. Education in nail surgery, Dermatology Clinic, Lyon, France; 2019. Dermatooncology school, EADO, Berlin, Germany

WORK EXPERIENCE:

1995-1997 Zagreb University Hospital Center - internship

1997 -1998. Peščenica Health Centre - general practitioner

1998.-1999. MILSING d.o.o. - product manager

1999.-2000. “Osiguranje Zagreb” Clinic - general practitioner

2000 -2005 “Osiguranje Zagreb” Clinic - specialization in dermatovenereology

Since 2005 Sestre milosrdnice University Hospital Centre - Department of Dermatology, specialist in dermatovenereology, subspecialisation: dermatological oncology - work at the Melanoma Reference Centre

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Author and co-author of several scientific articles and book chapters in the field of dermatology and dermatooncology.

Regular participant in symposia and conferences as a speaker or poster presenter.

Since 2013, leader and lecturer in more than ten dermatoscopy courses for specialists and residents and a general practitioners

Co-organizer and lecturer at the courses organized by the European Dermatological Society for residents and specialists from across Europe, three courses have been held so far:

- Poduje S. Melanoma epidemiology, aetiology and risk factors. EADV Fostering training course: Melanoma update and short course of dermoscopy, Zagreb, Croatia, 14-16 March 2014.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- Poduje S. Introduction, Basic dermatoscopic features, Dermatoscopy in early diagnosis of melanoma. EADV Fostering training course: Melanoma update and short course of dermoscopy, Zagreb, Croatia, 14-16 March 2014.
- Poduje S. Basics of dermoscopy- part I (melanocytic lesions): Structures and histology correlations; Dermoscopic features of melanocytic lesions, Melanoma- specific structures in dermoscopy; Dermatoscopy of melanocytic lesions: practical part (cases and interactive analysis), EADV Resident Course: Dermatoscopy, 19-21/06/2015, Zagreb, Croatia
- Poduje S. Introduction to dermoscopy, Basics of dermoscopy: structures and histopathological correlations – part 1, Dermoscopic equipment – Summer School: Dermatoscopy, Resident EADV Course, 5.9. June 2017, Vis, Croatia

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

2014 - 2016 Clinical trial M025616, Roche d.o.o. - sub-investigator “A Single Arm, Open-label, Phase II, Multicentre Study, to Assess the Safety of Vismodegib (GDC-0449) in Patient With Locally Advanced or Metastatic Basal Cell Carcinoma (BCC)”

2018. - Research project of the Croatian Foundation for Science in cooperation with the Ruđer Bošković Institute; G1I code regulation in tumors dependent on BRAF / NRAS mutations

2016 - as a dermatologist I co-operate in a study conducted at the Clinic for Neurology KBC SM: Multicenter, randomized, double-blind, parallel-group, active-controlled, superiority study to compare the efficacy and safety of ponesimod to teriflunomide in subjects with relapsing multiple sclerosis

2008 - present Active participation in the organisation and implementation of the public Preventive Health Programme for Early Detection of Melanoma and Other Skin Cancers “EUROMELANOMA DAY” (organised by the Croatian Dermatology and Venereology Society as part of the Croatian Medical Association, the Melanoma Referral Centre as part of the Ministry of Health Republic of Croatia and the European Academy of Dermatology and Venereology)

2012 - present Public prevention campaign “Act Now”, organized by the Zagreb City Office for Health, active participation in the organisation and implementation of the campaign

2016 and 2017 as a lecturer I participate in educating elementary and high school teachers about the impact of UV radiation on the skin. Education is organized in cooperation with the Croatian Institute for Public Health and the Education Agency.

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Marijana Popović Hadžija, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Ruđer Bošković Institute

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Molecular genetics of gastrointestinal tumors

BIOGRAPHY

Name and surname: Marijana Popović Hadžija

Date and place of birth: June 25th, 1966, Zagreb, Croatia

Identification number from records of scientific workers: 172455

Address: Ruđer Bošković Institute, Division of Molecular Medicine, Laboratory for mitochondrial bioenergetics and diabetes (LaMBDa)

Bijenička cesta 54, Zagreb

Telefon / Fax: 01 4561 064 / 01 456 10 10

e-mail: mhadzija@irb.hr

Education:

1973–1981 – elementary school in Zabok

1981-1984 – high school in Zabok

1984 – 1989 - the Faculty of Natural Sciences and Mathematics – Molecular Biology, University of Zagreb,

1989 – 1992 - postgraduate study of Molecular Biology at the Faculty of Natural Sciences and Mathematics, University of Zagreb

1992 – defended the Master of Sciences thesis entitled “Condition of cell-free transplantation of murine myeloid leukemia” under the guidance of Dr. Sc. Marija Poljak-Blaži, senior scientist, R. Boskovic Institute

1998 – received Ph.D. in cellular and molecular biology from the Faculty of Natural Sciences and Mathematics, University of Zagreb, under the guidance of Dr. Sc. Marija Poljak-Blaži, senior scientist, R. Boskovic Institute (Title of thesis “Studies of the causes and processes of malignant transformation on mouse model of myeloid leukemia“)

Training:

1992 – fellowship for FEBS advanced course “Recombinant DNA technology in human medicine”, Skopje, Mecedonia, 14.-26. September

1993 – education at the Institute fur Immunologie GSF, Munnich, Germany, laboratorry of Prof. dr. Stephan Thierfelder, May-July

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2006 – workshop „The protein arrays for biomarker discovery and protein expression profiling“, Prague, Czech Republic , 25. September

2011 – course „Statistical data analysis in biomedical investigations“, Rijeka, 7.-10. April

2011 – workshop „Critical evaluation of statistical analysis in scientific paper“, Rijeka, 10. June

2011- transMedRi workshop „Translational Cancer Research“, Rijeka, 10. November

2013 - „Laboratory Animal Science Course“, Zagreb, 1.-9. February

2014 – „InnoMol Bioimaging Workshop“, Zagreb, 20.-22. October

2014 – workshop „Positron emission tomography on Ruder Boskovic Institute: a new method in investigation of animal models“, Zagreb, 12.-14. November

2015 – „High-resolution ultrasound imaging Vevo 2100 imaging platform hands-on workshop“, Zagreb, 9.-10. June

2015 – „High-resolution ultrasound imaging Vevo 2100 imaging platform hands-on workshop“, 9.-10. lipanj, Zagreb

2016 – workshop „The InnoMol new platforms for molecular solutions in research and development“, Zagreb, 11.-12. May,

2016 – workshop „Dynamics of the cytoskeleton“, Zagreb, 14.-15. July

Work experiences and positions:

1. 1.-16.9.1990.- worked at the Faculty of Natural Sciences and Mathematics, University of Zagreb, Plant physiology, prof. dr. Ivan Regula

17. 9. 1990 - today – work at Ruđer Bošković Institute, Division of Molecular Medicine

1990 – Ph.D. student

1999 – Ph. D. Senior Research Assistant, Laboratory for molecular endocrinology and transplantation

2005 – Research Associate, Laboratory for molecular endocrinology and transplantation

2010 – Research Associate (2nd), Laboratory for molecular endocrinology and transplantation, Zavod za molekularnu medicinu, Institut Ruđer Bošković

2016 – today – Senior Research Associate, Laboratory for mitochondrial bioenergetics and diabetes

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ingrid Prkacin, PhD, MD, Associate Profesor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Universty Hospital Merkur

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Characteristics of clinical medical research

BIOGRAPHY

Currently, dr Ingrid Prkacin working in the Department of Emergency Internal Medicine as Head of Unit. She was born in Zagreb, Croatia, on August 1, 1964. She received the Doctor of Medicine in 1988, Master degree-direction biomedicine in 1994, Internal medicine specialist in 1996 and PhD in Biomedical Sciences in 2000, University of Zagreb, Croatia. She was Assistant Professor from 2009-2015 and from 2015 is Associate Profesor of internal medicine at the University of Zagreb. Research interest area is hypertension and resistant hypertension, biomedicine, chronic kidney disease and diabetes mellitus, in particular. On these topics she authored more than 110 regular papers appeared in Pubmed/Scopus indexed journals: 29 Current Contents, 33 Index Medicus, 18 SCI Expanded/SSCI, 22 Scopus (Excerpta Medica). In May 2018 Scopus-based H-index was 14, with 485 citations. She has more than 30 years of experience in medicine, and most of it was spent in hypertension and chronic kidney disease research. Resistant hypertension, biomedicine and obesity are another area of research interest.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2015.

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Nives Pustišek, MD, PhD, research associate**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Children's University Hospital**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Mechanisms of allergic reactions**BIOGRAPHY**

Prim. dr. sc. Nives Pustišek, MD spec. dermatology and venerology, a specialist in pediatric dermatology, was born on October 4, 1969 in Zagreb, where she finished elementary and high school. She graduated from the Faculty of Medicine of the University of Zagreb in 1994. During the three years of her studies she was a demonstrator at the Department of Pathophysiology. She studied dermatology and venerology examination in December 2003 and since then she has been employed at the Zagreb Children's Disease Clinic, Pediatric and Adolescent Dermatology and Venerology Clinic. Primary title was recognized in October 2014 and subspecialization from pediatric dermatology in April 2015. In 2010 she enrolled in the doctoral study "Biomedicine and Health" at the Faculty of Medicine, University of Zagreb, and in February 2013 the subject of doctoral dissertation was accepted. On February 4, 2016, she defended her doctoral dissertation "Influence of structured education on the clinical course of atopic dermatitis of children's age". In the academic year 2015/16 she earned Dekan's award for scientific productivity during the dissertation. Scientific title Scientific associate in the scientific field of biomedicine and health - field of clinical medical science (decision no. UO / I-640-03 / 18-01 / 1143) was recognized in 2018. She is also a co-author of 27 scientific and professional papers, of which 12 are in the Current Contents indexed journals and 10 chapters in books and monographs in the field of dermatology. She has lectured at numerous congresses and courses at home and abroad. She actively participates in the work of the Croatian Dermatovenerology Society of the Croatian Medical Association, and from 2008 to 2018. is its secretary. Participates in the organization of numerous scientific and professional conferences and congresses. She is a member of the European Academy of Dermatology and Venerology and the European Society for Pediatric Dermatology.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Characteristics of clinical medical research

BIOGRAPHY

Education

1992-1998 School of Medicine, University of Zagreb

2001-2007 Residency in Clinical Pharmacology and Toxicology

1999 -2003 Postgraduate Study Faculty of Science, University of Zagreb, master's degree

2003 Master of Science with the thesis "Growth hormone and insulin-like growth factors in diabetic nephropathy"

2003-2012 Postgraduate Doctoral Study, Faculty of Science, University of Zagreb

2012 PhD degree with doctoral thesis entitled: "Combined antitumor effectiveness of hyperthermia, quercetin, vanadium, chlorpromazine and vitamin D in tumor cell cultures and animal models"

2003 – 2005 Postgraduate Study Clinical Pharmacology and Toxicology

1999 GCP Exam in organisation of Brookwood International Academy of Healthcare Research

Work experience

1998-1999 Internship in Clinical Hospital Jordanovac

1999 -2007 junior researcher on project pathogenesis of tumor hypoglycemia; Research of cancer

2001 - 2007 Residency in Clinical Pharmacology and Toxicology

2008 - specialist of clinical pharmacology and toxicology in Clinical Hospital Center Zagreb

Teaching

2010 - lecturer at graduate and postgraduate studies , Postgraduate Study Obiteljska medicina, University of Zagreb

2011- lecturer at Postgraduate Study in Urology , School of Medicine, University of Zagreb

2012 - lecturer at Sveučilišni diplomski studij sestrinstva, School of Medicine, University of Zagreb

2013 – lecturer at Postgraduate Study in English at School of Medicine, University of Zagreb

2013 - Graduate Study "Drug research and development" , kolegium Clinical Pharmacology, Department of Biotechnology, University of Rijeka, lecturer

2014 - lecturer at Postgraduate course of medical education Good Clinical practice, GCP ,School of Medicine, University of Zagreb

Disertation

2003 Master of Science with the thesis "Growth hormone and insulin-like growth factors in diabetic nephropathy"

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

PhD with doctoral thesis: “Combined antitumor effectiveness of hyperthermia, quercetin, vanadium, chlorpromazine and vitamin D in tumor cell cultures and animal models”

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Margareta Radić Antolic**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University Hospital Centre Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Methods of molecular biology in medicine**BIOGRAPHY**

I was born 11.02.1980. in Sisak, graduated Faculty of Pharmacy and Biochemistry in 2003. I trained one year in Departement of laboratory diagnostics, University Hospital Centre Zagreb and passed a professional exam in 2005. In the period from 2004. to 2007. I was a research fellow at the Ministry of Science, Education and Sports project No. 0214212 Prothrombotic Risk Factors in Cerebrovascular Diseases in Children) under the guidance of Professor Renata Zadro. I started Medical biochemistry specialization in 2007 at Department of Laboratory Diagnostics, University Hospital Centre Zagreb. Since 2014. I work as a specialist in medical biochemistry and laboratory medicine at Departement of laboratory diagnostics, University Hospital Centre Zagreb. I am a collaborator of Prof. Renata Zadro PhD in undergraduate and postgraduate studies (exercises, seminars, lectures) at the Faculty of Pharmacy and Biochemistry.

My field of interest is molecular diagnostics of hematologic diseases. Since 2004 I am a part of team for introduction of new molecular diagnostic methods in routine work (allele specific PCR for JAK2 V617F, real time PCR quantitative determination of bcr/abl1, sequencing of ABL1 gene, fragment analysis for mutation detection in NPM1, CALR, MPL and FLT3 gene), accreditation of molecular assays according to ISO 15189, standardization of quantitative determination of bcr/abl1 fusion transcript during tyrosine kinase inhibitor therapy, introduction of methods for the analysis of polymorphisms of platelet antigens within the project "Protrombotic Risk Factors in cerebrovascular diseases in children". I also participate in other projects (different Clinics or Faculty) in the form of co-operation in the collection of samples, isolation of nucleic acids and analytical part (quantification of WT1 gene, quantification of BMP expression in renal carcinoma). Important part of my education is participation at various international conferences with poster presentations in the field of hematooncology. In last 2 years I am attending practical seminars, workshops and educations for implementing NGS technology in laboratory routine.

WORK EXPERIENCE

04/2017 - to date Assistant Professor at Department of Histology and Embryology, School of Medicine, University of Zagreb, Zagreb, Croatia

07/2013 - 02/2017 Senior Assistant at Department of Histology and Embryology, School of Medicine, University of Zagreb, Zagreb, Croatia

06/2010 - 07/2013 Assistant at Department of Histology and Embryology, School of Medicine, University of Zagreb, Zagreb, Croatia

02/2009 - 06/2010 Research Assistant at Department of Histology and Embryology, School of Medicine, University of Zagreb, Zagreb, Croatia

FELLOWSHIPS AND AWARDS

2015 – 2016 Max Planck fellowship for postdoctoral researchers (18 months)

2008 Fellowship award for best poster: First Eastern European Conference: What's new in diagnosis, treatment, and prevention of cystic fibrosis? Zagreb, Croatia, November 28-30, 2008.

TEACHING ACTIVITIES

2010 - 2019 Histology and Embryology for Medical Studies in Croatian, School of Medicine, University of Zagreb

2009 - 2019 Histology and Embryology for Medical Studies in English, School of Medicine, University of Zagreb

2017 - 2018 Histology and Embryology for Dentistry Studies in English, School of Medicine, University of Zagreb

SUPERVISION OF GRADUATE/ DOCTORAL STUDENTS AND POSTDOCTORAL RESEARCHERS

Doctoral students:

1. Anja Barić, mag-biol.mol. - 2018 enrolled as a Neuroscience doctoral student
2. Helena Justić, mag.biol.exp. - 2018 enrolled as a Neuroscience doctoral student

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

MD theses:

1. Šimunić Sven. Morphological analysis of murine brain following ischemic injury and natriuretic peptides application. Graduation thesis. School of Medicine, University of Zagreb, Zagreb, 2015.
2. Borden Gabriel. Morphological analysis of brain injury after early neonatal hypoxia – ischemia in mice. Graduation thesis. School of Medicine, University of Zagreb, Zagreb, 2016.

MEMBERSHIPS

2015. - 2018 Max Planck Society
2012. -to date Croatian Society for Neuroscience
2009. - to date International Brain Research Organization - IBRO Alumni
2009. - 2015. Croatian Microscopy Society
2008. - to date Croatian Physiological Society

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 17.04.2017.

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Saccomano M, Albers J, Tromba G, Dobrivojević Radmilović M, Gajović S, Alves F and Dullin C. Synchrotron inline phase contrast μ CT enables detailed virtual histology of embedded soft-tissue samples with and without staining. J. Synchrotron Rad. 2018;25.

Kostiva U, Patsulaa V, Šloufa M, Pongrac IM, Škokić S, Dobrivojević Radmilović M, Pavičić I, Vinković Vrček I, Gajović S, Horák D. Physico-chemical characteristics, biocompatibility, and MRI applicability of novel monodisperse PEG-modified magnetic $\text{Fe}_3\text{O}_4/\text{SiO}_2$ core-shell nanoparticles”. ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Milan Radoš, assoc.prof.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Pathophysiology of the brain and the CSF; Synaptic plasticity and mind

BIOGRAPHY

I was born 21st September 1972, at Tomislavgrad (Bosnia at Herzegovina). I graduated at School of Medicine University of Zagreb at year 1997. and then obtained Master of Science degree at year 2001 for research conducted at Croatian Institute for Brain Research. Investigations for doctoral thesis were performed at McGill University in Montreal, while doctoral degree was obtained at Faculty of Natural Sciences in Zagreb at year 2006.

From June 2001 to December 2006 I was at position of research-fellow, and during period December 2006-September 2009 I was at position of assistant at Department of Neuroscience at Croatian Institute for Brain Research. In period September 2009-May 2016 I was at position of assistant professor, and since May 2016 I work as associated professor at Department of Neuroscience at Croatian Institute for Brain Research.

I participate in lectures since academic year 2001/2002 at School of Medicine Course Fundamental of Neuroscience and since year 2003 I participate as lecturer and course leader in post-doctoral studies.

In period 2001-2003 I was at scientific education at Department of Pharmacology and Therapeutics at McGill University where I had studied peripheral neuropathy. During year 2009 I spent one month in McConnell Brain Imaging Centre learning how to acquire and analyse functional magnetic resonance image.

In period 2007-2011 I was resident of radiology at Department of diagnostic and interventional radiology at University Hospital Centre Zagreb.

I am leader of laboratory for functional neuroimaging, and since year 2013 I work as a director of Centre for Clinical Research in Neuroscience.

My scientific interests are focused to use of magnetic resonance in studies of cerebrospinal fluid pathophysiology and perinatal brain lesion.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Ericsson Nikola Tesla d.d.

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Telemedicina

BIOGRAPHY

Mario Ravić is Manager of IoT & Digital Health business area in company Ericsson Nikola Tesla. He led product development and market introduction for medical product Ericsson Mobile Health used for remote patient monitoring on the global market. For the last nine years he is actively involved in commercial and research digital health projects worldwide. He is employed in Ericsson Nikola Tesla on various positions for the last 18 years. He graduated on Faculty of electrical engineering and computing in 1999 where he also obtained M.Sc. in 2011, and during 2016 he enrolled graduate program „Leadership and Management of Healthcare Services“ on Medical Faculty in Zagreb.

Education and Academic Degrees:

1975 – Medical Doctor Medical Faculty of Zagreb

1978 – 1979 Guest Worker, Laboratory of Preclinical Neuropharmacology, NIMH, Saint Elizabeth's Hospital, Washington D.C. USA

1979 – Master of Biomedical Sciences, Postgraduate Scientific Perfection in Biomedicine

1980 – Doctor of Medical Sciences, University of Zagreb

1982 – Postgraduate Study of Clinical Neuropharmacology, Medical faculty, Zagreb

1987 – Assistant Professor of Neurology, Medical School University of Zagreb

1990 – date Professor of Neurology, Medical School University of Zagreb

1995 - 1996 Visiting Professor, Department of Neurology, Turku University, Finland

2006 – Full professor of Neurology Medical School University of Zagreb

2012 - Full professor of Neurology-tenured Medical School University of Zagreb

Brief Chronology of Employment:

1975 – 1976 Internship, Clinical Medical Center Zagreb

1976 – 1979 Scientific Assistant "Ruđer Bošković Institute", Zagreb

1980 -2018 Date Department of Neurology, Medical School, University of Zagreb

1995 – 2018 date Head Referral Centre for Movement Disorders and Neurodegeneration Republic of Croatia, Clinical medical Center - Department of Neurology, Medical School of Zagreb, University of Zagreb

Teaching Experience:

- Lectures in the Neurology course, undergraduate students, postgraduate courses in Neurology (Course leader), Preclinical and Clinical Pharmacology, Urology, Geriatrics, Family medicine

- Lectures in doctoral study Medical School of Zagreb (Courses leader)

– Supervisions for PhD students (PhD Thesis)

Professional activities:

University: Coordinator of postgraduate course of clinical neurology; Medical school: doctoral study committee

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Others: Editorial Board member of J Hedache, J Parkinson's disease; Guideline committees: EAN; Vice-president of Dystonia Europe

Membership: American Academy of Neurology (AAN), Movement Disorder Society (MDS), Parkinson's Disease and Related Disorders (PDRD), European Academy of Neurology (EAN), European Pharmacological Societies Association (EPHAR) and International Union of Pharmacological Societies (IUPHAR), Vice-president of Dystonia Europe

Scientific research project

2000-2015 Project of Croatian Ministry of Science 'Pharmacology of Movement Disorders' - principal investigator

2005-2013 International Collaborative project of Deutscher Akademischer Austausch Dienst' (DAAD) „Antinociceptive activity of botulinum toxin type A: new mechanisms of action, new indications? (Croatia, Germany)

2011-2015 COST BM1001EU action project 'European network for the Study of Dystonia Syndrome' (coordinator WG4 group)

2018-date European Brain Council- EBC The value of treatment for brain disorders project : EBC VoT2 project (principal investigator)

Scientific research field: Peripheral dopaminergic receptors, Botulinum toxin and pain, Non-motor symptoms in dystonia and Parkinson's Disease and Quality of life, Quantification of Neurologic deficit

Clinical Research Experience (clinical studies - principal investigator)

1988 - Deprenyl (MAO-B inhibitor) st No 3794-44; 1996 - Selegilin (MAO.-B inhibitor): 1996/7 - Entacapone (COMT inhibitor); 1996/7 - Botox (CD); 2001/04 - Botox (Migraine); Motion study 27918; Motion study extension 27938 (2015/18) Cosmos Study (COmedication Study assessing Mono- and combination therapy with levodopa-carbidopa inteStinal gel) (2017/2018).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 26.04.2012.

University Hospital “Sestre milosrdnice”

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Elektrofiziološke metode u medicinskim istraživanjima

BIOGRAPHY

ENT specialist since 1996., and subspecialist in Audiology since 2004.

1991./1992. employed at the University Clinic for Neurology, field of neurophysiology, performing electromyoneurography under the mentorship of Professor Anica Jušić, MD, PhD.

Since 1992. Employed at the University Clinic for ENT and Head and Neck Surgery, University Hospital „Sestre milosrdnice“ .

From 2009. Employed at the School of Medicine, University of Zagreb, since 2017. as Assist. Professor. Involved in the subject of Basic Medical Artistry since 2012. Since 2014. Involved in the postdoctoral scientific study subject „Electrophysiology in medical research“. Teacher in the subject ENT and surgery of head and neck in English language at the School of Medicine, University of Zagreb. Vice president of the Croatian Society for Audiology and Phoniatrics, and president of the section for Otology and Neurotology.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2017.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Assoc. Prof. Dunja Rogić, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University Hospital Center Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Biochemical Methods in Biomedical Research, Evidence-based medicine**BIOGRAPHY**

Assoc. Prof. Dunja Rogić, PhD, was born on 8 Oct 1962 in Zagreb where she graduated from the Faculty of Pharmacy and Biochemistry; in 1991 she defended her M.Sc. thesis and in 2000 her PhD thesis; she became a medical biochemistry specialist in 1995. Since 1987 she has been employed at the University Hospital Center Zagreb; she has been head of Department of Laboratory Diagnostics since 2013. In 2002, she completed a postgraduate study entitled "Leadership and Management in Health Services" (Andrija Štampar School of Public Health, Zagreb University School of Medicine and London School of Economics), and the following courses: Critical Appraisal Skills, and: Teaching Evidence-Based Medicine, Oxford, UK. In 1999 she was at the Institute for Clinical Chemistry, Klinikum München-Bogenhausen, Munich, Germany (prof. dr. Walter Guder) where she learnt about an expert system for urine protein differentiation and translated it in Croatian; then she spent a study period at the Institute for Clinical Chemistry, Kaiser Franz-Josef Spital, Vienna, Austria (prof. dr. Matthias Mueller), and in 2010 she was on an academic visit to the laboratory of the University Hospital in Skåne, Malmö, Sweden. She was elected asst. professor of the Faculty of Pharmacy and Biochemistry in 2008, and an associate research scientist in 2012. She has actively collaborated in research projects of the Croatian Ministry of Science, Education and Sports, of the Croatian Science Foundation, and in two international projects. She has been a chairperson of scientific and organizing committees of a number of national scientific and professional meetings (e.g., International Advisory Scientific Board, Worldlab 2014), an invited speaker, a director and organizer of the international course Evidence-Based Laboratory Medicine, and a lecturer and organizer of continuous education courses for physicians and medical biochemists. She participates in postgraduate teaching at the Zagreb University School of Medicine; since 2008 she has taught and been a course coordinator in undergraduate and postgraduate studies of the Faculty of Pharmacy and Biochemistry, University of Zagreb. She is the author of 73 scientific and professional papers and 154 congress abstracts at international and national scientific and professional meetings. She is the co-editor of two books and textbooks for undergraduate students, and the author of four chapters in books and of a number of chapters in continuous education course handbooks. She has mentored the preparation of 17 graduate theses by students of the Zagreb University Faculty of Pharmacy and Biochemistry, and of three PhD dissertations. She is a member of the international IFCC Committee for Evidence-based Laboratory Medicine and of the international IFCC Working Group for Postanalytical Phase; she was vice-president (2007-2017) of the Croatian Chamber of Medical Biochemists, and since 2017 she has been a chairperson of the Chamber's Committee for Professional Issues; a member of Ethics Committee, University Hospital Center Zagreb, since 2014, a member of the National Medical Council, Croatian Ministry of Health, since 2015, and a member of the Committee for Automated Biochemistry Analyzers, Croatian Ministry of Health, since 2018.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 21 Oct 2013**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Ajzner É, Rogic D, Meijer P, Kristoffersen AH, Carraro P, Sozmen E, Faria AP, Sandberg S; joint Working Group on Postanalytical Phase (WG-POST) of the European Federation of Clinical Chemistry and Laboratory Medicine (EFLM) and European Organisation for External Quality Assurance Providers in Laboratory Medicine (EQALM). An international study of how laboratories handle and evaluate patient samples after detecting an unexpected APTT prolongation. *Clin Chem Lab Med* 2015;1;53(10):1593-603.

Kristoffersen AH, Ajzner E, Rogic D, Sozmen EY, Carraro P, Faria AP, Watine J, Meijer P, Sandberg S; joint Working Group on Postanalytical Phase (WG-POST) of the European Federation of Clinical Chemistry and Laboratory Medicine (EFLM) and European Organisation for External Quality Assurance Providers in Laboratory Medicine (EQALM). Is D-dimer user according to clinical algorithms in the diagnostic work-up of patients with suspicion of venous thromboembolism? A study in six European countries. *Thromb Res* 2016;142;1-7.

Šegulja D, Matišić D, Honović L, Batinić J, Rogić D. Unusual pattern in haemoglobin electrophoresis in Croatian population: a case report. *Biochem Med* 2016;26(3):451-456.

Lapić I, Fressl Juroš G, Rako I, Rogić D. Changing the electronic request form proves to be an effective tool for optimizing laboratory test utilization in the emergency department. *International Journal of Medical Informatics* 2017;102:29-34.

Fogazzi GB, Anderlini R, Canovi S, Covarelli C, Gras J, Kučera J, Proietti A, Rogic D, Teboul R, Ferraris Fusarini C, de Liso F, Garigali G, Daudon M. "Daisy-like" crystals: A rare and unknown type of urinary crystal. *Clinica Chimica Acta* 2017;471:154-157.

Kristoffersen AH, Ajzner E, Bauca JM, Carraro P, Faria AP, Hillarp A, Rogic D, Sozmen EY, Watine J, Meijer P, Sandberg S. Pre- and post-test probabilities of venous thromboembolism and diagnostic accuracy of D-dimer, estimated by European clinicians working in emergency departments. *Thromb Res* 2017;18;159:19-23.

Mlinaric A, Milos M, Coen Herak D, Fucek M, Rimac V, Zadro R, Rogic D. Autovalidation and automation of the postanalytical phase of routine hematology and coagulation analyses in a university hospital laboratory. *Clin Chem Lab Med* 2017; 56(3): 454-462.

Fuček M, Dika Ž, Karanović S, Vuković Brinar I, Premužić V, Kos J, Cvitković A, Mišić M, Samardžić J, Rogić D, Jelaković B. Reliability of CKD-EPI predictive equation in estimating chronic kidney disease prevalence in the Croatian endemic nephropathy area. *Biochem Med (Zagreb)* 2018;28(1):010701.

Zekušić M, Škaričić A, Fumić K, Rogić D, Žigman T, Petković Ramadža D, Vukojević N, Ruefenacht V, Uroić V, Barić I. Metabolic follow-up of a Croatian patient with gyrate atrophy and a new mutation in the OAT gene: a case report. *Biochem Med (Zagreb)* 2018;28(3):030801.

LIST OF PUBLISHED WORK IN THE LAST FIVE YEARS

Dumic-Cule I, Brkljacic J, Rogic D, Bordukalo Niksic T, Tikvica Luetic A, Draca N, Kufner V, Trkulja V, Grgurevic L, Vukicevic S. Systemically available bone morphogenetic protein two and seven affect bone metabolism. *Int Orthop* 2014;38(9):1979-85.

