

EATRIS-CONNECT Workshop 2: Broadening the Dialogue on Digital Transformation

Date: 21st April 2026, 13:00-17:00 CEST

AGENDA

- 13:00 Introduction to EATRIS-CONNECT (Nektarios Liaskos, EATRIS)
- 13:05 Introduction to the health data digital transformation challenges and summary of the DATA-ART workshop (Anna Giabelli, IRFMN, IT)
- 13:20 From Data to Trust: Secure Management of Sensitive Data in Translational Research Using ClinData Platform (Marian Hajduch and Petr Pavlis, IMTM, CZ)
- 13:50 From Design to Data Entry: Hands-on Work with ClinData Using a Pancreatic Cancer Registry Case Study (Michaela Bendova and Zuzana Hlavackova, IMTM, CZ)
- 14:50 Coffee Break
- 15:00 Digitalising pancreatic cancer diagnosis (Maria Laura Garcia Bermejo, IRYCIS, ES)
- 15:15 Federated data analysis: the Grand Challenge platform (Jasper Twilt, RADOUDUMC, NL)
- 15:30 From Collection to Intelligence: EVICR.net Eye Platform for the Reuse of Organised European Ophthalmology Data in AI Innovation (Luis Mendez, AIBILI, PT)
- 15:35 Collecting structured data from unstructured sources, the eCREAM project (Guido Bertolini, IRFMN, IT)
- 15:40 Beyond the web: GCP R3 compliant Decentralised Data Collections for Decentralised Clinical Trials (Luca Clivio, Ente Ospedaliero Cantonale Lugano, CH)
- 15:45 EHDS and EOSC - a short comparison (Matthias Löbe, IMISE, DE)
- 15:50 EHDS and the secondary use of health data for research (Sergio Contrino, ECRIN, FR)
- 15:55 Access to advanced imaging technologies (Linda Chaabane, Euro-BioImaging, IT)
- 16:00 General discussion on presentations and on pitches
- 16:30 Survey: Your Perspective on Digital Transformation Challenges in Personalized Medicine
- 16:50 Wrap-up and next workshop