Dumic-Cule I, Draca N, Luetic AT, Jezek D, Rogic D, Grgurevic L, Vukicevic S. TSH prevents bone resorption and with calcitriol synergistically stimulates bone formation in rats with low levels of calciotropic hormones. *Horm Metab Res* 2014;46(5):305-12.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Martina Rojnić Kuzman, assist. professor**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Zagreb School of Medicine, University of Zagreb and Zagreb University Hospital Centre**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Pharmacogenomics**BIOGRAPHY**

Born in Pula 1978. Education: 2002 – MD (School of Medicine University of Zagreb), 2008 – Psychiatrist (University Hospital Centre Zagreb), 2008 – PhD (psychiatry) (School of Medicine University of Zagreb). Actively involved in clinical and research work with patients with first episode psychosis. Published more than 50 expert and scientific papers, and serves as associate editor in journal *Psychiatria Danubina* (2011.-), reviewer of number of international journals. Actively involved in professional associations at international and national level, serving as secretary general of the Croatian Psychiatric Association (CPA) (2014-), and Board member of the European Psychiatric Association (2017 -), continuing former activities (president of the European Federation of Psychiatry Trainees (2008-2011); president and founder of the Croatian Section of Young Psychiatrists and Trainees, CPA (2005-2009); Board Member of the ECPC - EPA (2009 - 2013) and chair of the ECPC - EPA (2013-2015). Teaching students at the Zagreb School of Medicine, since 2003, also having mentorship of doctoral and graduate thesis, and students research work.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

1. Kudlek Mikulic S, Mihaljevic-Peles A, Sagud M, Bajs Janovic M, Ganoci L, Grubisin J, Kuzman Rojnic M, Vuksan Cusa B, Bradaš Z, Božina N. Brain-derived neurotrophic factor serum and plasma levels in the treatment of acute schizophrenia with olanzapine or risperidone: 6-week prospective study. *Nord J Psychiatry*. 2017;71(7):513-520.
2. Kao AC, Rojnic Kuzman M, Tiwari AK, Zivkovic MV, Chowdhury NI, Medved V, Kekin I, Zai CC, Lieberman JA, Meltzer HY, Božina T, Božina N, Kennedy JL, Sertic J, Müller DJ. Methylenetetrahydrofolate reductase gene variants and antipsychotic-induced weight gain and metabolic disturbances. *J Psychiatr Res* 2014;54:36-42.
3. Lovrić M, Božina N, Hajnšek S, Kuzman MR, Sporiš D, Lalić Z, Božina T, Granić P. Association between lamotrigine concentrations and ABCB1 polymorphisms in patients with epilepsy. *Ther Drug Monit*. 2012;34(5):518-25.
4. Kuzman MR, Medved V, Božina N, Grubišin J, Jovanovic N, Sertic J. Association study of MDR1 and 5-HT2C genetic polymorphisms and antipsychotic-induced metabolic disturbances in female patients with schizophrenia. *Pharmacogenomics J*. 2011;11(1):35-44.
5. Božina N, Kuzman MR, Medved V, Jovanovic N, Sertic J, Hotujac L. Associations between MDR1 gene polymorphisms and schizophrenia and therapeutic response to olanzapine in female schizophrenic patients. *J Psychiatr Res*. 2008;42(2):89-97.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ivica Rubelj Prof. PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Ruđer Bošković Institute

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Molecular Genetics of Aging and Carcinogenesis

BIOGRAPHY

Education:

PhD in Molecular biology, Faculty of sciences, University of Zagreb, 1991.

MSc in Molecular biology, Faculty of sciences, University of Zagreb, 1989.

BSc in Experimental biology, Faculty of sciences, University of Zagreb, 1985.

Work experience:

2018- Senior Scientist at Ruđer Bošković Institute, Department of Molecular biology.

2011-2018: Senior Research Associate at Ruđer Bošković Institute, Department of Molecular biology.

2001-2011: Research Associate at Ruđer Bošković Institute, Department of Molecular biology.

1996-2001: Senior research assistant at Ruđer Bošković Institute, Department of Molecular genetics.

2002- : Head of the Laboratory for Molecular and Cell Biology at Ruđer Bošković Institute, Department of Molecular biology.

Postdoc employments:

1995-1996: Postdoctoral fellow at “Louisiana State University Medical Center”, New Orleans, Louisiana, USA.

1991-1995: Postdoctoral fellow at “Baylor College of Medicine”, Houston, Texas, USA.

Short term fellowships:

2006."Sam and Ann Barshop Center for Longevity and Aging Studies, UTHSCSA" San Antonio, Texas, USA.

2003."Sam and Ann Barshop Center for Longevity and Aging Studies, UTHSCSA" San Antonio, Texas, USA.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 20.12.2018.-

Senior scientist at RBI; 28.9.2018.-Appointed Full Professor at Faculty of Sciences

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Academician Pavao Rudan**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Institute for Anthropological Research**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Medical Anthropology**BIOGRAPHY**

Academician Pavao Rudan, established anthropology as a science in Croatia and initiated holistic analytic research of population structure of Croatia. He was general secretary and member of organizational committee of 1st Congress of European Anthropological Association – 1stCEAA that was held in Zagreb in 1977. He is founder of undergraduate and graduate studies of Anthropology and postgraduate study of Biological Anthropology in University of Zagreb. He is a member of Croatian Academy of Sciences and Arts since 2006, and from 2011 a general secretary. He is director of the Permanent Scientific Programme *Anthropological Research of the Population Structure of Croatia* funded by Ministry of Science, Education and Sports of the Republic of Croatia. He was leader, advisor and principal researcher in nine internationally funded projects, some of them are: *Genetics of metabolic syndrome in an Adriatic population* (National Institutes of Health USA), *Mapping quantitative trait loci in Croatian island isolates*, (Medical Research Council, UK), *The Neandertal Genome Project* (Max Planck Institute for Evolutionary Anthropology, Berlin - Brandenburg Academy of Sciences and Humanities, Croatian Academy of Sciences and Arts), *Biological and Cultural Microdifferentiation among Rural Populations* (Smithsonian Institute, USA). He published over 500 scientific papers, reviews, proceedings and abstracts, from which 230 are original scientific papers. He received many awards and acknowledgments, to point out *Newcombe Cleveland Price* by the American Association for the Advancement of Science for the best scientific paper written in co-authorship and published in *Science*, 382/5997, 2010, 710-722.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

Scientific Advisor; Full Professor, 2007 (Full Professor: 2007. School of Medicine, University in Osijek; 2000. Faculty of Social Sciences and Humanities, University of Zagreb; 1997. Faculty of Natural Sciences and Mathematics, University of Zagreb; 1988 - School of Medicine, University of Zagreb).

Professor Nadan Rustemovic, MD, PhD, internal medicine specialist and gastroenterologist, the head of the Interventional Gastroenterology center of the University Hospital Centre Zagreb, the head of the Referral center for Interventional Gastroenterology of the Ministry of Health of the Republic of Croatia and the head of “Official ESGE Host Training Centre”. He takes part in undergraduate and in postgraduate teaching at the Medical School of Zagreb. He is a co-leader and a lecturer in a couple of courses of continuous medical education for ultrasound and endoscopy. He is the head of the organization committee of a yearly workshop “Algorithms in gastrointestinal endoscopy and endoscopic ultrasound”, and since 2013 he organizes “hands-on-training” workshop on mechanical and animal models. He authored several chapters in medical textbooks, published many papers and held more than one hundred invited lectures.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Project leader approved by the Ministry of Science of the Republic of Croatia (2002): Evaluation of telemedicine consultations in ultrasound diagnostics (No. 0214214), which was closed but was the basis for the establishment of the Institute for the Application of Telemedicine in Gastroenterology at KBC Zagreb, which is also the MZRH Reference Center

Contributor to the Ministry of Science project: Inflammatory bowel disease (Crohn's bolset and ulcerative colitis) - (No. 108-1081874-1917)

Previous projects:

1. From 1995-2001 researcher on a scientific project: "Interventional gastroenterology, development and application of new technologies".

2. Consultant in the pilot project of the Ministry of Science and Technology "Virtual Polyclinic-specialist consular service for the islands "2000 which developed into a comprehensive project of Island Telemedicine under the auspices of the Government of the Republic of Croatia

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: George Rutherford, professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of California, San Francisco

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Research and evaluation methods of health interventions

BIOGRAPHY

Professor Rutherford is the Director for the Institute for Global Health, the Salvatore Pablo Lucia Professor and the Head of the Division of Prevention Medicine and Public Health in the Department of Epidemiology and Biostatistics in the School of Medicine, University of California, San Francisco. He is also Professor of Pediatrics and of Family and Community Medicine and Adjunct Professor of Epidemiology and Health Administration at the School of Public Health at the University of California, Berkeley. Educated at Stanford University and the Duke University School of Medicine, Professor Rutherford is board certified in pediatrics and in general preventive medicine and public health.

Following training in epidemiology in the Centers for Disease Control's Epidemic Intelligence Service, he spent the majority of his professional career in public health practice, with a primary emphasis on the epidemiology and control of communicable diseases. He has held a number of positions in public health agencies, including serving as the State Health Officer for the California Department of Health Services, the State Epidemiologist for the California Department of Health Services, the Director of the AIDS Office for the San Francisco Department of Public Health and the Director of the Division of Immunizations for the New York City Department of Health.

Professor Rutherford is currently the director of the Joint UCSF-University of California, Berkeley Residency Program in Public Health and General Preventive Medicine. He also is the Director of the Center for AIDS Prevention Studies' International Program and the Coordinating Editor of the Cochrane Collaborative Review Group on HIV Infection and AIDS.

At the University of California, Professor Rutherford teaches courses on public and international health, public health surveillance, preventive medicine, and the design of clinical research trials. His current research interests include the epidemiology and control of human immunodeficiency virus infection and AIDS-related opportunistic infections, especially in the developing world, the prevention of coccidioidomycosis, sexually transmitted disease control in California, pediatric vaccination policy, the role of public health in managed care, evidence-based public health practice, the epidemiology and control of tuberculosis in California and emerging infectious diseases.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

GH15-1615, NAMIBIA, UCSF-GSI Technical Assistance in Strategic Information and Health Systems Strengthening under NAMPHACTS

CDC/CGH U2GGH001410Apr 1, 2015 - Mar 31, 2020

Role: Principal Investigator

Enhancing Strategic Information Capacity for HIV/AIDS Programs in Kenya through Surveillance and Epidemiology, Monitoring and Evaluation under the U.S. PEPFAR (Program Area A and Program Area B)

CDC/CGH U2GGH001520Apr 1, 2015 - Mar 31, 2020

Role: Principal Investigator

GH13-1328, HQ, Technical Assistance to Countries Supported by the PEPFAR and Global

CDC/CGH U2GGH000977Sep 30, 2013 - Mar 31, 2019

Role: Principal Investigator

RWANDA TRIANGULATION PROJECT

CDC/NCHHSTP U2GPS002742Sep 30, 2010 - Sep 29, 2014

Role: Principal Investigator

PS09-990: CDC KENYA - MONITORING AND EVALUATION (M&E)

CDC/NCHHSTP U2GPS001814Sep 30, 2009 - Mar 31, 2015

Role: Principal Investigator

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

PROVISION OF TECHNICAL ASSISTANCE TO STRENGTHEN HIV STRATEGIC INFORMATION ACTIVIT

CDC/NCHHSTP U2GPS001945Sep 1, 2009 - Mar 31, 2015

Role: Co-Principal Investigator

PS09-904:GHANA UCSF TECH. ASSISTANCE TO SUPP. PRESIDENTS EMERGENCY PLAN FOR AIDS

CDC/NCHHSTP U2GPS001469Apr 1, 2009 - Mar 31, 2015

Role: Principal Investigator

PS09-904 ATLANTA HQ UCSF TECHNICAL ASSISTANCE TO SUPPORT PEPFAR

CDC/NCHHSTP U2GPS001468Apr 1, 2009 - Mar 31, 2014

Role: Principal Investigator

PS09-904:TANZANIA UCSF TECH. ASSISTANCE TO SUPP. PRESIDENTS EMERG. PLAN FOR AIDS

CDC/NCHHSTP U2GPS001472Apr 1, 2009 - Mar 31, 2014

Role: Principal Investigator

UNIV. TECHNICAL ASSISTANCE PROJECTS IN SUPPORT OF THE GLOBAL AIDS PROGRAM

CDC/NCHHSTP U62PS922423Sep 30, 2002 - Mar 31, 2010

Role: Principal Investigator

International Traineeships in AIDS Prevention Studies (ITAPS)

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Maja Sabol, Assist. Prof., Ph.D.**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Ruđer Bošković Institute**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Methods in molecular oncology**BIOGRAPHY**

Born in Zagreb in 1981, where she completed her graduate Studies of Molecular Biology at the University of Zagreb, Faculty of Science in 2004. She enrolled in Postgraduate Study in 2005, and successfully completed it in 2010, when she defended her thesis titled "Mechanism of HH-Gli signaling pathway activation in ovarian dermoid primary cultures" at the University of Zagreb, Faculty of Science. She also completed a Specialist Course of Project Management in 2013 at the University of Applied Studies "Baltazar Adam Krčelić", Zaprešić. She was employed at the Ruđer Bošković Institute (RBI) in 2005 as a research assistant, in the group led by prof. dr. sc. Sonja Levanat. There she focused on studying the role of signaling pathways in tumorigenesis, with a special emphasis on the Hedgehog-Gli signaling pathway. From 2013 to 2015 she did her postdoctoral training at the Institute for Molecular Genetics (IMG) in Prague, Czech Republic. During her postdoc, she also spent 3 months at the Institute for Molecular and Cell Biology (IGBMC) in Strasbourg, France. After completing her postdoc, she returned to the RBI as a senior assistant, and since 2016 she is employed as a research associate. She has 24 published papers with more than 190 citations. Currently she is a principal investigator on a project funded by the Croatian Science Foundation.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 24/04/2018
Assistant Professor

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Professor Aida Salihagić Kadić, MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Medical School University of Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Fetal and Neonatal Neurophysiology, Fetal Behavior**BIOGRAPHY**

She was born on 6th May 1959. She graduated from the University of Zagreb Medical School in 1984 and has been employed at the Department of Physiology since 1986. MSc thesis in 1988 and PhD thesis in 1989. The second postgraduate study Ultrasound in Clinical Medicine completed in 1993. From January 1995 to April 1996: postdoctoral fellow (INSERM-French Ministry of Science Fellowship Award)-collaborator on the scientific projects «Hypoxia in utero, brain lesions, postnatal behavior» and «Development of the fetal brain and cocaine intoxication». In 1992, she was appointed on the position of Assistant Professor and in 1997 the Associate Professor of Physiology, Immunology and Fundamental Neuroscience. From 2000 to 2004-Head of the Department of Physiology, University of Zagreb Medical School. In 2008 she was appointed on the position of Full Professor (field Basic Medical Sciences, branches Physiology and Neuroscience) and in 2013 permanent position of Full Professor. She was leader of 4 scientific projects, financed by the Ministry of Science, Education and Sports of the Republic of Croatia and 1 project financed by University of Zagreb. She was mentor for 9 graduation theses and 2 doctoral theses (one of them is voted and awarded for the best dissertation at the University of Zagreb Medical School in 2002). She is mentor of one PhD thesis. Research area: fetal physiology, intrauterine growth restriction and fetal hypoxia, fetal behaviour, perinatal brain damage. She has developed a non-invasive method for the assessment of cerebral blood vessels in the fetuses exposed to chronic hypoxia and participated, together with an international team of scientists, in the creation of a new test for the evaluation of the neurological status of the fetus. She is the author of numerous chapters in the field of fetal physiology and neurophysiology in nationally and internationally published books and the author/co-author of 6 handbooks (3 university), 3 university textbooks, and scientific book. She has published 36 papers indexed in Current Contents, and 26 papers indexed in other international index publications (Science Citation Index, IM, Excerpta Med). Total citation (Scopus): >1160, h-index: 20. She is a member of the Croatian Society for Neuroscience and the World Association of Perinatal Medicine as well as an associate member of the International Academy of Perinatal Medicine and she has been Vice President of the Croatian Society of Physiologists since 1999.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

- 1991-96: Group leader and principle investigator on the scientific project: “Arise and development of the fetal circulation detected by transvaginal color Doppler”, granted by Croatian Ministry of Science
- 1995-1996: Collaborator on scientific projects “Hypoxia in utero, brain lesions, postnatal behavior”, INSERM, Tours, France
- 1995-1996: Collaborator on scientific projects “Development of the fetal brain and cocaine intoxication”, INSERM, Tours, France
- 1997-2001: Group leader and principle investigator on the scientific project: “Fetal hypoxia and cerebrovascular reactivity”, granted by Croatian Ministry of Science
- 2002-2006: Group leader and principle investigator on the scientific project: “Fetal hypoxia index in prevention of perinatal brain damage”, granted by Croatian Ministry of Science
- 2007-2014: Group leader and principle investigator on the scientific project: “C/U ratio and motor parameters in prevention of perinatal brain damage”, granted by Croatian Ministry of Science
- 2013-14: Group leader and principle investigator on the scientific project „New algorithm for the prevention of neurological disabilities and damage in children with intrauterine growth restriction ", granted by University of Zagreb

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

- 2007-2014: Group leader and principle investigator on the scientific project: “C/U ratio and motor parameters in prevention of perinatal brain damage”, granted by Croatian Ministry of Science
- 2013-14: Group leader and principle investigator on the scientific project „New algorithm for the prevention of neurological disabilities and damage in children with intrauterine growth restriction ", granted by University of Zagreb

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME AND THE TITLE OF THE TEACHER: SANDA SARDELIĆ, PHD, MD

NAME OF THE INSTITUTION OF EMPLOYMENT OF THE TEACHER: UNIVERSITY HOSPITAL CENTER SPLIT

NAME OF THE COURSE/MODULE THAT SHE TEACHES: Multiresistant bacteria associated with nosocomial infections

BIOGRAPHY

EDUCATION:

1983-1989 MEDICAL SCHOOL SPLIT UNIVERSITY OF ZAGREB - Medical degree MD

1992-1995 POSTGRADUATE STUDY IN CLINICAL PHARMACOLOGY, UNIVERSITY OF ZAGREB MEDICAL SCHOOL

1995 - MEDICAL SCHOOL UNIVERSITY OF ZAGREB MASTER OF SCIENCE DEGREE MSc

1996-2000 SPECIALIZATION IN MEDICAL MICROBIOLOGY, UNIVERSITY HOSPITAL CENTRE SPLIT AND ZAGREB

November 9th, 1998 Assistant, Department of Microbiology Medical School University of Split

1998-2000 POSTGRADUATE STUDY IN MICROBIOLOGY AND PARASITOLOGY UNIVERSITY OF ZAGREB MEDICAL SCHOOL

2010 MEDICAL SCHOOL UNIVERSITY OF ZAGREB DOCTORAL DEGREE PhD

2014 MEDICAL SCHOOL UNIVERSITY OF SPLIT - SCIENTIFIC ASSOCIATE

EMPLOYMENT:

1989-1990 RESIDENCY-CLINICAL HOSPITAL SPLIT

1990-1991 GENERAL PRACTITIONER SPLIT

1991- 1996 UNIVERSITY HOSPITAL CENTRE SPLIT, DEPARTMENT OF CLINICAL PHARMACOLOGY

1996 TO DATE UNIVERSITY HOSPITAL CENTRE SPLIT, DEPARTMENT OF CLINICAL MICROBIOLOGY

DATE OF LAST APPOINTMENT TO A RESEARCH RANK: July 2nd, 2014, Scientific Associate Medical School University Hospital Centre Split

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Prof. Sven Seiwerth, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Morphological research methods in biomedical sciences

BIOGRAPHY

Date and place of birth: 20.02.1959, Zagreb.

Faculty of Medicine: University of Zagreb. Joined 1977 graduated in 1983.

Prerequisites: DZ Center, Zagreb, 1984.

Professional Exam: 1984. year

Scientific number: 177914

Professional and scientific advancement:

Specialist Pathology Practice: From November 1986 to February 1990

Specialist exam: 1990.

Postgraduate study in experimental pharmacology, Faculty of Medicine, University of Zagreb. 1987-88

Defended scientific master's thesis: 1989 Defended Doctoral Thesis in 1993 at the Faculty of Medicine in Zagreb.

Scientific Assistant at the Department of Pathology at the Faculty of Medicine, University of Zagreb, 1990.

Assistant professor in cumulative work in the Department of Pathology: 1996

Associate Professor: 2001

Full professor in 2007

Tenure: 2012

Working place: Department of Pathology at the Faculty of Medicine of the University of Zagreb from 1985 until today

Clinical Base: KBC Zagreb, from 1996 until today

Field of Professional Work: Pathology of the Locomotor System, Pulmonary Pathology, Molecular Pathology

Prof. Seiwerth is a full time tenured professor of pathology, Head of the Department of Pathology and Head of the Department of Pathology at the Faculty of Medicine, University of Zagreb, and head of the Department of Pathology of Bone and Soft Tissue and Pathology of the Clinical Institute of Pathology of KBC Zagreb. In the last five and a half years, he was a Vice-Dean of the School of Medicine, and three years ago Assistant Dean for Graduate Teaching. For thirty years he has been continuously participating in all forms of graduate and postgraduate studies at the Faculty and at the ent of Health and continuing education courses. He is intensively involved in scientific work and encourages and assists the academic work of students and younger colleagues. He is in the group of the most successful scientists of our faculty (over 135 papers in PubMed and over 120 in CC). He is involved in the inter-institutional and international cooperation of the School, and is a member of the working group for the creation of the Catalogue of Knowledge and Skills, the Clinical Skills Booklet and the Learning Outcomes Catalogue. In four terms, he is the Secretary General of the Croatian Association of Pathologists and Judicial Medics with the task of international cooperation, and the National Representative at UEMS / Board of Pathology, where he is also the Secretary General. He has also been appointed National Coordinator for Specialist Training in Specialization in Pathology and has successfully completed the development of a new specialty program "Pathology and Cytology Logic", which combines the two specializations

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

(Pathological Anatomy and Clinical Cytology), thus leaving Croatia to be one of the two remaining EU countries with separate specialization. Organized or participated in the organization of numerous domestic and international conferences, one of the main organizers of the European School of Pathology Zagreb Edition, one of the initiators and major organizers of the Pannonia Congress of Pathology (a biennial regional congress that includes Austria, Czech Republic, Croatia, Hungary, Slovakia and Slovenia), and President of the Organizing Committee of the Memorial Meeting Sergey Saltykow. He is a member of the Regional Council for Biomedicine at the University of Zagreb (six years) and the University Senate.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 15.05.2012

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Quantitative analysis and transmission of images in pathology

Pentadecapeptide BPC 157 - Further research

Influence of pentadecapeptide BPC 157 on female urogenital system

The effect of BPC 157 on induced bilijar obstruction

Hepatocellular tumours

Comparative diagnostics, morphometry and human and animal tumor analysis

Shaping bone defect after implantation

Pentadecapeptide BPC 157 - Effective Therapy of Muscle and Tinnitus

Genetic research of the effect of BPC-157 on microorganisms

Lipids, free radicals and their messengers in integrative oncology

Oxidative stress and central nervous system tumours

Pharmacogenetics in Paediatric Oncology

Malignant diseases in children

Genetic Therapy of Mineralized Tissues

Mechanisms of lipoprotein structure damage by external factors

Molecular basis of thyroid cancer criteria in the treatment of differentiated carcinomas

Molecular mechanisms of the formation of precancerous and cancerous lesions of the oral cavity

Influence of organized education on quality of work in outpatient care

Cytological indicators of cell proliferation

Doppler myocardial in early detection and monitoring of cardiovascular diseases

Experimental and Clinical Endodontology

Experimental embryonic tumours and development of mammalian embryos in vitro and in vivo

Epigenetic changes of pancreatic cell carcinoma of the head and neck

Carcinogenesis in Thyroidism and Stomach in Croatia

Treatment of diseases and injuries of large joints of cartilage

Modelling bioactive molecules and testing their properties and effects

Modelling of molecules and materials by methods of mathematical and computer chemistry

Molecular genetics and pharmacogenetics of gastrointestinal tumours

Molecular pathology in neoplasms of the female sex system

Molecular profiling of metastatic breast tumours

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Male and female sexual system: development, normal histophysiology and infertility

Application of the principle of medicine founded on scientific knowledge in the general hospital

Prognostic value of FOXP1 and FOXP3 in B lymphoproliferative diseases

Changed status of DNA methylation in HPV-related lesions

Changes in the telencephalic wall in patients with hydrocephalus

Developmental neuropathology of genetic malformations of human brain cortex

Thermal changes in bone healing after fracture

Radiation in patients with prostate cancer on Tregs-lymphocytes

Heart failure in Croatia

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Jadranka Sertić, full professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb, University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Movement Disorders, Biochemical methods in biomedical research; Selected chapters in epileptology in developmental age; Molecular and biochemical approach to genetic disorders; Genomic approaches in biomedical and translational research; Methods of molecular biology in medicine

BIOGRAPHY

Born: 1956. Education: 1980 Bsc, University of Zagreb, School of Biotechnology. 1985 MSc-MEF Zagreb, 1992 PhD-MEF Zagreb, 1992 specialist in medical biochemistry. Work experience: 1988-1990 researcher - Max Planck Institute for Biology Tuebingen, 2005-2012 Head of Department of Laboratory Diagnostics, University Hospital Centre Zagreb, 2011.-Head of Clinical Unit for Molecular Diagnostics, Department of Laboratory Diagnostics, University Hospital Centre Zagreb. 2006-2011 associate professor, 2012-2016 full professor, 2016 -full professor permanent position at the Department of Medical Chemistry, Biochemistry and Clinical Chemistry, School of Medicine, University of Zagreb. Scientific interest: laboratory medicine, hereditary diseases, molecular genetic and biochemical approach. Award: School of Medicine, University of Zagreb in scientific productivity in the project period 2007-2011, (" Genomics and proteomics risk factors of atherosclerosis") . Publications: more than 80 scientific papers, of which 59 in CC, more than 1300 CC and SCI citations, h-index=21, mentor of 8 doctoral dissertations, editor of two university textbooks. Memberships: Croatian Chamber of Medical Biochemists, Clinical Genetic Society of Croatia, Croatian Catholic Medical Society, 1999-2000 Croatian delegate at the IFCC, 1996-2012 at the EMQN. Teaching experience in postgraduate studies: leader of two courses in the Ph.D. program Biomedicine and Health Sciences, School of Medicine, University of Zagreb.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 11.12.2016.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** assistant prof. Nino Sinčić, MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** School of Medicine University of Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Epigenetics, Methods of investigation in vivo and in vitro ; Methods of molecular biology in medicine**BIOGRAPHY**

Nino Sinčić graduated at the School of Medicine University of Zagreb in 2005 and enrolled in a postgraduate doctoral program "Biomedicine and Health". In 2006 he was elected as assistant at the Department of Biology School of Medicine University of Zagreb, where he remains to date. In 2012, he gained a Ph. D. in Biomedicine and Health Sciences from the field of Basic Medical Sciences and promoted in scientific associate in 2013 and in 2015 in assistant professor. His research primarily focuses on the research of genetics and epigenetics in experimental teratocarcinoma and teratoma obtained by transplantation of embryos or parts thereof into the ectopic site and testicular tumors in humans. Among many trainings and professional educations, most prominent are training in epigenetic analysis at International Agency for Research on Cancer - World Health Organization (FR) in 2008 and 2009, in stem cell biology at Cold Spring Harbor (USA) in 2012, and magment of cancer research during "IARC 50 for 50: Empowering future cancer research leaders" on a direct call from the organizer International Agency for Research on Cancer - World Health Organization (FR) in 2016. He has published 19 scientific articles with significant scientific contributions, of which 9 in CC, 8 in SCI, 1 in Index Medicus and 1 in Excer. Medica. His work was cited 179 times (153 without self-citations). He published 1 book chapter indexed in Scopus. He held 11 lectures at scientific conferences and participated in national and international scientific conferences with 64 congress poster presentations, 3 were indexed in CC base, 2 in SCI base and 1 in Scopus database. He is a member of numerous societies and the winner of ARCA awards.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Prof. Maja Sirotković Skerlev, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Molecular genetics of gastrointestinal tumors

BIOGRAPHY

Maja Sirotković-Skerlev, MBZ: 119524

Associate professor

Department of Pathophysiology, School of Medicine, University of Zagreb, KBC Zagreb, Kišpatićeva 12, 10 000 Zagreb, Croatia

e-mail: majas@irb.hr

Education

2001, Ph.D., School of Medicine, University of Zagreb

1990/1991, education in Dana Farber Cancer Institute, Harvard Medical School, Boston, USA

1990, specialization in internal medicine, (board examination in June 1990)

1985, M.sc., School of Medicine, University of Zagreb

1982-1984, postgraduate study: Preclinical Experimental Pharmacology, School of Medicine, University of Zagreb

1982, MD, School of Medicine, University of Zagreb

Work experience

1984 – today, School of Medicine, University of Zagreb, Department of Pathophysiology (october 1984: associate, 1986: assistant lecturer, 2002: assistant lecturer with PhD, 2008: asst.professor, 2014: associate professor)

1986-1990, specialization in internal medicine

1984, Črnomerec Community Health Plan, Zagreb, Croatia, general practitioner

1983-1984, Črnomerec Community Health Plan, Zagreb, Croatia, internship, Medical Licence in 1984

Teaching activities

Since 1984/85 Graduate study, Pathophysiology, School of Medicine, University of Zagreb

Since 1993/94 Elective course «Breast Cancer»

Since 1993/94 Elective course «Surgical treatment of acute ischemia»

2000/01- 2009/10 Postgraduate course «Acute ischemia in vascular surgery»

Since 2005/06 Medical studies in English, Pathophysiology

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Since 2015/16 Doctoral study in Biomedicine and Health Sciences, School of Medicine,
University of Zagreb: Molecular genetics of gastrointestinal tumors

Since 2015/16 Postgraduate study: Dermatovenereology

Since 2016/17 Postgraduate study: Medical oncology

Since 2017/18 Postgraduate study: Vascular surgery

Scientific grants

1989-1995, collaborator of scientific project “Molecular characterisation of tumors-basic and clinical aspects “

1996-2002, collaborator of MZOS scientific project „Breast cancer-molecular characterization-clinical aspects“

2002-2006, collaborator of MZOS scientific project „Molecular and clinical characteristics of breast cancer “

2007-2014, collaborator of MZOS scientific project “Breast cancer- molecular, genetic and clinical characteristics”

2007-2014, collaborator of MZOS scientific project «Molecular genetics and pharmacogenetics of gastrointestinal tumors”

2015, principal investigator, Zagreb University fund for scientific research: «Circulating autoantibodies in early diagnosis of breast and colon cancer”

2016, principal investigator, Zagreb University fund for scientific research: «Significance of circulating autoantibodies in early diagnosis of breast and colon cancer”

Awards:

1979 and 1980. Dean’s award, School of Medicine

1980 and 1981. Rector’s Award for excellent credit (credit: 4,91= 98%)

1982. Annual University Award for two student’s research papers

Supervision

3 graduation thesis, School of Medicine, University of Zagreb

Scientific publications

21 (14 indexed in Current Contents)

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

14.07.2014. Associate professor

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Associate Prof. Ivica Sjekavica

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine,
University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Liver transplantation in children

BIOGRAPHY

I was born on September 10, 1961 in Dubrovnik where I finished elementary and high school. In 1981 I entered the Faculty of Medicine of the University of Zagreb. In May 1987 I graduated. I did the internship at the Health Center "Novi Zagreb" and in November 1988 she passed a state exam.

In the school year 1987/88 I enrolled postgraduate studies from the direction of Epidemiology at the Faculty of Medicine, University of Zagreb. In September 1989 I graduated with the work "Frequency of malignant neoplasms of colon and colon."

From November 1989 until I went to specialization in December 1992, I worked as a physician of the General Hospital for Emergency Medical Services in Dubrovnik. I participated in the Homeland War, where besides the work in Emergency Medical Assistance I also performed the duties of the Mayor of the Home Defense Department of the 163th Croatian Brigade.

I was specializing in the Department of Diagnostic and Intervention Radiology of the Clinical Hospital "Sestre milosrdnice" in Zagreb from January 1993 to January 1996.

In February 1996, I passed a specialist examination in Radiology, and from March of the same year to this day, I work as a radiologist and vice president of the Clinical Institute for Diagnostic and Interventional Radiology, KBC Zagreb.

Since January 2001 I have been appointed Associate Professor in cumulative employment in the Department of Radiology and General Clinical Oncology MF in Zagreb and from May 2005 in Associate Professor of Senior Assistant at the same Chair.

In May 2005 I defended my doctoral dissertation titled "The Role of a Colored and Pulsed Doppler in the Evaluation of Crohn's Disease Activity by Flow in the Upper Mesenteric Artery and in the Dense Bowel Cluster".

In September 2009 I was elected a scientific associate and a professor of sciences in the Department of Radiology of MF University of Zagreb.

In December 2014 I was elected as a senior scientific associate in the scientific field of biomedicine and health - the field of clinical medical science.

In November 2015 I was elected as a professor of sciences and science.

As the first author or co-author I have published 30 papers, out of which 10 papers were published in CC quoted journals, 1 paper in SCI magazine, 12 papers in Medline / Scopus / Embase indexed journals, and 7 papers in non-indexed journals. As an author or co-author I have published 11 papers whose summaries were published in CC-indexed journals, 31 lectures at domestic and foreign professional and scientific meetings whose summaries were published, and 12 lectures whose summaries were not published. I am an active associate in 3 scientific projects and 2 multicentric clinical studies. I have published 6 textbooks in the textbooks "Radiology", "Seminars from Clinical Radiology", "Kidney Transplantation" and

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

"Ultrasound Abdominal" and 3 textbooks related to postgraduate ultrasound courses of 1st category.

Since December 2014, I am a subspecies of ultrasound radiology.

I am a member of the Croatian Chamber of Physicians, the Croatian Society of Radiologists, the Croatian Medical Association, the Croatian Society for Ultrasound in Medicine and Biology, the Croatian Society for Perinatal and Gynecology, the Croatian Society for Traumatology.

Since 2001 I have been a full member of the European Department of Gastrointestinal and Abdominal Radiology (ESGAR), since 2007 European Radiological Society (ESR), since 2010 European Federation of Ultrasound Associates in Medicine and Biology (EFSUMB) since 2012 World Interactive Focused on Critical Ultrasound (WINFOCUS)

Scientific projects:

1989-1995 - investigator "Biološki markeri u dijagnostici i terapiji adenoma

hipofize" (n. 3-01-435), Croatian Ministry of Science

1996-2002 - investigator "HBVx protein- karcinogeneza i

genska terapija" (n. 134008), Croatian Ministry of Science .

2002-2007 - principal investigator "„Autonomic neuropathy and microvascular complications in type 1 diabetes“" (n. 045007), Croatian Ministry of Science

2007-2014 - principal investigator "Metabolic syndrome in type I diabetes"

(n. 045- 1080230-0516), Croatian Ministry of Science

2014-2015 - principal investigator "“Predictive factors of Metabolic syndrome and microvascular complications in type 1 diabetic patients”"-University of Zagreb funded project

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2015- 2018 - principal investigator Croatian Science Foundation «Relationship between endothelial dysfunction driven by adipocytokines and the development and progression of microvascular complications in patients with type 1 and type 2 diabetes»

2018 - investigator “MODY”-University of Zagreb funded project

International projects

2014-2015- principal investigator in CRO „Efficacy and Safety of co-administration of Rg3-Enriched Korean Red Ginseng (Panax Ginseng C.A. Meyer) and American Ginseng (Panax Quinquifolius in type 2 diabetic patients with hypertension“ in collaboration with Clinical Nutrition and Risk Factor Modification Centre, St. Michael’s Hospital, Faculty of Medicine, University of Toronto, Canada

2015- principal investigator in CRO «The International Diabetic Nephropathy (InterDiane) Study»: in collaboration with Department of Medicine, Division of Nephrology, Helsinki University Central Hospital, University of Helsinki, Finland.

2016-2018- principal investigator in CRO „ Co-administration of three complimentary therapies (viscous dietary fiber, whole grain and ginseng) for comprehensive risk reduction in type 2 diabetes mellitus“ in collaboration with Clinical Nutrition and Risk Factor Modification Centre, St. Michael’s Hospital, Faculty of Medicine, University of Toronto, Canada

2015- principal investigator in CRO, EUROPEAN TRAIN THE TRAINERS PROGRAM the Step by Step footproject, funded by EASD, DFSG (The Diabetic foot Study group) DESG – Diabetes education Study Group, FEND (The Federation of European Nurses in Diabetes) UNMF (Union Nationale des Medicines Federaux) IDF Eur. (European Wound Management Association)

Organization of scientific symposium and conferences:

1990-organizing committee member-znanstveni sastanak Suvremene spoznaje o patologiji stitnjace- Osteoporoza, Razred za medicinske znanosti JAZU, Zavod za Endokrinologiju KB Dr M.Stojanovic, Zagreb

2007-2014- scientific committee member hrvatskog dijabetoloskog kongresa s medunarodnim sudjelovanjem Brac, Rovinj, Pula

2007- 2013- scientific committee member hrvatskog endokrinoloskog kongresa s medunarodnim sudjelovanjem Brac, Rovinj, Pula

2007- 2013- scientific committee member hrvatskih dana dijabetologa s medunarodnim sudjelovanjem

2016-local host, co-chair Advances in Diabetes and Insulin Therapy- ADIT, Dubrovnik, CRO,

2017-Local host, co-chair ADIT Course in Clinical Diabetology, Dubrovnik, CRO

2018- Local host, co-chair Advances in Diabetes and Insulin Therapy- ADIT, Dubrovnik, CRO,

2005- 2011: head of 1st category postgraduate course "Bolesnik s metaboličkim sindromom u ordinaciji liječnika opće medicine": Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2013-: head of 1st category international postgraduate course "The incretin story-from pathophysiology to treatment"Ustanova: Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

2014-: co-chair of 1st category postgraduate course “ Periferna arterijska bolest i šećerna bolest”

Ustanova: Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

2014- : head of postgraduate course "Dijagnostički i terapijski pristup kroničnim komplikacijama šećerne bolesti”, Vuk Vrhovac University Clinic

2015- head of 1st category international postgraduate course “Cardiovascular approach to type 2 diabetes”, Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

2017- head of 1st category international postgraduate course “Cardiovascular approach to type 2 diabetes”, Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

2018- head of 1st category international postgraduate course “Cardiovascular approach to type 2 diabetes”, Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

2018- co-chair of 1st category international postgraduate course “Diabetes and pregnancy”, Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

2018- head of international symposium “ Type 1 Diabetes- an update” , Vuk Vrhovac University Clinic

Professional Activities

member of editorial board since1999, editor of journal „Diabetologia Croatica“since 2013

vice-president of Croatian Society of Endocrinologists and Diabetologists,

member EASD

member ADA

member -Ely-Lilly Advisory board for Eastern Europe

member Rising in Science in Eastern Europe

member -Bohringer Advisory board for Eastern Europe

reviewer:

1. Journal of the American College of Nutrition

76.OAD add ons to metformin - time to move on beyond SU ?

SGLT2 inhibitors and SU

Advances in Diabetes and Insulin Therapy- ADIT, Belgrade, Serbia 11-13.5. 2017

77.GLP-1 RA and SGLT2 inhibitors combo therapy and CV risk, 1st.category postgraduate course in diabetology, School of Medicine University of Zagreb,

“Approach to CV risk in type 2 Diabetes”, Zagreb, 23.1.2017

78.Dijabetičko stopalo – jedna od najvažnijih kroničnih komplikacija

EUROPEAN TRAIN THE FOOT TRAINERS PROGRAM

Step by Step foot project, Zagreb, 10.2.2017

79.Smjernice za liječenje šećerne bolesti tipa 2. godišnji sastanak Hrvatskog društva za endokrinologiju i diabetologiju HLZ, Brijuni, 13-15.10.2017

80.Safety of new antidiabetic therapies: do we know enough?

Course in Clinical Diabetology, Agada institute, Dubrovnik, 9-10.10.2017

81.Cardiovascular effects of Incretin based-therapy, »6. Dan sladkorne bolesti«, Medicinski fakultet Ljubljana, 24.11.2017, Ljubljana, Slovenija

82.Glutamic Acid Decarboxylase Autoantibody is associated with Peripheral Neuropathy in Autoimmune Diabetes in Adults, oral presentation ADA, San Diego, USA, 12.6.2017

83.šećerna bolest i kronične komplikacije

EUROPEAN TRAIN THE FOOT TRAINERS PROGRAM

Step by Step foot project, Zagreb, 3.2.2018

84.How to balance efficacy and safety of new glucose lowering drugs-SGLT 2 inhibitors? Advances in Diabetes and Insulin Therapy- ADIT, Dubrovnik, Croatia, 15-17.4.2018

85.Pathogenesis of type 1 diabetes,

1st Category Postgraduate Course “Diabetes in woman” , School of Medicine,University of Zagreb, 16-17.3.2018

86.TARGETING GASTROINTESTINAL TRACT IN THE TREATMENT OF OBESITY AND TYPE 2 DM, 76th Croatian Congress of Obesity, Opatija, 26-28.4.2018

87.Prevention of CVD based on glucose treatment: the role of incretins, 4th EASD Educational Postgraduate Course DIABETES AND CARDIOVASCULAR DISEASES, Belgrade, Serbia, 31.5 – 2.6. 2018

88.The Future of Diabetes Management Stand-Alone Scientific Symposium-MSD, Dublin, Ireland, 9-10 June 2018

Teaching experience:

School of Medicine, University of Zagreb

1990-1995- Clinical propedeutics, Department of internal medicine KB "Sestre milosrdnice"

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

1997 - Clinical propedeutics,, Vuk Vrhovac University Clinic

2002 - internal medicine, Vuk Vrhovac University Clinic

2006 - internal medicine, medical studies in English, School of medicine, Zagreb.

2000- 2005 -PhD programme, "Bolesti hipotalamo-hipofizne zajednice", School of medicine, Zagreb.

2002-2011 - PhD Programme, "Diabetology" Vuk Vrhovac University Clinic, School of medicine, Zagreb.

2005-2012 -PhD Programme, "Znanstveni pristup u dijabetologiji", School of medicine, Zagreb.

2005-2012 - PhD Programme, "Novije spoznaje o patofiziologiji i farmakologiji šećerne bolesti“, School of medicine, Zagreb

2005-2018 - postgraduate course for family practitioners Dijabetologija i endokrinologija ,School of medicine, Zagreb

2005- 2011 head of 1st category postgraduate course, "Bolesnik s metaboličkim sindromom u ordinaciji liječnika opće medicine", School of Medicine, University of Zagreb

2006- 2009- 1st category international postgraduate course, "Osoba sa šećernom bolesti u ordinaciji liječnika opće medicine", School of Medicine, University of Zagreb

2007-2018 PhD programme „Arterijska hipertenzija i šećerna bolest“, School of Medicine, University of Zagreb

2010- PhD programme, „Metabolički sindrom“, School of Medicine, University of Zagreb

2013-: head of 1st category international postgraduate course, "The incretin story-from pathophysiology to treatment"Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

2014-: co-chair of 1st category postgraduate course, “ Periferna arterijska bolest i šećerna bolest“, Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

2014- :head of postgraduate course "Dijagnostički i terapijski pristup kroničnim komplikacijama šećerne bolesti“, Vrhovac University Clinic

From 2015- head of 1st category international postgraduate course “Cardiovascular approach to type 2 diabetes“, Vuk Vrhovac University Clinic, School of Medicine, University of Zagreb

2015- pomoćnik voditelja Sveučilišnog poslijediplomskog stručnog studija Endokrinologija i dijabetologija na Medicinskom fakultetu

head of postgraduate spacialist studies in Endocrinology and Diabetology:

1. Epidemiologija,dijagnoza I klasifikacija secerne bolesti
2. Etiologija i patogeneza šećerne bolesti
3. Liječenje šećerne bolesti
4. Komplikacije šećerne bolesti

2018- co-chair of the 1st category international postgraduate course “Diabetes and pregnancy“, School of Medicine, University of Zagreb

Supervision of doctoral thesis:

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Povezanost inzulinske rezistencije s hormonskim statusom štitne žlijezde i lipidnim profilom u eutireoidnih bolesnika sa šećernom bolešću tipa 1 - Tomislav Bulum, Prirodoslovno-matematički fakultet, Zagreb, 2010.

Značaj apoptoze i neurotrofina u bolnoj i bezbolnoj dijabetičkoj polineuropatiji u bolesnika s tipom 2 šećerne bolesti - Sandra Vučković Rebrina, Prirodoslovno-matematički fakultet, Zagreb, 2011.

Povezanost intermenstruacijskog raspona i metaboličkih obilježja u nehiperandrogenih žena s policističnom morfologijom jajnika - Miro Šimun Alebić, Medicinski fakultet Osijek, 2014.

Povezanost plazmatske koncentracije peptida 1 sličnog glukagonu i čimbenika rasta fibroblasta-21 s regulacijom glikemije, lipidemijom i mikrovaskularnim komplikacijama u bolesnika sa šećernom bolešću tipa - Karin Zibar, Medicinski fakultet Zagreb, 2015.

Povezanost serumske aktivnosti dipeptidil peptidaze-4 s inzulinskom rezistencijom, metaboličkim sindromom i mikrovaskularnim komplikacijama u osoba sa šećernom bolešću tipa 1 - Kristina Blaslov, Medicinski fakultet Zagreb, 2016.

Utjecaj polimorfizama gena za dopamin beta hidroksilazu i katekol-O-metil transferazu na učinkovitost liječenja inzulinom detemir u bolesnika s tipom 2 šećerne bolesti : disertacija - Tomislav Božek, Medicinski fakultet Zagreb, 2018.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Scientific projects:

- 1989-1995 - investigator "Biološki markeri u dijagnostici i terapiji adenoma hipofize" (n. 3-01-435), Croatian Ministry of Science
- 1996-2002 - investigator "HBVx protein- karcinogeneza i genska terapija" (n. 134008), Croatian Ministry of Science .
- 2002-2007 - principal investigator "„Autonomic neuropathy and microvascular complications in type 1 diabetes“" (n. 045007), Croatian Ministry of Science
- 2007-2014 - principal investigator "Metabolic syndrome in type I diabetes" (n. 045- 1080230-0516), Croatian Ministry of Science
- 2014-2015 - principal investigator "“Predictive factors of Metabolic syndrome and microvascular complications in type 1 diabetic patients”"-University of Zagreb funded project
- 2015- 2018 - principal investigator Croatian Science Foundation «Relationship between endothelial dysfunction driven by adipocytokines and the development and progression of microvascular complications in patients with type 1 and type 2 diabetes»

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2018 - investigator “MODY”-University of Zagreb funded project

International projects

2014-2015- principal investigator in CRO „Efficacy and Safety of co-administration of Rg3-Enriched Korean Red Ginseng (Panax Ginseng C.A. Meyer) and American Ginseng (Panax Quinquefolius in type 2 diabetic patients with hypertension“ in collaboration with Clinical Nutrition and Risk Factor Modification Centre, St. Michael’s Hospital, Faculty of Medicine, University of Toronto, Canada

2015- principal investigator in CRO «The International Diabetic Nephropathy (InterDiane) Study»: in collaboration with Department of Medicine, Division of Nephrology, Helsinki University Central Hospital, University of Helsinki, Finland.

2016-2018- principal investigator in CRO „ Co-administration of three complimentary therapies (viscous dietary fiber, whole grain and ginseng) for comprehensive risk reduction in type 2 diabetes mellitus“ in collaboration with Clinical Nutrition and Risk Factor Modification Centre, St. Michael’s Hospital, Faculty of Medicine, University of Toronto, Canada

2015- principal investigator in CRO, EUROPEAN TRAIN THE TRAINERS PROGRAM the Step by Step footproject, funded by EASD, DFSG (The Diabetic foot Study group) DESG – Diabetes education Study Group, FEND (The Federation of European Nurses in Diabetes) UNMF (Union Nationale des Medicines Federaux) IDF Eur. (European Wound Management Association)

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

2014-2015 - principal investigator ““Predictive factors of Metabolic syndrome and microvascular complications in type 1 diabetic patients””-University of Zagreb funded project

2015- 2018 - principal investigator Croatian Science Foundation «Relationship between endothelial dysfunction driven by adipocitokines and the development and progression of microvascular complications in patients with type 1 and type 2 diabetes»

2018 - investigator “MODY”-University of Zagreb funded project

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Nikola Sobočan, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Clinical Hospital Merkur, Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Liver transplantation

BIOGRAPHY

PERSONAL DATA

DATE AND PLACE OF BIRTH: 23. 06. 1976, Čakovec, Croatia

CITIZENSHIP: Republic of Croatia

LANGUAGES: Croatian (native), English (active)

EDUCATION

- 2012 completed subspecialty – subspecialist for Gastroenterology and Hepatology
- 2011 PHD thesis: „The influence of PBN (N-*tert*-butyl- α -phenylnitrone) on development of rat placenta and fetus treated with 5-azacytidine *in vivo* and *in vitro*“, Faculty of Science, University of Zagreb, Croatia
- 2009 Master of science thesis: „Proliferating Cell Nuclear Antigen (PCNA) Expression in Rat Fetuses Treated with Teratogen and Antioxidant“, Faculty of Science, University of Zagreb, Croatia
- 2007 completed residency program (internal medicine) – specialist for Internal Medicine
- 2002-2009 Postgraduate study in Physiology and Immunobiology, Faculty of Science, University of Zagreb
- 2002 Board exam – licence as MD
- 1994-2000 Medical School, University of Zagreb, Croatia

WORKING EXPERIENCE

- 2014 one-month stay at the Department of Gastroenterology, Hepatology and Endocrinology at MHH (Hannover Medical School, Germany) – prof. dr. Michael P. Manns
- 2012 onwards consultant in Internal medicine – gastroenterology and hepatology, University Hospital Merkur, Zagreb, Department of Gastroenterology and Hepatology
- 2010-2012 Attending physician, Internal Medicine specialist, University Hospital Merkur, Department of Gastroenterology and Hepatology (fellowship in gastroenterology and hepatology)
- 2007-2010 Attending physician, Internal Medicine specialist, Department of Internal Medicine, Division of Gastroenterology, County Hospital Čakovec
- 2003-2007 Residency of Internal Medicine (County Hospital Čakovec, University Hospital „Sestre milosrdnice“ Zagreb, Croatia)
- 2002 Attending physician, Emergency Unit „Dom zdravlja“ Čakovec
- 2000 Internship, County Hospital Čakovec, Croatia

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 14th July 2015.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Assistant professor Dragica Soldo Jureša, M.D., Ph.D.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb; University Hospital Merkur - University Clinic for diabetes, endocrinology and metabolic diseases Vuk Vrhovac

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Metabolic Syndrome

BIOGRAPHY

I was born on the 2nd of September 1967. In 1992 I graduated from the University of Zagreb School of Medicine. The state competence exam was done in 1993 following the medical internship in University Hospital Merkur. From 1994 to 1996 I worked as a junior researcher in the Department of Internal Medicine in the University Hospital Merkur. From 1996 till 2001 I specialized in internal medicine in the Department of Internal Medicine in the University Hospital Dubrava, and in 2001 I passed the internal medicine specialist exam. I also passed the exam in the specialist area of internal medicine of allergology and clinical immunology in 2007. Since 2007 I have been working in the University Hospital Merkur - the Vuk Vrhovac University Clinic for Diabetes, Endocrinology, and Metabolic Diseases. In 2010 I passed the exam in the specialist field of internal medicine of endocrinology and diabetology. Since 2014. until present I have been a Head of the Outpatient clinic of Diabetology at University clinic for diabetes, endocrinology and metabolic diseases Vuk Vrhovac. Between 1993 and 1994 I attended the postgraduate studies "Ultrasound in clinical medicine – course gastroenterology and hepatology" at the University of Zagreb School of Medicine, and in July 1995 I defended my thesis named "Significance of conventional and duplex-Doppler sonography in the diagnosis of diabetic nephropathy", and gained my Master of Science degree. In May 2012 I defended my thesis named "The role of the high-sensitivity C-reactive protein, a marker of inflammation in diabetic nephropathy", and gained my Doctor of Science degree. I have published 24 original scientific articles (first author and co-author), 13 of which in the magazines cited in the Current contents, and 43 summaries in the proceedings of international and domestic congresses. I am a lecturer at the undergraduate courses and also at postgraduate doctoral studies in Biomedicine and Health Sciences at the School of Medicine, University of Zagreb (courses Clinical propedeutics, Internal Medicine, Metabolic syndrome and Arterial hypertension and diabetes mellitus). Since April 2018 - Assistant professor of internal medicine, School of Medicine, University of Zagreb.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 9 April 2018 Assistant profesor

BIOGRAPHY

I was born on 30 September 1960 in Zagreb where I attended elementary school, and then secondary school in the Mathematical-Informatics Educational Center. I graduated from the Faculty of Medicine of the University of Zagreb in 1989 with the graduate thesis "Informatic method of diagnosis of chronic obstructive pulmonary diseases". I passed the State exam in 1990. I also graduated from the Faculty of Medicine of the University of Zagreb with a master thesis "Methods of Inductive Learning in Medical Decisions and Predictions", under the mentorship of Prof.dr.sc. Josipa Kern, 1994. By defending the PhD thesis "Recognizing the CD4 + T lymphocyte profile and the amount of ribonucleic acid of the human immunodeficiency virus during the development of the infection as a basis for the classification of the patients", under the mentorship of Prof.dr.sc. Josipa Kern In 2002 I got an academic PhD degree in biomedicine and health sciences. I attended the Summer Institute for Statistical Genetics at the University of Washington, USA in 2007. I got the scientific title of Scientific Advisor on 13th of November 2013.

I worked at the Clinical Hospital "Sisters of Charity" from 1989-1992., first as a trainee, then as a novice scholar. Since 1992 I have been employed at the Department of Medical Statistics, Epidemiology and Medical Informatics of the School of Public Health "Andrija Štampar". On the 13th of September 2017 I was elected for full professor in the same Department, for the scientific field of Biomedicine and Health, the scientific field of Public Health and Health Care, Public health branch, for the subject of Medical Statistics. I am a tutor or co-tutor of 8 subjects on scientific doctoral studies, and I participate in graduate teaching and in teaching in professional and scientific doctoral studies. I participated in an international curriculum for the interdisciplinary group of students from the University of Georgia, USA, and was a local mentor for American students. I was a visiting scientist and invited lecturer at the University of Georgia, USA, and at the Medical University of South Carolina, USA. I participated in organizing several international scientific conferences. I participated in ERASMUS + teacher mobility program at Haifa University in Israel.

I participated in several scientific and technological projects funded by the Ministry of Science of Education and Sports of Croatia and led the project "Predictive Models in Healthcare". I participated in the international project "Fouille de données intelligente pour l'aide à la décision avec applications en médecine", funded by EGIDE, France, worked as a temporary advisor to the World Health Organization on

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

projects "Development of a clinical prediction instrument and randomized trial of intramuscular or oral antibiotics for the treatment of Group A Beta Haemolytic Streptococcal Pharyngitis in Children (GRASP, TOPS) "and" Clinical Predictors of Severity of Accidental Poisoning of Hydrocarbons, Organophosphates and Carbamates in Children Less than Five Years Old ". I participate in ERASMUS + project "KyrMedu - Advancing University Education in Biomedical Engineering and Health Management in Kyrgyzstan". I am a member of the International Commission for Dissertations at BarcelonaTech University in Spain. I am the head of the international EFMI working group: "Information and Decision Support in Biomedicine and Health Care - IdeS".

As part of my work on scientific projects, I have presented several papers at international scientific conferences, and have published 156 professional or scientific papers as the author or co-author, of which 54 were published in journals indexed in the Current Contents. I have 821 independent citations (WoS), and h-index 14 (WoS). I am a mentor of five defended doctoral dissertations and I have published 11 scientific papers published in CC journals with PhDs. I am a member of the editorial board of several scientific journals: the Central European Journal of Pediatrics, the Bosnian Journal of Basic Medical Science, Pediatrics Today, Acta Medica Academica, and the Liječnički vjesnik in which I am a reviewer. I am the President of the Croatian Biometric Society and the Vice President of the Croatian Society for Medical Informatics.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 13. September 2017.

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Slavica Sović, MD, PhD, Assistant professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: 1. Statistical Analysis of Medical Data 1

2. Medical Statistics 2.1: Statistical tools for medical data analysis in planned experimental study design

3. Medical Statistics 2.2: Statistical tools for medical data analysis in quasi-experimental study design

4. Medical Statistics 2.3: Statistical tools for medical data analysis in observational study design with large samples

5. Medical Statistics 2.4: Statistical tools for medical data analysis in observational study design with small samples

BIOGRAPHY

Slavica Sović was born on May 9, 1976 in Zavidovići, B&H. She graduated from University of Zagreb School of Medicine in 2001 and obtained PhD degree in 2013. She completed specialization in public health in 2013. Since 2007 she has been working as a research fellow - assistant and since 2014 as a senior assistant in the Department of Medical Statistics, Epidemiology and Medical Informatics at the University of Zagreb School of Medicine. She is involved with teaching at graduate level in Medical Studies, Nursing Studies and Medical Studies in English and in the graduate study at the University of Zagreb School of Dental Medicine. Her scientific and professional interests are public health, social medicine and health care organizations, medical statistics and the quality in the family medicine. She has published 17 scientific and professional papers, 9 in journals referenced in Current Contents and was cited 11 times.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 18 May 2015

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Vito Starčević, MD, assistant professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Clinical Medical Center Zagreb

Women Clinical Hospital, Clinical Medical Center Zagreb, Department for diabetes and fetal growth

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: "Diabetes and Pregnancy",
"Physiology and biochemistry of uterus in pregnancy and labour"

BIOGRAPHY

Vito Starčević graduated on the Zagreb University School of Medicine on the 24th of February 1992. and got the title of M.D. (physician). He continued his medical and professional specialization in the Clinical Hospital Center Zagreb. After having passed the specialist exam in Gynecology and obstetrics on the 31st of August 1998. he started working in the Clinical hospital for gynecology and obstetrics, Clinical Hospital Zagreb. But his professional promotion continued and on the 25th of June 1998. he obtained a title of the master of sciences title and the doctors of sciences title on the 29th of October 2008. on the Zagreb University. He obtained a title of the subspecialist from 2009. on the Zagreb University. Stupanj docenta stekao 2015. godine. During his professional career he published numerous scientific and expert works at the domestic and foreign magazines and conventions. He is also involved in the programme of postgraduate education as an author of the several chapters in the obligatory literature consisting of six books, as a lecturer on the international postgraduate course on diabetology organized in the Clinic Vuk Vrhovec. There he worked on the several themes like: "Diabetes and malformations", "The glycemia influence on the early embryonic development with mothers suffering from diabetes", "Placenta at the women suffering from diabetes". He is widely and often enrolled into the work of the international medical conventions and symposium, publishing articles and scientific papers for those occasions.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: MD, assistant professor from 20th.July 2015. /Klasa: 640-03/15-01/76/

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

The doctor of sciences on the 29th October 2008. (Date and place of the defense: 29thOctober 2008, University of Zagreb, Dpt. of Obst./Gyn. KBC-Zagreb, School of Medicine) Title of the doctoral thesis: The Content of Lipids in the Placenta of the Pregnant Women with Type 1 of the Diabetes Mellitus. Mentor Professor Josip Đelmiš MD, PhD; University of Zagreb, School of Medicine

Published chapters in Croatian and foreign books:

1. Đelmiš J, Ivanišević M, Mayer D, Tuzović L, Starčević V, Ilijić M. Placenta growth factor in healthy and diabetic mothers and their fetuses. Perinatology 2001; 433-438.
2. Publication of the book titled: "Diabetes and Pregnancy"; author: Josip Đelmiš et al, within a 1st category postgraduate training course of permanent training for doctors of medicine; the chapter in the book titled: Epidemiology, pathogenesis and prevention of inborn malformations"; published by Medias Inc, Zagreb, 2002.
3. Publication of the book titled: "Neurological disorders in pregnancy"; author: Josip Đelmiš et al, within a 1st category postgraduate training course of permanent training for doctors of medicine; the chapter in the book titled: "Lumbosacral syndrome and pregnancy"; authors: Marija Šoštarko and Vito Starčević; published by Prof. Josip Đelmiš, MD, PhD, Zagreb 2002.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

4. Publication of the book titled: “Emergencies in gynecology and obstetrics” author: Josip Đelmiš et al, within the 1st category postgraduate training course of permanent training for doctors of medicine held on the 28th and the 29th March 2003, Zagreb; as the author of the following two chapters in the book: a) Vaginal secretion, b) Syphilis
5. Publication of the book titled: “Drugs in pregnancy”, author: Josip Đelmiš et al, within the 1st category postgraduate training course of permanent training for doctors of medicine held on the 24th and 25th October 2003; Zagreb; as the author of the following chapter in the book: “Use of plant medicines in pregnancy”.
6. Publication of the book titled: “Emergency cases in gynecology, obstetrics, anesthesia and neonatology”, author: Josip Đelmiš, Velimir Šimunić, Emilija Juretić, Slobodan Mihaljević; as the author of the following chapter in the book: “Vaginal discharge”.
7. Publication of the book titled: “Diabetes in women”, authors: Josip Đelmiš, Marina Ivanišević, Željko Metelko et al, as the author of the three following chapters in the book: „Metabolism of carbohydrates, lipids and aminoacids“; „Congenital malformations“ and „Placenta of diabetic pregnant women“ ISBN 978-953-176-430-8
8. Publication of the book titled: “Obstetrics” author: Ivan Kuvačić, Asim Kurjak, Josip Đelmiš et al; as the author of the following chapter in the book: “Anatomy of female genital tract”; 2009. ISBN 978-953-176-408-7
9. Publication of the book titled: “Fetal medicine and obstetrics” authors: Josip Đelmiš, Slavko Orešković et al; as the author of the following chapter in the book: “ Basic structure of female genital tract ”; 2009. ISBN 978-953-176-408-7

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Assist.prof. prim. Mario Starešinić, MD, PD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Merkur

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Telemedicine

BIOGRAPHY

I was born on 8th of February 1972. in Zagreb, Croatia. After graduating on School of Medicine, University of Zagreb I did an internship and was enrolled in postgraduate study. I got my master's degree in 2001. and PD in 2007. I was a senior assistant from 2010. and became an assistant professor at Department of Surgery, School of Medicine, University of Zagreb in 2014.

Scientific Committee for Biomedicine and Healthcare of National Council for Science awarded me with the status of a science adviser.

I am listed as author or co-author of 42 scientific papers published in various international scientific journals.

As an assistant professor I am involved in teaching at The Department of Surgery and in two elective classes (Sports traumatology, Fracture treatment). I am General secretary of the AO Trauma Croatia and I'm actively taking part in courses organization and lecturing as a member of Educational Committee of AOTrauma Europe (had more than 60 course lectures abroad). I am also vice president of the Croatian Trauma Society of the Croatian Medical Association.

I am employee of the University Hospital Merkur since 1998. where I became a general surgeon in 2003., traumatology subspecialist in 2007. and hospital director in 2016. I received *primarius* title from the Ministry of Health in 2013. I did the fellowship at John Radcliffe Hospital, UK and in Hannover, Germany (AO Fellowship) in 2009. During my surgical training and education I participated in more than 40 international courses (Austria, Switzerland, Germany, Turkey, Greece, Israel, Slovenia, Hungary). The main fields of my professional and scientific interest are general and sports trauma, bone remodeling and healing disorders, hip and knee arthroplasty.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 19th of May 2014.
Assist. prof.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Professor Asja Stipić Marković, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Special Hospital for Pulmonary Diseases, Rockefellerova 3, Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Mechanisms of allergic reactions

BIOGRAPHY

WORK EXPERIENCE

2018–present Special Hospital for Pulmonary Diseases

1978–2018 Head of Department for Clinical immunology, pulmonology, rheumatology University hospital Sveti Duh (Croatia)

Head of Referral Centre for Clinical immunology, Ministry of Health, Republic of Croatia

EDUCATION AND TRAINING

1971–1976 MD Medical School, University of Zagreb (Croatia)

1978–1983 Postgraduate study in Biomedicine and Health PRIRODOSLOVNO MATEMATIČKI FAKULTET

Master thesis - Determination of biological potency of pollen allergen *Ambrosia elatior* by biological standardization

1978–1982 Specialization in Internal medicine University hospital Sveti Duh (Croatia) Specialist in Internal medicine

1987. Scholarship of British Council, visit of National Heart and Lung Institute, London, England

1995. International course "European asthma school", Ghent, Belgium

1996. Management in health care, Dartmouth-Hitchcock Medical Center, Lebanon, USA

1997–1999 subspecialization in allergology and clinical immunologist Medical school University of Zagreb, subspecialist in allergology and clinical immunology

1997. International course "New technologies in asthma and COPD", Vienna, Austria

1998. International course about teamwork in Intensive care units (The American International Health Alliance), Zagreb

1999 Dissertation "Influence of specific bronchial hyperreactivity on cellular immunity changes"

2002 Summer school of European academy of Allergology and Clinical, Sofia, Bulgaria

2004 Summer school of European academy of Allergology and Clinical immunology Cavtat (Croatia)

2004 pulmonologist Medical school University of Zagreb, subspecialist in pulmonary diseases

2013 Management of pulmonary hypertension Europejskije Centrum Zdrowia, Medical University of Warsaw, Otwock (Poland)

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: Dec 19, 2011.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Feodora Stipoljev, assoc.prof.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Clinical Hospital „Sveti Duh“

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Molecular and biochemical approach to genetic disorders; Methods of molecular biology in medicine

BIOGRAPHY

Born: Split, 1969. Education: Faculty for Natural Sciences, University of Zagreb (1988-1993.), Master's degree (1999.) and PhD (2006.) MF Zagreb. Training and work experience: 1995. Genetic Laboratory of the Department of Prenatal Diagnosis and Therapy, General Hospital Wien, Austria, 2006 European School of Genetic Medicine, Ljubljana, Slovenia, 2013 „Skills in medicine teaching process“, Medical Faculty University of Split, 1993-1994. Volunteer on an International project, Faculty of Veterinary Medicine, University of Zagreb; 1994. Head of Cytogenetic Laboratory, Clinical Hospital „Sveti Duh“, 2008-2009. senior assistant, 2009. Assist. Professor, Faculty of Medicine, University of Osijek, 2014. Associate professor. Projects: Collaborator on two projects. Teaching experience: Education and training of undergraduate and postgraduate students, leader of three elective courses, reviewer of articles, mentor of three Ph.D. theses. Scientific interest: Prenatal and postnatal diagnosis, genetics of sterility and infertility; screening methods of chromosomal and genetic diseases in prenatal diagnosis.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2014.

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Ranko Stojković, PhD, senior scientist, D.M.V

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Ruđer Bošković Institute

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Laboratory animals in biomedical research

BIOGRAPHY

Education:

994. D. M. V. degree - Faculty of Veterinary Medicine, University of Zagreb - Croatia.

1999. M. Sc. - Faculty Science, University of Zagreb – Croatia; Field Biomedicine, oncology.

2003. Ph.D. - Faculty of Veterinary Medicine, University of Zagreb - Croatia; Field Natural science, Biomedicine and health, veterinary medicine.

2013. Certified GLP Manager - The Centre for Professional Innovation & Education, Inc. Malvern, PA 19355, USA

Scientific activities

Author/coauthor of 36 original scientific articles published in journals indexed in SCI Expanded -WOS.

Author/coauthor of 7 original scientific articles published in other journals. Author/coauthor in 2 book chapters. Author/coauthor of several scientific articles published in meeting proceedings. Cited 487 times, WOS, h-index 9.

Teaching Activities:

2003. – 2010. Lecturer on postgraduate course: “Laboratory Animals in Biomedical Research” - Medicinal Faculty University of Zagreb - Croatia.

2005. – 2010. Lecturer on postgraduate course: “Breeding and care for laboratory animals” - Faculty of Veterinary Medicine, University of Zagreb – Croatia.

2005. – 2010. Lecturer on postgraduate course: “Biology of laboratory animals” - Faculty of Veterinary Medicine, University of Zagreb – Croatia.

2008. Mentor of M.Sc. Thesis – Faculty of Science University of Zagreb - Croatia.

2010. – Present Director of: “Laboratory Animals in Biomedical Research” course on Doctoral PhD study - Medicinal Faculty University of Zagreb - Croatia.

2010. – 2018. Director of: “Use of animal models in experimental oncology” course on Doctoral PhD study - Medicinal Faculty University of Zagreb - Croatia.

2011. – 2014. Director of postgraduate course: “Breeding and care for laboratory animals” - Faculty of Veterinary Medicine, University of Zagreb – Croatia

2011. – 2014. Director of postgraduate course; “Biology of laboratory animals” - Faculty of Veterinary Medicine, University of Zagreb – Croatia.

2011. – 2014. Director of postgraduate course; “Genetics of Laboratory Animals” - Faculty of Veterinary Medicine, University of Zagreb – Croatia.

2011. Mentor of PhD. Thesis – Faculty of Science University of Zagreb - Croatia.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2012. – Present Director of postgraduate course "Laboratory animals and biomedical research" at the postgraduate interdisciplinary doctoral study - Molecular Biosciences, University of Josip Juraj Strossmayer in Osijek, Dubrovnik University and the Institute Ruđer Bošković Zagreb

2012. – Present. Director of postgraduate course "Animal models of rodents in experimental oncology," on Doctoral PhD study Faculty of Science, University of Zagreb – Croatia..

2012. – 2014. Director of postgraduate course "The well-being of experimental animals" - Faculty of Veterinary Medicine, University of Zagreb – Croatia.

Other scientific and professional activities:

2004. - 2009 Member of several committees for Legislation affairs regarding laboratory animals. - Ministry of agriculture, fisheries and water management of the Republic of Croatia.

2005 – 2010. Croatian coordinator in COST B-24 Initiative: Laboratory Animal Science and Welfare.

2005. – 2013. Member of working group for preparation of negotiations for Chapter 12. Food Safety, Veterinary and Phytosanitary Policy in Croatia – EU Accession Negotiations.

2008. Reviewer of Study programs on Croatian Universities.

2008. – 2014. European Science Foundation (EFS) – European Medical Research Councils member of Expert group for Animals in Biomedical Research.

2009. - Present Member of the committees for Legislation affairs regarding protection of animals used in scientific purposes. - Ministry of Agriculture, Fisheries and Rural Development – RH.

2010. - Present President of Bioethical committee on Ruđer Bošković Institute

2010. – 2014. Vice president of National Ethical committee – Ministry of Agriculture, Fisheries and Rural Development – RH.

2014. – 2018. President of National Ethical committee – Ministry of Agriculture – RH.

2018. EU Expert Evaluator H2020-JTI-IMI2-2018

Courses

2000. ICLAS/FELASA Education Program on Laboratory Animal Science (FELASA category C). Budapest – Hungary. 2000.

2000. Animal welfare course - Royal Society for the Prevention of Cruelty to Animals – GB.

2005. Eumorphia-EMBO Summer School “The Mouse as a Model for Human Disease”. Organization: Eumorphia-EMBO. Bischensberg, Strasbourg, France 17. – 23. 09. 2005.

2005. Eumorphia Training Course: Introduction to Mouse Pathology-Mouse Models of Human Cancer. The Netherlands Cancer Institute, Amsterdam. Netherlands. 21. – 23. 11. 2005.

2010. Certified Course: Good Laboratory Practices (GLP) for Pre-Clinical Testing. The Center for Professional Innovation & Education, Malvern PA, USA. Malvern PA, USA 25. – 26. 01. 2010.

2010. Charles River Seminar - Quality considerations in drug discovery and drug development process - from early in-vivo research up to manufacturing, Budapest – Hungary 28. 05. 2010.

2010. Certified course: Writing Effective Standard Operating Procedures and Other Process Documents. The Center for Professional Innovation & Education, Malvern PA, USA. 27. – 28. 09. 2010.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2011. Certified course: Practical Methods for Project Management. The Center for Professional Innovation & Education, Malvern PA, USA. 12. –13. 05. 2011.

2012. Organization and procedures in the modern laboratory animal facility, Fondazione Guido Bernardini, Milano-Italia. 12.-15. 06. 2012.

2012. Facility planning, logistics and technological solutions, Fondazione Guido Bernardini, Milano-Italia. 29.-30. 11. 2012.

2013. Zebrafish: an animal model in biomedical research, London, GB, Organizers: King's College London GB, Fondazione Guido Bernardini IT, University College London GB, COST Action: BM 0804 European Network on Fish Biomedical Models (EuFishBioMed) 23.-24. 05.2013.

2013. Certified course: Clinical Trial Project Management for Phase 1 thru Phase 4: Best Practices. The Center for Professional Innovation & Education, Malvern PA, USA. 23. – 25. 10. 2013.

2014. Cryopreservation of Mouse Germplasm, Rim, Italia. 20. – 24. 10. 2014.

2016. Training in Systematic Reviews of Animal Studies. Bigugiate, Italia. 12. 04. 2016.

Invited lectures:

2016. 06.10. – Croatian Academy of Sciences and Arts and Department of Clinical and Transplantation Immunology and Molecular Medicine in Rijeka - Contemporary views on ethical principles in work with experimental animals.

2017. 10. 02. Croatian Society for Science on Laboratory Animals - How to apply for Research on Animals

2018. 12. 06. Croatian Chemical Society - Animal models in biomedical research

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2009.-Senior scientist 2016. - Titular docent

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Marina Šagud, Assistant Professor, Psychiatrist

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb,
University Hospital Centre Zagreb, Department of Psychiatry

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Research Methods of
Psychological Functions and Behavior ; Clinical psychopharmacology

BIOGRAPHY

Education and Training

- 1982-1988; School of Medicine, University of Zagreb
- 1989-1990; Rotating internship, Institute for Physical Medicine and Rehabilitation, Zagreb
- 1991-1993; Postgraduate study in Clinical Pharmacology, School of Medicine, University of Zagreb
- 1993-1997; Psychiatric Residency at University Hospital Center Zagreb, Department of Psychiatry
- April 2007; PhD Degree at School of Medicine, University of Zagreb, Thesis: "Platelet serotonin, platelet monoamine-oxidase and serum lipid levels in patients with affective disorders". Mentor: Professor Alma Mihaljević-Peš

Professional Experience

- 1991-1993; Pharmaceutical Company „Pliva“
- 1993-1997; Psychiatric Resident at University Hospital Center Zagreb, Department of Psychiatry
- 1997-2008; Ward Physician at the Unit for Biological Psychiatry, Department of Psychiatry, University Hospital Center Zagreb
- 2009-2011; Chief of Unit for Schizophrenia and Other Psychotic Disorders as a part of Unit for Integrative Psychiatry, Department of Psychiatry, University Hospital Center Zagreb
- 2011-2014; Chief of Intensive Care Unit for Mood Disorders, Department of Psychiatry, University Hospital Center Zagreb
- 2014.; Head of Department for Schizophrenia, University Hospital Center Zagreb
- 2004-2014; Consultant for Croatian Department of Veteran Affairs
- 2008-; Assistant in Psychiatry, School of Medicine, University of Zagreb
- 2010-; Coordinator for e-learning in Psychiatry, School of Medicine, University of Zagreb
- 2012- Assistant Professor, School of Medicine, University of Zagreb

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: September, 2012

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Melita Šalković-Petrišić, MD, PhD, tenured professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Medical School University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Clinical Neuropharmacology, Methods of investigation in vivo and in vitro

BIOGRAPHY

Prof. dr. sc. Melita Šalković-Petrišić

Laboratory of Molecular Neuropharmacology, Department of Pharmacology, Medical School University of Zagreb, Šalata 11, HR-10 000 Zagreb, Croatia (melitas@mef.hr)

EDUCATION/academic titles (Medical School University of Zagreb): MD (1982), PhD (1992), assistant professor (1997), associate professor (2003), professor (2008), and tenured professor (2013) of Pharmacology. POSTDOCTORAL IMPERFECTION: The Babraham Institute, Cambridge, UK (1994-95), Psychiatry Clinic, Wuerzburg, Germany (2003, 2004, 2005). SCIENTIFIC PROJECTS: (PI) 2x HRZZ, 2x MZOŠ, 1x UKF, 9x DAAD. MENTORSHIP: 2x HRZZ project for mentorship of PhD student, 5 PhD Thesis (2/5 in progress), awards of the PhD students: 1x State Award for Science for Research Junior, 2x best PhD thesis topic in basic biomedical sciences at Medical School University of Zagreb, 2x best congress poster presentation. SCIENTIFIC PRODUCTIVITY: 50 papers, >100 abstracts, 1138 heterocitations (WoS), h-index 17. SCIENTIFIC INTEREST: neurosciences, neuropharmacology, experimental Alzheimer's disease. TEACHING ACTIVITIES: graduate: Pharmacology/ Medical studies in Croatian and English (cocordinator); Doctoral studies: Biomedicine and Health (lecturer): Research methods in vitro and in vivo, Clinical neuropharmacology; Doctoral Studies Neurosciences (organizer) Mechanisms of intracellular signalization of hormone receptors in the central nervous system. PROFESSIONAL ACTIVITIES: president of the Croatian Pharmacological Society 2016 – 2019, member of the Central Ethics Committee for approval of clinical trials in Croatia 2005-2018, member of the Ethical Advisory Board / Human Brain Project 2014- .

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: October 2013

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2) UKF scientific project (PI) 2010-2012 „Cytopathological characterization of the brain in a rat model of sporadic Alzheimer's disease“

3) DAAD/MZOŠ bilateral projects (PI) 2004 – 2010

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

1) HRZZ scientific projects (PI) 2018 – 2022 „Mechanisms of nutrient-mediated effects of endogenous glucagon-like peptide-1 on cognitive and metabolic alterations in experimental models of neurodegenerative disorders (NutrientGLP-1)“; 2015 - 2018 „Therapeutic potential of oral galactose in experimental Alzheimer's disease (GALAD)“

2) HRZZ projects for mentorship of PhD students (PI) 2017 – 2021; 2019 – 2023

3) DAAD/MZOŠ bilateral project (PI) 2017 – 2018 „Molecular characterization of the therapeutic galactose potential as a new strategy in Alzheimer's disease treatment“

4) Scientific centre of excellence for basic, clinical and translational neuroscience (co-worker) 2017 – 2022 (HIIM, project PI prof. M. Judaš), group leader „Modelling of insulin resistance in the brain as a trigger for sporadic Alzheimer's disease“, in Workpackage 2 „Novel biomarkers of aging, Alzheimer's disease, vascular dementia and cerebral conditions with insulin resistance“ (PI prof. G. Šimić)

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

1) 2015: “Cholinergic transmission in the brain of a streptozotocin-induced rat model of sporadic Alzheimer's disease” (Knezović A)

2) 2013 “Insulin signaling in the brain in the experimental Alzheimer's disease” (Osmanović J)

3) 2006 “The role of azythromycine in the treatment of Campillobacter-induced gastroenterocolitis in children” (Vukelić D)

In progress:

2017 - “Therapeutic potential of oral galactose on cognitive and metabolic changes in two experimental models of Alzheimer's disease” (Babić A)

2015- “Early changes in rat and mouse brain induced by central administration of streptozotocin” (Lončar A)

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Ivan Šamija, Assistant Professor**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University Hospital “Sestre milosrdnice”**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Clinical laboratory diagnostics of malignant melanoma with special reference to molecular-biological diagnosis assesment**BIOGRAPHY**

Ivan Šamija was born in Zagreb, Croatia in 1976. He studied molecular biology at the University of Zagreb, Faculty of Science and graduated in 2000 obtaining a degree of graduate engineer in biology, field of molecular biology. In 2006 he finished a postgraduate study of biology, field of study immunobiology and physiology at the same University and obtained a Ph.D. degree in the scientific area of natural sciences. Since 2017 he is scientific adviser in the scientific area of biomedicine and health, field of basic medical sciences. Since 2000 he has been employed at the Clinical Hospital Centre Sestre milosrdnice, Department of Oncology and Nuclear Medicine, Zagreb, Croatia, first as junior researcher, and since 2008 as staff scientist, molecular biologist. From 2008 till 2009 (12 months) he performed postdoctoral research at National Institutes of Health, National Cancer Institute, Bethesda, USA. He participated as a researcher in several scientific projects. He was awarded Rector’s Award of the University of Zagreb in 1997 and Postdoc stipend from the Croatian Science Foundation in 2008. He has participated at teaching several courses on undergraduate, graduate and postgraduate level at the University of Zagreb School of Medicine, School of Dental Medicine and Faculty of Science. He is a mentor of two defended doctoral dissertations. Since 2015 he is employed as Assistant Professor and Head of Chair of Immunology at University of Zagreb School of Dental Medicine. He is an author on 74 scientific papers including abstracts in conference books of abstracts, of which 13 full scientific papers published in Current Contents and Science Citation Index listed journals. He is a collaborator or chapter author in 12 scientific books of which 6 university textbooks. His main scientific interests are application of molecular biology and immunology in cancer diagnostics, monoclonal antibodies as drugs for cancer and cancer immunology.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: December 2nd, 2015.**LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME**

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Dragana Šegulja, Msc in Medical Biochemistry

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Centre Zagreb, Department of Laboratory Diagnostics

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Biochemical Methods in Biomedical Research; Laboratory approach to transplantation of haematopoietic stem cells

BIOGRAPHY

Dragana Šegulja, a medical biochemistry and laboratory medicine specialist, works in Unit for Electrophoretic and Immunochemical Laboratory Diagnostics at the Department of Laboratory Diagnostics.

In 2004 she graduated Medical Biochemistry at the Faculty of Pharmacy and Biochemistry, University of Zagreb. She completed Postgraduate Specialist Study in 2015 and in 2016 she passed a specialist examination. Doctoral studies at the Faculty of Pharmacy and Biochemistry start in 2010.

Work experience gain from 2005-2010 in the medical-biochemical laboratory at the Clinic for Lung Diseases Jordanovac and from 2010 in the Department of Laboratory Diagnostics UHC Zagreb. Since 2014, she has been participating in teaching at the Department of Chemistry, Biochemistry and Clinical Chemistry at University of Applied Health Sciences.

The subject of her scientific interest are monoclonal gammopathies, hemoglobinopathies and laboratory diagnostics of malignant diseases.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Mario Šekerija, MD, PhD, scientific associate

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Croatian Institute of Public Health; School of Public Health, University of Zagreb, School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Epidemiological research methods

BIOGRAPHY

Mario Šekerija is an epidemiologist currently working as the Head of the Croatian National Cancer Registry at the Croatian Institute of Public Health. He is also a post-doctoral researcher at Department of Medical Statistics, Epidemiology and Medical Informatics of the School of Public Health Andrija Štampar of the University of Zagreb School of Medicine.

He graduated from the University of Zagreb School of Medicine where he also obtained his PhD degree. His scientific interests include cancer epidemiology and epidemiological methods in research and is a member of the working groups in the major international cancer epidemiology studies, including IICC, EUROCARE and CONCORD. He co-authored over 50 scientific papers that are currently cited over 2,800 times (according to Google Scholar), with the h-index of 22.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Mr.sc. Marijan Šember

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine, Central Medical Library (CML)

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Structure, methodology and functioning of scientific work 1

BIOGRAPHY

Marijan Šember was born in 1967. He attended elementary school in Jastrebarsko and completed secondary education at Technical School Ruđer Bošković in Zagreb. In 1994 he graduated from the archaeology and information sciences at the University of Zagreb Faculty of Humanities and Social Sciences. After a period of working in the elementary school he was employed at the Central Medical Library at the University of Zagreb School of Medicine. He regularly participates in teaching at undergraduate, graduate and postgraduate level. In 2007 he defended his Master of science thesis „Evaluation of biomedical open access journals using citation indicators“ and obtained the title Master of Science at the University of Zagreb Faculty of Humanities and Social Sciences.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Ljiljana Šerman, MD PhD, Professor**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** School of Medicine, University of Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Methods of Molecular Biology in Medicine**BIOGRAPHY**

Ljiljana Šerman graduated at the School of Medicine, University of Zagreb, in 1992, completed her internship in KB “Sestre Milosrdnice” from 1992 until 1993 and passed the professional exam in the same year. She holds a valid license issued by the Croatian Chamber of Physicians. In 1995 she started working as a assistant (research associate) in the Department of Biology, School of Medicine, University of Zagreb, where she graduated as a Master of Science (MSc) in 1999 (with the thesis “Glycolisation of the placental proteins in normal and pathological pregnancies”) and then earned a doctoral (PhD) degree in 2005 (with the thesis “The effect of 5-azacytidine on rat placenta”). She became an Assistant Professor in 2007 and Associate Professor in 2012, all at the Department of Biology, University of Zagreb School of Medicine. She did a professional training in glycobiology at the Department of biochemistry and molecular biology, Faculty of Pharmacy and Biochemistry, University of Zagreb and completed the following courses: “The art of teaching in medicine” (Zagreb); “Basic course in stereology” (Ljubljana); and “Basic and advanced genetic counselling” (Bertinoro). She participated in the work of 3 domestic and one international science and research projects, and has been the recipient and Principal Investigator (PI) of 4 University grants. At present, she is the leader of the working group “Placenta in pathological pregnancy” within the Scientific Center of Excellence for Reproductive and Regenerative Medicine (CERRM), Subunit: Biomedical research of reproduction and development, part of the European Structural and Investment Fund project, Competition and cohesion; European fond for regional development: Regenerative and reproductive medicine – investigation of new platforms and potentials (KK.01.1.1.01.0008.). She also participates in the HRZZ project “The role of Wnt signaling pathway in epithelial mesenchymal transition: WNT4EMT” and in the international project “The expression of the Hedgehog signaling pathway components Gli1, Gli3 and PTCH1 in invasive apocrine carcinoma of the breast”, in collaboration with Qatar University. Her scientific output consists of 44 publications, 18 of which are papers published in journals cited in Current Contents, 10 in journals cited in SCI, 10 in journals cited in other international indexes and 6 in non-indexed journals. She has presented her work on 50 international and domestic conferences. Her primary scientific interest is mammalian embryogenesis and carcinogenesis, specifically the differences in differentiation of trophoblast and tumors on epigenetic level, i.e., the differences in expression of specific proteins during implantation and placentation vs. tumorigenesis, with emphasis on their regulation through DNA methylation. She is the author and co-author of several teaching texts and book chapters. For her contribution to science she has received 9 awards and scholarships (10th Multinational Congress on Microscopy, Urbino, 2011: Award for best poster presentation). She teaches 8 undergraduate and 6 postgraduate courses at the School of Medicine and one undergraduate and one postgraduate course at the School of Dental Medicine. She has been the mentor of 5 students awarded with the Rector’s and Dean’s awards for their work as well as the mentor on 16 final and graduate theses and 3 doctoral dissertations. At the School of Medicine, she is a member of several committees: for graduate thesis, final exam and graduate exam; for teaching; and for enrollment in 1st semester and test exams. She is active in science popularization as part of the “Festival of science” event, held in Technical museum and as workshops at the Department of Biology, School of Medicine, and has written over 20 popular science

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

articles for the Lijecnicke Novine (Physician's Newsletter). She was a member of the editorial board that published the manual: "Croatian guidelines for genetic counselling and testing for hereditary breast and ovarian cancers" (Brkljačić, Dedić-Plavetić, Haller, Levanat, Podolski, Šerman, Vrdoljak, Vukota, Žic and Žigman, eds., Medicinska Naklada, Zagreb, 2016). She is one of the authors of the on-line manual "Ask everything – Everything for her" (2016), aimed at women with breast cancer, and in 2014 and 2015 she volunteered as a psychotherapist in training in psychological and genetic counseling of women diagnosed with cancer and their family members. She has held a series of scientific and professional lectures, mostly those on the subject of genetic counseling. She has been on the editorial board since 2014 and an assistant editor for molecular medicine since 2018 of the Bosnian Journal of Basic Medical Sciences and a member of the Executive board of The Croatian society for clinical genetics.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Investigator at the project: “Experimental embryonic tumours and development of the mammalian embryo invitro and invivo”, held by prof. dr. sc. Floriana Bulić-Jakuš and financed by Ministry of Science Republic of Croatia (2007-2013).

Investigator at the project: “Experimental approach on reproductive health in mammals”, held by prof. dr. sc. Floriana Bulić-Jakuš and financed by Ministry of Science Republic of Croatia (2002-2006).

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

2013-2018 The Role of Wnt signaling in Epithelial to Mesenchymal Transition (collaborator)

2014. Grant UNIZG 2014: Wnt signalisation in placentation and cancerogenesis (project leader)

2015. Grant UNIZG 2015: The role of Hedgehog signalling pathway in regulation of trophoblast and tumor invasiveness (project leader)

2016. Grant UNIZG 2016: The role of DNA methylation of Hedgehog signalling pathway genes in regulation of trophoblast and tumor invasiveness (project leader)

2017. Grant UNIZG 2017: DNA methylation of Patched-1, IHH i SHH genes in regulation of trophoblast and tumor invasiveness (project leader)

2017 - 2022 the leader of the working group “Placenta in pathological pregnancy” within the Scientific Center of Excellence for Reproductive and Regenerative Medicine (CERRM), Subunit: Biomedical research

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

of reproduction and development, part of the European Structural and Investment Fund project, Competition and cohesion; European fund for regional development: Regenerative and reproductive medicine – investigation of new platforms and potentials (KK.01.1.1.01.0008.).

2017 - 2018 the international project “The expression of the Hedgehog signaling pathway components Gli1, Gli3 and PTCH1 in invasive apocrine carcinoma of the breast”, in collaboration with Qatar University (collaborator)

2018. Grant UNIZG 2017: The role of DNA methylation of Sufu gene in regulation of trophoblast and tumor invasiveness (project leader)

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE 3

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Diana Šimić, PhD, Professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Faculty of Organization and Informatics,
University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: 1. Statistical Analysis of Medical Data 1

2. Medical Statistics 2.3: Statistical tools for medical data analysis in observational study design with large samples

3. Medical Statistics 2.4: Statistical tools for medical data analysis in observational study design with small samples

BIOGRAPHY

Born in Zagreb 4 Oct. 1958. Graduated from the Faculty of Natural Sciences and Mathematics in 1982. In 1994 received the M.Sc. degree in Mathematics from the same faculty. Defended doctoral thesis at the School of Medicine University of Zagreb in 2001. Between 1983 and 1985 worked as a computer programmer in RIZ Transmitter Factory. From 1985 to 2002 works at the Institute for Medical Research and Occupational Health. From 1995 she is Head Biomathematics Laboratory, and 1991 to 1992 Chair Management Board. From 2002 to 2004 she holds function of assistant minister for informatics at Ministry for Science and Technology. Between 2004 and 2008 she is deputy state secretary at Central State Administrative Office for e Croatia. During 2009 she works as a consultant for e-Government and e-Business at Infodom company. Since 2010 she is associate professor at Faculty of Organization and Informatics University of Zagreb. Between 2010 and 2014 she is Vice-Dean for Research. Since 2015 she is a full professor. She participated in 33 research projects, half of them international. She was a project leader on one IPA and several professional projects. She lectured in 18 courses at all levels of study from undergraduate to postgraduate doctoral level. She initiated and leads seven new university courses. She supervised four defended doctoral theses (School of Medicine and Faculty of Organization and Informatics). Her research interests comprise multivariate statistical methods, generalized linear and additive models, research methods and applications of ICT in public sector and healthcare. She published 18 papers in journals referenced in CC, 28 referenced in WoS, and 22 papers in extenso published in international and national conference proceedings. She authored or coauthored 13 books and two book chapters. She was a keynote speaker at more than 20 research and professional conferences. Her papers attracted 355 citations reported in WoS, and 598 citations reported in Google Scholar. She was a president and a secretary of the Croatian Biometric Society. She is a member of the American Statistical Association, Association for Computing Machinery, and the Croatian Statistical Association. She was awarded the plaque Informatics of the Croatian Informatics Association in 2007 for contribution to the development of information society in Croatia; recognition for special contribution to advancement and recognition of the University Computing Centre of the University of Zagreb (in 2011), Europe's Open Access Champion (2016), Dean's certificate of appreciation for contribution to the development of the doctoral study and research methodology at the Faculty of Organization and Informatics (in 2016).

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Goran Šimić MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University of Zagreb Medical School**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Neurobiology of aging; Selected chapters in epileptology in developmental age**BIOGRAPHY**

Goran Šimić is a tenured Professor of Neuroscience and Anatomy, and the Head of Neuroscience Department at the Croatian Institute for Brain Research of the University of Zagreb Medical School. In the department, prof. Šimić also leads the Laboratory for Developmental Neuropathology. He graduated from the University of Zagreb Medical School in 1992, where he, after three research fellowships from Karolinska Institute in Stockholm, also received PhD in 1998. His laboratory has extensive expertise in the neuropathology of developmental and neurodegenerative disorders and has established an international cooperation on biomarkers for brain diseases, especially Alzheimer's disease. Prof. Šimić was the Editor-in-Chief and Managing Editor of Translational Neuroscience journal from 2010-2016. For his work on etiopathogenesis of spinal muscular atrophy he received The Kurt Jellinger Prize from Acta Neuropathologica and Springer-Verlag in 2008.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Mirjana Šimić, Ph.D.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Andrija Štampar Teaching Institute of Public Health, Department of Clinical Microbiology

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Methods of molecular biology in medicine

BIOGRAPHY

Mirjana Šimić born on 25 January 1964 Graduated in 1988 at the Faculty of Food Technology and Biotechnology of the University of Zagreb, Biochemical Engineering. Professional Exam: 1990. Professional Ability to Work, Healthcare Worker, Clinical Laboratory Diagnostic Institute, (KZLD), Clinical Hospital Center, Zagreb. She graduated in 1998 as Master of Biotechnical Sciences, Biotechnology Biomedical Science, Master's Thesis entitled "Influence of Immunoglobulin Preparation Methods on Activity and Concentration of Specific Antibodies", made at the Institute of Immunology and Faculty of Food Technology and Biotechnology, University of Zagreb. She received her PhD in 2007 from the field of Biotechnical Sciences, Biotechnology, Biomedical Sciences, Biochemical Engineering, Biophysical Biotechnology Faculty of the University of Zagreb. Dissertation titled "Multiple Sclerosis and Role of Apolipoprotein E Genotype". Work done in the Immunological Institute, the Hospital of the Sveti Duh and the KZLD. Scientific title: 2014 Scientific associate, Faculty of Food Technology and Biotechnology, University of Zagreb, scientific area - biotechnical sciences, scientific field - biotechnology. Membership in Croatian Microbiological, Society - Immunological Section. Work experience: 2015.-Andrija Štampar Teaching Institute of Public Health, Department of Clinical Microbiology, 2010 - 2015 Institute of Immunology, Head of Plasma Processing Department, 1993 - 2010 Institute of Immunology, Plasma Processing Department - Head of Department, 1992 - 1993 Health Center Velika Gorica, Medical Biochemist Position, 1989. - 1991. Clinical Hospital Center Zagreb, Clinical Institute for Laboratory Diagnosis. Teaching activity: 2010 - 2013 Faculty of Food Technology and Biotechnology, University of Zagreb Graduate study program: Molecular biotechnology, Immunology; 2016. - Medical School, University of Zagreb, PhD program, Biomedicine and Health Sciences: Methods of molecular biology in medicine. 2018 - Health Polytechnic, Department of Microbiology, Study of Sanitary Engineering.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 22.05.2014.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Mirna Šitum, academician; Full member of Croatian Academy of Sciences and Arts; full professor of dermatology and venereology, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb, School of Dental Medicine; Department of Dermatology and Venereology, Sestre milosrdnice University Hospital Centre, Zagreb, Croatia

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Clinical-laboratory diagnostics of malignant melanoma with special reference to molecular-biological diagnostic capabilities

BIOGRAPHY

Academician Mirna Šitum was born in 1962. In 1985 she graduated in University of Zagreb, Medical School. As a general practitioner she worked 1986-1991 at Emergency Medicine Department in Split. In 1991 she voluntarily attended to 4th Guardian Brigade of Croatian Army as a colonel where until 1993 she performed duty of a Head of medical corps as well as medical doctor.

In 1996 she finished residency training at Department of Dermatology and Venereology, University Hospital Centre Zagreb while in 2004 she became Subspecialist of Dermatological oncology at Sestre milosrdnice University Hospital Centre, Zagreb.

Nowadays she is a leading Croatian dermatooncologist with prominent international scientific and professional reputation. Since 2000 she is performing duty of Head of the Department of Dermatology and Venereology at Sestre milosrdnice University Hospital Centre Zagreb, Croatia. In 1999 she became Head of the Department of Dermatovenereology, School of Dental Medicine, University of Zagreb, Croatia and in the same institution in 2007 she became a scientific consultant and in 2012 a full professor.

As a postdoctoral programme coordinator she is managing several courses in University of Zagreb: Medical School, School of Dental Medicine and Faculty of Pharmacy and Biochemistry. In May 2018 she was elected as a Full member of Croatian Academy of Sciences and Arts.

From 2009-2018 she was a President of the Croatian Dermatovenereological Society of the Croatian Medical Association. So far she was a president of 23 international congresses, 7 national congresses and 17 international symposiums. She is author and co-author of 695 scientific publications: 197 scientific papers of which 102 cited in Current Contents. She is editor of 23 books and as author in 38 books she wrote 104 book chapters. As a Head researcher and Associate researcher she contributed in 17 national and international scientific projects. She is Head coordinator of « Euromelanoma day organization » in Croatia as well as a member of Scientific Advisory Board of Vitiligo Research Foundation. She was a founder of several subspecialist activities in fields of dermatooncology, dermatosurgery and psychodermatology.

She is a founder and Head of the Croatian Referral Centre for Melanoma and Croatian Referral Centre for Chronic Wounds of the Ministry of Health of the Republic of Croatia. Since 2010 she is a visiting professor at the Josip Juraj Strossmayer University of Osijek Faculty of Medicine. At the University of Mostar, School of medicine during two mandates she was performing duty of Head of the Department of Dermatovenereology and since 2007 she is a full professor. In numerous international and national symposiums she was invited lecturer. She is a member of 7 Editorial Boards in national and international

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

scientific journals as well as a member of 10 international professional scientific associations. She was a mentor of a 20 doctoral dissertations.

She is a Head of the Specialist Training Programme in Dermatology and venereology and a chairwoman of the Dermatology and venereology Commission of the Ministry of Health of the Republic of Croatia, as well as a member of several expert committees of the Ministry of Health of the Republic of Croatia

In the field of dermatooncology, she the most productive and the most cited author in Croatia. Her scientific research regarding to molecular and genetic basis of the development of familial malignant skin tumors became standard part of clinical practice of prediction of disease development among family members. Also, she was a founder of vitiligo Biobank Croatia and she was the first physican in Croatia who performed melanocyte transplantation. Her scientific work in the psychodermatology area is also worldwide appreciated and results of her scientific experience became a part of clinical practice as an interdisciplinary collaboration among dermatologists, psychologists and Liason psychiatrists.

With her scientific and professional reputation, national and international recognition, continuous promotion of scientific and professional topics in the field of dermatovenerology and public health, she is placed among the most prominent and most successful persons of her generation in Croatian and international medical science. She made a major step in the perception of dermatovenerology profession in Croatia, translating it from a conservative internist profession into a functional interdisciplinary science that insists on a holistic approach to the patient, and in the first place puts prevention, education and science into the service of human being.

Regarding to her scientific and professional activities she has received numerous honors; in 1991 City of Split Award related to the contribution in organizing and founding of field hospitals during Croatian War of Independence and in 1992 President of Croatia honored her with Memorial and Medal of Croatian War of Independence as well as with Medals related to battles of Croatian War of Independence, 4th Guardian Brigade Plaque of Croatian army and “Pauk” medal. In 2005 she received Croatian Academy of Sciences and Arts award in the field of medical sciences, in 2011 Croatian Medical Association awarded her with Diploma and the Ladislav Rakovac Award and in 2016 she received National Science award for popularization and promotion of science

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: full professor of dermatology and venereology (may 1st, 2012); academician; Full member of Croatian Academy of Sciences and Arts (june 14th, 2018)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Siniša Škokić, Ph.D.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Morphological Methods in Biomedical Research

BIOGRAPHY

Siniša Škokić was born in Zagreb in 1978, where he finished school and graduated from Faculty of Electrical Engineering and Computing. He got his M.Sc. and Ph.D. titles from the same affiliation in 2005 and 2009, respectively. For this doctoral thesis entitled "Analysis of Reflector Antenna Systems by Means of New Conical Wave objects" he received the "Josip Lončar" Silver Plaque for an outstanding PhD dissertation.

From 2001-2013 he worked as a research assistant at the Faculty of Electrical Engineering and Computing. For the "Antennas and Propagation" course, he wrote the textbook "Antenna Basics - Theory and Examples". He is also a co-author of a workbook "Lines and Antennas - Exercises", written for the Polytechnic of Zagreb (TVZ).

Since 2013, he has been employed at the University of Zagreb School of Medicine. He first participated in the EU FP7 project "Glowbrain" as an expert engineer, coordinating the development and construction of a new laboratory dedicated to preclinical neurological research, with special in-vivo imaging equipment such as a small animal magnetic resonance imager (MRI) and in vivo optical imager of bioluminescence and fluorescence. After "Glowbrain", he continued to work at UZSM as a research collaborator specializing in medical imaging and image post-processing techniques.

He was involved in several national and international research projects: «Adaptive Antennas in Communication and Radar Systems» (MZOŠ, 2002-2006), «Electromagnetic Phenomena and Structures in Communication Systems» (MZOŠ, 2007-2012), «Antenna Center of Excellence» (FP6 NoE, 2004-2007), EU FP7 «GlowBrain» (FP7 REGPOT, 2012-2016), EU ESF «Young Brain» (ASOO, 2016-2017), and «RepairStroke» (HRZZ 1892, 2018-2021). He also collaborated with a number of other projects, performing all magnetic resonance imaging for projects EU H2020 "Biochip", EU FP7 "FlexiOscar", HRZZ IP 5699 "Copera" etc.

He has thus far authored or co-authored over 40 research papers, of which 8 are indexed in Web of Science Core Collection database. For his work, he received the international award "URSI Young Scientist Award" (2008), as well as several "best paper" awards at international conferences (EuCAP 2010, MMET 2012, EMIM 2019). He was appointed Senior Research Collaborator rank in November 2018., for the field of Technical Sciences - Electrical Engineering.

He speaks English, French, Italian and Russian.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Lea Škorić, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Structure, methodology and functioning of scientific work 1

BIOGRAPHY

Lea Škorić (born Pulišelić) was born in 1979 in Supetar on the island of Brač. She attended elementary school in Pučišća, and completed secondary education at Vladimir Nazor grammar school in Split. In 2013 she graduated from the study of history and comparative literature at the University of Zagreb Faculty of Humanities and Social Sciences, and in 2004 graduated from an additional study of librarianship at the same school.

Since 2004 she has been employed at the Central Medical Library at the University of Zagreb School of Medicine, and in 2014 she takes over as the head of the library. Her core tasks are planning, organization and management of the work of the Central Medical Library (including selection, procurement, formal and subject cataloging of library materials in printed and electronic form, complex database searches for the purpose of supporting scientific research work, compiling and interpreting specialized bibliographic analyzes, development, organization and improvement of the work of particular library departments, preparation and implementation of various forms of user education, etc.). In addition, she is involved in scientific research work, and regularly participates in teaching activities on undergraduate, graduate and postgraduate level.

In 2013, she defended her dissertation "MeSH thesaurus as a framework for the analysis of subject approach to Croatian medical literature" and obtained the title of the Ph.D. in the PhD School of Information and Communication Sciences at the University of Zagreb Faculty of Humanities and Social Sciences. During the same year, the Ministry of Culture awarded her the title of a higher librarian, and in 2018 she was awarded the highest professional degree - the title of a librarian's advisor.

Lea Škorić has published several scientific and professional papers in journals, she has actively participated in international and domestic professional conferences and reviewed papers for Croatian scientific journals. She is a member of several expert committees at the School of Medicine, and works on projects at the University of Zagreb and at the national level. As a fellow of the Ian Mowat Foundation, she spent some time in vocational training at the Edinburgh University Library.

She is a member of the Commission for Medical Libraries at the Croatian Library Association since 2010, and has represented Croatia in the Council of the International Association for Health Information and Libraries (EAHIL) in two mandates.

Her scientific interests include scientific publishing, methods of quantitative and qualitative evaluation of scientific papers, open access, biomedical information systems organization and characteristics, and the theory and practice of subject cataloging.

Born in 1956 in Zagreb. Medical School, University of Zagreb starting in 1975 ended in 1980. After passing the State exam worked two years in primary care, then a year in the Department of Nephrology at “Sveti Duh” Hospital, and specialized Gynecology and Obstetrics at the University Hospital of Gynecology and Obstetrics, Zagreb, Croatia (1985-1989). That same year she was elected assistant in the Department of Gynecology and Obstetrics, at University of Zagreb Medical School. During 1980 attended and completed graduate studies in oncology, and in 1984 defended master thesis entitled “Meaning of eosinophilia in the peripheral blood after irradiation of malignant tumors”. In 1994 defended PhD Thesis. After habilitation lecture in 1996, elected assistant professor and in the year 2000 professor of ob/gyn in the Department of Gynecology and Obstetrics, Medical School, University of Zagreb. In 2007 elected full professor.

Since the beginning of specialization takes part in scientific research in the field of perinatal medicine: programs to prevent premature birth, disturbances in fetal growth, the area of prenatal diagnosis of congenital malformations and diseases of the child. She has published over 100 scientific and professional papers, and regularly participates in the professional and scientific conferences and meetings in Croatia and abroad. Organized 9 training courses for doctors. Member of the Section on Perinatal Medicine of the Croatian Medical Association and the Governing Board of the Croatian society for gynecologic endocrinology and human reproduction. Awarded with Acknowledgement to the long-standing professional and scientific activity in the field of maternity protection in the Republic of Croatia, 1999. Head of the Department of Pathology of pregnancy II Reference Center of Perinatal Medicine of Croatia. Since 2015 - Head of Department of Perinatal Medicine at University Medical School of Zagreb.

BIOGRAPHY

Education

2017. Human reproduction specialist, Clinical Hospital Centre Zagreb

2011 Ph.D. in Medical Sciences, School of Medicine, University of Zagreb

2009. Obstetrics and Gynaecology specialist, Clinical Hospital Centre Zagreb

2000 M. D. degree, School of Medicine, University of Zagreb

Position

Since 2017. Assistant Professor; 2012. Senior Assistant; 2011 Assistant; 2001-2011 Scientific novice - assistant, University of Zagreb, School of Medicine, Zagreb, Croatia

Since 2009. Clinical Hospital Centre Zagreb

Scholarships

2007. Scholarship of the Ministry of Higher Education, Science and Technology of Slovenia at the Department of Obstetrics and Gynecology, Division of Medical Genetics, University Medical Centre Ljubljana. Mentor: Ksenija Geršak.

Mentorships and teaching

Integrated Undergraduate and Graduate Program School of Medicine at University of Zagreb curriculums obstetrics and gynaecology (Croatian and English) and curriculum Fundamentals of Medical Skills.

Specialist postgraduate studies of Family medicine, School medicine, Laboratory medicine and Obstetrics and Gynaecology at the Medical School of the University of Zagreb

Mentorship of 7 students graduate thesis, 2 thesis in process.

Administrative activities

6/2018 Dean's assistant for Graduate Program of Studies in Nursing University of Zagreb School of Medicine

2013.-2015. member of the Faculty Council of the University of Zagreb School of Medicine

2013. - Member of the University of Zagreb School of Medicine Textbooks Committee

Awards

2008. "Pearl of Wisdom" European parliament award for best organized campaign for primary prevention of cervical cancer – team member

The article „The efficacy and safety of local estrogen treatment in patients with urogenital symptoms" recieved IJGO Prize Paper Award – best clinical article in developing countries for year 2003.

Memberships in Professional Associations

Member of administrative committee of the Croatian Society of Human reproduction and Gynaecological endocrinology, Croatian Medical Chamber.

Secretary of the Association: National Committee for the Promotion of Cervical Cancer Prevention "For All Women".

Member of the Croatian Society of Gynaecologists and Obstetricians, Croatian Medical Chamber

Member of the Croatian Menopausal Society, Croatian Medical Chamber

Born on 12. travnja 1942 in Zagreb. In 1952. he finished elementary school, 1960. was graduated from the Classical High School, and in the 1967 he graduated from the Medical University of Zagreb. After military service (1969) completed an internship and 1971. passed state exam. He finished postgraduate studies in Public Health at the School of Public Health "Andrija Štampar" School of Medicine, University of Zagreb in the 1971. year. He passed specialistic exam in social medicine with the organization of health services in 1980. He also was training in the U.S. the School of Physiological Hygiene, University of Minnesota in Minneapolis, while attending summer graduate course in general epidemiology and the epidemiology of cardiovascular disease (1977). During his stay in the United States introduced the work of a number of centers of the Multiple Risk Factor Intervention Trial (MRFIT) at the Northwestern University, Rush Presbyterian School of Public Health and Saint Joseph's Hospital in Chicago. He worked from 1969. until his retirement in 2007, at the Medical University of Zagreb School of Public Health "Andrija Štampar". He was assistant at the Department of Hygiene, Social Medicine and Epidemiology and in 1971 got Degree of Master of Science scored the 1979th with the theme "Epidemiological characteristics of adulthood obesity people in our rural and urban populations." He got Doctor of Science degree in 1991. with dissertation titled "Predictive value of complex variables in the epidemiology of arterial hypertension." In 1979. he was chosen for the research assistant, 1992. Assistant Professor and in 1998. Associate Professor, Department of Hygiene, Social Medicine and Epidemiology. From 2003. he is a Head of the Department of Social Medicine and Organization of health care since 2006. when he became Director of School of Public Health Andrija Štampar. From 1994. he was the head of the Department of Hygiene, Social Medicine and Epidemiology, Faculty of Dentistry, University of Zagreb. Since 1999. to 2007. President of the Croatian Society for Public Health, the Croatian Medical Association, 2004. to 2005 Vice President European Public Health Association.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Marina Šprem Goldštajn, full professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Department for Gynecology and Obstetrics, Medical School University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Diagnostics and treatment of female urinary incontinence

BIOGRAPHY

Born March 4, 1967 in Zagreb. Married, mother one son .

Education:

1986-1991 School of Medicine, University of Zagreb, undergraduate study.

1997- Master degree

2002 - PhD: Medical School University of Zagreb

1994- 1998. Research fellow in Obstetrics and Gynaecology, School of Medicine, University of Zagreb

1998-2002. Clinical hospital centre Zagreb / Department of Obstetrics and Gynaecology - specialization in gynaecology and obstetrics

2002-nowadays Gynecology and Obstetrics specialist, Department for Gynecology and Obstetrics, Medical School University of Zagreb , Human reproduction and Gynecology Endocrinology Unit

2012 – subspecialist of human reproduction, gynaecological endocrinology and menopause

2015- Cohead Referral Centre for human reproduction and gynecological endocrinology, Ministry of Health, Croatia

2015.- 2016. Head of Human Reproduction and gynecological endocrinology, Department for Gynecology and Obstetrics, Zagreb

2013 scientific adviser

2018- Full professor

Organisation of scientific congresses

1. 1st International Brijuni Congress on Reproductive Medicine, 11th Croatian Congress on Gynaecological Endocrinology, Human Reproduction and Menopause, 4th Congress of Croatian Society of Clinical Embryologists with international participation, Brijuni, Croatia, 7-10.09. 2017. – Organizacijski odbor

2. First category postgraduate course «Controversies in Reproductive Medicine, Gynaecologic Endocrinology, Contraception and Menopausal Medicine», Zagreb, Hrvatska 2017. – VODITELJ TEČAJA

3. Hrvatski kongres menopauzalne medicine s međunarodnim sudjelovanjem. Zagreb, Hrvatska 18-19.11.2016. – PREDsjednik KONGRESA

4. ISGE Annual Meeting & 4 Croatian congress on minimally invasive gynecological surgery. Opatija, Hrvatska 25-28.5.2016. – organizacijski odbor

5. 7. hrvatski kongres ginekologa i opstetričara s međunarodnim sudjelovanjem, Osijek, Hrvatska, 19-22.5.2016. – znanstveni odbor

6. Hrvatski kongres o reproduktivskom zdravlju, planiranju obitelji, kontracepciji i IVF-u s međunarodnim sudjelovanjem, Šibenik, Hrvatska, 21-23.4. 2016. – organizacijski odbor

7. 10. Hrvatski kongres o ginekološkoj endokrinologiji, humanoj reprodukciji i menopauzi s međunarodnim sudjelovanjem Brijuni, Hrvatska 10-13.9.2015. – organizacijski odbor

8. 3. Hrvatski kongres o reproduktivskom zdravlju, kontracepciji i IVF-u s međunarodnim sudjelovanjem. Šibenik, Hrvatska, 15-17.5.2014. - organizacijski odbor

9. 1. Hrvatski kongres menopauzalne medicine s međunarodnim sudjelovanjem Zagreb, Hrvatska, 20-21.11.2014. – PREDsjednik KONGRESA

10. 9. Hrvatski kongres o ginekološkoj endokrinologiji, humanoj reprodukciji i menopauzi s međunarodnim sudjelovanjem. Brijuni, Hrvatska, 5-8.9.2013. – organizacijski odbor

11. 8. Hrvatski kongres o ginekološkoj endokrinologiji, humanoj reprodukciji i menopauzi s međunarodnim sudjelovanjem. Brijuni, Hrvatska, 8-11.9.2011. – organizacijski odbor

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1994 - 1996 Neurourology and urodynamics, Ministry of science, education and sport, Croatia

1996 - 1998 Problem of female urinary incontinence in older women, Ministry of science, education and sport, Croatia

2014 - Assessment of Microbiota, Inflammatory Markers, Nutritional and Endocrinological Status in IBD Patients (Acronym MINUTE for IBD) Croatia

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

2014 - Scientific center for reproductive and regenerative medicine. Biomedical research of reproduction and development. Ministry of science, education and sport, Croatia

2014 - Reproductive and regenerative medicine –research of new platforms and potentials

2016 - *"Diminish of ovarian reserve after ovarian surgery the importance of AMH"*, UKC Maribor, Slovenia

2016 – danas „Reprodukcija človeka- laboratorijski in eksperimentalni vidiki“, znanstveni projekt UKC Maribor, Slovenija- istraživač

2014. - Assessment of Microbiota, Inflammatory Markers, Nutritional and Endocrinological Status in IBD Patients (Acronym MINUTE for IBD) Croatia

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE: 0

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: assistant professor Krešimir Štambuk, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Clinic “Magdalena”

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Telemedicine

BIOGRAPHY

Date and place of birth: 19.09.1969, Zagreb

Qualification: Doctor of Medicine, specialist in internal medicine, subspecialist cardiologist

Academic title: Doctor of Science

Scientific-teaching: Docent

Occupation of Head of Department of Cardiology

Education

- graduated from the Faculty of Medicine in Zagreb in 1994 as Academic Achievement
- 2003-2011 Assistant
- 2011 Senior Assistant
- 2013. Assistant Professor

Training and Work Experience

- 1994th scholar at the Internal Clinic of KBC "Sestre Milosrdnice"
- 2002 completed internal medicine specialization
- Completed subspecialization of cardiology in 2007
- 2011. She holds the title of Doctor of Science - Dissertation from the Percutaneous Coronary Intervention
- until 2011 at the Institute for Cardiovascular Diseases of KBC "Sestre milosrdnice"

Clinical Skills and Competences

- Primary professional interest is invasive cardiology that includes all aspects of diagnostic and invasive therapy of coronary disease, valvular pathology including TAB, closure of ASD and PFO
- interventions on peripheral arteries and endovascular aortic disease treatment
- long-term experience in clinical echocardiography, treatment of heart failure
- was a member of the heart transplant team

Additional information

- Thirty-five papers published in journals quoted in CC or other quoted publications and more than thirty lectures at international congresses
- Participation in 8 major international multicentric studies in cardiology and rheumatology as a principal or auxiliary researcher
- Editor of the Department of Cardiology and author of two textbooks in the IV edition of Internal Medicine (2008) which is also an official textbook of Internal Medicine for students of the Faculty of Medicine in Zagreb

Katarina Štingl Janković was born on July 21st, 1977.g. in Sisak. She graduated at the Faculty of Sciences, University of Zagreb (Biology Department, course: Molecular Biology) in 2000. She gained her PhD degree in 2009 (Doctoral Study in Biomedicine and Health Sciences, School of Medicine, University of Zagreb). In the period 2001-2010 she worked as a scientific researcher of the School of Medicine in Zagreb at scientific projects „Immunomolecular studies of the histocompatibility complex HLA“ (no: 0108123, leader: Prof. Andrija Kaštelan) and “Studies of microsatellites within the Major Histocompatibility Complex region“ (no: 214-0000000-3354, leader: Prof. Zorana Grubić). Since 2009 she participates in conducting the course “Transplantation immunology” (Faculty of Sciences, University of Zagreb). She is the author at 47 scientific articles out of which 35 have been indexed in CC.

BIOGRAPHY

Graduated from University of Zagreb School of Medicine in 1988. Board certificate in Clinical Cytology 1995. Head of Cytology, Department of Pathology and Cytology, University Hospital Dubrava. PhD thesis defended University of Zagreb School of Medicine in 2011. Assistant professor Medical Faculty, University of Osijek. Published 36 articles in scientific journals (29 in CC), 60 congress summaries, several book chapters, 15 invited lectures and several workshops in the field of pancreato-biliary cytology. Teaches at postgraduate courses at University of Zagreb School of Medicine. Member of International Academy of Cytology, European Association of Hematopathology, Croatian Society of Gastroenterology and board member of Croatian Society of Clinical Cytology.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Alan Šućur, MD, PhD postdoc

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Selected topics in transplant immunology, Immunocytokines

BIOGRAPHY

Alan Šućur, MD, PhD, postdoc: Born in Zagreb Croatia, 03.07.1987. Education: 2011. – MD – Zagreb University School of medicine, Zagreb Croatia. 2017 – defended PhD thesis at Zagreb University school of medicine. Employments: 2018-present postdoc at the Department of Physiology and Immunology, University of Zagreb School of Medicine, 2012-2018 assistant at the Department of Physiology and Immunology, University of Zagreb School of Medicine. Teaching and mentoring: Since 2012 participates in teaching at School of medicine and School of dental medicine in Zagreb (both Croatian and English studies). Research activity: Co-investigator on projects of Croatian Science Foundation: “Notch signaling in osteoclast progenitors induced by rheumatoid arthritis” (project nr. 2414, principal investigator Danka Grcevic), 2018-2022; “Molecular mediators of Fas-driven osteoresorption in arthritis (MEFRA)” (project nr. 7406, principal investigator Natasa Kovacic), 2015-2019; “Characterization of osteoclast progenitor responses to arthritis (COPERA)” (project nr. 5699, principal investigator Danka Grcevic), 2014-2017; and University of Zagreb project grants "Role of Notch signaling in osteoclast activation in arthritis" (project nr. BM037, principal investigator Danka Grcevic), 2018-2019; Role of the proinflammatory molecule pentraxin 3 in the regulation of bone metabolism, (project nr. BM041, principal investigator Danka Grcevic), 2015-2018. Invited lecturer at 2016 Croatian Immunological Society lecture series, topic “Characterization of osteoclast progenitors in patients with rheumatoid arthritis”, Zagreb, Croatia; 2015 International Postgraduate Conference, topic “Chemokine receptor profile of osteoclast progenitor cells in patients with rheumatoid arthritis”, Hradec Kralove, Czech Republic; and 2015 PhD Day, University of Zagreb Medical School, topic “Chemokine receptor profile of osteoclast progenitor cells in patients with rheumatoid arthritis”. Memberships: member of Croatian Immunological Society, Croatian Physiological Society, Doctors Against Forced Organ Harvesting and European Calcified Tissue Society. Publications: 9 original scientific papers, cited 33 times (WoS).

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 1 FEB 2018

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Lazic Mosler E, Lukac N, Flegar D, Fadljevic M, Radanović I, Cvija H, Kelava T, Ivcevic S, Sucur A, Markotic A, Katavic V, Marusic A, Grcevic D, Kovacic N. Fas receptor induces apoptosis of synovial bone and cartilage progenitor populations and promotes bone loss in antigen-induced arthritis. FASEB J. 2018 Nov 1:fj201801426R.
2. Sucur A, Jajic Z, Artukovic M, Ikić Matijasevic M, Anic B, Flegar D, i sur. Chemokine signals are crucial for enhanced homing and differentiation of circulating osteoclast progenitor cells. Arthritis Res Ther. 2017;19(1):142.
3. Sucur A, Gajovic S. Nobel Peace Prize nomination for Doctors Against Forced Organ Harvesting (DAFOH) - a recognition of upholding ethical practices in medicine. Croat Med J. 2016 Jun 30;57(3):219-22.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Associate Professor Goran Tešović, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital for Infectious Diseases, Chair for Infectious Diseases

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Selected chapters in epileptology in developmental age

BIOGRAPHY

Surname(s) / First name(s) Goran Tešović

Address(es) Ul. Pavla Šubića 21, 10 000 Zagreb, CROATIA; University Hospital for Infectious Diseases, Mirogojska cesta 8, 10 000 Zagreb, CROATIA;

Telephone(s) ++385(91) 40 12 605; ++385(1)28 26 156;

Fax(es) ++385(1)28 26 158;

E-mail(s), Web address(s) gtesovic@bfm.hr

Nationality(-ies) Croatian

Date of birth April, 11th 1965

Identification number from Records of Scientific Workers 185924

WORK EXPERIENCE

• Dates (from – to) 1990 - 1991

Name and address of employer University Hospital Center, Zagreb, Croatia

Type of business or sector Medicine

Occupation or position held Physician - intern

Main activities and responsibilities Physician - intern

WORK EXPERIENCE

• Dates (from – to) 1991 - 1993

Name and address of employer University Hospital for Infectious Diseases, Zagreb, Croatia

Type of business or sector Medicine (Infectious Diseases)

Occupation or position held Junior researcher

Main activities and responsibilities Junior researcher

WORK EXPERIENCE

• Dates (from – to) 1993 - 1998

Name and address of employer University Hospital for Infectious Diseases, Zagreb, Croatia

Type of business or sector Medicine (Infectious Diseases)

Occupation or position held Physician - intern

Main activities and responsibilities Physician on internship of infectology

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

WORK EXPERIENCE

- Dates (from – to) 1998 - 2005

Name and address of employer University Hospital for Infectious Diseases, Zagreb, Croatia

Type of business or sector Medicine (Infectious Diseases)

Occupation or position held Specialist in infectious diseases

Main activities and responsibilities Physician at Division for Pediatric Infectious Diseases

WORK EXPERIENCE

- Dates (from – to) January, 16th 2006 - today

Name and address of employer University Hospital for Infectious Diseases, Zagreb, Croatia

Type of business or sector Medicine (Infectious Diseases)

Occupation or position held Specialist in infectious diseases/Specialist in pediatric infectious diseases (since 2013)

Main activities and responsibilities Head of Division for Pediatric Infectious Diseases

WORK EXPERIENCE

- Dates (from – to) 1998 - 2008

Name and address of employer University of Zagreb School of Medicine

Type of business or sector Medicine (Infectious Diseases)

Occupation or position held lecturer

Main activities and responsibilities lecturer

WORK EXPERIENCE

- Dates (from – to) 2008 - 2013

Name and address of employer University of Zagreb School of Medicine

Type of business or sector Medicine (Infectious Diseases)

Occupation or position held Assistant Professor

Main activities and responsibilities Organizing and performing lectures for medical students (Clinical Infectious Diseases);

Organizing and performing lectures for interns in infectology and pediatrics (Pediatric Infectious Diseases)

WORK EXPERIENCE

- Dates (from – to) 20013 - today

Name and address of employer University of Zagreb School of Medicine

Type of business or sector Medicine (Infectious Diseases)

Occupation or position held Associate Professor

Main activities and responsibilities Organizing and performing lectures for medical students (Clinical Infectious Diseases);

Organizing and performing lectures for interns in infectology and pediatrics (Pediatric Infectious Diseases)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

EDUCATION

Date 1984 - 1989

Place of education Zagreb

Name and type of organisation providing education University of Zagreb School of Medicine

Title or qualification awarded M. D.

EDUCATION

Date 2004

Place of education Zagreb

Name and type of organisation providing education University of Zagreb School of Medicine

Title or qualification awarded MSc

EDUCATION

Date 2006

Place of education Zagreb

Name and type of organisation providing education University of Zagreb School of Medicine

Title or qualification awarded PhD

TRAINING

Year 1997 - 1998

Place of training Zagreb

Name and type of organisation providing training University of Zagreb School of Medicine,
University Hospital Center, Zagreb, Croatia

Principal subjects/Occupational skills covered Clinical pediatrics

TRAINING

Year 1998

Place of training Rome, Italy

Name and type of organisation providing training IRCCS «Lazaro Spallanzani»

Principal subjects/Occupational skills covered epidemiology, diagnostics, therapy and prevention of HIV-
infection/disease

PERSONAL SKILLS AND COMPETENCIES

Mother tongue(s) croatian

Other language(s)

Language English, italian

Speaking English, italian

Writing English, italian

Understanding (listening and reading) English, italian

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

SOCIAL SKILLS AND COMPETENCIES Member of:

European Society for Pediatric Infectious Diseases, European Society for Clinical Microbiology and Infectious Diseases; Croatian Medical Association, Croatian Medical Chamber, Croatian Society for Infectious Diseases, Croatian Society for Intensive Medicine

ORGANISATIONAL SKILLS AND COMPETENCIES Leading the lectures for medical students and interns in pediatrics and infectious diseases

Head of department in a university hospital

ADDITIONAL INFORMATION Scientific projects – principal investigator:

2008 – 2013: New laboratory methods in diagnostics of acute non-bacterial CNS inflammation in children – project number: (Croatian Ministry for Education and Science)

2012 – 2016: The burden of acute rotavirus gastroenteritis in Croatian children” (GSK Bio)

2018 – onward: The Croatian pneumococcal carriage study (Pfizer Scientific Foundation)

Number of published articles: 75 (Scopus); 52 (Web of Science, WoS); 39 (Pubmed/Medline); 33 (Current Contents); H-index 12 (Scopus); 10 (WoS); Number of citations: 378 (Scopus); 281 (WoS).

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

0

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

1. Somatostatin receptor scintigraphy in neuroendocrine tumour patients using Technetium-99m octreotide. Dissertation defence, November 28, 2017. School of Medicine, University of Zagreb

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Vladimir Trkulja, MD, PhD, Professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Zagreb University School of Medicine, Dept. Pharmacology

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Structure, Methodology and Functioning of scientific research 2 - co-coordinator; Structure, Methodology and Functioning of scientific research 1; Selected chapters in epileptology in developmental age; Medical Statistics 2.1: Statistical tools for medical data analysis in planned experimental study design; Medical Statistics 2.2: Statistical tools for medical data analysis in quasi-experimental study design; Proteomics in biomedical research

BIOGRAPHY

Education:

1988 – MD (Zagreb University School of Medicine)

1995 – MSc (biomedicine) (Faculty of Science, Zagreb University)

1997 – PhD (pharmacology) (Zagreb University School of Medicine)

Employments:

1994– Department of Pharmacology, School of Medicine

1991-1994 (May – Croatian Army

1990-1991 – GP

1989-1990 – Intern

Current teaching : undergraduate medical students - Pharmacology, Essentials of evidence based medicine (Medical studies in English); electives (Croatian studies): "Važno je naći valjan dokaz"; "Kako napisati diplomski rad";,; PhD program "Biomedicine and healthcare: Structure 1, Selected topics in pediatric epileptology (lecturer); Structure 2 (co-chair); Specialistic postgraduate studies in Clinical pharmacology and toxicology (coordinator of 2 courses); Specialistic postgraduate studies in dermatology (lecturer); Specialistic postgraduate studies in drug development (Faculty of Pharmacy and Biochemistry) (coordinator of 1 course).

I have published 88 papers in index biomedical journals (around 900 citations). Co-editor of the Croatian editions of "Basic and clinical pharmacology" (Official textbooks in Pharmacology at Medical Schools in Croatia). I have published 8 chapters in different books. Between 2015 and 2017 - editor for systematic reviews and meta-analyses at Croatian Medical Journal. Member of the Editorial board of Advances In Therapy and Drug, Healthcare and Patient Safety. Peer-reviewer for some 30 biomedical journals.. Member of the Committee for human medicines - Croatian Agency for Medicines and Medical Devices (2005-2015). Consultant to Medicines Agencies of the Republic of Macedonia and Republic of Montenegro..

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2017

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Diana Trnski, Ph.D.**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Ruđer Bošković Institute**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Methods in molecular oncology**BIOGRAPHY**

I was born in 1985 in Rijeka, Croatia. I obtained my Diploma in molecular biology in 2008 at the Faculty of Science, University of Zagreb, Croatia. In 2015 I obtained my PhD degree in biomedicine and health at the Doctoral Study of Molecular Biosciences at J. J. Strossmayer University of Osijek, Croatia. I am an employee of the Division of Molecular Medicine at the Ruđer Bošković Institute since 2009, where I was an assistant/PhD student until 2015 and since then I am a senior assistant/postdoc in the Laboratory for Hereditary Cancer. I was a visiting scientist in the Group for Experimental Tumor Pathology at the University Hospital Erlangen, Germany. I participate in several postgraduate courses. I am a member of the Croatian and European Association for Cancer Research as well as the Croatian Association for Biochemistry and Molecular Biology. My main research topic is the Hedgehog-Gli signaling pathway and mechanisms of its activation in different cancer types. Methodologically, my main focus is on in vitro research, but most recently I also started in vivo analyses of tumor cell growth, invasion and metastasis using the chick chorioallantoic membrane assay.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 16/05/2018

Research Associate

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: MSc Gordana Turkalj

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: State Intellectual Property Office of Republic Croatia (SIPO)

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Structure, methodology and functioning of scientific work 2

BIOGRAPHY

1992 Graduated at Faculty of Chemical Engineering and Technology, University of Zagreb.

In 2003 gained MSc at Faculty of Science and Mathematics, University of Zagreb, field: chemistry, sub-field: organic chemistry.

In 2007 passed patent attorney's qualifying examination and registered at State Intellectual Property Office of Republic Croatia. In 2008 entered at the list of professional representatives of the European Patent Office (EPO).

In 1992 employed by Pliva d.d., Research institute as a scientist and in 2002 moved to Pliva d.d. Intellectual Property Department and started to work as a patent associate. From 2006 employed by GlaxoSmithKline istraživački centar Zagreb d.o.o., Corporate IP, and in 2009 promoted to patent manager position. In 2010 employed by Galapagos istraživački centar d.o.o. and in 2012 promoted to Senior Patent Counsel position. In 2013 co-founded Callidea d.o.o. providing advice and representation in the field of intellectual property. From 01.02.2017. employed by State Intellectual Property Office of Republic Croatia (SIPO) where as patent examiner for field of chemistry and biotechnology works in Chemistry and chemical technology Department as higher advisor.

From 2002 till today continuously specializes in the field of intellectual property at respectable international institutions: 2018 Novelty and Inventive Step (advanced level), EPO-European Patent Academy, Munich, DE; 2018 Clarity and Unity (advanced level), EPO-European Patent Academy, Munich, DE; 2014 Praktika Intern, EPO-European Patent Academy, Munich, DE; 2009 CEIPI, Preparation Seminar for EQE, Strasbourg, FR; and seminars in organization of Management Forum: 2002 London UK: "Patent SummerSchool Working with Patents" and 2003 "European Claim Drafting"; and 2002 Darby & Darby, Professional Corporation, Intellectual Property Law, New York, US.

Until started to work in SIPO she was member of the Institute of Professional Representatives before the European Patent Office (EPI), where she was Republic Croatia representative in the European Patent Practice Committee, and Croatian chambers of patent and trademark attorneys, where she was member of the Senat, and before that member of Disciplinary Court.

BIOGRAPHY

I was born in Mostar, Bosnia and Herzegovina in 1977. **Education:** School of Medicine, University of Zagreb, 2003; Specialist in Gynaecology and Obstetrics of 2011. In 2018 I passed my subspeciality in Fetal maternal medicine. **Work experience:** 2004-2007 Research Assistant School of Medicine in Zagreb, University Hospital, Sveti Duh, resident from 2006 to 2011 University Hospital, Sveti Duh. Since 2011 I am working as a specialist of OBGYN. **Research activities:** Doctorate of Science in 2014, research associate 2015. I worked as a scientific collaborator on research projects: Diagnosis and treatment of late miscarriage and premature birth, New algorithm for the prevention of neurological disorders and impairments in children with intrauterine growth restriction, Health survey of school children and young people, Croatian Health Survey 2003. Lecturer in elective course for undergraduate students, Pregnancy why we call the other condition, lecturer at the postgraduate course of Continuing Medical Education "Ultrasound in obstetrics and gynecology", School of Medicine, University of Zagreb. So far I have published 26 scientific articles, 15 of which are cited in Current Contents. Author or coauthor of 5 book chapters. Up to date the papers have been cited a total of 182 times. Main research interests: study of fetal behavior using four ultrasound in various pathological conditions during pregnancy.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:

Since 2015, I am working as a higher assistant at Medical School of Zagreb, Clinic for OBGYN.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Donatella, Verbanac, Associate Professor**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University of Zagreb Faculty of Pharmacy and Biochemistry**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Structure, methodology and functioning of Scientific work 2**BIOGRAPHY**

Donatella Verbanac completed undergraduate studies in 1984 at the Faculty of Pharmacy and Biochemistry, University of Zagreb. She obtained MSc degree in 1990 at the Faculty of Science University of Zagreb. In 1993 she obtained doctoral degree with the work completed at the University of Trieste. In 1996 she completed postdoctoral specialization at the Immunology & Ageing Department of INRCA, Ancona, Italy. After completing her internship in 1985 at the Clinics for Infection Diseases Zagreb, she got young assistant position at the School of Medicine in Rijeka. She joined PLIVA Research Institute in 1998 at the time when she held assistant professor position. She started her work at PLIVA Research Institute as Laboratory Coordinator and Project Manager of a joint research project with US-based Biotech Company and afterward Head of Screening Unit. From 2006, after GlaxoSmithKline's acquisition of PLIVA Research Institute, she was responsible for establishing the Screening Unit and Compound Library, managing projects in anti-infective and anti-inflammatory area as Project Manager. She received PLIVA and GSK awards for the achievements in Drug Discovery and Development. From 2009 – until Sept 2018 she worked at the School of Medicine University of Zagreb as Assistant Professor. Currently she is Associate Professor at the University of Zagreb Faculty of Pharmacy and biochemistry. She participates in European and national funded scientific projects, as well as in education activities for the graduate and post-graduate students. She is a member of Council for the University of Zagreb's Postgraduate Specialist Study Intellectual Property, where she actively participates as a teacher. She has published more than 50 scientific and professional papers. Co-inventor is on one patent, co-author of several chapters in the books, author of three professional books on nutrition and one textbook. She acts as a reviewer, monitor and vice-chair for the projects funded within different European Commission, international and national calls for proposals. She is a member of the Croatian Council for GMOs and involved in EC&JRC working group on Nutritional Challenges. She is member of Croatian Chemical Society, Croatian Biochemical and Molecular Biology Society, Croatian Pharmacological Society, European Society for Clinical Nutrition and Metabolism and British Biochemical Society.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

INDUSTRIAL PROJECTS- PLIVA RESEARCH INSTITUTE / GSK ZAGREB RESEARCH CENTER 1998-2008

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Position: Project Manager

2007-2008 New anti-inflammatory macrolides

2007-2008 New macrolides for malaria

2005-2008 New class of antibiotics

Position: Project Head

2004-2005 Platform for the Establishment of New Drug Discovery Programs

1998-2001 Thrombopoietin Receptor Activating Peptide

Position: Member of the Project Team

1998-2000 Tyrosine phosphorylation

At the UniZg School of Medicine

1. Hrvatska zaklada za znanost/Croatian Science Foundation – HRZZ -Project for the development of young researchers' career - training which includes the PhD program and PhD defence - (2015-2019) – Project Head

2. Horizon 2020 Prof. S. Vukičević Coordinator „OSTEOproSPINE“ - (2018-2022)- Team member

3. IPA project "Building Innovation Support through More Effectively Connected Collaboration ", Acronym BISTEC, University of Zagreb (2013-2015) - Coordinator from MEF/Institution Representative

4. FP-7 project Prof S. Vukičević Coordinator "OSTEOGROW" (2011-2016) -Team member

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

1. Hrvatska zaklada za znanost/Croatian Science Foundation – HRZZ - „ Assessment of Microbiota, Inflammatory Markers, Nutritional and Endocrinological Status in IBD Patients – Acronym - MINUTE for IBD)- (2014-2018) - Project Head

2. Hrvatska zaklada za znanost/Croatian Science Foundation – HRZZ -Project for the development of young researchers' career - training which includes the PhD program and PhD defence - (2015-2019) – Project Head

3. Horizon 2020 Prof. S. Vukičević Coordinator „OSTEOproSPINE“ - (2018-2022)- Team member

4. EU regional fund „Croatian Scientific center of Excellence for Reproductive and Regenerative Medicine“ Prof. S. Vukičević i Prof. D. Ježek Coordinators (2015 – 2019) -Team member

7. IPA project "Building Innovation Support through More Effectively Connected Collaboration ", Acronym BISTEC, University of Zagreb (2013-2015) - Coordinator from MEF/Institution Representative

8. FP-7 project, Prof S. Vukičević Coordinator "OSTEOGROW" (2011-2016) -Team member

9. Hrvatska zaklada za znanost/Croatian Science Foundation – HRZZ, Prof. S. Vukičević Coordinator- „ BONE6-BIS“ - (2012-2014) - Project Manager

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

2010. - Hana Čipčić-Paljetak: New class of antibiotics: 4 " - ester macrolide derivatives with quinolone subunit; University of Zagreb Faculty of Natural Sciences

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2011 - Mario Matijašić: Monitoring the distribution of azithromycin in cells and tissues using fluorescently labeled macrolides; University of Zagreb Faculty of Natural Sciences;

2018. - Marina Panek: Determination of intestinal microbial and inflammatory markers in patients with inflammatory bowel disease; University of Zagreb Medical School;

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Smiljka Vikić-Topić, M. Sc.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Structure, methodology and functioning of Scientific work 2

BIOGRAPHY

Smiljka Vikić-Topić, M. Sc. is head of the Research and Technology Transfer Office, University of Zagreb, School of Medicine (UZSM) since 2009. She is participating in project proposals writing, preparation of the budget plans, project management and reporting, as well as helping in tech transfer activities from invention recognition to the protection and commercialization and collaborations with industry.

S. Vikić-Topić obtained Chemical Engineering degree and Master's degree in Molecular Biology from the Faculty of Science, University of Zagreb. She worked at the Department of Biochemistry, Faculty of Science, University of Zagreb and spent over 3 years in the USA working in molecular biology labs: Bowman Gray School of Medicine, 1984; National Institutes of Health, 1991-93; Mayo Clinic and Foundation, 1993-94). Her 13 years' experience in pharmaceutical industry (PLIVA Research Institute, later became GlaxoSmithKline Research Centre Zagreb) includes work at research labs as well as at managerial positions in contract research and as head of laboratory. During the work at industry she gained a lot of experience in the field of intellectual property rights protection, legal aspects of collaborations, teamwork, negotiation skills, finances, leadership and Project Management. She is co-author at six scientific, three professional papers and one book chapter.

S. Vikić-Topić participates at the doctoral studies at UZSM teaching about technology transfer and project proposal writing. In addition, she holds various courses on collaboration with industry, technology transfer process, IP rights and documentation.

S. Vikić-Topić spent 5 weeks in 2011 as a trainee at NIH Office of Technology Transfer and 5 weeks in 2014 at Edinburgh Bioquarter through ENTENTE project professional exchange. Through these collaborations and as a member of ASTP-Proton, association of technology transfer professionals, she has a network of colleagues offering help and support for TT processes at UZSM. S. Vikić-Topić actively participates in several projects where she is involved in technology transfer activities and IP protection. She enrolled in PhD studies at the University of Zagreb School of Medicine in 2016.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Adriana Vince, MD, PhD, Full professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Viral Hepatitis

BIOGRAPHY

Full Professor, School of Medicine, University of Zagreb, specialist in infectious diseases.

Born in 1958, graduated from the School of Medicine University of Zagreb in 1982, obtained MSc degree in 1991, and PhD in 1999.

Employed at the School of Medicine, University of Zagreb and the University Hospital for Infectious Diseases "Dr. Fran Mihaljevic" in Zagreb (head of Department for Gastrointestinal Infections / Division of Viral Hepatitis), was holding the position of Hospital Director 2013-2016. Also Head of molecular laboratory from 1994-2005. Author of Croatian guidelines for the treatment of viral hepatitis from 2013-2018.

Principal researcher in numerous scientific research projects, mentor to residents and doctoral students, has published more than 100 scientific and professional papers indexed in the Current Contents and web of science PubMed and Scopus databases, with more than 1400 citations.

Head of the Croatian National Reference Center for Diagnosis and Treatment of Viral Hepatitis of the Ministry of Health. Member of the Ministry of Health National Committee for specialist training of medical doctors. Secretary general of the Croatian Medical Association. Member of the Drug Committee of Croatian Health Insurance Fund.

Member of international societies UEMS-ID, EASL, ESCMID.

Areas of scientific interest: viral hepatitis, treatment and clinical research of infectious diseases, molecular diagnostics of infectious diseases, infections in the immunocompromised hosts, human papillomaviruses, etc.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Assist. Prof. Lucija Virović Jukić, M.D., Ph.D.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine, Sestre milosrdnice University Hospital Center, Department of Internal Medicine, Division of Gastroenterology and Hepatology

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Viral hepatitis

BIOGRAPHY

Personal: born in Zagreb, Croatia, May 14th, 1973

Scientist number: 317943

Education

1987-1991. High School for Languages, Zagreb

1991-1997. University of Zagreb School of Medicine

1997-1998. internship

2000-2003. Postgraduate Doctoral Program Biomedicine and Health, University of Zagreb School of Medicine

2004-2010. residency in Internal Medicine

2013-2015. fellowship in Gastroenterology

Titles

June 30, 1997. Medical Doctor (University of Zagreb, School of Medicine)

July 14, 2009. Ph.D. Degree. Thesis: Ribavirin Modification for Targeted Delivery to Hepatocytes for Improved Hepatitis C Treatment. University of Zagreb School of Medicine

July 9, 2010. Internal Medicine specialist

March 24, 2011. Scientific Associate

September 25, 2012. Senior Assistant, Department of Internal Medicine

December 8, 2015. Specialist of Gastroenterology

May 2, 2016. Assistant Professor at the Department of Internal Medicine

February 1, 2017. Assistant Professor at the Department of Internal Medicine, University of Zagreb School of Medicine

Work experience

1997-1998. internship, DZ Željezničara, Zagreb

1998-1999. general practice, several clinics in Zagreb and surroundings

2000-2004. research fellow, projects: Hepatitis B Virus X-protein – Carcinogenesis and Gene Therapy and The Role of Hepatitis Viruses in the Development of Liver Carcinoma and Potential Therapy. Department of Gastroenterology and Hepatology, Sestre milosrdnice University Hospital Center, Zagreb

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2004–2005. postdoctoral fellow, project: Targeting of Ribavirin to Hepatocytes by Receptor-Mediated Endocytosis. Department of Gastroenterology-Hepatology, University of Connecticut Health Center, Farmington, Connecticut, USA

2004–2010. resident in Internal Medicine, Department of Internal Medicine, Sestre milosrdnice University Hospital Center, Zagreb

2010-2015. specialist of Internal Medicine, Department of Internal Medicine, Sestre milosrdnice University Hospital Center, Zagreb

2015- now specialist of Internal Medicine, subspecialist in Gastroenterology, Department of Internal Medicine, Division of Gastroenterology and Hepatology, Sestre milosrdnice University Hospital Center, Zagreb

Teaching experience

University of Zagreb School of Medicine Graduate Program: History Taking and Physical Examination, Internal Medicine, Fundamentals of Medical Skills

University of Zagreb School of Medicine Postgraduate Doctoral Program Biomedicine and Health: Viral Hepatitis, Diseases of the Pancreas

Specialist Postgraduate Program: Internal Medicine, Gastroenterology

Postgraduate Courses: Abdominal Ultrasound

Scientific activity

2000-2002. Hepatitis B Virus X-protein – Carcinogenesis and Gene Therapy – scientific project of Ministry of Science (project number 134008), principal investigator Prof. Marko Duvnjak (research fellow)

2002–2004. The Role of Hepatitis Viruses in the Development of Liver Carcinoma and Potential Therapy – scientific project of Ministry of Science (project number 0134016), principal investigator Prof. Marko Duvnjak (research fellow)

2004–2005. Targeting of Ribavirin to Hepatocytes by Receptor-Mediated Endocytosis - University of Connecticut Health Center, Farmington, Connecticut, USA, principal investigator Prof. George Y. Wu (postdoctoral fellow)

2009-2013. Nonalcoholic fatty liver disease within the metabolic syndrome – scientific project of Ministry of Science (project number 108-1080230-0143), principal investigator Prof. Marko Duvnjak (investigator)

2016-2017. Influence of metabolic syndrome and insulin resistance on colon adenomas, University of Zagreb School of Medicine, principal investigator Prof. Marko Duvnjak

2017-2018. Metabolic syndrome and risk for the development of colon adenomas, University of Zagreb, School of Medicine, principal investigator Prof. Marko Duvnjak

2018-2019. Components of the metabolic syndrome as risk factors for the development of malignant tumors of GI tract, University of Zagreb, School of Medicine, principal investigator Prof. Marko Duvnjak

2018-2019. The impact of the radiofrequency ablation on survival of patients with inoperable cholangiocellular carcinoma - scientific project with the support of the University of Zagreb, School of Dental Medicine, principal investigator Prof. Neven Ljubičić (investigator)

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: January 16, 2017.
Assistant Professor

NUMBER OF SUCCESSFUL MENTORSHIPS THAT RESULTED IN DISSERTATION DEFENCE

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Dora Višnjić, MD, PhD, Full Professor of Physiology & Immunology

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Research methods in vitro and in vivo, Immunological recognition

BIOGRAPHY

DATE AND PLACE OF BIRTH: : 25.5.1965, Osijek

EDUCATION

1980.-1984. V gimnazija, Zagreb

1984.-1989. School of Medicine University of Zagreb; MD

1992.-1996. School of Medicine University of Zagreb, postgraduate „Immunology“; PhD

1996.-1998. postdoctoral Fogarty fellowship, UCONN Health Center, Department of Genetics and Developmental Biology, Farmington, CT, USA

EMPLOYMENT

2013 – Full Professor of Physiology and Immunology, School of Medicine, University of Zagreb

2008-2013 Associate Professor of Physiology and Immunology, School of Medicine, University of Zagreb

2008. visiting professor, Fred Hutchinson Cancer Research Center, Seattle, USA

2003-2008 Assistant Professor of Physiology and Immunology, School of Medicine, University of Zagreb

2000. visiting scientist, UCONN Health Center, Farmington, CA, USA

1996-2003 Senior Research Assistant (Senior Instructor), Physiology and Immunology, School of Medicine, University of Zagreb

1996-1998 Fogarty fellow, UCONN Health Center, Farmington, CA, USA

1995-1996 Research Assistant (Instructor), Physiology and Immunology, School of Medicine, University of Zagreb

1992-1995 Research Novice, Physiology and Immunology, School of Medicine, University of Zagreb

1990-1991 Intern, Clinical Hospital Zagreb

SCIENTIFIC TRAINING

3.9.1996.-3.9.1998. Fogarty fellow, University of Connecticut Health Center, Farmington, SAD.

1.5.2000.-25.7.2000. visiting scientist, UCONN, Farmington, SAD

28.3.2008.-5.5.2008. visiting professor, Fred Hutchinson Cancer Research Center, Seattle, SAD

AWARDS

2012. Award for Scientific Achievements, University of Zagreb School of Medicine

1998. Young Investigator Award of American Society for Bone and Mineral Research and International Bone Society

1997. Annual Award of Croatian Immunological Society 1997.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

1996. Fogarty Fellowship Award

TEACHING AND MENTORSHIP

Teaching experience: more than 300 hr per year in obligatory courses Physiology, Immunology and several electives at the Medical School in Zagreb and Medical Studies in English, collaborator at several postgraduate courses of Doctoral Studies Biomedicine and Neuroscience at Medical School in Zagreb.

Mentorship:

B Tomić, MD, PhD student, four PhD thesis (V. Dembitz 2017, H. Lalić 2015, K. Matković 2010, V. Lukinović-Škudar 2005), four student Rector awards

RESEARCH INTERESTS

signaling mechanisms in the regulation of differentiation and cell cycle, hematopoiesis

MAJOR SCIENTIFIC ACHIEVEMENTS

- PI of several projects awarded by the Croatian science foundation, University of Zagreb, MZOS and NIH, Croatian coordinator of the bilateral project between Croatia and Italy, collaborator on UKF project and other national and international scientific projects

- head of Laboratory for Cell Biology, Croatian Institute for Brain Research, School of Medicine, University of Zagreb

NUMBER OF PUBLICATIONS/ CITATIONS: 30 (CC23)/ CITATIONS 953

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 10th December 2013.

LIST OF PUBLISHED WORK WHICH QUALIFY HIM/HER FOR IMPLEMENTATION OF THE PROGRAMME, THAT IS, WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1. Lalić H, Lukinović-Škudar V, Banfić H, Višnjić D. Rapamycin enhances dimethyl sulfoxide-mediated growth arrest in human myelogenous leukemia cells. *Leuk Lymphoma* 53:2253-2261, 2012.
2. Miše J, Dembitz V, Banfić H, Višnjić D. Combined Inhibition of PI3K and mTOR Exerts Synergistic Antiproliferative Effect, but Diminishes Differentiative Properties of Rapamycin in Acute Myeloid Leukemia Cells. *Pathol Oncol Res.* 17:645-656, 2011.
3. Matković K, Lukinović-Škudar V, Banfić H, Višnjić D. The activity of extracellular signal-regulated kinase is required during G2/M phase before metaphase-anaphase transition in synchronized leukemia cell lines. *Int J Hematol* 89:159-166, 2009.
4. Lukinović-Škudar V, Matković K, Banfić H, Višnjić D. Two waves of the nuclear phospholipase C activity in serum-stimulated HL-60 cells during G1 phase of the cell cycle. *Biochim Biophys Acta.* 1771:514-521, 2007.
5. Matković K, Brugnoli F, Bertagnolo V, Banfić H, Višnjić D. The role of the nuclear Akt activation and Akt inhibitors in all-trans-retinoic acid - differentiated HL-60 cells. *Leukemia*, 20:941-951, 2006.
6. Lukinović-Škudar V, Đonlagić L, Banfić H, Višnjić D. Nuclear phospholipase C-β1b activation during G2/M and late G1 phase in nocodazole-synchronized HL-60 cells. *Biochim Biophys Acta* 1733:148-156, 2005.
7. Višnjić D, Kalajzić Z, Rowe DW, Katavić V, Lorenzo J, Aguila HL. Hematopoiesis is severely altered in mice with an induced osteoblast deficiency. *Blood* 103:3258-64, 2004.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

8. Višnjić D, Čurić J, Crljen V, Batinić D, Volinia S, Banfić H. Nuclear phosphoinositide 3-kinase C2beta activation during G2/M phase of the cell cycle in HL-60 cells. *Biochim. Biophys. Acta* 1631:61-71, 2003.
9. Višnjić D, Crljen V, Čuruć J, Batinić D, Volinia S, Banfić H. The activation of nuclear phosphoinositide 3-kinase C2 β in all-trans-retinoic acid-differentiated HL-60 cells. *FEBS Lett* 529:268-274, 2002.
10. Višnjić D, Kalajzić I, Gronowicz G, Aguila HL, Clark SH, Lichtler AC, Rowe DW. Conditional ablation of the osteoblast lineage in Col2.3deltat α transgenic mice. *J Bone Miner Res.* 16:2222-2231, 2001.
11. Đačić S, Kalajzić I, Višnjić D, Lichtler AC, Rowe DW. Col1a1-driven transgenic markers of osteoblast lineage progression. *J Bone Miner Res.* 16:1228-1236, 2001.
12. Višnjić D, Batinić D, Banfić H. Arachidonic acid mediates interferon-gamma-induced sphingomyelin hydrolysis and monocyte marker expression in HL-60 cell line. *Blood* 89:81-91, 1997.

LIST OF PUBLISHED WORK IN THE LAST FIVE YEARS

1. Visnjic D, Dembitz V, Lalic H. The role of AMPK/mTOR modulators in therapy of acute myeloid leukemia. *Curr Med Chem.* 25:1-20, 2018.
2. Dembitz V, Lalic H, Visnjic D. 5-Aminoimidazole-4-carboxamide ribonucleoside-induced autophagy flux during differentiation of monocytic leukemia cells. *Cell Death Discov.* 2017 Oct 2;3:17066. doi: 10.1038/cddiscovery.2017.66. eCollection 2017.
3. Dembitz V, Lalic H, Ostojic A, Vrhovac R, Banfic H, Visnjic D. The mechanism of synergistic effects of arsenic trioxide and rapamycin in acute myeloid leukemia cell lines lacking typical t(15;17) translocation. *Int J Hematol.* 102:12-24, 2015.
4. Lalic H, Dembitz V, Dembitz V, Lukinovic-Skudar V, Banfic H, Visnjic D. 5-Aminoimidazole-4-carboxamide ribonucleoside induces differentiation of acute myeloid leukemia cells. *Leuk Lymphoma* 55:2375-83, 2014.
5. Banfić H, Bedalov A, York JD, Višnjić D. Inositol pyrophosphates modulate S phase progression after pheromone-induced arrest in *Saccharomyces cerevisiae*. *J Biol Chem* 288:1717-1725, 2013.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Tomislav Vladušić, doc.dr.sc.

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Department of Biochemical Engineering, Faculty of Food Technology and Biotechnology, University of Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Genomic Instability

BIOGRAPHY

Tomislav Vladušić was born on September 29, 1978 in Munich, Germany. In 1998. he enrolled in the molecular biology study at the Faculty of Science University of Zagreb. He got his Bc.Sc. degree in 2005, graduating with excellence with the diploma thesis „Molecular typing of clinical isolates of *Salmonella enterica* (ex Kauffmann and Edwards 1952) Le Minor and Popoff 1987 bacterium“. The thesis has been made under the mentorship of Prof. dr. sc. Vanda Plečko, M.D. from the Clinical Hospital Center Zagreb and Prof. dr. sc. Mladen Krajačić from the Botanical Department, Faculty of Science, Zagreb. While studying he received scholarships from the Municipality of Jasenovac and the Sisak-Moslavina County. In 2008 he enrolled into Pedagogy and Psychology course at the Faculty of Teacher Education in Zagreb and the postgraduate study of molecular and cellular biology at the Faculty of Science in Zagreb. He obtained the PhD title in 2013. The doctoral thesis „Structural alterations of selected genes in human testicular germ cell tumours“ has been made under the mentorship of Prof. dr. sc. Reno Hrašćan from the Faculty of Biotechnology and Food Technology in Zagreb. Since 2007 he has been working as an assistant researcher (Scientist Register No. 292383) at the Faculty of Biotechnology and Food Technology research project no. 058-0582261-2246 entitled Influence of Mutagens and Antimutagens on Molecular Processes in a Cell, in the Biology and Microbial Genetics Laboratory, under supervision of Prof. dr. sc. Jasna Franekić and Prof. dr. sc. Reno Hrašćan. Within the project he was investigating structural genetic alterations of various genes involved in testicular germ cell cancer pathology. He is employed at the Department of Biochemical Engineering, Faculty of Food Technology and Biotechnology, University of Zagreb and is engaged in student laboratory works for modules Biology I, Biology II and Human physiology. Recently (23. svibnja 2017) he was elected assistant professor at the Department of Biochemical Engineering, Faculty of Food Technology and Biotechnology. He is the author of 7 original scientific papers and 15 abstracts. He is a member of the Croatian Genetics Society and the Croatian Society for Biochemistry and Molecular Biology.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 23. svibnja 2017.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Professor Kristian Vlahoviček, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Faculty of Sciences, University of Zagreb**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:****BIOGRAPHY**

Professor Kristian Vlahoviček holds a PhD in Bioinformatics and works as a Professor in Computational Biology at the University of Zagreb, Croatia. He won the EMBO Young Investigators Programme installation grant and has been running an internationally competitive research group in Croatia for past 15 years. He had several international appointments, including the 10 year stay at the International Center for Genetic Engineering in Trieste, Italy and a 4-year adjunct professorship at the University of Oslo, Norway. His bioinformatics group develops computational tools and uses machine learning techniques to tackle open questions in developmental genomics and metagenomics.

Kristian is a strong proponent of science reforms in Croatia and evidence-based policy making. He served in the steering committee of Croatia's successful science funding body, the Unity through Knowledge Fund (UKF) and has participated in several strategy-drafting panels at the university and national level. He was also one of the independent experts for the World Bank regional R&D strategy for innovation and data provider for the Croatia's Smart Specialisation Strategy.

Kristian is the owner of Exaltum – a research intensive company focused on knowledge management and the author of the Croatian Scientific landscape project (sci.bioinfo.hr). **DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK:** 18.06.2016.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Željka Vogrinc, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Center Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Biochemical Methods in Biomedical Research; Molecular and biochemical approach to genetic disorders

BIOGRAPHY

Željka Vogrinc, PhD, a medical biochemistry specialist, is head of Division for General Clinical Biochemistry and CSF analyses, Department of Laboratory Diagnostics, University Hospital Center Zagreb, Croatia. The area of her professional and research interest are analyses of cerebrospinal fluid and other special body fluids and also the research of specific proteins and lipoproteins. She teaches in undergraduate and postgraduate courses at Faculty of Pharmacy and Biochemistry, and at School of Medicine, University of Zagreb, in the field of neurochemistry and CSF diagnostics. She has published a number of research and professional papers and held many lectures at various national and international scientific meetings. She is a member of the editorial board of the journal *Neurologia Croatica*, Croatian chamber of medical biochemists and Croatian society of medical biochemistry and laboratory medicine.

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Prof. Darija Vranešić Bender, BSc, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Clinical Nutrition

BIOGRAPHY

Darija Vranešić Bender, PhD was born 1976 iz Zagreb, Croatia. She graduated from Faculty of Food Technology and Biotechnology in 2000. She obtained PhD degree in Nutrition from the same Faculty in 2005. She is Assistant Professor in the field of nutrition since 2012, and professor from 2018.

Since the year 2008. she is employed by University Hospital Centre Zagreb as a clinical nutrition at the Department of internal medicine, Unit of Clinical Nutrition. She teaches diet therapy and clinical nutrition at Zagreb School of Medicine (regular and study in english language) and Faculty of Food Technology and Biotechnology University of Zagreb.

Her special interest is diet therapy in dyspepsia, IBD, IBS and coeliac disease as she works in inpatient and outpatient settings educating patients diagnosed with diseases of GI tract. She is an active member and president of several Societies in the country and region spreading knowledge in the field of nutrition and clinical nutrition.

She published 14 papers indexed in Current Contents and SCI Expanded, 17 papers indexed in Scopus and Medline, she is co-author of several chapters in 6 textbooks and 3 handbooks of Zagreb School of Medicine. She is a co-author of Handbook of Clinical nutrition (used for postgraduate Course of Clinical Nutrition).

She participated at several research projects financed by Croatian Ministry of Science and Technology as well as international projects endorsed by ESPEN: „LLL programme in Clinical Nutrition and Metabolism“ and „Nutrition day“. She wrote 2 popular books about nutrition sold in more than 6.000 copies.

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Structure, methodology and functioning of scientific work 1

BIOGRAPHY

Dina Vrkić graduated librarianship from the Faculty of Faculty of Humanities and Social Sciences. She started her professional work at the Central Library at the Faculty of Electrical Engineering and Computing at the University of Zagreb where she participated in the graduate teaching. 2014 she started to work in the Central Medical Library where she is in charge of dealing with specific information through advanced and complex searches, evaluation of specific information, citation analysis, bibliometric and altmetrics analysis for individuals, departments and institutions. She participates in the teaching at integrated undergraduate and graduate studies in English and Croatian, and also postgraduate programs studies in Croatian and English. She participates in numerous local and international conferences. She is a recipient of few scholarships and awards. Her professional and scientific interests are information literacy, open access, scholarly communication, bibliometrics, altmetrics and learning assessment. She is an Information and communication sciences PhD candidate at University of Zagreb Faculty of Humanities and Social Sciences.

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Oliver Vugrek, PhD, senior research advisor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Institut Ruđer Bošković

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Translational medicine – from disease to gene

BIOGRAPHY

Oliver Vugrek (OV) graduated in Biology at the Albert Einstein University of Ulm (Germany) in 1992, and received a PhD in Natural Sciences in 1995 at the Karl Ruprechts University of Heidelberg (Germany) After another year as postdoctoral fellow at Max Planck Institute for Cellbiology he was awarded a 2-year postdoctoral fellowship at the Australian National University in Canberra. After the postdoc term he was employed as assistant at the Ruđer Bošković Institute (RBI) in 1999, and in 2006 he established his own laboratory. From 2012 to 2015 he was appointed Head of the Department of Molecular Medicine. At present moment he is leading the Laboratory for Advanced Genomics at RBI.

OV is highly familiar with recombinant DNA technology, and new technologies such as microarrays, and next-generation sequencing. OV's main research interests and expertise are within molecular genetics of rare inherited metabolic diseases. Throughout his research he participated in the discovery of a new metabolic disease in human, S-Adenosylhomocysteine hydrolase (SAHH) deficiency. Now he is intensively involved in elucidation of the adverse pathological processes in regard to methylation, and methylation errors as a cause of the disease.

Worthwhile to mention is that OV led 7 research projects (EU, national and international level). The greatest achievement so far is the FP7 project InnoMol, the largest project ever conducted in Croatia in Natural Sciences, with a budget of 4.8 Mil EUR. By contracting EU funded projects worth altogether 5.3 million EUR OV has helped to introduce new technologies and valuable infrastructure in several life science departments at RBI. Subsequently, he has assembled a State-of-the-Art operational Next-Generation-Sequencing facility bringing genomics research at RBI to a new level.

OV is actively participating in academic activities such as member of the FEBS Fellowships Committee (January 1st 2017 till December 31st 2020), and Committee member of Croatian Science foundation for project monitoring and follow-up procedures (since 2015). OV was also member of the Croatian Science foundation board for research project selection in Natural Sciences (2013-2015).

Recently, he has organized the International Conference 'Game of Epigenomics, April 24 - 28, 2016, Dubrovnik, Croatia, and several workshops and minisymposia at Ruđer Bošković Institute, Zagreb, Croatia. OV is organizing courses for postgraduate studies at the Faculty of Science and Faculty of Medicine in Zagreb.

So far, he has mentored three doctorates and six graduate theses. Other activities include memberships in RBI Committees, Croatian Societies and editorial boards of scientific journals.

In 2010, he has received the Annual Award of the RBI director for outstanding scientific achievement. So far, OV has published 36 papers, of which 30 are peer-reviewed papers with a total of 650/678 citations (WoS/SCOPUS) with a h-index of 11.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 4.July, 2018
teaching rank: senior scientist (znanstveno zvanje znanstvenog savjetnika)

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Željka Vukelić, Associate Professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine, University of Zagreb,
Department of Chemistry and Biochemistry

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Research methods in vivo and in vitro

BIOGRAPHY

Received master's degree in Biology and Chemistry from the Faculty of Science, University of Zagreb (1988). After completion of scientific postgraduate study at the same Faculty, earned MSc (1997) and PhD title (2002) in the field of Chemistry, Biochemistry.

Employed at the Department of Chemistry and Biochemistry, School of Medicine, Zagreb University: from 1989 at assistant positions, from 2007 as Assistant Professor, and from 2012 as Associate Professor.

Scientific trainings (specialization) acquired abroad: Institute of Physiological Chemistry, Medical Faculty, Bonn University, Germany (1993-1995; 7.5 months); Department for Cell Culture Techniques, Technical Faculty, Bielefeld University, Germany (1994; 2 weeks); Institute of Neuropathology, University Hospital Bonn, Germany (1994, 5 weeks); University Hospital Eppendorf, Medical Faculty, Hamburg University, Germany (1999; 4 weeks); Laboratory for Biomedical Analytics, Institute of Medical Physics and Biophysics, Medical Faculty, Münster University, Germany (1999, 2000, 2003-2005; 15 months); Institute of Analytical Chemistry and Center of Mass Spectrometry, Faculty of Chemistry, Vienna University, Austria (2010., Erasmus exchange); and Laboratory for Biomolecule Mass Spectrometry, National Institute for Research and Development in Electrochemistry and Condensed Matter, Timisoara, Romania (2008, 2011; 1 month) where appointed as visiting professor in 2006.

Awarded research scholarships: Jülich Scholarship (Federal Ministry of Education and Research, Germany; 1993-1995); DAAD Scholarship, Germany (1999); Scholarship of the “Miroslav Čačković” Foundation, School of Medicine, Zagreb University (2004).

Scientific work focused on topics in the field of neuro(bio)chemistry, particularly glycomics and lipidomics of human brain in health and disease, brain tumors and cell cultures as in vitro models, using advanced methods of mass spectrometry and complementary techniques for biomolecule analyses. Besides structural characterization, investigates roles and metabolism of nervous system glycolipids and sphingolipids.

Led 4 national scientific projects and was co-leader of international scientific project: 1 project supported by Croatian Ministry of Science, Education and Sports (2007.-2014.); 3 short-term projects supported by University of Zagreb; collaborative project „Research of Excellence“, CEx 14, supported by Romanian Ministry of Education and Research from EU funds (2005.-2008.). Currently, leads short-term project supported by University of Zagreb and participates as active collaborator in two projects supported by Croatian Science Foundation. Additionally, as a junior researcher or researcher participated in 6 national projects and 5 international collaborative projects. Has long-term and ongoing collaboration with foreign and Croatian researchers.

Co-author of 41 scientific articles (34 CC, 1 SCI-Expanded) and around 100 conference reports, including invited lectures.

Mentor of 2 doctoral thesis and 1 diploma work; also, supervised research work of motivated students.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Extensively participates in teaching of basic courses within the graduate and doctoral medical studies programs, including the Medical Studies in English (coordinator of the course Medical Chemistry and Biochemistry II from 2007). Also, participates in teaching programs for students of Dental Medicine in Croatian and English language (coordinator of the course Chemistry from 2017).

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Slobodan Vukicevic, MD, PhD**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** University of Zagreb School of Medicine**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Bone morphogenetic proteins in regeneration of bone and cartilage, Doctoral postgraduate study in the field of Biomedicine and public health**BIOGRAPHY**

Slobodan Vukicevic, MD, PhD, is a full professor and head of the Laboratory for Mineralized Tissues at the Center for Translational and Clinical Research, University of Zagreb School of Medicine.

Dr. Vukicevic has published more than 200 publications and book chapters in scientific journals with high impact factors, which have been cited more than 7500 times, (h-index 45) in Web of Knowledge, and more than 11000 times (h-index of 52) in Google Scholar. He is the editor of four books on BMPs published by Birkhauser (Springer) Verlag in 2002, 2004, 2008 and 2017.

Vukicevic is recognized as a leader in regeneration of tissues by bone morphogenetic proteins (BMPs), specifically bone, cartilage and kidney regeneration. Since the discovery of BMPs in the late 80s Vukicevic significantly contributed from basic discoveries to clinical applications of BMPs which are today commercially used as first human recombinant proteins for accelerating and inducing bone formation in patients with skeletal defects. As a visiting scientist at NIH (1988-1994) he discovered that bone cells recognize discrete domains of laminin and collagen type IV which influence their differentiation and proliferation, suggesting that in vivo smallest blood vessels comprising only of basement membranes regulate bone growth and repair via stimulating specific cell receptors and providing to bone cells growth factors bound to type IV collagen, in particular TGF β 1, EGF and PDGF. In collaboration with biotechnology (Genzyme Corp., Creative Biomolecules, Stryker Biotech) and pharmaceutical (Pfizer Inc., Wyeth Pharmaceuticals) companies Vukicevic contributed to the discovery of new drugs and to execution of successful clinical trials. Vukicevic and colleagues found that the thyroid stimulating hormone (TSH) released by the pituitary gland directly regulates the bone volume without affecting the thyroid gland activity. In collaboration with scientists from Harvard Medical School, his group significantly contributed to discoveries regarding iron regulation with BMP6 using Bmp6 $^{-/-}$ mice and recombinant BMP6 produced in his laboratory for the Osteogrow project. The discovery that whole blood derived coagulum serves as a biocompatible carrier for osteogenic proteins led to clinical testing of a new BMP based bone implant OSTEOGROW supported by a FP7 HEALTH collaborative program coordinated by Vukicevic (7 states, 11 partners, 5.9 mil €), the project which was recently successfully finalized. Since January 2018 he is coordinating the newly approved program OSTEOproSPINE funded from HORIZON2020 (6 states, 13 partners, 6 mil €) to test Osteogrow safety and efficacy in patients with lumbar back pain. Since 2015 he coordinates the Scientific Center of Excellence for Regenerative Medicine funded via European regional funds with the aim to create new scientific evidence as a basis for better patient health care and therapeutic possibilities.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 1991 - full professor

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: associate professor Miroslav Vukić, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University of Zagreb School of Medicine,
University Hospital Centre Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Pathophysiology of the brain and CSF

BIOGRAPHY

Miroslav Vukić was born on 20.04.1966 in Karlovac where he attended and gained elementary school education. He has completed secondary school education at the Pedagogical Education Centre in Zagreb, today's V high school. In 1991 he graduated from the Faculty of Medicine in Zagreb and from 1992 until 2002 he was employed at the Clinical Hospital "Sestre milosrdnice" in Zagreb first as a neurosurgical specialist and later from 1999 as a neurosurgeon specialist. From September 2002 until today she has been permanently employed at KBC Zagreb Neurosurgery Clinic. Since 2011, he is the Head of the Institute for Spinal Neurosurgery and Traumatology of the Clinic for Neurosurgery of KBC Zagreb.

The degree of master of science was obtained in 1997, and he became doctor of science in 2002. In 2003 he was elected for the cumulative professor at the Faculty of Medicine, Josip Juraj Strossmayer University of Osijek, and in that same year she became the head of the Neurosurgery Department of Neurosurgery MF Osijek and the holder of the Neurosurgery course, which she is doing today. From 2004-2014. he served as Head of Department for Neurosurgery at the Faculty of Medicine in Osijek, and since September 2014 he is the head of neurosurgical teaching within the Department of Surgery and Neurosurgery of MF Osijek. In 2007 he was elected as an associate professor and in 2011 he was a full professor at the Faculty of Medicine of the University of Osijek. In 2015 he was elected for the title lecturer at MF Zagreb University in Zagreb and in 2019 as a tenured associate professor.

He has been participating in the teaching of students since 1997, first of all for students at the University of Zagreb School of Dental Medicine and since 2002 she has been teaching for students at the Faculty of Medicine, University of Zagreb. From 2003-2012 she participated in the teaching of the Anatomy of the Polytechnic of Zagreb. He published 122 scientific and professional papers, of which 2 were qualified, 19 in CC, 10 in SCI publications, 37 abstracts with international indexing and 54 congressional press releases. He is the author of two books and four textbooks. He was a mentor in two doctoral dissertations and three graduate theses. He has been an independent scientific project funded by the Ministry of Science of Croatia from 2009-2015. He was the coordinator for the Republic of Croatia in two international clinical research projects co-funded by the Soros Foundation and the European Union funds.

Except in Croatia, he has been trained in international neurosurgeon facilities in Europe and the USA, and has been awarded the International Scholarship of the Congress of American Neurosurgery for 2006. He is a member of the Education Committee at the European Association of Neurosurgical Societies since 2006. Member of the International Committee of the Congress of Neurological Surgeons of America 2006-2011. and from 2009-2013. was a representative of the European Association of Neurosurgeons at the World Association of Neurosurgical Societies. In the period 2013-2017. He is also a member of the Executive Committee of the European Association of Neurosurgeons.

Prof. Vukic was elected as President of the Croatian Neurosurgical Society and the Croatian Association for Medical Examination of the Croatian Medical Association in the period 2013-2017. Deputy Chairman of the Professional Counselor of the Croatian Medical Association. He is engaged in scientific research of

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

the physiology of cerebrospinal fluid, and in the surgical sense a narrow area of interest is his surgery of degenerative diseases of the cervical spine, surgery of the skull base, neurocology and neurotraumatology. From his field he has held several invited lectures at home and abroad, and in 2011 he was also a visiting professor in the United States of America, Birmingham, the Federal State of Alabama in 2011.

He is married and the father of four children. In his spare time he reads historical books, dabbles in entrepreneurship and tries to play golf.

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Liver transplantation in children

BIOGRAPHY

1979 - 84 Faculty of Medicine, University of Zagreb, doctor of medicine

1985 - 86 Postgraduate study in Clinical Pediatrics, MF, University of Zagreb

1989 - 94 specialization from pediatrics at the Pediatric Clinic MF, KBC Zagreb

1990 - 91 Postgraduate Study Pediatric Endocrinology, Diabetes and Metabolism, University of Zagreb

1991 European Summer School of Pediatric Endocrinology, Foehr Island, Germany

1991 Master of Science in Medicine, University of Zagreb

1992 Combined Postgraduate Program in Immunology and Endocrinology, Erasmus University,
Rotterdam, Netherlands

1994 Specialist examination, pediatrician

1994 - 2009 Department Physician at the Department of Pediatric MG Rehabilitation Gastroenterology
Department

1995. postgraduate course in ultrasound abdominal organs MF in Zagreb, authorized echosonographer

1996 -97 one-year scholarship of the French government for pediatric improvement hepatology, Hopital
Bicetre, Paris, France (mentor Prof. Olivier Bernard)

1998 Assistant MF at the Department of Pediatrics

1999 Secretary of the Department of Pediatrics at MF University of Zagreb

1999 secretary of the Croatian Society for Pediatric Gastroenterology, Nutrition and Hepatology

2000 one - month Training at the Department of Transplant Surgery, Childrens Hospital of Pittsburgh

2001 pediatric liver transplant team coordinator for children

2002 doctor of medicine sciences, University of Zagreb

2003 Senior Assistant MF at Pediatric Departments

2004 - 05 East Head of Neonatology and Intensive Care

2004 to 2005 co-supervisor / head of a subject's subject Liver transplantation in children of doctoral
postgraduate study in Biomedicine and Health MF, University of Zagreb

2007. assit. professor MF at the Department of Pediatrics

2008. subspecialist pediatric gastroenterologist

2009 Head of the Institute for Gastroenterology, Hepatology and Nutrition

2009 Coordinator of the College of Pediatrics at the English Undergraduate Study

2011 Pediatric Gastroenterology at Postgraduate Specialist

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

- chapters in 4 university course books.
- Five published works in co-authorship with the student.
- Twelve published works in co-authorship with a student who has completed a doctoral degree
- More than a hundred press releases at scientific conferences, of which about forty are international. Six invited lectures at international conferences.
- co-editor of 5 publications from the series of Pediatrics conferences today.
- A reviewer of twenty manuscripts for journals (Liječnički vjesnik, Pediatra Croatica, Journal of Inherited Metabolic Diseases, Acta Medica Academica (BiH), Acta Medica Croatica, Fluminensis Medicine)
- Nearly two decades of collaborator in the projects of prof. Emertin M. Dumić.
- Since 2017, the Head of the Foundation for the Project of Cholestatic Disorders in Children.
- For years, research associate and regional expert in the EuroWilson project.
- Collaborative researcher in several international projects and trials (last - Prof. Tribelli Trieste, Italy - prevalence of phenotypic benign non-conjoint hyperbilirubinemia in different parts of Europe)

How to measure health?

The inherited metabolic and other monogenic diseases of children

A common molecular basis for the etiopathogenesis of bone disorders in humans

Hepatocelular tumors

Celiac disease in children: primary prevention and pathogenesis of chromosomal instability

Diagnosis and treatment of lymphoma

Longitudinal study on the growth and development of pre-school children in Croatia

Male and female sexual system: development, normal histophysiology and infertility

Endocrine Inheritance In Children

Determinants and early diagnosis of motor neuronal diseases in the Croatian population

Application of the principle of medicine founded on scientific knowledge in the general hospital

Malignant diseases in children

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Professor Mario Vukšić, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: School of Medicine University of Zagreb,
Croatian Institute for Brain Research (CIBR)

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Synaptic plasticity and mind

BIOGRAPHY

Education/Training

1997 MD degree, School of Medicine University of Zagreb (SMZ)
1998–2000 Postgraduate study *Medical Sciences-Biomedicine*, SMZ
2002 MSci Thesis, ***Perinatal development of pyramidal neurons layer IIIc in prefrontal cortex in children with Down syndrome***, SMZ
2003–2005 Graduate Program *Neural plasticity: Molecules, Structures, Functions*, School of Medicine University of Frankfurt, Germany
2006 PhD Thesis, ***Time-dependent changes of granule cell dendritic plasticity in the mouse following entorhinal cortex lesion***, SMZ

Positions & Employment

1998–2007 Research Assistant, Croatian Institute for Brain Research (CIBR), SMZ
2001–2002 Research Assistant, *Neuroembryonic Research Laboratory*, University of Rostock, Germany
2003–2005 Postdoctoral Fellow, *Institute of Clinical Neuroanatomy*, University of Frankfurt, Germany
2007–2012 Assistant Professor of Neuroscience, CIBR, SM
2008 Head of Laboratory for Confocal Microscopy, CIBR, SMZ
2012 Associate Professor of Neuroscience, CIBR, SMZ
2013–2015 Acting director of CIBR
2015–2017 Deputy director of CIBR
2019 Visiting Professor, *Institute of Anatomy*, University of Frankfurt, Germany
2019 Full Professor of Neuroscience & Anatomy, CIBR, SMZ

Teaching

1998 *Neuroscience*, SMZ
1999–2001 *Neuroscience*, Faculty of Psychology, Croatian Studies, University of Zagreb
2001–2002 *Anatomy, Histology and Embryology* at the School of Medicine University of Rostock, Germany
2005 Postgraduate study *Medical Sciences-Biomedicine*, SMZ
2005 *Fundamentals of neuroscience*, Medical studies in English, SMZ
2007 *Neurophysiotherapy*, University of Applied Health Studies in Zagreb
2007 *PhD Programme in Neuroscience*, SMZ
2019 *Anatomy, Histology and Embryology* at the School of Medicine in Frankfurt, Germany

Other Experience & Professional Memberships

2007 Treasurer of *Croatian Society for Neuroscience*
2007–2013 Vice-Coordinator of *PhD Programme in Neuroscience*, SMZ
2009–2013 Head of *Centre for Clinical Research in Neuroscience*, CIBR
2013 Coordinator of *PhD Programme in Neuroscience*, SMZ

Scientific interests

Human neuroanatomy, developmental neurobiology, neurobiological basis of mental retardation, human hippocampal development, brain plasticity, dendritic and spine reorganization following injury, dentate gyrus plasticity in rodent brain

Methodology

Immunocytochemistry, neuromorphometry, 3D-reconstruction of neurons using confocal microscopy, stereotaxic neurosurgical operations, neurophysiological techniques (extracellular recordings), transection of the perforant pathway in experimental animals *in vivo* (entorhinal cortex lesion)

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 22. January 2019.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Renata Zadro, Professor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital Center Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Laboratory approach to haematopoietic stem cells transplantation; Methods of molecular biology in medicine

BIOGRAPHY

Head of Hematology and Coagulation Division at Department of Laboratory Diagnostics, University Hospital Center Zagreb, Renata Zadro is specialist in medical biochemistry whose activities at work include implementation of the program of highly differentiated laboratory diagnostics in hematology and coagulation, development of molecular methods for the diagnosis of leukemias, lymphomas and hereditary coagulation disorders and organization and participation in continuous education courses in clinical laboratory diagnostics. She is a Full Prof teaching in undergraduate and postgraduate courses (Hematology, Coagulation, Molecular diagnostics) at Zagreb University Faculty of Pharmacy and Biochemistry and School of Medicine.

Renata Zadro graduated in 1978 at the Zagreb University Faculty of Pharmacy and Biochemistry; Internship at Clinic for Traumatology (1979); Postgraduate study in Medical Biochemistry at the University of Zagreb. Master's Thesis at Rudjer Bošković Institute (1981); Specialist exam and Ph.D. Thesis in Medical Biochemistry in 1992; Postdoctoral study at University of Texas Health Science Center at San Antonio, Texas, USA (1992-1994); Since 1995 Head of the Hematology and Coagulation Division at Department of Laboratory Diagnostics, University Hospital Center Zagreb. Also, since 1997, Full Professor at Faculty of Pharmacy and Biochemistry, courses Hematology, Imunohematology and Coagulation. Participation and organization of over 50 national and international scientific meetings. Author of 60 scientific papers and 25 chapters in books and textbooks used in university teaching and continuous education. Membership in Croatian Society and Chamber of Medical biochemists, International Society on Thrombosis and Hemostasis, Croatian Society for Hematology, European Leukemia Network and Croatian Cooperative Group for Hematologic Diseases.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 11.10.2106.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

Molecular pathobiochemistry of hepatocyte proliferation, project 3-01-253 Ministry of Science, Education and Sport (principal investigator Professor Elizabeta Topić), 1989-1992.

Expression of COL1A1 in periodontal osteoblasts (University of Texas Health Science Center at San Antonio, Texas, USA – principal investigator Dubravko Pavlin, PhD) 1992-1994.

Biological parameters of cells growth and differentiation in vitro in acute mixed lineage leukemias in adults: importance for classification and biological characteristics of disease, project Ministry of Science, Education and Sport, No. 214006 (principal investigator Professor Drago Batinić) 2002-2006.

Leukemia and stem cell transplantation, project Ministry of Science, Education and Sport, No. 108-1081872-1913 (principal investigator Professor Boris Labar) 2007-2010.

Prothrombotic risk factors in cerebrovascular diseases in children, Ministry of Science, Education and Sport, No. 214212, 2002-2006. (principal investigator)

Clinical and biological factors determining severity and activity of chronic graft-versus-host disease after allogeneic hematopoietic stem cell transplantation. Unity Through Knowledge (principal investigators: Professor D. Nemet, Professor S. Pavletić) 2013-2015.

Gene polymorphisms and ischemic and ischemic stroke in children, Croatian Scientific Foundation, No. 2047 2015-2019. (principal investigator)

New biomarkers in chronic Graft-versus-Host disease, Croatian Scientific Foundation, IP-2016-06-8046 (principal investigator Assist Professor Dražen Pulanić), 2017-2020.

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

Clinical and biological factors determining severity and activity of chronic graft-versus-host disease after allogeneic hematopoietic stem cell transplantation. Unity Through Knowledge (principal investigators: Professor D. Nemet, Professor S. Pavletić) 2013-2015.

Gene polymorphisms and ischemic and ischemic stroke in children, Croatian Scientific Foundation, No. 2047 2015-2019. (principal investigator)

New biomarkers in chronic Graft-versus-Host disease, Croatian Scientific Foundation, IP-2016-06-8046 (principal investigator Assist Professor Dražen Pulanić), 2017-2020.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Prof. Vanja Zjačić Rotkvić, MD, PhD

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: retired

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Endocrine tumors of gastrointestinal tract and pancreas

BIOGRAPHY

Education

Faculty of Medicine, University of Zagreb, 1969

Specialist in Internal Medicine since 1976; subspecialist for endocrinology and diabetology since 1995. Associate Professor since 1993, full professor since 2010.

Work experience

Internship Hospital "Dr. Mladen Stojanovic ", Zagreb 1971.

Department of Endocrinology, Diabetes and Metabolism, Department of Internal Diseases Hospital "Sisters of Charity", Zagreb 1971-

Member of the Department of Internal Medicine, School of Medicine, University of Zagreb since 1980, Associate Professor since 1993, full professor since 2010

Research activities

MA-1971, Faculty of Medicine, University of Zagreb

PhD thesis 1984 Faculty of Medicine, University of Zagreb

Research associate since 1992. Participated in numerous projects of the Ministry of Science as a PI and coinvestigator, 2007-2010 Project Neuroendocrine tumors of the gastrointestinal tract and pancreas (134-1342428-0491).

Publications

More than 200 scientific articles published in CC and other secondary publications

Personal data

Born in Zagreb, 1946. Mother of a daughter and son.

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2010

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** Zoran Zorica**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** Croatian Institute for Emergency Medicine**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Telemedicine**BIOGRAPHY**

My name is Zoran Zorica. I was born on August 30, 1984 in Zagreb. I graduated from primary and secondary school in Zagreb. After finishing secondary school I enrolled undergraduate studies at the Zagreb University of Applied Sciences with major in IT. During my studies I worked on various IT jobs involving companies such as INA and VIP. After finishing my undergraduate studies I continued my graduate studies at the same university. During the course of the graduate study, or more precisely in 2009, I became employee of the Croatian Institute of Telemedicine where I work today. The graduate study ends in 2011 and I gained a title as Master of Information Technology. I am appointed Assistant Director for IT Affairs of the Croatian Institute of Telemedicine in 2012. During the work at the Institute, I am improving in the field of IT technology with special emphasis on telemedicine technologies applicable in the health system of the Republic of Croatia. To date, we have established a network of telemedicine centers that now has over 130 centers in more than 60 healthcare institutions. The number of telemedicine services performed through the telemedicine network has reached 35000 services annually. Also, I have given lectures at national and international conferences, where I have presented the telemedicine system of the Republic of Croatia. I also participated in several EU healthcare projects related to telemedicine. During all 10 years at the Institute my daily work involves the design and implementation of a network of telemedicine centers. I am responsible for IT jobs, as well as for the organization and education of healthcare workers in the use of telemedicine services, including daily communication with healthcare providers, healthcare workers and 24/7 support for the day-to-day telemedicine services in the Croatian health system.

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Prof. Dr. Neven Žarković

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: Ruđer Bošković Institute

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Experimental oncology: Cancer as persistent oxidative stress

BIOGRAPHY

Education/Titles:

- M.D. - Medical Faculty, Zagreb - 1984
- M.Sc. - Faculty of Natural Sciences, Zagreb - 1986
- Ph.D. - University in Zagreb - 1989

Employment and Positions:

1984 - M.D. - Medical Faculty, Zagreb

1984/85 - Inner practice at the Clinical Hospital Centre, Zagreb

Since 1985 - Rudjer Boskovic Institute (RBI)

1986 – M.Sc. - Faculty of Natural Sciences, Zagreb

1986 - assistant 1989 - Ph.D. - University in Zagreb

1989 - senior assistant

1992/94 - postdoctoral fellowship at the Institute of Biochemistry of the University in Graz, Austria

1993 - research associate (assistant professor)

Since 1994 – permanent guest scientist at the Institute of Biochemistry of the University in Graz, Austria

1996 – associate researcher at the University Department of Neuropathology, Clinical Hospital Centre, Zagreb

1997 - senior research associate (associate professor) RBI

1998 - affiliate teacher Medical faculty, Zagreb

2000 - affiliate teacher Faculty of Natural Sciences and Mathematics, Zagreb

2001 - head of Laboratory for Oxidative Stress RBI

2002 - senior scientist (full professor) RBI

2003/2004 - associate director for science RBI

2003 - RBI associate project co-ordinator for the co-operation with the World Bank

2003. - Initiator and author of the agreement on postgraduate studies between RBI and the Medical Faculty

2003 – Ph.D. study co-ordinator of the “Molecular Medicine” field of study within the Ph.D. study program "Medicine and public health" at the Medical Faculty in Zagreb

2003 - course convenor of the postgraduate course: "Project Management in Science" at the Medical Faculty in Zagreb

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2004 - author of the agreement on postgraduate studies between RBI and Dubrovnik University

2004 - author of the agreement on graduate studies between RBI and the College for Business and Management "Baltazar Adam Krcelic", Zapresic, Zagreb

2004 - co-author of the co-operation agreement between RBI and Brodarski Institute

2004/2005 - Advisor to the acting director general of RBI

2005 – Counsellor for the international affairs at RBI

2005 - Affiliate lecturer at the College for Business and Management "Baltazar Adam Krcelic", Zapresic, Zagreb

2005 – Study director of the M.Sc. studies in Project Management, joint study of the Rudjer Boskovic Institute and the College for Business and Management "Baltazar Adam Krcelic", Zapresic, Zagreb

2006 – Study director for the Ph.D. studies in Molecular Biosciences (University of Osijek, University of Dubrovnik and Rudjer Boskovic Institute)

2006 – Chairman of the COST (European Cooperation in Science and Technical Research) Action B35 «Lipid Peroxidation Associated Disorders»

2006 - COST expert for Molecular Sciences - Domain Committee Biomedicine & Molecular Biosciences

2006 - National delegate to the COST Domain Committee Chemistry and Molecular Sciences and Technologies

2006 – Vice-chair of the Ph.D. Study Council in Biology of Neoplasms

2007 - Permanent position of the Senior Scientist at the Rudjer Boskovic Institute

- 2008. – National representative and the Board member of the European Association of Research and Technological Organisations (EARTO)

- 2008 – Co-founder and director of the Company „Ideje i projekti“ d.o.o.

- 2009 - Vice-chair of the Interdisciplinary Ph.D. Study Council, University of Osijek

- 2009 – College Professor of Economy (Administration & Management)

- 2013 - Affiliate Professor University for Applied Sciences Technikum Wien

- 2013 - Affiliate Professor at the PhD Study program of Management Faculty of Economy University of Osijek

- 2013 - Visiting Professor at the University of Bialystok

- 2014 - Associate Professor of Biology and Medicine, University of Osijek

- 2014 - Member of the European Knight's Order of St. George

- 2017 – Coordinator of the Offest Project CRO-A-00033

- 2017 – Member of the Royal Society of Medicine (Overseas Fellow)

Projects:

- Principal investigator or project co-ordinator of 43 international and national projects

- Co-ordinator of the COST (European Cooperation in Science and Technical Research) Action B35 “Lipid Peroxidation Associated Disorders”

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- Project reviewer for the: Ministry of Science, Education and Sports; Association for the International Research in Cancer (AICR); Cancer Research UK Project Grant Applications; Slovenian Research Agency; Ministry of Education of the Slovak Republic and of the Slovak Academy of Sciences; EC/COST; World Cancer Research Fund International, European Science Foundation (ESF); European Space Agency (ESA); Grant Agency, Academy of Sciences of the Czech Republic, Hungarian Scientific Research Fund (OTKA), French National Research Agency, Foundation for Polish Science, Irish Research Council for Science, Engineering and Technology, COMUE - Université de Toulouse; Italian Ministry of Education, University and Research; Agence Nationale de la Recherche (ANR) France; Chilean National Science and Technology Commission; National Science Centre (Narodowe Centrum Nauki) Krakow; Der Wissenschaftsfonds (FWF) Austria; Latvian Science Council; Istituto Pasteur Italia - Fondazione Cenci Bolognetti; Natural Sciences and Engineering Research Council of Canada (NSERC)

Awards and acknowledgements:

- Sergey Saltikow Award for the best annual work in pathology – 1984
- Young Investigator Award, 10th European Immunology Congress, Edinburgh, Scotland, 10-12 September 1990
- Postdoctoral Fellowship – Austrian Science Foundation 1992
- Lise Meitner Fellowship Award – FWF – 1993, 1994
- International Leadership Award - American Biographical Institute - 1996
- Member of the Research Board of Advisers of the American Biographical Institute - since 1997
- Chairman of the Scientific Session of the Croatian-Austrian Society - since 1997, President of the Society since 2012
- Member of the Editorial Board of Acta Neurologica Croatica
- Member of the Editorial Board of Hungarian Medical Journal
- Member of the Advisory Board of Türkiye Klinikleri Journal of Medical Sciences
- Co-Editor in Chief of the Clinical and Experimental Medicine Journal
- Member of the Editorial Board of the Nursing Journal
- Member of the Editorial Board of the journal Cells
- Member of the Editorial Board of the journal Antioxidants
- Guest Editor of the journals: Free Radical Biology and Medicine, Oxidative Stress and Cellular Longevity; Antioxidants, Cells
- President and a Member of the Steering Committee of the HNE-Club (International Society for Free Radicals Research) – since 2000
- Medal of the College of Business and Administration
- Award of the City of Zapresic 2007
- National award for excellence in scientific achievements 2007
- Emblem of the City of Zapresic 2009
- Peer reviewer for Wiley-Blackwell books and journals: Cancer Detection & Prevention, Free Radical Biology & Medicine, Indian Journal of Cancer, Clinical Chemistry & Laboratory Medicine, Chemotherapy,

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Associate Professor Rado Žić

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital "Dubrava", Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Hand Surgery, Microvascular tissue transfer

BIOGRAPHY

Contact information

Address: Trg. I Mažuranića 8

tel.: 00 385 98 418771

E-mail: rado.zic@zg.htnet.hr

Date and place of birth: 24.04.1966, Zagreb, Croatia

Education

1980-1983 Gymnasium Maribor, Slovenia

1983-1984 San Dieguito High School, San Diego, California, USA (Graduated with honors)

1984-1989 School of Medicine, University of Zagreb, Croatia

1989-1990 Internship University hospital "Rebro" Zagreb, Croatia

1992-1996 General Surgery Training Department of Surgery, University Hospital "Rebro" Zagreb, Croatia

Plastic Surgery Training:

11/1996 - 10/1998 Plastic and Reconstructive surgery unit, Department of Surgery, University Hospital "Zagreb" Zagreb, Croatia

11/1998 - 10/1999 Plastic and Reconstructive surgery, Department of Surgery, University Hospital "Dubrava" Zagreb, Croatia

11/1999 - 10/2000 Plastic Surgery Unit, Queen Victoria Hospital, East Grinstead, England

11/2000 - 05/2003 Plastic and Reconstructive surgery, Department of Surgery, University Hospital "Dubrava" Zagreb, Croatia

Work experience

2011- present Chief of Unit for Hand and Reconstructive surgery, Department of

Plastic, Reconstructive and Aesthetic Surgery, University Hospital "Dubrava" Zagreb, Croatia

11/2000- 2011 Department of Plastic and Reconstructive and Aesthetic Surgery University Hospital "Dubrava" Zagreb, Croatia

11/1999 - 10/2000 Plastic Surgery Unit, Queen Victoria Hospital, East Grinstead, Great Britain

10/1998 - 10/1999 Plastic and Reconstructive Surgery Unit, Department of Surgery,

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

University Hospital "Dubrava" Zagreb, Croatia

11/1996 - 10/1998 Plastic and Reconstructive Surgery Unit, Department of Surgery,

University Hospital "Rebro" Zagreb, Croatia

6/1992 - 11/1996 Department of Surgery, University Hospital "Rebro" Zagreb, Croatia

9/1989 - 6/1992 Department of Anatomy, School of Medicine, University of Zagreb

9/1989 - 10/1990 Internship University Hospital "Rebro" Zagreb, Croatia

1991 - 1995 Six months experience in war surgery in War Hospitals in Croatia and Bosnia and Herzegovina

POSTGRADUATE STUDIES AND DEGREES:

1989-1992 Biomedicine, School of medicine, University of Zagreb

1995 Ph.D. in medical sciences

2002 Scientific title: Science fellow

2005 Scientific title: Science advisor (highest possible scientific title in Croatia)

2001 Academic title: Senior assistant School of Medicine University of Zagreb

2005 Academic title: Assistant Professor School of Medicine University of Zagreb

2012 Academic title Associate Professor School of Medicine University of Zagreb

Memberships

1996- present Member of the Croatian Society of Plastic, Reconstructive and Aesthetic Surgery

2000-present Member of the Croatian Senologic Society

2001- present Delegate of the Croatian Society of Plastic, Reconstructive and Aesthetic Surgery to the EBOPRAS and UMSE

2002 Vice-president of Croatian Society of Plastic, Reconstructive and Aesthetic Surgery

2004 Reelected Vice-president of Croatian Society of Plastic, Reconstructive and Aesthetic Surgery

2006- present Member of the Pyrenean Club of Plastic Surgery

2008- present Member of ISAPS (International Society of Aesthetic Plastic Surgery)

2008- present Corresponding member of ASPS (American Society of Plastic Surgery)

2008 Reelected Vice-president of Croatian Society of Plastic, Reconstructive and Aesthetic Surgery until 2012

2009 Secretary General of ESPRAS (European Society of Plastic, Reconstructive and Aesthetic Surgery)

2010 Chairmen of Accreditation committee of EBOPRAS (European Board of Plastic, Reconstructive and Aesthetic Surgery)

2012 President of Croatian Society of Plastic, Reconstructive and Aesthetic Surgery

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

2014 Secretary General of ESPRAS (European Society of Plastic, Reconstructive and Aesthetic Surgery) until 2018

2014 Relected Chairmen of Accreditation committee of EBOPRAS (European Board of Plastic, Reconstructive and Aesthetic Surgery)

2015 Member of the editorial board of European Journal of Plastic Surgery

2017 Relected President of the Croatian Society of Plastic, Reconstructive and Aesthetic Surgery

2018 Member of the Editorial board of Turkish Journal of Plastic Surgery

2018 President of ESPRAS (European Society of Plastic, Reconstructive and Aesthetic Surgery)

Personal information

Married, two children

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 2012

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

1985-present Laboratory for Calcified Tissue Research under the mentorship of Prof. dr. S. Vukičević

1989-1998 research fellow in the scientific project on BMP-s chaired by Prof. S. Vukicevic MD PhD and funded by the Ministry of Science, of Republic of Croatia

2000- 2008 research fellow on the scientific project: surgery of peripheral nerves chaired by Prof. Z. Stanec MD PhD and funded by the Ministry of Science, of Republic of Croatia

2002- 2008 Chairman of Scientific project: Prefabrication of tissues in Plastic Surgery

2017-present Co-chairman of the Scientific project in Breast Cancer Diagnosis and Treatment funded by the Ministry of Science, of Republic of Croatia

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

Research project of Hrvatske zaklade za znanost HRZZ-IP-06-2997 Sonoelastografy and i magnetic rezonance in diagnostics and treatment of breast cancer (EL-MR-BREAST)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:

FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER: Assist. Prof. Snježana Židovec Lepej, MD, PhD, research advisor

NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER: University Hospital for Infectious Diseases "Dr. Fran Mihaljević", Zagreb

NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY: Viral hepatitis

BIOGRAPHY

Name and surname: Snježana Židovec Lepej

Date/Place of birth: January 11th, 1971, Zagreb, Croatia

Scientific number: 228 211

Research and teaching rank: associate professor (Faculty of Science, University of Zagreb, December 20th 2016)

Research rank: scientific advisor (University of Zagreb School of Medicine, February 2nd 2012)

Education:

2000-2003, PhD in Natural Sciences (Biology), Faculty of Science, University of Zagreb, Croatia (Thesis title: The effect of highly active antiretroviral therapy on T-cell markers in persons infected with human immunodeficiency virus, mentor Prof. Josip Begovac, MD, PhD, thesis defended on September 10th 2003)

1994-1997, Master of Science, Biomedicine, Faculty of Science, University of Zagreb,

1989-1993, graduate studies in Biology (molecular biology), Faculty of Science, University of Zagreb

Employment:

2006- Head of Department of Immunological and Molecular Diagnostics, University Hospital for Infectious Diseases „Dr. F. Mihaljević“, Zagreb, Croatia

1998-2006 Head of Laboratory for Flow Cytometry, University Hospital for Infectious Diseases „Dr. F. Mihaljević“, Zagreb, Croatia

1993-1998 Head of Interferon Department, Institute of Immunology, Inc., Zagreb

Additional selected professional activities (current):

- member of the Committee for the postgraduate studies, Department of Biology, Faculty of Science, University of Zagreb
- Deputy Head of the Croatian Reference Center for Diagnostics and Treatment of Viral Hepatitis, Ministry of Health, Republic of Croatia and an associate of the Croatian Reference Center for Diagnostics and Treatment of HIV/AIDS
- Expert in accreditation procedures for clinical laboratories for the Croatian Accreditation Agency, areas: immunology and molecular diagnostics

Scientific publications:

90 scientific papers (55 papers in journals cited in the Current Contents, 5 papers in Science Citation Index journals, 5 papers in Medline journals, 13 papers in journals cited in Scopus/Embase)

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

Number of citations: 824

Author's h-index: 14

Membership of Editorial board in scientific journals:

Molecular and Experimental Biology in Medicine, member of the Editorial board

Selected memberships in professional societies:

National

- Croatian Society of Biologists in Health (member of the Board, since 2014)
- Croatian Society of Biologists (member, since 2002)
- Croatian Medical Chamber (since 2009, associate member)
- Croatian Society for Infectious Diseases (member, since 2009)
- Croatian Society for travel, tropical and migration medicine (member, since 2014)
- Croatian Society for biosafety and bioprotection

International

- European Society for Clinical Microbiology and Infectious Disease (member of the Educational Committee, od 2016)
- European Society for Antiviral Research (Council member for Croatia, od 2010.g.)

Awards:

The award „Dr. Ante Šercer“ of the Croatian Academy of Medical Sciences for the best national scientific paper in medicine published in 2007

Teaching (course coordinator)

Postgraduate specialist studies in infectious diseases, University of Zagreb School of Medicine, Course title: Diagnostics of human infectious diseases, course coordinator since 2008

Teaching (lecturer)

- graduate studies in medicine (in English), University of Zagreb, School of Medicine, MD in English
- graduate studies in biology, Faculty of Science, University of Zagreb, Courses: Molecular diagnostics, Research methods in molecular biology
- graduate studies in medical biochemistry and pharmacy, Faculty of Pharmacy and Biochemistry, University of Zagreb, course title: Viruses
- postgraduate specialist studies in infectious diseases, University of Zagreb School of Medicine
- postgraduate specialist studies in medical microbiology with parasitology, University of Zagreb School of Medicine
- postgraduate PhD (doctoral) studies in biomedicine and health, course title „Viral hepatitis“, University of Zagreb School of Medicine

Memberships in organising and scientific boards of scientific meetings (since 2016)

- 2st South-East European Conference on Travel, Tropical, Migration Medicine & HIV, 4.-7.4.2019., Dubrovnik, member of the scientific board

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

- 13. Hrvatski biološki kongres s međunarodnim sudjelovanjem, Poreč, 19.-23.09.2018., članica organizacijskog odbora

- 1st South-East European Conference on Travel, Tropical, Migration Medicine & HIV, 28th September 28-1st October, 2017, Dubrovnik, member of the scientific board

- The 8th National HIV /AIDS Congress and 3rd Central European HIV Forum, Sibiu, 5-7th May 2016, member of the scientific board

- 5th Croatian Congress of Clinical Cytology, 2nd Croatian Symposium of Analytical Cytology and 3rd Croatian Symposium of Cytotechnology. 21.-23.04.2016, Opatija, member of the scientific board (for Analytical Cytology)

- 8. Hrvatski kongres o urogenitalnim i spolno prenosivim infekcijama s međunarodnim sudjelovanjem, 13.-15.2016., Opatija, članica organizacijskog odbora

Abstract reviewer for international scientific meetings (since 2016.g.)

- 26th European Conference on Clinical Microbiology and Infectious Diseases ECCMID April 6th-9th 2016, Amsterdam

- 27th ECCMID April 22nd-25th 2017, Vienna

- 28th ECCMID April 21th-24th 2018, Madrid

- 29th ECCMID 2019, April 13th-16th 2019, Amsterdam

Grant reviewer:

- reviewer of grant proposals for the Ministry of Science, Education and Sports R. of Croatia recenzentica (2006.g.), Slovenian Research Agency (2014.g.), The Romanian National Authority for Scientific Research and Innovation RUTE (2015.g.), and Croatian Science Foundation for periodic grant reviews, 2015-2018.g.

- reviewer for the European Society for Clinical Microbiology and Infectious Diseases ESCMID research grants (2014 and 2018)

PhD mentorships:

Ivana Grgić (2012), Faculty of Science, University of Zagreb, Croatia, Thesis title: Primary resistance of human immunodeficiency virus type 1 to antiretroviral drugs«

Ana Planinić (2014), Faculty of Science, University of Zagreb, Croatia, Thesis title: »Mutations associated with resistance of human immunodeficiency virus type 1 to antiretroviral drugs«.

Lana Gorenec (2015) Faculty of Science, University of Zagreb, Croatia, Thesis title: »Cytokines in human immunodeficiency virus infection«

Anamarija Čavčić (2015) University of Zagreb School of Medicine, Thesis title: »The role of chemokines in the pathogenesis of enteroviral aseptic meningitis« (mentor Goran Tešović, co-mentor S. Židovec Lepej)

Lorna Stemberger Marić (2017) University of Zagreb School of Medicine, Thesis title: »Chemokines CXCL10, CXCL11 and CXCL13 in aseptic meningitis, neuroborreliosis and acute disseminated encephalomyelitis in children« (mentor Goran Tešović, co-mentor S. Židovec Lepej)

DATE OF LAST APPOINTMENT TO A RESEARCH-AND-TEACHING OR ART-AND-TEACHING RANK: 20.12.2016.

Associate professor, Faculty of Science, University of Zagreb

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

ORDINAL NUMBER:**FIRST NAME, LAST NAME, AND TITLE OF THE TEACHER:** prof. dr. sc. Mirza Žižak, MD, associate professor**NAME OF INSTITUTION OF EMPLOYMENT OF THE TEACHER:** School of Medicine**NAME OF COURSE/MODULE THAT HE/SHE TEACHES AT THIS DOCTORAL STUDY:** Reproduction and work place, Telemedicine**BIOGRAPHY**

I am associate professor at the Department of Physiology and Immunology and Head of e-Learning Office, School of Medicine University of Zagreb (MEF). Area of my scientific interest are the transport processes through the cell membrane especially the structure, function and regulation of the Na⁺/H⁺ transport through the cell membrane. I am the holder of the Fogarty scholarship for postdoctoral research at The Johns Hopkins University (JHU). I have had postdoctoral training at JHU and UCLA (1995-98.). I won several international awards for the best paper at scientific congresses (GRG/AGA Travel Award for the one of the 10 best papers at DDW, San Diego (2000); Poster of distinction at DDW, Orlando (2003.); awarded abstract at DDW, Chicago (2011.)). I was head of FIRCA (Fogarty International Collaborative Award project (2001. -2004) and several national projects. Over the last 15 years, I have been on a number of occasions visiting scientists at The Johns Hopkins University, Gastroenterology Division, Baltimore, USA. For the last 12 year I am active in the implementation and integration of ICT in medical studies. Since 2001st I am editor of a website STUDMEF which is part of the of School of Medicine web portal. From 2001.-03. I lead the e-project of the Ministry of Science and Technology entitled "Interactive Physiology: Biological membranes and signal transduction" which was base for creating the simulation program for learning the functions of biological membranes and signal transduction. 2003rd I mentored a group of students who won the Rector's Award. With group of the medical students I created an interactive simulation program entitled "PROSIG –interactive simulation program for learning membrane potential". Since 2004th this program has been used in the teaching of physiology and/or neuroscience at four School of Medicine in the Croatia and School of medicine in Mostar, BIH. Since 2006th I am editor for multimedia in the Croatian Medical Journal (CMJ). From 2007.-2009th I was a member of the University Committee for developing e-learning strategy at our University of Zagreb. Since 2007th I have been the president of the School of Medicine committee for developing e-learning.

2008th I accomplished e-Learning Academy program for E-learning Management. That same year I accomplished the CARNet's online e-course for e-mentors. I was initiator for establishing Coordination of four biomedical Faculty at University of Zagreb (School of dentistry, School of Pharmacy, School of Veterinary medicine and School of Medicine) that cooperate on developing and implementing e-learning in education. Since 2008th I have been head of an e-elective course "Membrane potential". 2012th our e-course was awarded as the best e-course at the University of Zagreb. Since 2008, I am the Head of the E-Learning Office that coordinates the work and development of all four LMS systems within the School of Medicine. Within the framework of the further development of e-learning and telemedicine at the School of Medicine and other related Faculties within the University of Zagreb, I have organized and conducted over 30 courses for teachers to apply e-learning in their teaching process.

Calmodulin kinase II constitutively Binds, phosphorylates, and inhibits the brush border Na⁺/H⁺ exchanger NHE3 by a NHERF2 dependent process. *J Biol Chem*. 287(16): 13442-56

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED AND WHICH ARE RELEVANT FOR THE FIELD OF THE DOCTORAL PROGRAMME

2000. - the head of a three-year international collaboration project "Fogarty International Research Collaboration Award" (FIRCA) in which investigations on cell cultures and exchange of Na/H through cell membranes were carried out.
2000. - head of the IT project of the Ministry of Science and Technology (MZT) under the title "Interactive Physiology: Biological Membranes and Signal Transmission". Based on the project result we developed an interactive simulation program "PROSIG" for learning the cell membrane potential that is now used in teaching physiology and neuroscience on four School of Medicine.
2002. - head of the three-year MZT project titled "Membrane Topology of Epithelial Na/H Exchanger NHE3",
2006. - head of a four-year scientific project of the MZOŠ entitled "Regulation of the Na/H Exchanger isoform 3 (NHE3) mediated by CaM Kinase II".

LIST OF SCIENTIFIC AND ARTISTIC PROJECTS IN WHICH HE OR SHE PARTICIPATED IN THE LAST FIVE YEARS

2016. a collaborator on the project „Molekularni mehanizmi protektivnog učinka proupalnih čimbenika u apoptotičkom oštećenju jetara“ which had University grant for 2016.
2017. a collaborator on the project „Uloga STAT3 signalnog puta u protektivnom učinku imunskih medijatora na apoptozu hepatocita izazvanu aktivacijom Fas receptora u miševa“ which had University grant for 2017.
2018. a collaborator on the project „Uloga Notch signalnog puta u patogenezi jetrene fibroze“ which had University grant for 2018.
2018. a collaborator on the two-year international education project "Internationalization of Higher Education" funded by the European Social Fund.

SOURCE OF FUNDING: H2020

ORDINAL NUMBER: 2.

TITLE OF THE PROJECT: Molekularna, epidemiološka i klinička obilježja zaraze HIV-om u Hrvatskoj (MEKHH/MEHC) / Molecular, epidemiological and clinical features of HIV infection in Croatia

PROJECT CODE: IP-4461

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/10/2015 – 30/09/2019/

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 3.

TITLE OF THE PROJECT: Genotip-fenotip korelacija u Alportovom sindromu i nefropatiji tankih glomerularnih bazalnim membrane (GpofASandTBMN) / Genotype-phenotype correlation in Alport's syndrome and nephropathy of thin glomerular basal membranes

PROJECT CODE: IP-2151

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/09/2015 – 31/08/2019

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 4.

TITLE OF THE PROJECT: Kronične upalne bolesti crijeva u djece: incidencija, tijek bolesti te uloga prehrane i crijevnne mikroflore u etiopatogenezi / Chronic inflammatory bowel disease in children: incidence, course of disease and the role of diet and intestinal microflora in etiopathogenesis

PROJECT CODE: IP-3788

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/03/2016 – 28/02/2020

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 5.

TITLE OF THE PROJECT: Subplate zona ljudskog mozga: neriješeni problem (HUMAN SUBPLATE) / Subplate zone of the human brain: the unresolved problem

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

PROJECT CODE: IP-4517

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/01/2016 – 31/12/2019

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 6.

TITLE OF THE PROJECT: Molekularni posrednici koštane resorpcije uvjetovane receptorom Fas u artritisu (MEFRA) / Molecular bone resorption mediators mediated by Fas receptor in arthritis

PROJECT CODE: IP-7406

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 02/11/2015 – 31/10/2019

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 7.

TITLE OF THE PROJECT: Istraživanje unosa joda u trudnoći i djetinjstvu u svjetlu nacionalne strategije prevencije poremećaja uzrokovanih nedostatkom joda (IPACSTOPIDD) / Study of iodine intake in pregnancy and childhood in light of the national strategy for the prevention of iodine deficiency disorders

PROJECT CODE: IP-6499

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 22/09/2015 – 21/09/2019

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 8.

TITLE OF THE PROJECT: Ispitivanje reaktivnosti trombocita u različitim srčanožilnim bolestima (SPARELIFE-CVD) / Investigation of platelet reactivity in various cardiovascular diseases

PROJECT CODE: IP-8403

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/12/2015 – 30/11/2019

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 9.

TITLE OF THE PROJECT: Reprogramiranje citoprotektivnih puteva u mezoteliomu (ReprogrammingMM) / Reprogramming cytoprotective pathways in mesothelioma

PROJECT CODE: IP-4173

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/12/2015 – 30/11/2019

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 10.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

TITLE OF THE PROJECT: Hiperfosforilacija, agregacija i transsinaptički prijenos tau proteina u Alzheimerovoj bolesti: analiza likvora i ispitivanje potencijalnih neuroprotektivnih spojeva (ALZTAUPROTECT) / Hyperphosphorylation, aggregation and trans-synaptic transmission of Alzheimer's disease: liquid analysis and potential neuroprotective tests

PROJECT CODE: IP-9730

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 12/10/2015 – 11/10/2019

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 11.

TITLE OF THE PROJECT: Novootkrivene cirkulirajuće izoforme BMP1 proteina kao biomarkeri i terapijski ciljevi za humane bolesti (BMP1-IsoFor) / Newly discovered circulating isoforms of BMP1 proteins as biomarkers and therapeutic goals for human diseases

PROJECT CODE: IP-3509

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/01/2016 – 31/12/2018

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 12.

TITLE OF THE PROJECT: Adipocitokinima modulirana disfunkcija endotela u podlozi mikrovaskularnih komplikacija šećerne bolesti tipa 1 i tipa 2 (ADIEDM) / Adipocytokine modulated endothelial dysfunction underlying microvascular complications of type 1 and type 2 diabetes mellitus

PROJECT CODE: IP-7459

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 16/12/2015 – 15/12/2019

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 13.

TITLE OF THE PROJECT: Vrijednosti i odluke na kraju života (VAL-DE-END) / Values and decisions at the end of life

PROJECT CODE: IP-2721

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/09/2017 – 31/08/2020

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 14.

TITLE OF THE PROJECT: Sonoelastografija i magnetska rezonancija u dijagnostici i liječenju karcinoma dojke (EL-MRI-BREAST) / Sonoelastography and magnetic resonance imaging in diagnosis and treatment of breast cancer

PROJECT CODE: IP-2997

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 20/03/2017 – 19/03/2021

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 15.

TITLE OF THE PROJECT: Multimodalni prikaz molekularnih zbivanja tijekom oporavka mišjeg mozga nakon ishemijskog oštećenja (RepairStroke) / Multimodal representation of molecular events during recovery of mouse brain after ischemic damage

PROJECT CODE: IP-1892

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/12/2017 – 30/11/2021

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 16.

TITLE OF THE PROJECT: Epigenetički biomarkeri u krvi i ejakulatu bolesnika sa seminomom testisa (epiSem) / Epigenetic biomarkers in the blood and ejaculate of the testicular semen

PROJECT CODE: IP-3692

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/08/2017 – 31/07/2021

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 17.

TITLE OF THE PROJECT: Evolucija upalnog artritisa u djece: uloga osnaženoga muskuloskeletnoga ultrazvukate epigenetskih, proteinskih i disbiotičkih biomarkera u razvoju juvenilnog idiopatskog artritisa (childARTHRITISevolve) / Evolution of inflammatory arthritis in children: the role of enhanced musculoskeletal ultrasound of epigenetic, protein and dysbiotic biomarkers in the development of juvenile idiopathic arthritis

PROJECT CODE: IP-4771

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/04/2017 – 31/03/2021

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 18.

TITLE OF THE PROJECT: Epidemiologija hipertenzije i unos kuhinjske soli u Hrvatskoj (EH-UH 2) / Epidemiology of hypertension and salt intake in Croatia

PROJECT CODE: IP-9033

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/09/2017 – 31/08/2020

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 19.

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

TITLE OF THE PROJECT: Molekularni biljezi vulnerabilnosti, adaptacije i plastičnosti neurona u akutnoj i kroničnoj ozljedi mozga (NeuroReact) / Molecular signs of neuron vulnerability, adaptation and plasticity in acute and chronic brain injury

PROJECT CODE: IP-8636

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/06/2017 – 31/05/2021

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 20.

TITLE OF THE PROJECT: Matične stanice usne šupljine čovjeka za liječenje ishemijske bolesti mozga (ORASTEM) / Stem cells of the human oral cavity for the treatment of cerebral ischemia

PROJECT CODE: IP-9451

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/10/2017 – 30/09/2021

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 21.

TITLE OF THE PROJECT: Novi biomarkeri kronične bolesti presatka protiv primatelja (Bio-cGVHD) / Novel biomarkers of chronic Graft-versus-Host disease

PROJECT CODE: IP-8046

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 20/03/2017 – 19/03/2021

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 22.

TITLE OF THE PROJECT: Signalni mehanizmi i metaboličke promjene u diferencijaciji stanica akutne mijeloične leukemije (SignalmetabAML) / Signal mechanisms and metabolic changes in the differentiation of acute myelogenous leukemia cells

PROJECT CODE: IP-4581

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 15/04/2017 – 14/04/2021

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 23.

TITLE OF THE PROJECT: Razvoj novih antitijela (biološki lijek) koja selektivno inhibiraju izražaj hepcidina u jetri za terapiju anemije kronične bolesti (BMP6Fe3) / Development of new antibodies (biological drug) that selectively inhibit the expression of hepcidin in the liver for chronic disease anemia

PROJECT CODE: IP-2169

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/07/2017 – 30/06/2021

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 24.

TITLE OF THE PROJECT: Uloga bradikinina u ishemiji mozga i mrežnice u mišjim modelima dijabetesa (BRADISCHEMIA) / The role of bradykinin in ischemia of the brain and retina in mouse models of diabetes

PROJECT CODE: UIP-8082

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/09/2018 – 31/08/2023

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 25.

TITLE OF THE PROJECT: Epigenetički biomarkeri raka prostate (epiPro) / Epigenetic biomarkers of prostate cancer

PROJECT CODE: UIP-8138

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/04/2018 – 31/03/2023

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 26.

TITLE OF THE PROJECT: Uloga Notch signalnog puta u patogenezi jetrene fibroze (NOFIBRO) / The role of the Notch signaling pathway in pathogenesis of liver fibrosis

PROJECT CODE: UIP-1965

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 16/07/2018 – 15/07/2023

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 27.

TITLE OF THE PROJECT: Misterij subtalamura - anatomska podjela subtalamičke jezgre (3STAN) / Mystery of the subthalamus - anatomical division of the subthalamic nucleus

PROJECT CODE: UIP-7578

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 01/06/2018 – 31/05/2023

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 28.

TITLE OF THE PROJECT: Opasnosti i prednosti društvenih mreža - e-profesionalizam zdravstvenih djelatnika (SMePROF) / Dangers and benefits of social networks - e-professionalism of health professionals

PROJECT CODE: UIP-2140

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 09/05/2018 – 08/05/2023

Medicine

DOCTORAL PROGRAMME „Biomedicine and Health Sciences“

SOURCE OF FUNDING: Hrvatska zaklada za znanost / Croatian Science Foundation

ORDINAL NUMBER: 29.

TITLE OF THE PROJECT: Znanstveni centar izvrsnosti za reproduktivnu i regenerativnu medicinu (CERRM) / Centre of Research Excellence for Reproductive and Regenerative Medicine

PROJECT CODE:

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 2014 - 2019

SOURCE OF FUNDING: Ministarstvo znanosti i obrazovanja iz Europskih strukturnih i investicijskih fondova / Ministry of Science and Education from European Structural and Investment Funds

ORDINAL NUMBER: 30.

TITLE OF THE PROJECT: Znanstveni centar izvrsnosti za temeljnu, kliničku i translacijsku neuroznanost (ZCI – Neuro) / Centre of Research Excellence for Basic, Clinical and Translational Neuroscience

PROJECT CODE:

DURATION OF THE PROJECT (START AND END DATE OF THE PROJECT): 2015 - 2020

SOURCE OF FUNDING: Ministarstvo znanosti i obrazovanja iz Europskih strukturnih i investicijskih fondova / Ministry of Science and Education from European Structural and Investment Funds
